1. Verizon device protection solutions are available for eligible Verizon business wireless lines and devices. You must enroll by May 3, 2026, or within 30 days of device activation. Certain benefits are available with select plans. Claims limitations, line limits, deductibles, taxes, fees and terms apply. See your Verizon Business Account Manager for details. The device has to be fully functioning, without damage (including cracked glass), and free of defects/malfunctions.

2. 2024 Asurion Claims Data and Q4 Wireless Carrier Earnings Reports

3. Devices with damage to the screen and back glass are not eligible for repair unless the devices are eligible for both cracked screen and back glass repair (if ineligible for repair, damage replacement deductible applies). Back glass repair not available to Multi-Device customers. Cracked screen and back glass repair each available for select smartphones. Available in select locations and subject to parts, technician availability and other criteria, which are subject to change at any time. Repairs are performed by an Asurion-certified technician and come with a 12-month limited warranty.

4. Device cleanings are available in select uBreakiFix<sup>®</sup> by Asurion locations, which are subject to change at any time. Availability of device cleanings is for most smartphones and is contingent on certain criteria, including device type and technician availability. Device performance checks are a web-based service. These services are diagnostic only and do not include troubleshooting, triage, repair or replacement services. These benefits are provided by Tech Coach or Business Tech Coach Security.

5. All same-day device delivery and setup services are available in select locations, which are subject to change at any time, and are contingent on certain criteria, including customer location, technician availability and inventory availability. Same-day device delivery and setup for insurance replacements are available for select smartphones with approved claims, with eligibility determined at time of claim approval. Replacement device could be new or refurbished.

6. The \$99 damage deductible will apply for all damage that is ineligible for cracked screen and back glass repair. The \$99 damage deductible will not apply if your loss and theft deductible is less than \$99. In such cases, the damage deductible will be the same as your loss and theft deductible.
