Kansas Local Exchange Services Catalog Schedule No. 2  
(Enterprise Non-Current Services)

This Catalog Schedule No. 2 applies to the non-current services pertaining to enterprise business customers (i.e., non-mass markets) previously offered in Kansas by MCImetro Access Transmission Services Corp. d/b/a Verizon Access Transmission Services which are not set forth in other sections of the Guide. Unless otherwise indicated, the material below was previously described in Kansas Tariff No. 5 of MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services. For ease of reference, where applicable, the prior section numbers contained in the prior tariff have been retained.

All of these non-current services are subject to the Terms and Conditions applicable to the other Local Services as set forth in the Guide. The product descriptions, rates and charges for the non-current services previously offered in Kansas that were in effect at the time that the Kansas Local Exchange Services were added to the Guide and which are not set forth in other portions of the guide nor set forth below, will continue to remain in effect for a Customer previously subscribed to these services until the Customer no longer subscribes to such service(s), or changes are made to the product descriptions, rates or charges in the Guide.

EFFECTIVE: OCTOBER 1, 2018

#### **Revisions to Local Exchange Services Catalog Schedule No. 2, Effective October 1, 2018**

##### **Section 21.6.3**

- **Increase of Local Plus Program Local Line monthly recurring charges.**

VIII. GRANDFATHERED SERVICES

The following provides services and pricing programs which are no longer available to new enterprise business customers (i.e., non-mass markets) and are not otherwise described in other portions of this tariff. All of these grandfathered services are subject to the same terms and conditions applicable to the other Local services as set forth in this tariff.

Gaps in the numbering of sections indicate sections which are intentionally left blank. To a large extent, this is due to the desire to have the sections below match the section numbers to these services which previously were in Company tariff No. 5 to the extent applicable.

Effective on or after October 1, 2016, MCImetro Access Transmission Services Corp. d/b/a Verizon Access Transmission Services will no longer offer the following Operator Services features in the United States and internationally: Busy Line Verification or Interrupt, Person-to-Person, 3rd Number Billing, and Collect Call services.

## GATEWAY SA SERVICE

### 8.1 Description

Gateway SA service is offered to other telecommunications carriers desiring direct trunk-side access to the Company's network in order to originate or terminate calls only to the analog voice grade channels corresponding to company provided access lines. Gateway SA service will support Inter-Machine and Feature Group D protocols.

[1/ Beginning July 17, 2001, this service will no longer be available to new subscribers.]

### 8.2 General Regulations

- 8.2.1 Carrier Access Orders for Gateway SA Service will be placed on Standard Bellcore Access Service Requests (ASR).

EFFECTIVE: OCTOBER 1, 2018

8.2.2 Gateway SA service is provided via a dedicated trunk-side port on the Company's switched network at the digital DS-1 and DS-3 levels.

8.2.3 Gateway SA Ports are only available at the Primary Distribution Nodes provided by the Company. The customer is responsible for providing digital DS-1 and DS-3 transmission links between its premises and the Company's Primary Distribution Node, and a DSX-1 Panel Terminal interface at the Company's Node. The DS-1 and DS-3 transmission links may be obtained from any other telephone company which terminates transmission facilities at the Company's Primary Distribution Node, or may be provided over the Customer's own transmission facilities.

8.3 Rates

8.3.1 Rate Elements

This tariff includes services for which the following rate elements apply:

- a) Non-Recurring Charges  
 Non-recurring charges are applied as a one-time fee normally at the time the circuit is initiated.
- b) Monthly Recurring Channel Termination Charge  
 The monthly recurring charge is billed monthly in advance and is assessed on each channel termination based on the terms and conditions of this tariff, the customer service agreement, or a master service agreement.
- c) Fixed Mileage Charge  
 The fixed mileage charge is a recurring monthly fee which is applied to a circuit for which the LEC would charge a comparable fee in association with an interoffice channel.
- d) Variable Mileage Charge  
 Variable mileage charge is a recurring monthly fee which is applied to a circuit for which the LEC would charge a comparable fee in association with an interoffice channel. In general, the variable mileage charge is calculated using V&H tables.

8.3.4 Switched Access Service

Switched Access service is provided pursuant to the rates contained in the Company's PSC Tariff No. 1.

MESSAGE TOLL SERVICE 1/

[1/ Beginning July 17, 2001, this service will no longer be available to new subscribers.]

