Line Item #	Feature Name	Product Identifier	Restrictions, Limitations and Additional Information	Non-Recurring Charge	Monthly Recurring Charge	Unit of Measure	Delegation Needed (Yes/No)	Required or Discretionary
11	NATIONWIDE UNLIMITED MIN&MSG+EMAIL&DATA	CA0137	Voice usage with no limits on the monthly minutes used No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G and 3G Extended networks, while available. In the event of network congestion, after 10GB of data usage on a line during any billing cycle, usage on such line may result in slightly slower download speeds relative to another user. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 480p. Mobile Hotspot is available on all capable devices and allows Corporate Subscribers to use their device and share data allowance with multiple Wi-Fi enabled devices. If 10GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage. Unlimited Messaging from within the United States to anywhere in the world where messaging services are available.	N/A	\$50.55	Each	No	Required

12	CUSTOM BUSINESS UNLIMITED MINS&DATA+CAN&MEX	CA0138	<p>Voice usage with no limits on the monthly minutes used Coverage area includes the Verizon Wireless 4G network; and the 3G and Extended partner networks, while available. Data speeds are not guaranteed while on Extended or roaming partner networks. Only a 4G LTE GSM/UMTS global-capable smartphone can be activated on this plan. No domestic roaming or long distance charges. After 25 GB of data usage on a line during any billing cycle usage may be prioritized behind other customers in the event of network congestion. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 480p. For data usage in Canada and Mexico, after the first 512 MB of usage in a day, throughput speeds will be reduced for the remainder of the day.</p> <p>Mobile Hotspot is available on all capable devices and allows the line to share data allowance with multiple Wi-Fi enabled devices. If 15 GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage. Toll free calling from the US to Canada and Mexico, from Mexico to the US and Canada, and from Canada to the US and Mexico. Unlimited</p>	N/A	\$70.70	Each	No	Required

			<p>data usage be reached in the current month/bill cycle to 200kbps</p> <p>*Mobile hotspot/tethering included (utilizes plan's data allowance)</p> <p>*Coverage includes the Verizon Wireless 4G network.</p> <p>*Dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited on this rate plan.</p>					
7	Business Unlimited Plus Data Device Plan	CA0139	<p>*Coverage includes Verizon Wireless 5G Nationwide network, 5G Ultra Wideband network and 4G network</p> <p>*Requires 5G or 4G mobile broadband data device, including jetpacks, USBs/air cards, netbooks and notebooks. A 5G device is required to receive 5G Ultra Wideband (UWB) service</p> <p>*This plan cannot place or receive calls other than 611 or 911. If the voice block feature is removed, there will be a \$0.25 per minute charge for voice calls</p>	N/A	\$45.45	Each	No	Required

		<p>*If the combined 4G and 5G data usage exceeds 60 GB of domestic data usage on any line in any given billing cycle, usage may be prioritized behind other customers in the event of 4G or 5G Nationwide network area congestion and Verizon Wireless will limit the data throughput speeds to up to 600 Kbps for additional usage while on the 4G and 5G Nationwide network, and up to 3 Mbps when on the 5G UWB network for the remainder of the then-current billing cycle for the line that exceeds the data usage. For data usage in Canada and Mexico, after the first 512 MB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 4G LTE GSM/UMTS global-capable device</p> <p>*Mobile Hotspot is available on all capable devices and allows the line to share data allowance with multiple Wi-Fi enabled devices</p> <p>*To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 720p while on the 4G and 5G Nationwide networks, and, will apply video streaming up to 4K when on the 5G UWB network</p>					
--	--	--	--	--	--	--	--

8	Business Unlimited Tablet Pro Plan	CA0140	<p>*Coverage includes the Verizon 5G Nationwide® network, 5G Ultra Wideband network, and 4G LTE network; and the 3G and 3G Extended networks, while available. For avoidance of doubt, Verizon's 5G Nationwide® network is a separate network from Verizon's 5G Ultra Wideband network. Lines activating on this plan must be on a 5G or 4G HD tablet.</p> <p>*This plan includes the United States, Canada, and Mexico for voice, messaging, and data. After 35 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of 4G and 5G Nationwide network area congestion. A 5G device is required to receive 5G Ultra Wideband (UWB) service. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 1080p while in 4G and 5G Nationwide network areas, and, will apply video streaming up to 4K when in 5G UWB network service areas. For data usage in Canada and Mexico, after the first 512 MB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Usage outside of the United States requires a 4G LTE GSM/UMTS global-capable device.</p>	N/A	\$40.40	Each	No	Required
---	---	--------	--	-----	---------	------	----	----------

			<p>* Mobile Hotspot is available on all capable devices and allows the line to share data allowance with multiple Wi-Fi enabled devices. If the combined 4G and 5G Mobile Hotspot data usage exceeds 15 GB on any line in any given billing cycle, Verizon will limit the data throughput speeds to up to 600 Kbps for additional usage while in 4G and 5G Nationwide network areas, and, will apply up to 3 Mbps when in 5G UWB network service areas for the remainder of the then-current billing cycle for the line that exceeds the data usage</p>					
--	--	--	---	--	--	--	--	--

