MCI Communications Services, Inc.
d/b/a Verizon Business Services

New Hampshire Long Distance Services Catalog Schedule No. 1
(Non-Current Offerings)

This Catalog Schedule No. 1 applies to the non-current services pertaining to enterprise business customers (i.e., non-mass markets) previously offered in New Hampshire by MCI Communications Services, Inc. d/b/a Verizon Business Services which are not set forth in other sections of the Guide. Unless otherwise indicated, the material below was previously described in New Hampshire P.U.C. Rate Schedule of MCI Communications Services, Inc. d/b/a Verizon Business Services. For ease of reference, where applicable, the prior section numbers contained in the prior rate schedule have been retained.

All of these non-current services are subject to the Terms and Conditions applicable to the other Intrastate Services as set forth in the Guide. The product descriptions, rates and charges for the non-current services previously offered in New Hampshire that were in effect at the time that the New Hampshire Intrastate Services were added to the Guide and which are not set forth in other portions of the guide nor set forth below, will continue to remain in effect for a Customer previously subscribed to these services until the Customer no longer subscribes to such service(s), or changes are made to the product descriptions, rates or charges in the Guide.

Any questions regarding this Catalog Schedule, please call 1-888-215-5680.

CHANGE SHEET

This sheet details the most recent revisions made to this Catalog Schedule.
Any questions regarding this Catalog Schedule, please call 1-888-215-5680.

Revisions to Interexchange Services Catalog Schedule No. 1, Effective August 8, 2016

XIII. Grandfathered Services

Effective on or after August 8, 2016, MCI Communications Services, Inc. will no longer offer Person-to-Person, 3rd Number Billing, or Collect Call operator services throughout the United States to customers that MCI serves as an interexchange carrier or facility-based local carrier.

XIII. GRANDFATHERED SERVICES:

The following provides services and pricing programs which are no longer available to new enterprise business customers (i.e., non-mass markets) and are not otherwise described in other portions of this Rate Schedule. All of these grandfathered services are subject to the same terms and conditions applicable to the other services as set forth in this Rate Schedule. Gaps in the numbering of sections indicate sections which are intentionally left blank. To a large extent, this is due to the desire to have the sections below match the section numbers to the grandfathered services which previously were in Section C.3 through C.6 of this Rate Schedule. The preceding "C" has been dropped, and the numbering begins with materials previously in Section 3.

Effective on or after August 8, 2016, MCI Communications Services, Inc. will no longer offer Person-to-Person, 3rd Number Billing, or Collect Call operator services throughout the United States to customers that MCI serves as an interexchange carrier or facility-based local carrier.

3. Metered Use Service

.06 Option F (MCI 800 Service)

MCI 800 Service is an inward WATS service which permits interstate and intrastate calls to a customer's station in one location from stations in diverse geographical service areas, and in which the MCI 800 customer is billed for the calls rather than the call originators. Intrastate Service is provided in conjunction with interstate MCI 800 Service and is available only to customers subscribing to the interstate service provided in the Company's Tariff F.C.C. No. 1. Except for the Personal 800 Option, 800 Service has six (6) pricing Ranges for each terminating area code, with total coverage of the continental U.S. on every line. All Option F calls are subject to an eighteen (18) second minimum initial period and additional six (6) second increments. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent. A call begins when call termination is received by or passes through customer premises equipment. It is the customer's responsibility to pass appropriate answer supervision back to the Company point of connection even when the MCI 800 Service is connected to switching equipment or a Customer-provided communications system. In such cases, the equipment or system must provide appropriate supervision so that the measure of chargeable time begins upon the delivery of the call to the customer's switching equipment or communications system and ends upon termination of the call. Unless otherwise indicated herein, the terms "MCI 800 Service", "888 Service", and/or "Toll Free Service"; and the terms "800 number", "888 number", and/or "Toll Free number", can be used interchangeably when used throughout this catalog.

.061 Terminating Access Line Charges: An MCI 800 customer must choose between Switched WATS, Dedicated Access and Business lines for all lines at each 800 Service terminating location Refer to the Company's Service Publication and Price Guide (The Guide) at http://www.verizonenterprise.com/us/publications/service_guide/ for applicable rates and charges.

