

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

August 31, 2026

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin

Verizon Network Engineering

385 Myles Standish Blvd.

Taunton, MA 02780

978-552-3638

Michael Childs

Associate Director

Verizon Network Engineering

5055 North Point Pkwy

Alpharetta, GA 30022

469-497-4466

Implementation Date: On or after October 28, 2026.

Planned Network Change(s) will occur at the following locations in New York:

	<u>Address</u>	<u>CLLI</u>
Verizon Central Office		
Selden, NY DMS 100 Switch	49 S. Bicycle Path Selden, NY 11784	SLDNNYSEDS0
Deer Park NY CS2K Switch	85 W. 2nd Street Deer Park, NY 11729	DRPKNYDPPS0

This notice may also be viewed at

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

All references to the Selden, NY DMS 100 switch are associated with CLLI code SLDNNYSEDS0 and will not be repeated throughout this notice.

All references to the Deer Park, NY CS2K switch are associated with CLLI code DRPKNYDPPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Selden, NY DMS 100 switch, located at 49 S. Bicycle Path, Selden, NY 11784, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Deer Park, NY CS2K switch, located at 85 W. 2nd St., Deer Park, NY 11729. All traffic

to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s): Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Deer Park, NY CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Selden, NY DMS 100 switch will be required to reposition the codes to the Deer Park, NY CS2K switch.

All ASRs for the Deer Park, NY CS2K switch must be received no later than September 30, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Selden, NY DMS 100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Selden, NY DMS 100 switch (**on or after October 28, 2026**). This will serve to guide interconnect re-routes of traffic for the six (6) native codes currently served by the Selden, NY DMS 100 switch to reflect the Deer Park, NY CS2K switch as the new home switch.
