MCI Communications Services, Inc. d/b/a Verizon Business Services
New York Interexchange Services Catalog Schedule No. 1 (Enterprise Non-Current Services)

This Catalog Schedule No. 1 contains certain products pertaining to enterprise business customers (i.e., nonmass markets) previously described in New York Interexchange Services Tariff Nos. 1 and 2 of MCI Communications Services, Inc. d/b/a Verizon Business Services.

For ease of reference, where applicable the prior section numbers contained in the prior Tariff Nos. 1 and 2 have been retained. Gaps in the numbering of sections indicate sections which are intentionally left blank. To a large extent, this is due to the desire to have the sections below match the section numbers to these services which previously were in Company Tariff Nos. 1 and 2 to the extent applicable. The materials in Subsection A below were previously in Tariff No. 1, Section A. The materials in Subsection B were previously in Tariff No. 1, Section B. The materials in Subsection C were previously in Tariff No. 2. Also, the term "tariff" as used in this document, refers to this Catalog Schedule, unless context indicates otherwise.

All of the non-current services are subject to the same terms and conditions applicable to the other interexchange services as set forth in the Guide.

Any questions regarding this Catalog Schedule, please call 1-866-665-7586.

## CHANGE SHEET

This sheet details the most recent revisions made to this Catalog Schedule.
Any questions regarding this Catalog Schedule, please call 1-866-665-7586.

Revisions to Catalog Schedule No. 1, Effective 4/1/17:

- Removal of the Verizon Business Services I Flexible T1, Verizon Business Services Flexible T1 and Verizon Business Services II Flexible T1 Plus plans from Catalog Schedule No. 1. There are no customers on the plans and the plans are no longer available.

## XIII. GRANDFATHERED SERVICES

The following provides services and pricing programs which are no longer available to new enterprise business customers (i.e., non-mass markets) and are not otherwise described in other portions of the Guide.

This Grandfathered Services Section of this tariff has three subsections, to help identify where the material was in prior tariffs. Materials in Subsection A previously were in Verizon Business Services Tariff No. 1, Section A. Materials in Subsection B previously were in Verizon Business Services Tariff No. 1, Section B. Materials in Subsection C previously were in Verizon Business Services Tariff No. 2.

Gaps in the numbering within the subsections indicate section numbers which are intentionally left blank. To a large extent, this is due to the desire to have the sections below match the section numbers to the grandfathered services which previously were in prior tariffs to the extent applicable.

## Flexible Pricing

Changes of currently effective rates that are within the minimum and maximum rates set forth in this Grandfathered section of this tariff may be made on one day's notice.

Notice to Customers of rate changes shall be made in accordance with Commission regulations. Where there are no regulations, notification will be made in a manner appropriate to the circumstances involved. A customer can request that the Company disconnect service that is provided under the Flexible Pricing due to the price increase. The customer will be credited for the difference between the new price and the old price retroactive to the effective date of the price increase if the customer notifies the Company of its desire to disconnect service within 20 days of receiving notification of the price increase.

Subsection A - Material previously in Section A of Verizon Business Services Tariff No. 1
Effective on or after August 8, 2016, MCI Communications Services, Inc. will no longer offer Person-to-Person, 3rd Number Billing, or Collect Call operator services throughout the United States to customers that MCI serves as an interexchange carrier or facility-based local carrier.

## 16. Use of Service - MCI 900

. 01 The Company, pursuant to separate contract with a customer for MCI 900 Service provided pursuant to this tariff, may undertake to enter into contractual arrangements with others to perform caller billing on behalf of the 900 Service customer. Such contracts are offered in a non-discriminatory manner on an individual case basis (ICB).
. 02 The Company reserves the right to withhold service or discontinue service, without notice if a message is unlawful.
. 03 The Company will use reasonable efforts to block MCI 900 Service call origination from the following types of locations: public payphones, prisons, hospitals, educational institutions; and hotels and motels. Notwithstanding this undertaking, a customer shall remain responsible for charges for use of the Company network arising from calls placed to a Customer's 900 number(s) from such locations.
. 04 A Customer for MCI 900 Service shall reasonably disclose to potential callers in promotional materials, which shall include but not be limited to all written or broadcast advertising, the charges to be billed to callers using the service.
.05 Nothing in this section, or in any provision of this tariff, or in any marketing materials issued by the company, shall give any person, including prospective customers who have reserved MCI 900 Service telephone numbers hereunder or customers who subscribe to and use MCI 900 Service, or their transferees or assignees, any ownership interest or proprietary right in any particular MCI 900 Service telephone number. If an MCI 900 Service customer terminates the service, or if the Company terminates service to the customer, any MCI 900 Service telephone number which may have been assigned to said customer will be forfeited and will revert to the Company.
. 06 A Customer is responsible for all charges for use of the Company network arising from calls placed to the Customer's MCI 900 number(s).

## 3. Special Rate Offerings

.01 New York State Agency Rate Plan
The New York State Agency Rate Plan is available to all State Agencies, excluding State Universities and Colleges, in the state of New York. This plan offers discounted Vnet and Card usage rates as specified on the currently effective rate schedule for the New York State Agency Rate Plan. All rules and regulations set forth in this tariff apply.

Subsection B - Material previously in Section B of Verizon Business Services Tariff No. 1
Effective on or after August 8, 2016, MCI Communications Services, Inc. will no longer offer Person-to-Person, 3rd Number Billing, or Collect Call operator services throughout the United States to customers that MCI serves as an interexchange carrier or facility-based local carrier.

## 4. Dedicated Leased Line Service

-Effective January 1, 2015, contract renewals are not permitted for existing customers.
-Effective September 1, 2005, this offering will no longer be available to new subscribers.
Dedicated Leased Line Service is offered in the form of discrete intercity communications facilities which are dedicated to the use of a specific customer and are billed at pre-determined fixed monthly rates. The customer may elect to have the Company provide local facilities, may provide his own, or may arrange for any combination thereof. Dedicated Leased Line Service is offered in the transmission modes listed below.

Dedicated Leased Line Services are available between the locations specified at the Company's website www.verizonbusiness.com.

## .01 Analog Service:

. 011 Voice Grade Service is offered in increments of one or more voice grade channels, each with nominal bandwidth of 4 KHz . Such voice grade channels or combinations of voice grade channels may be utilized, on a permissive basis, for voice service, data service, facsimile service or combinations thereof, and may be interconnected with the facilities of other communications carriers and users for a customer's communications needs, such as voice connecting arrangements.
.012 Data Service is offered at approximate data speeds of 0-300, 1200, 2400, 4800, 7200 or 9600 bits per second (b.p.s.).
.013 Alternate Voice/Data Service is offered with the capability of voice grade communications and data communications on an alternate use basis. If required, the Company will provide a handset at each circuit end as part of this service.

