- **Wavelength Solutions**

Delivery Worklist (Overview)

View the status of all pending orders across a company in one worklist for both portal and API orders submitted in the Verizon Partner Solutions Exchange (VPS) portal and orders submitted via Legacy systems. In addition, a worklist of completed and canceled orders can be downloaded.

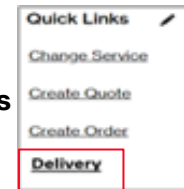

Things to know:

- All users with the **Order** role will have access to the **Delivery** Worklist
- Each user must have their own user id
- The Delivery Worklist will display Verizon Partner Solutions Exchange, Non Exchange (Legacy) and API pending orders
- Canceled and completed orders will be available for download
- The Delivery Worklist data is refreshed every 2 hours
- View completed and/or cancelled order activity <30 days on the delivery worklist
- Search any completed or cancelled orders even if they are >30 days and do not appear on a worklist

Access from the Worklist

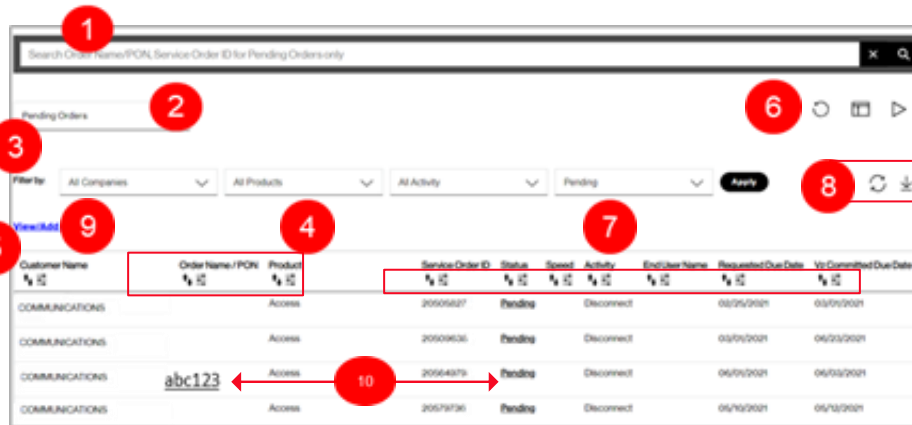

Or
Quick links

Delivery Worklist (Navigation)

1. Search pending orders by **Order Name/PON or Service Order ID**
2. View all **pending orders** based on the default template or any saved templates
3. Filter by Company, Product, Activity and Status
4. To **configure the worklist**, click on the header name to rearrange the columns
5. Double-click the header to **rename the column** (if desired)
6. Click **reset**  to return to the defaulted view
7. Sort worklist columns by using the **sort**  **function and/or filter option** 
8. Click **Refresh**  to reload the data displayed on the screen or **Download**  to copy order details to an Excel file
9. Use **View/Add Columns** to determine which data elements are needed to configure your worklist
10. Click the **Order Name/PON** hyperlink to view the order summary & the **Status** hyperlink to view the pending milestone summary

The screenshot shows the 'Pending Orders' interface. Callout 1 points to the search bar. Callout 2 points to the 'Pending Orders' header. Callout 3 points to the filter dropdowns. Callout 4 points to the column headers. Callout 5 points to the 'View/Add Columns' icon. Callout 6 points to the 'Reset' button. Callout 7 points to the sort icon. Callout 8 points to the 'Refresh' and 'Download' buttons. Callout 9 points to the 'View/Add Columns' icon. Callout 10 points to the 'Order Name/PON' hyperlink in the table row.
