The From and To termination type will default to Verizon Provided or Customer Provided (for National WAVE, if either location is VzB LD POP)

Internet Dedicated + & Switched E-Line UNI/EVC Combo -Parsed Address option

Internet Dedicated +

Enter International and Domestic US address locations using a parsed format

The image shows a screenshot of the Verizon Business Quote Configuration portal. The main window displays the 'Quote Configuration' section with fields for Product Name, Product Offering, Group Name, Term, and Contract ID. Below this is a table for 'Locations' with columns for No., Location, Country, Currency, Access Type, and Port. A red box highlights the 'Country' dropdown menu in the 'Locations' table. A dashed line connects this box to a larger, detailed view of the 'Parse Address Entry' modal on the right. The modal contains fields for Country, Street Address, Street Address 2, City, Province/State, and Postal Code, along with 'Validate' and 'Close' buttons. A list of countries is shown in a dropdown menu, with 'United States' selected.

- Select Country
- Enter Street Address
- Enter City
- Select Province/State
- Enter Postal Code

Contract ID dropdown field

Contract ID dropdown field

Rename “Contract ID not found” field to “New”

The screenshot shows the Verizon Business VPS Exchange Training portal. The main section is titled "Quote Configuration". It contains several fields for configuring a quote:

- Product Name ***: Switched E-Line
- Product Offering ***: UNI/EVC Combo
- Company ***: Verizon Business
- Group Name ***: GRA37406154
- Term (in Years) ***: 1, 2, 3 (selected), 4, 5
- Contract ID: ***: New (highlighted with a red box)
- Verizon Legal Entity: ***: Verizon Business Network Services LLC

Below the form is a table with columns: No., Location Country *, UNI Location *, Currency, Access Type, Location Country, MNI/HUB Location, Speed(EVC/UNI/Access), EVC Performance, and From Additional Features. The table has one row with data: 1, United, [search], USD, --Self, [search], [search], Basic, and a plus icon.

At the bottom of the form are buttons for "Save" and "Get Pricing".

Selecting the value of "New" enables a quote to be created without an existing contract. Existing contract IDs will continue to appear as selections in the Contract ID drop down as applicable.

Ordering Enhancements

TDM to FTTI Migration

TDM to FTTI Migration

New 50M FTTI product offering when you migrate from a Verizon or Other carrier TDM circuit to a 50M FTTI circuit (available for both Business and Consumer migrations).

Availability Configuration

Product Name*
Broadband Services

Product Offering*
Fiber to the Internet (FTTI)

Company*

Group Name*

On the Configuration Window

Product Availability:
☒ FTTI - Business ☐ FTTI - Additional Line ☐ FTTI - Migration ☐ FTTI - Consumer ☐ TDM to Fiber to the Internet (FTTI)

Speed*
Selected: 1 Gbps
25 Mbps 50 Mbps 75 Mbps **More**

Note: Selecting TDM to Fiber to the Internet (FTTI) will require the population of the following field values

- TDM Circuit ID (required field)
- 3rd Party (conditional field)

TDM Circuit ID*

3rd Party
☐

Open “New” tab on Order Worklist

Open “New” tab on Order Worklist

The "new tab" feature will allow users to open a completely new tab (while retaining the existing Worklist page) after clicking on the "Order Name" or "Status" hyperlink

From the Order Worklist:

- Select either the **Order Name link** or **Status link** and the selection will open in a new tab

The screenshot displays the Verizon Exchange Order Worklist interface. On the left, a sidebar contains navigation links: Quote, Request, Order, and Reservations. The main content area features a search bar labeled 'Search Order Worklist By OrderName / OrderId' and a filter section with 'Filter by: All Companies'. Below this is a table of order entries. The first row of the table is highlighted with a red box around the 'Order Name' column, which contains the text 'TCLLWGW110-8-007'. A dashed line connects this text to a new browser tab that has opened in the foreground. The new tab's title bar shows 'V Exchange' and the address bar displays 'V TCLLWGW110-8-007'. The background tab remains open, showing the original worklist table. The table has columns for Order Name, Wavelength Solutions, Metro/National Wave (Optimized Service), 02/04/2025, 04/09/2025, In Progress, and Acceptance. The second row of the table is also highlighted with a red box around the 'In Progress' status.

Order Name	Wavelength Solutions	Metro/National Wave (Optimized Service)	02/04/2025	04/09/2025	In Progress	Acceptance
TCLLWGW110-8-007	Wavelength Solutions	Metro/National Wave (Optimized Service)	02/04/2025	04/09/2025	In Progress	Acceptance
TCLLWGW110-0-001	Wavelength Solutions	Metro/National Wave (Optimized Service)	02/04/2025	04/09/2025	In Progress	Acceptance