## .02132 Network Pricing Plans

The Digital Data Service (DDS) Network Pricing Plan with minimum monthly IOC revenue of $\$ 75,000$ or greater is available only for circuits installed prior to November 1, 1998.

Under these plans, a customers commits to minimum monthly IOC revenue level over a selected term. Network Pricing Plans are available at minimum monthly IOC revenue levels of $\$ 2,000, \$ 5,000, \$ 10,000$, \$25,000, \$50,000, \$100,000, \$200,000, \$350,000, \$500,000, \$750,000 and $\$ 1,000,000$ over terms of $1,2,3,4$, or 5 years. NPP terms will be applied pursuant to the Company's Price Guide at www.verizonbusiness.com.

. 022 Terrestrial Digital Service - 45 (TDS-45)
DS-3 Digital Access is a high capacity digital local access arrangement which relies on DS-3 transmission technology used by the Local Exchange Carrier, or other access provider, and which will be used to connect customer's premises to Company terminals to provide customer access to the Company's services.

## . 0221 DS-3 Local Access Functions

. 02211 Local Access Channel Monthly Recurring Channel Charges: The monthly recurring local loop charges are found in the relevant Local Exchange Carrier tariffs.
. 02212 Local Access Channel Non-Recurring Channel Charges: The nonrecurring channel charges for circuits are found in the relevant Local Exchange Carrier tariffs.
. 02213 Access Coordination (per Local Access Channel) - Monthly and installation charges will be determined on an individual case basis.

As of January 1, 1999, Access Coordination will apply, per local access channel, only for circuits installed prior to October 1, 1998 and only if either: 1) the Company orders the local access channel; or 2) in the case of customer-provided access, if the customer has not provided written notice to the Company that the customer accepts responsibility for the design, installation coordination and ongoing coordination of testing and trouble resolution for the local access channel.

## .0222 TDS-45 MCI Central Office Functions

. 02221 Central Office Connection (COC) (per connection)
As of January 1, 1999, the following monthly recurring and non-recurring charges will apply, per connection, only for circuits installed prior to October 1, 1998, whether access is Company-provided or customerprovided.

. 02231 Route Diversity: Charges will be calculated on an individual case basis in accordance with the charges set forth in the relevant Local Exchange Carrier's tariff, and passed on to the customer.
. 02232 Credit Allowance for Interruption of Local Access Service: For purposes of determining credit allowances in accordance with Section B-14 preceding, a DS-3 service is considered interrupted when:

- there has been a loss of continuity, or
- the error performance is below the design objective of $99 \%$ error free; seconds measured over a continuous 24 hour period
. 0224 TDS-45 Inter-Office Channel (IOC) (per Channel)
A TDS-45 Inter-Office Channel (IOC) connects two designated Company terminals on the Company's digital fiber-optic network.
. 02241 Monthly Plan - Under the Monthly Plan, charges are determined according to mileage, using the applicable per circuit and per mile Monthly Plan rates for individual IOCs.

. 023 Terrestrial Digital Service - 1.5 (TDS-1.5)
Terrestrial Digital Service - 1.5 (TDS-1.5) is a point-to-point dedicated circuit used for simultaneous two-way transmission of serial bipolar, isochronous digital signals at a transmission speed of 1.544 Mbps. Terrestrial Digital Service - 1.5 (TDS-1.5) has three different pricing plans for the inter-office service function described below.

## . 0231 Local Access Functions

.02311 Local Access Channel - Monthly and installation charges for each Local Access Channel will be calculated on an individual case basis.
.02312 Access Coordination (per Local Access Channel) - Charges apply if the Company orders the Local Access Channel or if the customer requests Company coordination.

As of January 1, 1999, the following charges will apply, per local access channel, only for circuits installed prior to October 1, 1998 and only if either: 1) the Company orders the local access channel; or 2) in the case of customer-provided access, if the customer has not provided written notice to the Company that the customer accepts responsibility for the design, installation coordination and ongoing coordination of testing and trouble resolution for the local access channel.

.0233 Terrestrial Digital Service - 1.5 (TDS-1.5) - Inter-Office Service For the IOC on a point to point private line service circuit for which the two points terminate at the same Company Point of Presence, the mileage is 0 .
.02331 Rate Plans -- There are three types of TDS-1.5 IOC rate plans:

- An individual circuit Monthly Rate Plan
- Individual circuit Fixed Term Plans of 1, 2, 3, 4 or 5 years.
- $\quad$ Network Pricing Plans (NPPs) of 1, 2, 3, 4 or 5 year terms at various monthly IOC revenue commitment levels.

The Monthly and Fixed Terms Plans are circuit-specific. Each Plan is based upon the length of term to which the customer commits an individual circuit.

Each Fixed Term Plan and Each Network Pricing Plan requires a commitment to a service term for which termination liabilities may apply if the customer discontinues the Fixed Term or Network Pricing Plan prior to the end of a committed term.

Each Network Pricing Plan is independent of individual circuits, and circuits may be added or removed from a Plan, subject to the requirements set forth, below, entitled "Notification Required From Customers" and "Termination Liability." A customer NNP commitment is for a quantity of individual TDS-1.5 IOCs, the applicable rates for which result in revenues that meet or exceed the applicable monthly minimum over the committed service term.

A TDS-1.5 IOC may be enrolled in only one NPP at a time, but a customer may have multiple NPPs in effect at the same time.

| .023311 | Fixed Term Plans <br> The TDS-1.5 Fixed Term Plan is only available for <br> circuits installed prior to November 1, 1998. |
| :--- | :--- |
| Under these plans, a customer may order individual <br> circuits for fixed terms of 1, 2, 3, 4 or 5 years. The rates <br> are based on a percent discount off the Monthly Plan <br> Inter-office channel charges. |  |
| A customer may terminate a Fixed Term Plan or Plans <br> before the end of the committed term or terms without <br> liability, if: |  |

- a revision in this Tariff results in a higher IOC rate for the Plan to which the customer has committed, and to which higher IOC rate the customer has not given written consent;
the customer enrolls the TDS-1.5 IOC in a new Fixed Term Plan which expires on or after the expiration date of the existing Plan;
the customer replaces the existing Fixed Term Plan or Plans with a Network Pricing Plan having a minimum monthly TDS-1.5 IOC revenue commitment equal to or greater than the total monthly TDS-1.5 IOC revenues generated under the existing Fixed Term Plan or Plans, and which NPP expires on or after the expiration date of the existing Fixed Term Plan or Plans;
the customer commits to a replacement TDS-45 Service between the same city pairs at which a circuit is enrolled in a Fixed Term Plan or Plans, which commitment to TDS-45 Service expires on or after the expiration date of all the existing Fixed Term Plans to be terminated. For the purposes of applying this provision, a TDS-45 Service circuit shall be the equivalent of 28 TDS-1.5 circuits.

