Switched E-Line Metro/Regional (TLS) UNI Standalone Quote Job Aid

verizon business

Port and Access connecting the Customer designed premises to the Verizon Switched Ethernet network.

Things to Know

- The existing contract ID field is being renamed to Pricing ID. This field indicates whether the pricing is standard contractual or promotional. It is not specific to promotions. When a promotion drives the pricing, it will contain the value of the Promo, but it does not just indicate pricing related to promotions.

- An additional value of "New" will be available in the Pricing ID field. Selecting the value of "New" enables a quote to be created without an existing contract. Existing contract IDs will continue to appear as selections in the Pricing ID drop down as applicable.
Getting Started

There are **three** ways to create a Quote
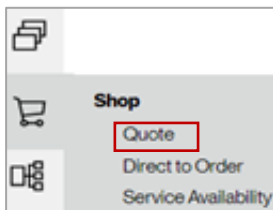

Option 1: From **Shop**   Option 2: From **Quick Links**   Option 3: From **Quote Worklist**