9. Toll Service

9.1 Description

Toll Service is furnished for telephone communication between telephones in different local calling areas within the state in accordance with the regulations and schedules of charges specified in this tariff. The toll service charges specified in this section are in payment for all service furnished between the calling, and called telephone, except as otherwise provided in this Tariff. Services include outbound (switched and dedicated access), inbound (switched and dedicated access), and travel card services. Toll service is an optional service available to customers obtaining dial-tone from the company.

Outbound toll service offers customers an outbound, "1+" dialed long distance service for calls originating and terminating in the State of Kansas, and is available using either switched access or dedicated origination.

Inbound toll service offers customers an inbound toll service for calls originating and terminating in the State of Kansas, and is available using either switched access or dedicated access termination.

This service enables the caller to contact the inbound toll service customer without the caller incurring toll charges. Calls are placed by dialing a toll free "800 or 888 number."

Travel Card service is a service which allows the customer to place calls from lines other than the customer's presubscribed location and charge the call to the presubscribed location. The customer may place calls from any touch tone telephone in the U.S. by dialing a toll free "800 or 888 number" and entering travel card number and a personal identification code, followed by the desired telephone number. Travel Card calls are billed at the Company's rates and appear on the customer's monthly long distance bill.

9.2 Timing of Messages

9.2.1 Outbound and inbound toll service calls are timed in 6 (six) second increments with an 18 (eighteen) second minimum. Travel Card Service calls are timed in 1 (one) minute increments.

EFFECTIVE: OCTOBER 1, 2018

- 9.2.2 For station to station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.
- 9.2.3 For person to person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed upon alternate. 2/  
 [2/ The rates specified under Section 14, Operator Services, may apply.]
- 9.2.4 Call timing, ends when the calling station "hangs up", thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.
- 9.2.5 Calls originating in one time period as defined under 9.3 and terminating in another will be billed the rates in effect at the beginning of six second increments.

INTELENET EXCHANGE ACCESS SERVICE 1/

[1/ Beginning July 17, 2001, this service will no longer be available to new subscribers.]

20.1 GENERAL

Intelenet Exchange Access Service provides a Customer with a telephonic connection and a unique telephone number address on the public switched telecommunications network. Intelenet Exchange Access Service enables users to:

- A) receive calls from other stations on the public switched telecommunications network;
- B) access other services offered by the Company as set forth in this tariff
- C) access certain interstate and international calling services provided by the Company;
- D) access (at no additional charge) the company's operators and business office for service related assistance;
- E) access (at no additional charge) emergency services by dialing 0 or 9- 1 - 1; and
- F) access services provided by other common carriers which purchase the Company's Switched Access services as provided under the Company's Federal and State Tariffs, or which maintain other types of traffic exchange arrangements with the Company.

EFFECTIVE: OCTOBER 1, 2018

Intelenet Exchange Access Service cannot be used to originate calls to other telephone companies' caller-paid information services (e.g. NPA 900, NXX 970, 540, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked. Calls to numbers "NXX 976" will also be blocked unless otherwise specified by the Customer at the time service is ordered. Should a customer request unblocking for access to a caller-paid information service, the Company will bill and collect on behalf of the telephone companies' information provider holding the customer fully liable for all charges incurred for use of the information provider's service.

Intelenet Exchange Access Service is available on a "Full" service basis, whereby service is delivered to a demarcation/connection block at the Customer's premise.

The following Exchange Access Services are offered:

- Single Line Service
- Multi Line Service
- Analog PBX Trunk Service
- Intelenet Full Service T-1

20.5 INTELENET FULL SERVICE T-1

20.5.1 Service Description

Intelenet (Digital PBX Trunk) Service provides a Customer with a digital connection operating at 1 ~544 Mbps which is time division multiplexed into 24 individual voice-grade

EFFECTIVE: OCTOBER 1, 2018

telephonic communications channels, each of which can be used to place or receive one call at a time. Digital Trunks are provided for connection of compatible Customer-provided private branch exchanges (PBX) to the public switched telecommunications network. Each Digital Trunk is provided with dual tone multi-frequency (DTMF) or multi-frequency (MF) signaling, as specified by the Customer. Digital Trunks may be configured into hunt groups with other Company-provided Digital Trunks. The terminal interface for each Digital Trunk Service is a DSX- I panel.

#### 20.5.2 Direct Inward Dial Service DID

DID Service can be purchased as an optional feature in conjunction with Full Service T-1. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number.