Except as otherwise specified immediately above, a customer will be subject to the Termination Liability Section for terminating a Fixed Term Plan prior to the end of the committed term.
$.023312 \quad$ Network Pricing Plan (NPP)
The TDS-1.5 Network Pricing Plan with minimum monthly IOC revenue of $\$ 75,000$ or greater is available only for circuits installed prior to November 1, 1998.

Under this Plan, a customer commits to a minimum monthly TDS-1.5 IOC revenue amount over a selected term. The rates are based on a percent discount off the Monthly Plan Inter-office channel charges.

There is a Network Pricing Plan available for each of seven minimum monthly TDS-1.5 IOC revenue commitments, $\$ 10,000 ; \$ 25,000 ; \$ 100,000 ; \$ 200,000$; $\$ 350,000 ; 500,000$; and $\$ 750,000$; and for each of three terms: one, two, three, four, or five years. For each month of the term of a plan, a customer is liable for the greater of the selected monthly plan minimum or the actual TDS-1.5 IOC charges resulting from application of the applicable rates to the circuit quantities in service.

The TDS-1.5 IOC charges will consist of the total of the fixed and per mile charges for each TDS-1.5 IOC enrolled in the Plan.

Customers may add or remove circuits from a Networking Pricing Plan at any time subject to the requirements set forth in sections following, entitled "Notification Requirements From Customers," and "Termination Liability," respectively.

## Ordering an NPP

The Customer will select and commit to a Plan based upon the minimum monthly TDS-1.5 IOC revenue obligation and the length-of-term obligation.

The customer will identify the circuits (including ordered and in-service circuits) to be included in the Plan, and the calendar month in which the term of the Plan is requested to begin. The selected Plan minimum revenue obligation shall not apply during the first three months of the Plan. If the minimum TDS-1.5 IOC revenue obligation is not satisfied by the beginning of the fourth month of the Plan, the minimum shall apply unless a circuit or circuits, due for availability within the first three months of the Plan, were not made available by the Company to the Customer. In such case, the minimum will not apply until the circuit(s) are made available to the customer.

Terminating a Network Pricing Plan before the end of its committed term without liability
A customer may terminate a Network Pricing Plan before the end of its committed term without liability, if:

- a revision in this tariff results in higher Plan rates for the Plan to which the customer has committed, and to which higher rates the customer has not given written consent;
the customer selects and commits to a new NPP having a higher monthly TDS-1.5 IOC minimum revenue commitment for the same or a longer term; or having a longer term for the same or higher monthly TDS-1.5 IOC minimum revenue commitment.

Except as otherwise specified in this subsection, a customer will be subject to the "Termination Liability" section for terminating an NPP prior to the end of the committed term.
$.023313 \quad$ Notification Required from Customers
All customer requests to commence or change any plan, including requests to shift circuits between plans, shall be made in writing and must be received by the

Company no later than fifteen (15) days prior to the beginning of any calendar month in which plan commencement or plan change is desired. Late notification may result in circuit or circuits being billed under the existing plan rates until the beginning of the calendar month next succeeding the desired calendar month.
.023314 Commencing a Plan
An NPP will commence either on the first day of the calendar month requested by the customer, subject to the fifteen (15) day notification requirements set forth immediately above, or on the first day of any later calendar month in which the initial circuit is made available.

A Fixed Term or Monthly Plan, or NPP charges for a circuit added to an NPP, will commence on the day the associated circuit is made available to the customer, provided that written request for the plan or circuit was received by the Company no later than the 15th day of the calendar month in which the circuit was made available to the customer. If such written request was received by the Company after the 15th day of the calendar month the customer may be required to pay the existing plan rates for the remainder of the calendar month in which the circuit was made available and for the next succeeding calendar month.

For any circuit made available to a customer on other than the first day of a calendar month, the applicable monthly charge will be pro-rated on the basis of a thirty (30) day month.
$.023315 \quad$ Changing a Plan Before Commencement
A customer may change any plan before it commences, subject to the notification requirements set forth in this subsection.
. $023316 \quad$ Changing a Plan After Commencement A customer may change any plan after it has commenced, subject to the notification requirement set forth in this subsection.
$.023317 \quad$ Canceling a Plan Order
A customer may cancel any selected plan before it commences, provided that written request to do so was received by the Company before the plan commenced. A request to cancel a plan shall not be deemed to be request to cancel the associated circuit(s) unless the customer indicates otherwise in its written notification.
.023318 Disconnecting a Circuit
A customer must provide the Company with at least ninety (90) days prior written notice to disconnect any
circuit. All charges for services and service components provided and ordered under this tariff in conjunction with the TDS-1.5 IOC by the Company, or by the Company as agent when acting on behalf of the customer, will continue at the applicable rates for 90 days from the time notice is received, or until the requested disconnection date, whichever is later. The charges will apply whether or not the customer uses the circuit during the notice period.
.023319

> Expiration of a Service Term Upon expiration of a Fixed Term Plan or Network Pricing Plan, service will be provided in accordance with the Monthly Rate Plan in effect at the time of Plan expiration, unless the customer has committed to an alternative plan or plans pursuant to the provisions of this Tariff.

## . 02332 Termination Liability

A customer will be liable for the termination of a selected Fixed Term Plan or Network Pricing Plan prior to the expiration of the committed service term except as otherwise permitted.

All termination liability charges shall be due and paid in full within thirty (30) days of the date of the receipt of the Company's invoice therefore.

## $.023321 \quad$ Monthly Rate Plan Termination Liability <br> No termination liability will apply to the termination of a

 Monthly Plan.. $023322 \quad$ Fixed Term Plan Termination Liability
If a customer terminates a Fixed Term Plan prior to its expiration, the customer shall pay, except as otherwise provided for herein, termination charges equal to one hundred percent ( $100 \%$ ) of the applicable monthly TDS-1.5 IOC charges for any unexpired portion of the first year of the term, plus fifty percent ( $50 \%$ ) of the applicable monthly IOC charges for the remainder of the term.

If a customer requests that a circuit enrolled in a Fixed Term Plan be disconnected prior to the end of the term of the Plan, and more than ninety ( 90 ) days remain in the term of the Plan at the time written notice to disconnect the circuit is received by the Company, the customer shall pay termination charges as described in the preceding paragraph for the unexpired portion of the term remaining at the end of the notice period (see paragraph regarding "Notification Required From Customer").

