

Data Center Connectivity Solution Quote Job Aid

Applies to Metro/National Wave Only

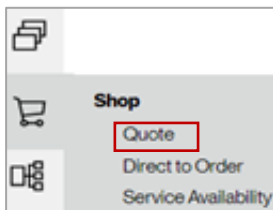

Things to Know

- The existing contract ID field is being renamed to Pricing ID. This field indicates whether the pricing is standard contractual or promotional. It is not specific to promotions. When a promotion drives the pricing, it will contain the value of the Promo, but it does not just indicate pricing related to promotions.
- An additional value of "New" will be available in the Pricing ID field. Selecting the value of "New" enables a quote to be created without an existing contract. Existing contract IDs will continue to appear as selections in the Pricing ID drop down as applicable.

Getting Started

There are **three** ways to create a Quote

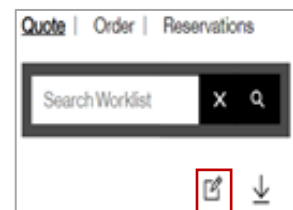

Option 1: From **Shop**

Option 2: From **Quick Links**

Option 3: From **Quote Worklist**

Data Center Connectivity Solution Quote Job Aid

Tips

- Selecting any of the 3 Solution Offerings will prompt the system to auto populate the additional feature of 3rd party cross connect or Campus Cross Connect as applicable
- The search icon allows the ability to search for different Data Centers by the following: Company Address, City, State or Zip
- Information icons are available to define Campus Cross Connect and Third Party Cross-Connect
 - **Campus Cross Connect** – "Please note you have entered an address that requires a Campus Cross-Connect. The location will validate for Type 1/On-Net Data Center (Verified Campus Location) where Verizon is co-located with Provider to quote Wave National solution. Campus Cross-Connect valid for Wave National configurations only invalid for Wave Metro"
 - **Third Party Cross-Connect** – "Please note you have entered an address that requires a Third Party Cross-Connect, Third Party Cross-Connect is valid for Wave National configurations only invalid for Wave Metro"