The Customer is required to purchase at least one DID number block for each DID-equipped trunk or trunk group, or DID-equipped channel or channel group ("). The Company reserves the right to limit the amount of DID numbers that will constitute a block of telephone numbers. Currently, blocks of 20 and 100 DID numbers can be selected. The amount of DID numbers included in a telephone number group will be determined at the sole discretion of the Company, and will reflect the efficient management of the Company's resources. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine efficient telephone number utilization. Should the Company determine based on its own discretion that there is inefficient number utilization, the Company may either reassign the DID numbers or charge an Underutilization Telephone Number Assignment Fee.

The Customer has no property right to the telephone number or any other call number destination associated with DID service furnished by the Company, and no right to the continuance of service through any particular end office. The Company reserves the right to change such numbers, or end office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

[(<sup>1</sup>) A "group" is a set of Basic Trunks or Digital. Trunk channels which have been configured a hunt group.]

### 20.6 LOCAL CALLING SERVICE

#### 20.6.1 Service Description

21.4.2 Local MCI WorldCom On-Net Term Plan

The Local MCI WorldCom On-Net Term Plan is a term plan, in lieu of all other tariffed term plans, available to facilities based standalone local exchange service customers. Customers who subscribe to Local MCI WorldCom On-Net Term Plan are subject to the following conditions:

EFFECTIVE: OCTOBER 1, 2018

21.4.2.1 Definition of Terms

Qualifying Volume is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line Charge, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number Charges, recurring and non-recurring charges for Standard and Optional Features, Local ISDN T-I charge, as well as local service usage charges. Changes for the following- are not included as Qualifying Volume and are not calculated in satisfaction of the Local MCI WorldCom On-Net Term Plan volume commitment: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, and Local ISDN-PRI; non-recurring and recurring charges for Local ISDN-PRI Optional Features; Directory Assistance usage; non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges (including Busy Line Verification and Busy Line Interrupt), and taxes.

Eligible Volume is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line Charge, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number Charges, Local ISDN T-I charge, as well as local service usage charges. Charges for the following are not included as Eligible Volume and will not receive Local MCI WorldCom On-Net Term Plan volume discounts: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, and Local ISDN-PRI; recurring and non-recurring charges for Standard and Optional Features; non-recurring and recurring charges for Local ISDN-PRI Optional Features; Directory Assistance usage; non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges (including Busy Line Verification and Busy Line Interrupt), and taxes.

21.4.2.2 Term Commitment and Renewal Options

A customer must commit to service for a term of either one, two, three, four, or five years. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the Local MCI WorldCom On-Net Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

21.4.2.3 Volume commitment

A customer may elect a Local MCI WorldCom On-Net Term Plan monthly volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$100; \$250; \$500; \$1,000; \$2,000; \$3,000; \$4,000; \$5,000; \$7,000, or an annual volume commitment of one of the following amounts, calculated after the

application of promotional and other discounts: \$1,200; \$3,000; 424,000; \$36,000; \$48,000; \$60,000; \$84,000; \$120,000; \$300,000; \$600,000; 900,000; \$1.2 million; \$1.8 million; \$2.4 million. The customer's volume commitment will be based upon the customer's Qualifying Volume. At any time during the term of service, a customer may elect a higher equivalent annualized volume commitment. If a customer so elects, the term of service expiration date will not change. The new volume commitment will apply beginning in the following month for monthly commitments and as of the beginning of the commitment year in which the new volume commitment is elected for annual commitments. The discounts associated with the new commitment volume level apply to charges and usage only from the new election date forward.

21.4.2.4 Underutilization Charges

If at the end of any year of the term of service, a customer fails to satisfy its annual volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that year and the annual volume commitment. If at the end of any month of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that month and the monthly volume commitment.

21.4.2.5 Early Termination Charges

Cancellation of Discontinuance without Liability: If: (i) the customer's use of Local Exchange Service under a Local MCI WorldCom On-Net Term Plan equals or exceeds the Customer's equivalent annualized minimum volume commitment or monthly volume commitment and (ii) at the time of termination the customer is enrolled in a new Local MCI WorldCom On-Net Term Plan with a volume commitment which equals or exceeds the Customer's existing volume commitment, the customer may terminate service under Term Plan without liability as follows: (I) the customer may terminate service at any time during the last three months of the term of service if the customer's Local MCI WorldCom On-Net Term Plan's term commitment is one year; or (ii) the customer may terminate service at any time during the last six months of the term of service if the customer's new Local MCI WorldCom On-Net Term Plan's term commitment is equal to or greater than two years.

Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the Local MCI WorldCom On-Net Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge equal to the Underutilization Charge for the year of termination plus 50% of all of each annual or monthly volume commitment for each year remaining in the unfulfilled term of service.

21.4.2.6 Discounts

Customers will receive the following discounts applied to Eligible Volume charges and usage.

Classifications, Practices and Regulations:

1. Termination: Either the Customer or the Company may terminate this program for Cause. For purposes of this program only: (I) as to payment of invoices, "Cause" shall mean. the Customer's failure to pay any invoice within 30 days after the date of the invoice; and, (ii) for all other matters, "Cause" shall mean a breach by the other party of any material provision of this program, provided that written notice of the breach has been given to the breaching party, and the breach has not been cured within 30 days after delivery of such notice.

21.5 Local ISDN Primary Rate Interface (Local ISDN PRI): Local ISDN-PRI is an alternative arrangement for individual local exchange services such as Local Trunk Basic and Local Trunk DID. Local ISDN-PRI is provisioned at the 1.544 Mbps rate via the Primary Rate Interface standard of the Integrated Services Digital Network (ISDN), Local ISDN-PRI provides the Customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport.

21.5.1 Local ISDN-PRI Service Arrangement - One or more Service Configurations can be combined to create a Local ISDN-PRI Service Arrangement. Customers may have multiple Local ISDN-PRI Service Arrangements per location, however for each Service Arrangement one Service Configuration 1 must be included. The controlling D channel will always reside on Service Configuration 1.

The D channel is a 64 Kbps channel that carries signaling and control for the B capabilities of the D channel are contained within the customer's Service Configuration.

The ISDN Digital Facility is ordered separately and not included as part of the Service Configuration.

21.5.1.1 Service Configuration 1 - The first Service Configuration for any Local ISDN-PRI Service Arrangement must be a Service Configuration 1. Service Configuration 1 provides twenty-three (23) 64 Kbps B channels and one (1) primary 64 Kbps D signaling channel. The primary D channel is an-out-of band signaling channel used to control and route all of the B channel traffic within the Local ISDN-PRI Service Arrangement.

21.5.1.2 Service Configuration 2 - This configuration is only available in conjunction with Service Configuration 1. It provides an additional twenty-four (24) 64 channels which are controlled by the D Service Configuration 2s may be associated with a Service Configuration switching equipment limitations.

The bearer (or B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, customers must order separately DID telephone numbers, as found in Section 2 1 .2.2.1 preceding.

EFFECTIVE: OCTOBER 1, 2018

21.5.1.3 Service Configuration 3 - This configuration is also only available to subscribers who have a Service Configuration 1. It provides a backup 64 Kbps D channel and twenty-three (23) additional 64 Kbps B channels. The backup D channel will control and route all of the B channel traffic of a single PRI Service Arrangement in the event the D channel on the primary configuration (Service Configuration 1) fails. A maximum of one Service Configuration 3 may be included with each Local ISDN-PRI Service Arrangement. Service Configuration 3 is available subject to switching equipment capabilities.

The bearer (or B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, customers must order separate DID telephone numbers, as found in Section 21.2.2.1 preceding.

21.5.2 Optional Features: In addition to providing Local Exchange Services specified above, Local ISDN-PRI can be configured to support the following optional advanced ISDN features:

Call-by-Call Service Selection: Allows B channels to be shared, between multiple services carried over a single PRI Local Serving Arrangement.

Calling Number Delivery: Allows the customer to receive the originating caller's working telephone number provided this information is forwarded to the Company by the caller's Local Exchange and/or Long Distance Carrier.

Remote Call- Forwarding: RCF allows all calls dialed to a telephone number equipped for RCF service to be automatically forwarded to another dialable

21.5.1 Integrated Service Digital Network-ISDN

EFFECTIVE: OCTOBER 1, 2018

Integrated Service Digital Network (ISDN)-Basic Rate Interface (BRI)

Description

ISDN-BRI service provides 2B + D switched access to the public switched network for the transmission of circuit switched voice, circuit switched data and packet switched data on an incoming and outgoing basis. It provides a customer with the ability to integrate current voice and data channel services utilizing Gateway S 1 Basic Business Line Service.