If a customer requests that a circuit enrolled in a Fixed Term Rate Plan be disconnected, and ninety (90) days or less remain in the term of the Plan at the time written notice to disconnect the circuit is received by the Company, charges will continue at the applicable Plan
$.023323 \quad$ Network Pricing Plan Termination Liability If a customer requests that a Network Pricing Plan be discontinued prior to the expiration of the Plan's term, the customer shall pay a termination charge equal to one hundred percent ( $100 \%$ ) of the monthly minimum TDS-1.5 IOC charges for any unexpired portion of the first year of the service term, plus fifty percent ( $50 \%$ ) of the monthly minimum TDS-1.5 IOC charges for any remainder of the Plan's terms.

. 024 Digital Private Line Service (DPLS)
Digital Private Line Service (DPLS) is a dedicated digital circuit used for voice and data communications at transmission speeds of up to 64 kbps and fractional T-1 speeds up to 768 kbps in 56 kbps or 64 kbps increments. This service can be accessed by either Analog Local Access or Digital Local Access, including DS0 Access, Digital Data Local Access, T-1 Digital Access or Terrestrial Digital Service - 45 Local Access. Multipoint service is available for analog data applications and for digital data communications at speeds up to 56 kbps.

## . 0241 Digital Private Line Access Functions

Local Access for this service can be acquired through one of the following types of analog and digital access: Analog Local Access, DS0 Local Access, T1 Access or DDS Local Access.
. 02411 DPLS Local Access Functions
.024111 Local Access Channel
The relevant monthly and non-recurring charges associated with the type of local access chosen, including any options, are applicable.
. 0241111 DSO Hubless Local Access Channel Monthly and installation charges for each local access channel will be calculated on an individual case basis.
$.024112 \quad$ Access Coordination (per Local Access Channel) Charges apply if the Company orders the Local Access Channel. In the case of customer-provided local access
channels, these charges apply for access coordination, if the customer has not provided written notice to the Company that the customer accepts responsibility for the design, installation coordination and ongoing coordination of testing and trouble resolution for the Local Access Channel.

As of January 1, 1999, the following charges will apply, per local access channel, only for circuits installed prior to October 1, 1998 and only if either: 1) the Company orders the local access channel; or 2 ) in the case of customer-provided access, if the customer has not provided written notice to the Company that the customer accepts responsibility for the design, installation coordination and ongoing coordination of testing and trouble resolution for the local access channel.

## .024115 Speed Access Surcharge For Analog Local Access, this charge applies per Local Channel; For TDS 1.5 Local Access and DDS Local Access, this charge applies per voice grade equivalent channel.

DPLS Supporting multipoint digital data applications is available only with Digital Access. Service supporting multipoint analog data applications can be accessed by either Analog Local Access or Digital Local Access.

Local Exchange Carrier bridging for Multipoint Digital Private Line is supported where available. The customer will be assessed all applicable Local Exchange Carrier charges.

Clear Channel 64 kbps Digital Private Line Service requires T1 local access with B8ZS line coding or DS0 Access from the Local Exchange Carrier, where available.

DPLS at fractional T-1 speeds of multiple 56 kbps is available only with T-1 Local Access from the Local Exchange Carrier. Service with fractional T-1 speeds in
multiples of 64 kbps is available only with T-1 Local Access with B8ZS line coding.

## . 02412 DPLS Inter-Office Channel (IOC)

For the IOC on a point to point private line service circuit for which the two points terminate at the same Company Point of Presence, the mileage is 0 .

$.024122 \quad$ Network Pricing Plans (NPP)
The Digital Private Line Service Network Pricing Plan with minimum monthly IOC revenue of $\$ 75,000$ or greater is available only for circuits installed prior to November 1, 1998.

Under these plans a customer commits to minimum monthly IOC revenue level over a selected term. Network Pricing Plans are available at minimum monthly IOC revenue levels of $\$ 2,000, \$ 5,000, \$ 10,000, \$ 25,000$, $\$ 50,000, \$ 75,000, \$ 100,000, \$ 200,000, \$ 350,000$, $\$ 500,000, \$ 750,000$ and $\$ 1,000,000$ over terms of 1,2 , 3,4 , or 5 years. NPP terms will be applied pursuant to the Company's Price Guide at www.verizonbusiness.com.

## 7. MCI WATS

Beginning August 6, 1994, MCI WATS will not be available to new subscribers.
MCI WATS involves the provision of intercity communications channels. This service offering is a oneway, multipoint service requiring the customer to originate calls via dedicated facilities between his premises and the Company's terminal location and allowing their termination of calls to all New York cities via a combination of Company-provided intercity facilities and local business telephone lines, and the resold facilities of other carriers. All calls are subject to a one minute average connect time (i.e. total monthly minutes of use divided by total monthly calls must equal at least one minute). All calls are rounded to the next higher 6 -second increment. The Company does not invoice charges in fractions of a cent; the minimum charge for any charge element is $\$ 0.01$.

## . 011 Intercity Facilities Usage Charges

MCI WATS is available on the basis of usage charges and is subject to a monthly Minimum Charge, as provided for in the Company's Price Guide at www.verizonbusiness.com.
. 012 Usage Charges
Usage Charges are determined by such variables as Rate Periods, Rate Schedules and Service Areas. The charges are billed according to the average monthly use for each rate period of each dedicated access line within a service group.* (See definition of "Service Group" in the Company's Price Guide at www.verizonbusiness.com. The rate period is determined by the day and time at the MCI WATS dedicated access line location.

* The average monthly minutes of use for each rate period per access line will be deemed to be the same as the average monthly minutes of total traffic (including traffic to Canada) for each rate period. The resulting effective per minute rate will then be applied to the customer Tier 1 and Tier 2 usage, respectively.

## .0121 Rate Periods

The Tier 1 hourly Usage Charges as set forth below shall apply to all calls terminating, via Company-provided intercity facilities, in those cities set forth in the Company's Price Guide at www.verizonbusiness.com.

The Tier 2 hourly Usage Charges as specified below apply to calls terminating, via resold intercity facilities of other carriers in cities other than those set forth in the Company's Price Guide at www.verizonbusiness.com
.0123 Service Areas
Service Areas (S.A.'s) represent broad geographical areas which encompass specific locations to which the customer subscribes. The Service Areas are designated S.A. one through S.A. five and each higher Service Area includes service to all lower numbered Service Areas. See the Company's Price Guide at www.verizonbusiness.com, , for complete geographical coverage of Service Areas.
.0124 Rate Step Table:
The following Rate Step Table is used to determine the usage rates that apply to MCI WATS. To use the table, locate the number in the column under the selected service area. This number is referred to as the Rate Step. Then locate the same Rate Step number on the following Monthly Usage Table. The rates listed on that line will apply to the service provided for that Originating State and Service Area.