.064 MCI Private 800

MCI Private 800 provides a number to receive calls from any point within the continental U.S., for a monthly subscription fee per 800 number. The customer may have multiple MCI Private 800 numbers per account. For each MCI Private 800 number, the Company will provide to the customer an 800 number, a 4-digit security code, and a 6-digit Rerouting Code which allows the Subscriber to use the MCI Forward 800 feature (pursuant the Company's Tariff FCC No.1), with which the customer can receive incoming domestic calls for which the customer will be charged the per minute rates as described in the Company's FCC Tariff No. 1. All MCI Private 800 calls are subject to a 30 second minimum initial period with 6 second additional increments. There is a non-recurring installation fee for this feature as described in the Company's FCC Tariff No. 1. The Company has the exclusive right to determine the terminating locations for Private 800 numbers. Private 800 customers share access on the same 800 number based on PIN and, thus, may not retain use of the 800 number if service is terminated. Holiday discounts do not apply to Private 800 charges.

.07 Option G (Vnet Service)

[Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014.]

Vnet Service is a customized virtual network telecommunications service. It provides a unified service for multi-location companies, providing both communications and management features. Vnet is suitable for long distance calls between company locations, as well as all long distance calls to the entire U.S. and to the Company-served international locations.

Subscribers to Vnet take a Basic Feature Package which includes the availability of Dedicated and Shared Access and Termination; usage rates, with associated Volume Discounts; Time of Day Discounts; international calling to the Company-served countries; Long Distance Directory Assistance; Universal Range Privilege; plus a 7 and/or 10-digit customer-defined private dialing plan and a consolidated invoice for all Vnet calls from all locations. They may also subscribe to optional features, including Customer Information Management Access, Direct Termination Overflow, ID/Accounting Codes and Call Detail Tapes, 10-Digit Exclusion, 10-Digit Private Dialing Plan, Customized Range Privileges and Network Information Management System Access.

Vnet is being provided as an interstate offering. The associated access lines, network usage and features, other than shared intrastate access, and termination; usage rates with associated volume discounts are covered by the Company's Service Publication and Price Guide (The Guide) at http://www.verizonenterprise.com/us/publications/service_guide/. .09 Option I (hospitalityMCI)¹
 [¹ Effective July 7, 1997, hospitalityMCI will no longer be available to new subscribers.]

Option I is an outbound customized telecommunications service which may include an inbound service option using a Business Line, WATS Access Line or Dedicated Access Line Termination. Option I provides service for single and multi-location customers using switched and/or dedicated access origination and switched and/or dedicated termination. Option I may be used for long distance calls between customers locations and to other location within the state of New Hampshire. All intrastate Option I calls are subject to an 18-second minimum initial period and are rounded to the next higher 6-second increment. If the computed charge for a call includes a fraction of a cent, the fraction is rounded to the nearest whole cent. When a hospitalityMCI call is established in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the call occurring during that rate period. The rate for inbound calls is the rate for the time of day at the terminating location. To be eligible for service, a customer must subscribe to outbound service at all of its locations.

Charges for terminating access lines, service options discounts, surcharges, and optional features will be billed in accordance with the Company's Service Publication and Price Guide (The Guide) at http://www.verizonenterprise.com/us/publications/service_guide/.

University Dial 1 is available to students, faculty, and administrators of educational institutions that agree to act as the Company's agent in connection with the provisions of service.

University Dial 1 calls originate and terminate via local exchange carrier switched facilities. A customer may access service by: (1) designating the Company as its Primary Interexchange Carrier (PIC); or, (2) dialing a Company Carrier Identification Code (CIC). A customer is not required to select the Company as its PIC in order to use this service. In all instances, access to service must be made via a Personal Identification Number (PIN), which will be used as the basis to invoice the customer. The assignment of a PIN establishes the user as a customer subject to all applicable provisions in this catalog which pertain to customers.

Option BB (On-Net Voice) 2/

[2/ Beginning January 1, 2004, this service will no longer be available to new subscribers.]

[Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014.]

Option BB is an outbound, customized telecommunications service that may include an inbound service option using Business Line/WATS or Dedicated Access Line terminations and/or virtual private network. Option BB provides a service for single or multi-location companies using switched, dedicated and card origination, and switched and dedicated termination.