Circuit Switched Voice provides the ability to originate and receive switched voice calls over a 64 Kbps channel.

Circuit Switched Data provides the ability to originate and receive circuit switched data calls over a 64 Kbps channel.

BRI lines have two 64Kbps B channels. Each channel can have a separate phone number that can be used as a regular phone line, or the two D channels can be combined to create a single higher bandwidth channel.

General Regulations

BRI has one 16 Kbps data or D channel. used primarily for signaling and data transmission.

ISDN-BRI is furnished to the customers at the rates and charges following.

ISDN- BRI Basic Service provides the following standard features:

- a. National ISDN Standard

21.6.1.2.2 Term Plans

The VFX Service Term Plan is a term plan, in lieu of all other tariffed term plans, available to VFX Service customers. Customers who subscribe to VFX Service Term Plan are subject to the following conditions:

Definitions of Terms:

Qualifying Volume is the customer's total monthly recurring charges for VFX Service, Optional Features and monthly recurring charges for Local ISDN-PRI Optional Features, after the application of promotional and other discounts. Charges for the following are not included as Qualifying Volume and are not calculated in satisfaction of the VFX Service Term Plan volume commitment: Non-recurring charges for VFX Service; non-recurring charges for VFX Service Optional Features; non-recurring charges for Local ISDN-PRI, and taxes.

Eligible Volume is the customer's total monthly recurring VFX Service Digital Trunk T-1 charge, Local recurring VFX Service Digital Trunk T-1 charge, Local ISDN-PRI T-1 charge, Optional Features and Local ISDN-PRI Optional Features after the application of promotional and other discounts. Charges for following are not included as Eligible Volume and will not receive VFX Service Term Plan volume discounts: Non-recurring charges for VFX Service; non-recurring charges for Optional Features; non-recurring charges for Local ISDN-PRI Optional Features, and taxes.

Term Commitment and Renewal Options: A customer must commit to a service for a term of either one, two, three, four, or five years. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its

EFFECTIVE: OCTOBER 1, 2018

term unless the customer provides written notification to cancel the VFX Service Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

Volume Commitment: A customer may elect a VFX Service Term Plan monthly volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$100; \$250; \$500; \$1,000; \$2,000; \$3,000; \$4,000; \$5,000; \$7,000, or an annual volume commitment of the following amounts, calculated after the application of promotional and other discounts: \$120,000; \$180,000 \$300,000; \$600,000; \$900,000; \$1.2 million; \$1.8 million, \$2.4 million. The customer's volume commitment will be based upon the customer's Qualifying Volume. At any time during the term of service, a customer may elect a higher equivalent Annualized volume commitment. If a customer so elects, the term of service expiration date will not change, The new volume commitment will apply beginning in the following month for monthly commitments and as of the beginning of the commitment year in which 'the new volume commitment is elected for annual commitments. The discounts associated with the new commitment volume level apply to charges and usage only from the new election date forward.

Underutilization Charges: If at the end of any year of the term of service, a customer fails to satisfy its annual volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that year and the annual volume commitment. If at the end of any month of the term of service, a customer fails to satisfy its monthly volume- commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that month and the monthly volume commitment.

Early Termination Charges:

Cancellation of Discontinuance without Liability: if; (I) the customer's use of VFX Service under a VFX Service Term Plan equals or exceeds the customer's equivalent annualized minimum volume commitment or monthly volume commitment and (II) at the time of termination the customer is enrolled in a new VFX Service Term Plan with a volume commitment which equals or exceeds the customer's existing volume commitment, the customer may terminate service under Term Plan without liability as follows. (I) the customer may terminate service at any time during the last three months of the term of service if the customer's VFX Service Term Plan's term commitment is one year: or, (II) the customer may terminate service at any time during the last six months of the term of service if the customer's

EFFECTIVE: OCTOBER 1, 2018

new VFX Service Term Plan's term commitment if equal to or greater than two years.

Cancellation or Discontinuance with Liability:

Discontinuance of all services furnished under the VFX Service Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge equal to the Underutilization Charge for the year of termination plus of all of each annual or monthly volume commitment for each year remaining in the unfulfilled term of service.

Discounts: Customer will receive the following discounts applied to Eligible Volume charges and usage.

| <u>Volume Commitment</u> | <u>Term Commitment/Discount</u> |                |                |                |                |
