## Subject : Verizon Partner Solutions Industry Letter: Lewinsville VA 5ESS Switch Retirement

### PLEASE NOTE:

All references to the Lewinsville VA 5ESS switch are associated with CLLI code MCLNVALVDS0 and will not be repeated throughout this letter.

All references to the Fairfax VA C20 switch are associated with CLLI code FRFXVAFFPS1 and will not be repeated throughout this letter.

As set out in the Verizon Virginia LLC Short Term Public Notice Under Rule 51.333(a) dated October 5, 2026, on or after November 30, 2026, the Lewinsville VA 5ESS switch will be retired and removed from the Verizon network.

**General Information:** The Lewinsville VA 5ESS switch will be replaced by the Fairfax VA C20 switch. See details in Table A.

**Table A**

| Description | From                                    | To                                        |
|-------------|-----------------------------------------|-------------------------------------------|
| Office Name | Lewinsville                             | Fairfax CS2K                              |
| CLLI Code   | MCLNVALVDS0                             | FRFXVAFFPS1                               |

| Rate Center | Lewinsville                             | Fairfax                                   |

### State VA VA

The Exchange Codes (NXXs) in Numbering Plan Areas (NPAs) 571 and 703 currently residing in the Lewinsville VA 5ESS switch will be rehomed upon decommissioning of the switch and reflected in the Local Exchange Routing Guide (LERG) on or after November 30, 2026. See details in Table B.

**Table B**

| NPA | NXX | TYPE | RATECENTER |
|-----|-----|------|------------|
| 571 | 633 | EOC  | WSNGTNZN17 |
| 703 | 275 | EOC  | WSNGTNZN17 |
| 703 | 287 | EOC  | WSNGTNZN17 |
| 703 | 288 | EOC  | WSNGTNZN17 |
| 703 | 356 | EOC  | WSNGTNZN17 |

| 703 | 918 | EOC  | WSNGTNZN17 |

#### Network Changes and Trunk Rearrangements:

The Fairfax VA C20 switch will be the recipient office of traffic migrated from the Lewinsville VA 5ESS switch. Traffic to be migrated to the Fairfax VA C20 switch includes all of the traffic currently handled by the Lewinsville VA 5ESS switch including, but not limited to, Inter-LATA access traffic (including Feature Group B and D traffic), and Intra-LATA and local traffic (including CLEC, IEC, wireless and Verizon sector end office switched traffic). After all traffic is migrated off of the Lewinsville VA 5ESS switch, this switch will be retired and removed from the network.

CLECs, IXCs, IECs, ILEC, wireless carriers and paging carriers will need to provision new trunk groups built to the Fairfax VA C20 switch or have existing trunk groups to that switch augmented if necessary. Carriers that have direct end office trunks (DEOT) with access connectivity in the Lewinsville VA 5ESS switch will be required to reposition the codes to the Fairfax VA C20 switch.

All ASRs for the Fairfax VA C20 switch must be received no later than **November 8, 2026**, to provide sufficient time to migrate the traffic described above. All traffic must be moved on or after **November 30, 2026** based on LERG change notification.

Upon decommissioning of the Lewinsville VA 5ESS switch, the thirty-eight (38) native codes (NPA NXXs) that currently reside in the Lewinsville VA 5ESS switch will reflect the Fairfax VA C20 switch in the LERG.

Submissions of disconnect ASRs to Verizon for the Lewinsville VA 5ESS switch are required immediately after the re-homing of traffic is complete.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the Lewinsville VA 5ESS switch.

For inquiries related to the proposed network reconfiguration, or to arrange a meeting with Verizon Network Engineering and Planning personnel, please contact your Verizon Account Manager.

We look forward to working with your team to enable uninterrupted service during the network redesign and transitioning of your traffic.