Except as otherwise specified, all domestic Option BB calls are subject to an 18-second minimum initial period and rounding to the next higher 6-second increment, except for Operator Assisted calls, which are subject to a 60-second initial period and rounding to the next 60-second increment.

If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

The rules and regulations governing the provision of service for toll free (inbound) service are identical to those for Metered Use Service Option F (MCI 800) except where otherwise specified.

This catalog is being offered to customers in the state that have a requirement to make intrastate calls. Intrastate service is provided in conjunction with interstate Option ZZ service and is available only to customers subscribing to interstate Option ZZ as provided in the Company's Interstate F.C.C. No. 1.

6.7.1.3 EasyAnswer Services

The EasyAnswer Service offers a unified service for single or multi-location customers using switched, dedicated, and OnLine calling card origination and switched or dedicated 800 (in WATS) termination. The EasyAnswer package includes the availability of outbound, inbound (800) and calling card services, and offers a discount on outbound and 800 service for customers willing to sign a term commitment and/or a willingness to commit to a specific dollar volume of monthly minimum usage. Rates, rate periods and billing increments can be found in below.

There are three (3) Options of EasyAnswer available to customers, each of which are described below:

- Option 1 - Requires no monthly minimum billing commitment.
- Option 2 - Requires a monthly minimum billing commitment of \$1,000; if the minimum is not reached, the customer is charged for the difference.
- Option 3 - Requires a monthly minimum billing commitment of \$5,000; if the minimum is not reached, the customer is charged for the difference.

Multiple services and/or multiple locations using EasyAnswer's services can contribute to the overall monthly minimum commitment; however, the customer must allocate the minimum by service and location. Domestic 800, Domestic and International outbound calls contribute to determine monthly minimum usage. Easy OnLine Calling Card, Operator Services and Directory Assistance usage is not included in determining monthly minimum usage.

Customers must reach the minimum monthly usage requirement associated with their selected EasyAnswer Option by the fourth invoice period and monthly thereafter.

6.7.1.4 EasyAnswer Association

The EasyAnswer Association program is a benefit package which allows the individual users who are members or employees of the participating organization to receive additional product discounts. Members who elect to participate in the EasyAnswer Association program will receive EasyAnswer products and Easy OnLine Calling Card Service.

To qualify for EasyAnswer Association an organization generally must be a: (1) Trade association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors, or multiple representatives; (3) Non profit organization, or; (4) Buying group not organized merely to buy Company long distance for resale. The qualifying organization agrees to meet the following set of criteria within (6) months of undertaking to qualify and thereafter maintain them, and enters into a written agreement with Company for the marketing of Company's services. The group's members who have subscribed to Company's services throughout the group must have aggregate billings, net of taxes; promotional credits and surcharges of at least \$5,000 per month.

Company will render monthly statements to the individual members and the statement received will show all appropriate discounts. All sums due from members are the sole property of Company, and Company shall have the sole right to collect, enforce collection and settle such sums. The EasyAnswer Association member group shall receive a monthly report from Company listing members of the group who subscribe to Company service under this program.

Unless otherwise specified in this catalog, member's usage of Company service under this plan cannot be used to qualify for any other benefits under this catalog or under other arrangements between Company and third parties who undertake to market Company's services. Association discounts for EasyAnswer are outlined in below:

6.7.1.7 Prepaid Card Service

Prepaid Card Service is a switched service that enables an end-user to place calls charged to prepaid phone cards issued by LDDS. The end-user accesses the network by dialing the appropriate LDDS 800 number printed on the back of the card. Six 800 numbers are available and each number prompts the end-user in a different language: Chinese, English, French, Japanese, Portuguese, Spanish and German.

The Prepaid Card is available in 10, 20, 50, 100 and 200 unit (minute) denominations. The 10 unit (minute) denomination cards are subject to a per card surcharge of \$0.20. The number of available LDDS Prepaid Cards is subject to technical limitations.

LDDS is not liable or responsible for theft, loss or unauthorized use of cards or card numbers. LDDS will not refund or issue credit on unused units (minutes) of the Prepaid Card. The Customer(s) of Prepaid Card Service is solely responsible for payment of all applicable federal, state or local use, excise, sales or privilege taxes, duties or any similar fees that may be assessed by any governmental body or regulatory authority in connection with the service.