## . 0127 Method of Determining Usage Charges

Based upon the hourly rates set forth above, MCI WATS usage charges are calculated as described below:*
(*Minutes used in the calculation include both intrastate and interstate minutes.)
a. Determine the total minutes of monthly usage for each rate period over all dedicated access lines in a service group.
b. Determine the total number of access lines in service during the month (access lines in service for a partial month will be pro-rated.)
c. Determine the average usage for each rate period per access line by dividing the minutes for each rate period from (a) above by the number of lines from (b) above.
d. Determine the effective rate step for the desired service area from the appropriate originating state.
e. Determine the effective Tier 1 hourly rate for each rate period by:

1. Multiplying the total hours in each tapered usage increment for that rate period by the associated hourly rate for that increment; 2) totaling these charges for each rate period; and 3) dividing the total by the average usage per line from (c) above.
f. Repeat step (e) for Tier 2 usage.
g. Determine the Tier 1 usage charge for each rate period by multiplying the effective Tier 1 hourly rate per rate period from (e) above by the total Tier 1 hours of monthly use in a service group for each rate period, respectively, and totaling these charges.
h. Repeat step (g) for Tier 2 usage by using the effective Tier 2 hourly rate per rate period as determined in (f) above.
i. Determining the total Tier 1 and Tier 2 usage charge for all rate periods in each service group by adding the results of $(\mathrm{g})$ and $(\mathrm{h})$ above.

13. MCI 800 Service

MCI 800 Service is an inward WATS service which permits intrastate calls to a customer's station in one location from stations in diverse geographical service areas, and in which the MCl 800 customer is billed for the calls rather than the call originators. 800 Service has six pricing ranges for each terminating area
code, with total coverage on every line. These Ranges, as determined for each originating and terminating area code, are shown in the 800 Service Rate Table. All MCI 800 calls will be subject to an 18 -second minimum initial period and additional 6 -second increments. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent. The Company does not invoice charges in fractions of a cent; the minimum charge for any charge element is $\$ 0.01$. Unless otherwise indicated herein, the terms "MCI 800 Service", " 888 Service", and/or "Toll Free Service"; and the terms " 800 number", " 888 number", and/or "Toll Free number", can be used interchangeably when used throughout this tariff.
.01 Access
Access is the responsibility of the customer. Access may be furnished by the Company as specified in the Company's Price Guide at www.verizonbusiness.com. (Switched WATS and Dedicated Terminations). The customer also has the option of providing his or her own access facilities. MCI Business Line 800 is provided on a customer's existing local exchange telephone number, which is not obtained under this tariff.

15. MCI Vision
-Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014.
-Effective June 17, 2006 this service will no longer be available to new subscribers unless otherwise noted.

MCI Vision is an outbound customized telecommunications service which may include an inbound 800 service option using Business Line, WATS Access Line, or Dedicated Access Line Termination. It provides a unified service for single or multiple location companies using switched, dedicated and card origination and switched and dedicated termination. MCI Vision is suitable for long distance calls between company locations, as well as all long distance calls to the entire U.S. and to Company-served international locations. All MCI Vision calls, are subject to an eighteen second minimum initial period and are rounded to the next higher 6 -second increment. All Option Q MCI Vision Power Rate Off-Peak
outbound calls are subject to a 6-second minimum initial period and additional 6-second increments. Inbound service ordered with the MCI Vision Power Rate Off-Peak Program is subject to an 18-second minimum initial period and additional 6-second increments. The Company does not invoice charges in fractions of a cent; the minimum charge for any charge element is $\$ 0.01$. The rules and regulations governing the provision of service for inbound 800 calls are identical to those for 800 service, except where otherwise noted. This tariff is being offered to New York customers that have a requirement to make intrastate calls. Intrastate service is provided in conjunction with Interstate Vision service and is available only to customers subscribing to Interstate Vision service as provided in the Company's Price Guide at www.verizonbusiness.com. All rates and charges apply to all MCI Vision programs unless otherwise specified.
. 01 Usage Charges: Applies to all Vision calls which originate and terminate in New York.

## . 018 Time of Day Discounts

A 60\% minimum and 0\% maximum discount will apply to all traffic occurring during the Evening and Night/Weekend rate periods. When a Vision call is established in one rate period and ends in the other, the rate in effect in each rate period applies to the portion of the call occurring during that rate period. The rate for inbound calls is the rate for the time of day at the terminating location. This discount does not apply to usage by customers of MCI Vision Power Rate.
. 019 Volume Discounts
Volume Discounts may apply to intrastate usage revenue for Vision service. These discounts are subject to the terms and conditions as outlined in the Company's Price Guide at www.verizonbusiness.com. These discounts do not apply to usage by customers of MCI Vision Power Rate.

An undiscounted charge per call will be applied to each Directory Assistance call subject to the provisions and rate set forth for network MCI One in Section B. 28.09 of this Tariff.
. 0111 Operator Services
For intrastate calls placed with the assistance of a Company Operator, the rates described under Execunet service in Section B.5.103 of this Tariff.
. 0112 Dedicated Termination Discount
This discount will continue to be available to customers after May 26, 1996.
Provides a discount on all of a customer's Vision Switched, Dedicated and Card Access Traffic that is terminated by means of dedicated termination facilities to another customer specified Vision location. The discount on eligible traffic will be $\$ 0.02$ per minute. This discount will be applied before any other discounts.
. 02 Optional Features ' Pursuant to the Company's Price Guide at www.verizonbusiness.com
. 03 Government Pricing Plan

16. MCI 900

Effective December 1, 2007, this plan will no longer be available to new subscribers.
MCI 900 is an inbound, long distance, voice-grade telecommunications service that permits callers to place long distance calls to the Customer's station in one location from stations in diverse geographical service areas. MCI 900 Service Customers may provide live or pre-recorded messages to callers using the Customer's own equipment. This tariff is being offered to New York customers that have a requirement to make intrastate calls. Intrastate service is provided in conjunction with Interstate 900 service and is available only to customers subscribing to Interstate 900 service as provided in the Company's Interstate Tariff Price Guide at www.verizonbusiness.com. An applicant for 900 Service shall supply the following information when requesting services: an initial traffic forecast, identification of anticipated busy hour, identification of its geographical marketing target areas, and a schedule of marketing and promotional activities. A new traffic forecast shall be submitted quarterly after service is initiated. The Company may discontinue or modify 900 service if service volume threatens the integrity of the network.
. 02 Per Minute Usage Charges: The rates will be in effect seven (7) days a week and at all times of the day. Calls will be billed at a minimum of thirty (30) seconds and rounded thereafter, to the next higher six (6) second increment. These charges do not include the charge for premium billing services which are provided separately, under contract, in a non-discriminatory manner on an individual case basis (ICB).

### 4.2.2 Toll-Free Service Features

The Company's Toll-Free service customers may subscribe to one or more of the following features with a specific Company Toll-Free service.