9	Business Internet Ultra Wideband Plan (C-band) 100 mbps	CA0141	<p>Restricted to the Verizon Wireless 5G Ultra Wideband ® network and 4G network (domestic and international roaming are not available). Service may fall back to the 4G LTE network if the Verizon Wireless 5G Ultra Wideband network becomes temporarily unavailable. Verizon's 4G LTE network is a separate network from Verizon's 5G Ultra Wideband network. This data plan is for mobile broadband service and can only be activated on select compatible Customer-provided data routers that enable 5G Ultra Wideband (specifically C-Band) service. Customer will be required to purchase or provide a Verizon approved, compatible 5G-enabled C-Band receiver/router, and any necessary installation or connection to the Verizon Wireless network. Customer should contact Customer's account representative to determine if a Customer-provided router is compatible. Speeds represent the maximum download speed but may be lower in the event of network congestion. Uplink speeds may be lower than downlink speeds. This plan is a fixed location plan, and 5G Ultra Wideband service is being provided at the qualified service address that Verizon Wireless approved at the time the Service was activated. Where Customer chooses to use the Service in a mobile environment, Customer acknowledges and agrees that Service may fall back to Verizon's 4G LTE network</p>	N/A	\$45.45	Each	No	Required
---	--	--------	---	-----	---------	------	----	----------

			where Verizon Wireless 5G Ultra Wideband service is not available.					
10	5G Ultra Wideband Unlimited Tablet Plan	CA0142	<p>Coverage includes the Verizon Wireless 5G Nationwide® network, 5G Ultra Wideband (UWB) network, and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G Ultra Wideband network. Lines activating on this plan must be on a 5G tablet device. A 5G device is required to receive 5G Ultra Wideband service. Government Subscribers on this plan cannot place or receive voice calls other than to 611 or 911 (these calls may be placed anywhere in the domestic Verizon Wireless coverage area). If the combined 4G and 5G data usage exceeds 35 GB of domestic data usage on any line in any given billing cycle, usage may be prioritized behind other customers in the event of 4G LTE and 5G Nationwide network area congestion. To ensure users</p>	N/A	\$20.20	Each	No	Required

			<p>are able to maximize their high-speed data use for business applications, video applications will stream at up to 1080p while in 4G LTE and 5G Nationwide network service areas, and will apply video streaming up to 4K while in 5G UWB network service areas.</p> <p>Mobile hotspot is available on all capable devices and allows the line to share its data allowance with multiple Wi-Fi enabled devices. If the combined 4G and 5G mobile hotspot data usage exceeds 15 GB on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds to up to 600 Kbps for additional usage while in 4G LTE and 5G Nationwide network service areas, and will apply up to 3 Mbps when in 5G UWB network service areas for the remainder of the then-current billing cycle for the line that exceeds the data usage.</p>

Table 19.1.2.2.8 – International Roaming

Contractor's Description of Service, include required service description, features and additional features offered by the Contractor: International Roaming
Geographic Availability: Dependent on Availability of Facilities of Roaming Verizon Partners
Service Limitations and Restrictions: See Contractor's Web Maintained Reference List, And As Indicated Below
State Associated Administrative Fee (SAAF) Charge: Monthly recurring rates include a 1% State Associated Administrative Fee (SAAF) in the prices provided below.

Table 19.1.2.2.8 – International Roaming								
Line Item #	Feature Name	Product Identifier	Restrictions, Limitations and Additional Information	Non-Recurring Charge	Daily Recurring Charge	Unit of Measure	Delegation Needed (Yes/No)	Required or Discretionary
Table 19.1.2.2.8.a – International Roaming								
1	Canada and Mexico	0/	Allows travelers to use their device with the usage coming out of their Domestic Talk, Message, and Data allowances while roaming in Canada or Mexico	N/A	\$0.00	Day	No	Required
2	All countries on the Contractor's web maintained reference list	/10	Allows travelers to use their device with the usage coming out of their Domestic Talk, Message, and Data allowances while roaming in more than 185 countries with a daily charge for a 24-hour session. TravelPass is only available on 4G LTE World dual or quad band devices on an eligible monthly Smartphone plan. TravelPass lets the customer use their talk, text and data allowances for a daily fee. A 4G World device with HD voice is required. International data will be reduced to 2G speeds	N/A	\$10.00	Day	No	Required

Table 19.1.2.2.8 – International Roaming								
Line Item #	Feature Name	Product Identifier	Restrictions, Limitations and Additional Information	Non-Recurring Charge	Monthly Recurring Charge	Unit of Measure	Delegation Needed (Yes/No)	Required or Discretionary
			after 500 MB/day. Calls while traveling are permitted within the destination of travel and back to the USA. If more than 50% of the customer's talk, text or data usage in a 60-day period is within the destination of travel, Verizon may disable or limit the use of those services in those destinations. When the customer connects to a foreign carrier's network, Verizon may send him or her text messages to explain how to dial for the destination they're in and the rates they will pay to use services there. When traveling, some services such as domestic data applications, voicemail or call waiting, may not be available or work as expected. Please be sure to disable TravelPass in MyBiz if the customer does not want to incur daily TravelPass fees while traveling internationally.					

Table 19.1.2.2.9 – Suspended Service Plan

Contractor's Description of Service, include required service description, features and additional features offered by the Contractor: Suspending Wireless Service
Geographic Availability: Verizon's Nationwide Network Coverage
Service Limitations and Restrictions: See Below
State Associated Administrative Fee (SAAF) Charge: Monthly recurring rates include a 1% State Associated Administrative Fee (SAAF) in the prices provided below.

Table 19.1.2.2.9 – Suspended Service Plan
