

With so many ways to connect, you're ready.

One Talk – not your typical business phone solution.

Flyer

Your business is constantly evolving, so you need a phone solution that can keep up. Verizon has you covered now and into the future.

One Talk is a mobile-first business phone solution built for how you work today—connect with customers, employees and others in the office or on the go. Easily manage 50+ flexible business and user features from the Verizon One Talk web portal or mobile app.

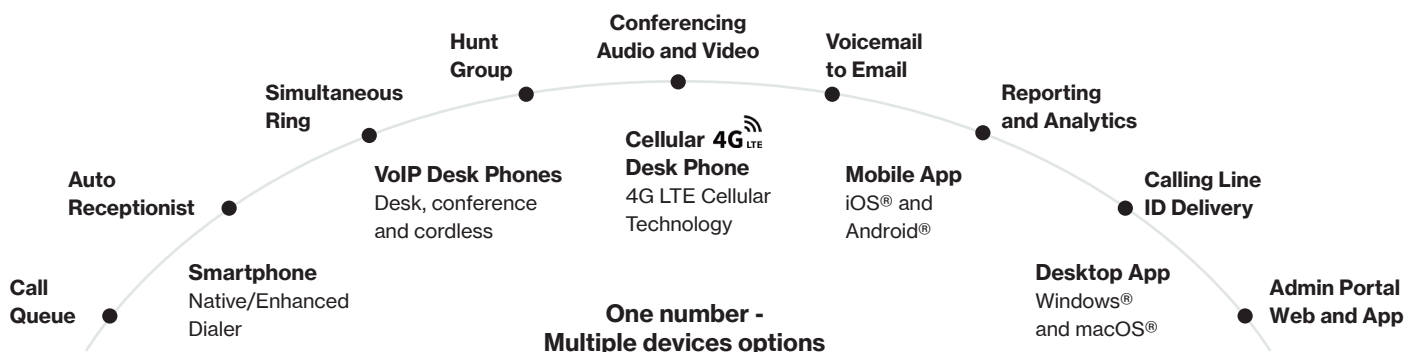

One Talk includes multiple user device options:

- **Smartphone Native Dialer.** Connect mobile employees to the office and customers from their smartphone native keypad – all over the reliable and award-winning Verizon network.
- **Desk, conference, and cordless Voice over IP (VoIP) phones.** Enhance calling and collaboration with a range of VoIP phones and accessories for your office-based employees.
- **Desktop App.** Easily make and receive voice/video calls and SMS/text messages on your computer (PC or Mac®), similar to using your smartphone.
- **Mobile App** for smartphones and tablets. Enable employees using business-owned or personal smartphones and tablets (Android® and iOS) to access One Talk features from a single number.

One Talk has powerful features to enhance communications:

- **Anywhere calling.** Provide flexibility and a better calling experience with business-grade features like Caller ID and Simultaneous Ring.
- **Easy collaboration.** Deploy an “office of the future” where employees have streamlined communications whether they're working from home, at the office or mobile.
- **Engaging customer experience.** Connect callers to the people they need with features like Auto Receptionist, Hunt Group and more.

Powerful features designed for how you work today