## A. After-Hours Toll-Free Message Referral

This feature enables the Toll-Free service customer to route toll-free calls to the Company Message Centre after-hours for either an announcement only, announcement and message recording capability, or both with Message Centre outdial notification.

1. Option A (Message Announcement only)

This option enables the toll-free service customer to play prerecorded voice information referring callers to other numbers, explaining service conditions, or other general information that a customer desires to provide to callers.
2. Option B (Announcement with Message Recording)

This option enables the toll-free service customer to play customized voice announcements and if the caller desires, leave a message. The customer may call the Company Message Centre to retrieve messages.
3. Option C (Announcement, Message Capability and Message Notification) This option consists of both message announcement and message recording, plus the ability for the Message Centre to outdial and notify the Company TollFree customer of messages.
B. Area Code Routing

This feature allows the toll-free service customer to route calls to multiple answering locations using one toll-free number. The customer can define two or more originating routing groups and to arrange that calls to a single toll-free service number placed from different routing groups will terminate at different locations.

## C. Area Code Blocking

This feature allows the Toll-Free service customer to block originating calls from one or more specific area codes. Customers can tailor their Toll-Free service to their geographic service area and block unwanted calls from out of their area.
D. Dialed Number Identification Service (DNIS)

This feature allows a customer with multiple Toll-Free service numbers terminating in the same location to identify the specific Toll-Free service number which was dialed by the calling party and to route the call to the appropriate location. DNIS is only available with dedicated Toll-Free service.
E. Time of Day Routing

This feature allows the Toll-Free service customer to arrange for calls to a single toll-free service number to be routed to different locations based on the time of day.
F. Day of Week Routing

This feature allows the Toll-Free service customer to arrange for calls to a single toll-free service number to be routed to different locations based on the particular day of the week.
G. Command Routing

This feature allows the Toll-Free service customer to have toll-free calls rerouted by the Company's network in the event of access blockage to an ANI or T1 circuit ID previously defined by the customer.
H. Emergency Re-routing

This feature allows the Toll-Free service customer to re-route calls to accommodate emergency situations. To activate this service, the customer would call a special 24 hour number.
I. Real Time ANI

Real Time Automatic Number Identification (ANI) Service provides the ANI for the calling party to the customer if the call originates from an equal access end office. If the call originates from a non-equal access end office, only the NPA will be delivered to the TollFree customer. The Company will provide Real Time ANI on a toll-free number and a service group basis. Real Time ANI is available with or without DNIS and is available only with dedicated Toll-Free service.
J. Dedicated Termination Overflow

This feature enables the Toll-Free service customer to control potential congestion of tollfree calls by sending the overflow calls from one dedicated line to a switched line, allowing for maximum completion of incoming toll-free calls.
K. Percent Allocation

This feature allows the customer to route various percentage of calls to two or more answering locations. The customer must establish a call allocation pattern where each percentage is a whole number and the total allocation equals 100 percent. The customer must have at least two different locations for this routing feature to be available.

### 4.2.3 Toll-Free Feature Charges

Feature Charges are determined by the specific feature requested by a toll-free Customer. These changes are in addition to toll-free usage charges and are not subject to discounting unless specifically indicated.

### 4.3.2 Operator Services

## A. Description

Operator Services will be offered to the Company subscribers served from equal access offices, and to users accessing the Company's services through public payphones or customer provided stations. Charges for Operator Services may be billed to a customer's commercial credit card account or local exchange company (LEC) calling card account, or to the calling station, called station or a designated third party station. Charges may not be billed to public payphones or customer-provided stations, or to stations outside the United States.

1. Classes of Services Operator Service charges will be added to the following types of calls:
(a) Customer Dialed Calling Card - Calls completed through an automated interface and billed to a telephone company calling card account entered by the calling party, without the intervention of a live or automated operator.
(b) Operator Station - Calls completed with the assistance of a live or automated operator on a station-to-station basis. Charges may be billed to the customer's commercial credit card or LEC calling card account, or to the calling station, called station or a designated third party station. Collect calls will be billed if the called party accepts the call.
(c) Person-to-Person - Calls completed with the assistance of a live or automated operator to a particular person, station, department or PBX extension specified by the calling party. Charges may be billed to the customer's commercial credit card or LEC calling card account, or to the calling station, called station or a designated third party station. Charges will be incurred only if the designated called party accepts the call.

### 4.3.5 PhonePass Service

A. Description

PhonePass Service is a switched service that enables the end-user to place calls charged to prepaid phone cards issued by the Company. The end-user accesses the network by dialing the appropriate Company toll-free number printed on the back of the card. Each toll-free number accesses a custom greeting designated by the customer. Language menu selection is available if requested by the customer.

The PhonePass Card is available in five (5) or more unit denominations at a flat rate per unit. Cards and/or Codes are issued with an expiration date of six (6), twelve (12) or eighteen (18) months from the date of the code or six (6) or twelve (12) months from first usage. First use is anytime the toll-free number and code are entered by the code holder. A terminating number is not necessary in starting the time period for reactivation on first use. The number of available Company PhonePass Cards is subject to technical limitations.

The Company is not liable or responsible for theft, loss or unauthorized use of cards or card numbers. The Company will not refund or issue credit on unused units of the PhonePass Card. The customer(s) of PhonePass Service is solely responsible for the payment of all applicable federal, state or local use, excise, sales or privilege taxes, duties or any similar fees that may be assessed by any governmental body or regulatory authority in connection with the service.

1. Availability

PhonePass Service is available twenty-four (24) hours a day, seven (7) days a week. Card availability is limited and shall be handled on a first come, first served basis. PhonePass Service can be accessed through touchtone telephones only. 900 calls cannot be made on the PhonePass Card. PhonePass Service may be made available from time to time with certain promotional offerings.

## 2. Card Depletion/Renewal or Expiration

Each time the card is used, the end-user hears a message stating the amount of minutes remaining on the card. Sixty (60) seconds prior to the card being depleted, the user hears a warning announcing the time remaining on the card.

## 3. Description of Terms applying to PhonePass Service

(a) Unit - A unit is equal to one (1) minute of domestic long distance time. The U.S. includes all fifty (50) contiguous states. Additional units per minute are charged for all other destinations.
(b) Retailer - Wholesale product customer.
(c) End User - Wholesale customer's customer.

## B. Usage Charges

1. Option A - Generic Wholesale Cards

The customer may obtain Generic PhonePass Cards as a one-time purchase with full payment due upon delivery or with a one (1) or two (2) year commitment with payment due prior to delivery of each order. Upon acceptance by Company, the Term Commitment discount will be applied to each partial order of PhonePass Cards and/or Codes. Installment (Partial Order) payments must be made fifteen (15) days prior to issuance of the Cards and/or Codes. At the end of the one (1) year or two (2) year commitment period or upon request for cancellation by the customer, the customer must pay the difference between the Term Commitment amount purchased and the initial Term Commitment amount, if the commitment has not been met.

