Attn: Metro Fibre
E-mail: Metro-Fibre<Singapore.OSP@one.verizon.com>

Verizon Ref. No.:

Important

1. Please note that the cable route shown on the drawings are only indicative. The exact locations must be determined by the developer by means of trial holes prior to the commencement of any work. The developer is also required to give notice to **Verizon** prior to working in the vicinity of our cables (refer to Annex II).
2. The **Verizon** underground cable & Telecom duct are mostly non-metallic. The Cable Detection Worker is required to energise the trace wire inside the **Verizon** manholes for the detection works.
3. Assistance should be sought from the **Verizon** nominated Contractor in the opening of the manholes as they are protected by security locks.
4. No structure be it permanent or temporary may be erected over an **Verizon** duct.

**Note: Some Non-Verizon Superloop line plant may be labelled “Verizon”, MCI” or “WorldCom”
Please consult Superloop through the Before U Dig at < <http://beforeudig.com.sg/> >**
