Total Mobile Protection Multi-Device for Business

One plan for multiple lines. So many ways to get peace of mind.

Protect, support and secure multiple devices on your account.

In addition to the benefits of Total Mobile Protection, get 24/7/365 tech support for all lines on your business account.

How multi-device coverage works:

- **3-10** With 3-10 eligible lines on your account, you'll get 6 shared claims for 3 registered lines.
- **11-24** With 11-24 eligible lines, you'll get 22 shared claims for 11 registered lines.
- **25-49** With 25-49 eligible lines, you'll get 50 shared claims for 25 registered lines.

You decide which lines on your account to register for coverage, and when, by filing a claim on those lines.

After 12 months claim-free on a line, that registration will automatically reopen and be available to be used with another line on the account.

Unlimited cracked screen repairs don't count toward your claims, but do register a line on your account. Post-warranty claims also register a line on your account.

DEVICE PURCHASE DATE: ____________________________

FINAL ENROLLMENT DEADLINE: _______________________

FULL RETAIL PRICE: _________________________________

Insurance coverage is effective upon enrollment of an eligible device that has been activated on Verizon Wireless service and for which usage (text, data, calls) has been logged on the customer’s Verizon Wireless account unless such usage has been logged on a different wireless device immediately prior to the time of loss.

Smartphones with Multiple SIM Capabilities: Verizon’s device protection options that include WPP now offer single-device coverage for devices with multiple-SIM capability. Now separately enrolled mobile numbers, each with an active Verizon Wireless Account, may be covered with device protection on the same mobile device. For Verizon Multi-Device options that include WPP, coverage extends to mobile numbers on the same mobile device that: (1) have an active Verizon Wireless Account; and (2) are eligible for coverage as a registered line. With MD coverage, when one mobile number on an eligible device with multiple-SIM capability no longer has active service, coverage can continue on that eligible device if a separate enrolled mobile number is still in use on that same mobile device. For a MD customer, a customer can file claims on two or more separate SIMs for coverage, provided that the SIMs are not in the same device at the time of loss; these covered SIMs will require separate line registrations.
**File a claim online**

If you damage a device or it goes missing, get help fast. Just head over to your online claims portal to get started:

**Or give us a call:**

**Loss, theft or damage:** 1.888.881.2622

While traveling internationally: 1.615.647.3364

**Post-warranty malfunctions or battery replacement:** 1.800.922.0204

For Florida customers: 1.888.881.2622

**NOTE:** Contact Verizon immediately at 1.800.922.0204 to suspend your wireless service if your device is lost or stolen.

If you bring your own device: (1) it may not be eligible for cracked screen repair; (2) it may not be eligible for protection (even on multi-device coverage); (3) it may not be eligible for extended warranty; (4) coverage needs to be on the correct line at the time of loss, and (5) coverage follows the MDN, not the device.

All claims must be made within 90 days of incident.

**Fraud:** Any person who, knowingly and with intent to injure, defraud or deceive any insurer, files a statement of claim or an application containing any false, incomplete or misleading information is guilty of insurance fraud. In Florida, such conduct is a felony of the third degree.

**Questions** regarding this program should be directed to Liberty Insurance Underwriters Inc.’s licensed agent, Asurion Insurance Services, Inc. at 1.888.881.2622. Once your eligibility is verified, the monthly fee will be added to your wireless bill.

**Deductible amounts**