1. Option A - Generic Wholesale Cards (cont'd)

The Company may terminate a purchase commitment plan in order to allow the customer to agree to a higher "number of Units" Term Commitment. PhonePass Cards will be sold at prices rounded to the nearest cent. The rate per unit and purchase volumes are as follows:

Option G - Requires a monthly minimum billing commitment of $\$ 50,000$.
** If the minimum is not reached for Option A ESP and Options B through G, the customer will be charged for the difference.

Multiple services and/or multiple locations using WorldOne's Service can contribute to the overall monthly minimum commitment; however, the customer must allocate the minimum by service and location. Domestic toll-free, Domestic and International outbound calls contribute to determining monthly minimum usage. OnLine World Calling Card, Operator Services and Directory Assistance usage is not included in determining monthly minimum usage.

Customers must reach the minimum monthly usage requirement associated with their selected Option by the fourth invoice period and monthly thereafter.

## B. Service Arrangements

1. WorldOne Extended Service Plan

WorldOne Service is available to customers through an Extended Service Plan ("ESP") option if the customer agrees to commit to such service for a term of twelve (12) or twenty-four (24) months. Customers who elect the ESP will receive a discount off their selected option's domestic interstate, and intrastate outbound and toll-free rates. (The Company's interstate rates are provided in its F.C.C. Tariff as filed with the Federal Communications Commission.) This discount will apply to WorldOne's peak interstate rates and all time periods for intrastate rates. Customers who elect the ESP are subject to the following:
(a) Customers must indicate what WorldOne service or services are to be included in the ESP. The discounts provided under this option become effective with the first full month's usage.
(b) Upon execution of this agreement, the customer has ninety (90) days from the date service is made available in which to notify the Company in writing, either by certified or registered mail (return receipt requested), of the customer's desire to cancel this agreement without further obligation, except for charges incurred up to the date of termination, in the event that quality deficiencies solely caused by Company in the provision of telecommunications service hereunder are demonstrated by Customer to affect adversely and materially Customer's telecommunications applications (such a termination under this clause constituting a Termination for Cause). A Termination for Cause shall not be effective
unless Customer has reported trouble on an ANI or circuit-specific basis to (and received a corresponding trouble ticket from) the appropriate Company Support Center and a period of not less than thirty (30) days after receipt of Customer's written notice of termination has elapsed during which Company fails to correct such quality deficiencies. Provided, nothing contained herein shall impose any liability on Company and Customer's sole remedy shall be termination of the affected service as described.
(c) Customers who terminate service prior to the end of the term of commitment in any manner other than stated in (D) following, will be liable for a cancellation penalty equal to the monthly minimum billing commitment times the number of months remaining in the customer commitment period through the expiration of the first year. If applicable, $25 \%$ of the balance remaining (monthly minimum billing commitment times the number of remaining months in the contract beyond the first year) will also be included (per service type). If the termination becomes effective after the completion of the first year, then the charge shall be equal to $25 \%$ of the balance remaining (monthly minimum billing commitment times the number of months remaining in the contract). The foregoing cancellation penalty will apply unless the Customer immediately converts to another Company service with equal or greater term and minimum usage requirement commitments, and for a period of months equal to or greater than the number of months remaining in the term during which the conversion takes place.
(d) All customer requests to commence or terminate a WorldOne ESP must be made in writing, by certified mail (return receipt requested), to the Company and received no later than thirty (30) days prior to the then existing term expiration date. If such notification is not received by the Company within this timeframe, the WorldOne ESP agreement will be automatically renewed for a new term of commitment.
(e) A customer who cancels their agreement prior to the expiration will be required to repay any promotional credits that were given in addition to other termination charges as noted above.
(f) OnLine World Calling Card usage is excluded from the WorldOne ESP discounts.
2. WorldOne Association

The WorldOne Association program is a benefit package offered in conjunction with WorldOne Service, which allows the individual users who are members or employees of the participating organization to receive additional product discounts. Members who elect to participate in the WorldOne Association program will receive WorldOne products and OnLine World Calling Card Service.

To qualify for WorldOne Association an organization generally must be a: (1) Trade association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors, or multiple representatives; (3) Non-profit organization, or; (4) Buying group not organized merely to buy the Company's long distance for resale. The qualifying organization agrees to meet the following set of criteria within (6) months of undertaking to qualify and thereafter maintain them, and enters into a written agreement with the Company for the marketing of the Company's services. The group's members who have subscribed to the Company's services throughout the group must have aggregate billings, net of taxes; promotional credits and surcharges of at least $\$ 5,000$ per month.

The Company will render monthly statements to the individual members and the statement received will show all appropriate discounts. All sums due from members are the sole property of the Company, and the Company shall have the
sole right to collect, enforce collection and settle such sums. The WorldOne Association member group shall receive a monthly report from the Company listing members of the group who subscribe to the Company's service under this program.

Unless otherwise specified in this tariff, member's usage of Company service under this plan cannot be used to qualify for any other benefits under this tariff or under other arrangements between the Company and third parties who undertake to market the Company's services.

WorldOne Association members will receive the following discount offer:
Month-to-Month association customers on WorldOne Service will receive the one
(1) year term rates, no Extended Service Plan ("ESP") will be required; and one (1) year term association customers on WorldOne Service will receive the two (2) year term rates, ESP for Associations is required.

The conditions of the WorldOne Service Extended Service Plan ("ESP") as filed in Section 4.4.1.B.1 of this tariff will apply for WorldOne for Association ESP agreements.

OnLine World Calling Card Service is not available for Association discounts.
C. Rate Periods

The time of day rate periods for WorldOne Service will be Peak and Off-Peak. Peak rates apply to all calls that occur between 7AM and 7PM Monday through Friday, except on Company-recognized holidays. Off-Peak rates apply to all other calls.
D. Billing Increments

WorldOne Switched Access Service is billed in eighteen (18) second initial increments and is rounded to the next higher six (6) second increment; WorldOne Dedicated Access Service is billed in six (6) second initial increments and is rounded to the next higher six (6) second increment (except International, which is billed in thirty (30) second initial increments and is rounded to the next higher six (6) second increment). OnLine World Calling Card is billed at an initial sixty (60) second increment and rounded to the next higher six (6) second increment thereafter. G. Monthly Recurring Charges

The Company's Toll-Free service for intrastate use is sold as an add-on service to the Company's interstate 800 service. Accordingly, non-recurring and monthly recurring charges are found in the Company's Price Guide at website at www.verizonbusiness.com.

