

# Solutions to drive transformation

**Get cutting-edge technology—such as reliable, secure communications tools and robust vehicle and equipment tracking—to help unlock potential and promote efficiency for your business.**

## **Fixed wireless internet access**

Get reliable, secure high-speed connectivity to support real-time data transmission, GPS tracking, and communications between vehicles and centralized management systems—to boost efficiency and decision making capabilities.

## **Verizon Mobile for Microsoft Teams**

Integrate desk phones and mobile devices to enable communication between drivers and dispatchers—and facilitate better coordination, faster response times and improved productivity in fleet operations.

## **Push to Talk Plus**

Give mobile teams an app that provides the flexibility they need to connect one on one in a group setting and through company-wide broadcasts.

## **One Talk**

Access a suite of 50+ business calling features to help boost the collaboration and responsiveness of your team.

## **Mobile device management**

Enable your IT staff to track and manage mobile devices that connect to your organization's network—to help keep your employees productive and your data secure.

## **Verizon Frontline**

Provide first responders and public agencies with enhanced communication capabilities and location tracking for first responders' vehicles—to help ensure rapid response times and optimized resource allocation during critical situations.

## **Verizon Frontline Crisis Response Team**

Government agencies, first responders and frontline workers can get on-demand assistance to help maintain mission-critical communications during emergencies.

## **Verizon Connect Reveal**

Track your vehicles, prioritize safety, and help enhance worker productivity and reduce operational costs with our advanced fleet management platform.

## **Integrated Video**

See what's happening on the road and behind the wheel with AI-powered dashcams that help you deflect false accident claims and alert distracted drivers in real time.

## **Asset tracking**

Monitor your equipment using GPS to help improve utilization, streamline maintenance and extend the life of your valuable assets.

## **Roadside Assistance**

Get 24/7 roadside service for your commercial vehicles in the U.S. to help reduce downtime and get disabled vehicles back on the road quickly.

## The standout choice

Our solutions are trusted by over 35,000 public sector agencies around the country.

Received the Gold Globee for Artificial Intelligence Solution at the 2023 Globee Awards for American Business for our AI Dashcam<sup>1</sup>
