

# **Toll Free Voice Limited-Time Promotion**

**Verizon is offering an invoice credit for Toll Free growth!**

**Eligible products: Advanced Toll Free – IP (ATF) and Global IPC Toll Free**

## **How it works:**

- Promo runs from 4/1 through 12/31/2025.
- Let your VPS account team know your company wants to participate. Your March 2025 MOU for eligible services will be used as baseline for qualifying for eligible traffic volume.
- Send us “more” new traffic and be eligible for a \$1,000 invoice credit per qualifying month.
- More = 10% more new traffic for eligible products, with a minimum of 1M additional MOUs over the March baseline.
- For each month Verizon verifies customer sent us “more” new traffic, customer earns \$1,000 invoice credit. If customer earns the credit for all of April - Dec. 2025, customer will receive an additional bonus \$1,000 credit. Total possible credits is \$10,000 per service.
- New customers welcome! Begin ATF or GIPC-TF with Verizon and receive the credit for each promo month you send at least 1M MOUs!

## **Additional Conditions:**

- Cannot aggregate MOUs across both ATF and GIPC-TF. Customers with both services can qualify, separately, for credit(s) for each service to the extent conditions are met for each service.
- If multiple BANs for an eligible service, qualifying MOUs across such multiple BANs are considered for eligibility for credits for such service. Eligibility is not limited to MOUs on an individual BAN.
- NOTE: The requirement is MORE traffic. Verizon's records control for purposes of verifying that traffic is new. Traffic determined to have been moved from one service to another is not eligible.