6.7.1.8 WorldMark Service

WorldMark Service offers a unified service for single or multi-location customers using switched, dedicated, and WorldMark calling card origination and switched or dedicated 800 termination. The WorldMark package includes the availability of outbound, inbound (800) products with peak and off peak rates and a non time-of-day sensitive, calling card product, as well as, offering the most comprehensive performance guarantees available. Intrastate service is offered in conjunction with interstate service.

WorldMark Service offers cross-contributory product volume discounts on switched and dedicated, outbound and inbound(800) products based on combined usage of multiple WorldMark Service products, including domestic switched and dedicated, outbound and inbound (800) product usage, calling card and switched and dedicated WorldMark data product usage. Total intrastate, interstate and international usage contributes to discount level. The discount will apply to WorldMark domestic interstate rates only.

WorldMark Service offers an additional discount on switched and dedicated outbound and 800 products for customers willing to sign a term commitment. Peak and off peak rates, rate periods, billing increments and applicable recurring and non-recurring charges can be found in Section 4 - Rates and Charges.

There are four (4) Options of WorldMark available to customers, each of which are described below:**

- Option A - Requires no monthly minimum billing commitment for month-to-month customers; \$15,000 monthly minimum billing commitment for term customers.
- Option B - Requires a monthly minimum billing commitment of \$25,000.
- Option C - Requires a monthly minimum billing commitment of \$50,000.
- Option D - Requires a monthly minimum billing commitment of \$75,000.

** If the minimum is not reached for Option A term and Options B through D, the customer will be charged for the difference.

Multiple services and/or multiple customer locations using WorldMark Service can contribute to individual product volume discounts and the overall monthly minimum commitment. WorldMark Operator Services and Directory Assistance usage is not included in determining product volume discounts and monthly minimum usage.

6.7.2.3 Unified Long Distance Service

Unified Long Distance Service is an outbound service offered to business customers. Unified Long Distance Service utilizes switched access. Intrastate service is provided in conjunction with the Company's interstate offering. Pricing for Unified Long Distance Service is based upon the monthly (or annual, if selected) revenue (including outbound, inbound, calling card, operator service, and directory assistance in all jurisdictions) and term commitment selected by the customer. Customers whose monthly (or annual, if selected) billing is less than the commitment amount will be billed the actual usage charges, plus the difference between actual usage charges and the committed amount. This minimum charge is cross-jurisdictional, i.e., charges will not be applied in each jurisdiction, but rather one charge will apply in connection with all relevant jurisdictions of the service.

Month-to-month, one year, two year, and three year term plans are available to subscribers of Unified Long Distance Service. The customer's liability for early termination of a term plan is the monthly revenue commitment (annual divided by 12, if selected) times the months remaining in the term plan. Calls are billed in six-second increments with a six-second per call minimum.

6.7.2.7 Unified Extended Direct Long Distance Service

Unified Extended Direct Long Distance Service is an outbound service offered to business customers. Unified Extended Direct Long Distance Service utilizes dedicated access. The customer is responsible for establishing the appropriate dedicated access connection(s) between the customer premises and the Company's switching location and all associated charges. Intrastate service is provided in conjunction with the Company's interstate offering. Pricing for Unified Extended Direct Long Distance Service is based upon the monthly (or annual if selected) long distance billing (including outbound, inbound, calling card, operator service, and directory assistance in all jurisdictions) and term commitment selected by the customer. The minimum monthly revenue commitment for this plan is \$2,000. Customers whose monthly (or annual if selected) billing is less than the commitment amount will be billed the actual usage charges, plus the difference between actual usage charges and the committed amount. This minimum charge is cross-jurisdictional, i.e., charges will not be applied in each jurisdiction, but rather one charge will apply in connection with all relevant jurisdictions of the service.

Month-to-month, one year, two year, and three year term plans are available to subscribers of Unified Extended Direct Long Distance Service. The customer's liability for early termination of a term plan is the monthly revenue commitment (annual divided by 12, if selected) times the months remaining in the term plan. Calls are billed in six-second increments with a six-second per call minimum.