### 4.4.2 On-Net Service - Voice

-Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014.
-Effective January 5, 2004, this service will no longer be available to new customers.
On-Net is an outbound, customized telecommunications service that may include an inbound service option using Business Line/WATS or Dedicated Access Line terminations and/or a virtual private network. This service provides a service for single or multi-location companies using switched, dedicated and card origination, and switched termination. This service is suitable for calling between company locations.

Except as otherwise specified, all calls are subject to an 18 -second minimum initial period and rounding to the next higher 6 -second increment, except for Operator Assisted calls, which are subject to a 60 -second initial period and rounding to the next 60 -second increment. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

The rules and regulations governing the provision of service for toll free (inbound) service are identical to those for Toll-Free Service as filed in this Tariff, except where otherwise specified.

At the Customer's request and where feasible, the Company may permit the Customer to obtain other forms of access to the Customer's inbound service terminating location, or the Company may procure other forms of access to such location. All applicable recurring and non-recurring charges for such service will be calculated on an individual case basis, in accordance with the charges assessed by the Local Exchange Carrier or other access provider. The installation and monthly charges for any interface equipment associated with such access that is provided by the Company shall be calculated on an individual case basis. If the Company procures access for the Customer from the Local Exchange Carrier, the Customer's use of such access shall be in conformity with the regulations and other terms and conditions under which the Local Exchange Carrier provides such access.

This tariff is being offered to New York customers that originate and terminate calls within the State. Intrastate service is provided in conjunction with interstate service and is available only to customers subscribing to interstate service as provided in Company's Price Guide at website at www.verizonbusiness.com.
A. Definitions: The following definitions will apply for all usage rates:
"Local Network Connection": A switched connection between a customer premises and a Company Point of Presence which is provided by Company or a Company affiliate.
"Dedicated": A non-switched connection between a customer premises and a Company Point of Presence.
"Switched": A switched connection between a customer premises and a Company POP which is not provided by Company or a Company affiliate.
B. Usage Rates: The following per-minute usage rates will apply to outbound and inbound usage. Outbound usage charges are based on origination type, and inbound usage charges are based on termination type. Card is not available for inbound usage.

| Switched | Switched | \$0.0000 | \$0.3720 |

For outbound calls with Local termination or inbound calls with Local origination, a credit of $\$ 0.01$ per minute will apply. Dedicated origination is not available for inbound calls.

On-Net Service - Voice Access (via an On-Net Service - Voice Card) may originate from any touch-tone phone in the United States via a toll free number. Usage charges as indicated above in the Outbound rates section will apply. The following per-call surcharge will apply to each On-Net Service - Voice Card call, other than calls to Directory Assistance:

## Surcharge

Per Call:
Minimum: $\$ 0.00 \quad$ Maximum: $\$ 2.25$

* Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014.

## C. Directory Assistance

A minimum charge of $\$ 1.00$ and a maximum charge of $\$ 1.75$ per call will be applied to all customers of this service requesting Directory Assistance for numbers within the state.
D. Term Plan

The Term Plan is a term plan, in lieu of all other tariffed term plans. Customers who subscribe to this service through the Term Plan are subject to the terms and conditions following:

1. Eligible Intrastate charges is the customer's total intrastate usage of the following, after the application of promotional and other discounts: intrastate inbound and outbound usage. Charges for the following are not included as eligible intrastate charges and will not receive Term plan Discounts: Directory Assistance usage and surcharges and Operator Assisted usage and surcharges.
2. Term Commitment and Renewal Options: A customer must commit to service for a term of service of either one, two, three, four, or five years. The term of service will commence no earlier than the fifteenth of the billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the Term Plan, which must be received by Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30 -day period following the expiration of the existing term of service.

## 3. Early Termination Charges:

(a) Cancellation or Discontinuance Without Liability: If: (i) the customer's use of Company service under a Term Plan equals or exceeds the Customer's equivalent annualized minimum volume commitment and (ii) at the time of termination the customer is enrolled in a new Term Plan with a volume commitment which equals or exceeds the Customer's existing volume commitment, the customer may terminate service under the Term Plan without liability as follows: (i) the customer may terminate service at any time during the last three months of the term of service if the customer's new Term Plan's term commitment is one year; or (ii) the customer may terminate service at any time during the last six months of the term of service if the customer's new Term Plan's term commitment is equal to or greater than two years.
(b) Cancellation or Discontinuance With Liability: Discontinuance of all services furnished under the Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early
termination charge equal to the Underutilization Charge for the year of termination plus 50 percent of each annual volume commitment for each year remaining in the unfulfilled term of service.
4. Term Commitment/Discounts: The following discounts will apply to the eligible intrastate charges based on the customer's term commitment.

| Term Commitment | Discount |
| :--- | :--- |
| 1 year | $3 \%$ |
| 2 year | $6 \%$ |
| 3 year | $9 \%$ |
| 4 year | $9 \%$ |
| 5 year | $9 \%$ |

## E. Other Charges

Monthly Recurring Charges:
A monthly recurring charge will apply for each Offering under this plan. This charge is identical to, and shall not be in addition to, any monthly recurring charge applicable to Companion Interstate Service or Companion Local Service. Offering A is available on a per-Local Line basis, Offering B is available on a per-Local Trunk basis and Offering is available on a per-Local T-1 or ISDN-PRI basis. The following

Monthly recurring charges apply:

| Offering | Monthly Recurring Charge (per line, trunk, T-1 or ISDN-PRI) |  |
| :--- | :--- | :--- |
|  | Min. | Max. |
| A | $\$ 00.00$ | $\$ 225.00$ |
| B | $\$ 00.00$ | $\$ 195.00$ |
| C | $\$ 00.00$ | $\$ 4680.00$ |

Benefits:
Offering A: Upon installation of Companion Interstate Service and Companion Local Service, the customer will receive unlimited Eligible Intrastate Service, Eligible Interstate Usage and unlimited exchange service usage as described in the Companion Local Service tariffs or other appropriate governing document.

Offering B and Offering C: Upon installation of Companion Interstate Service and Companion Local Service, the customer will receive an allotment of 1,250 minutes per monthly period per-Local Trunk or Per-Local T-1 that may be used for (i) Eligible Interstate Usage and (ii) Eligible Intrastate Service in that monthly period. Customers whose usage exceeds this allotment in any monthly period will be charged min. $\$ 0.00$
max $\$ 0.15$ per minute for Eligible Intrastate Service that exceeds the allotment (Overage Usage Charge). When a call under this offering begins prior to the completion of customer's monthly allotment and ends after completion of the allotment, the customer will be charged min. $\$ 0.00$ max $\$ 0.15$ per minute for Eligible Intrastate Service for the portion of the call occurring after completion of the allotment. For customers enrolling in this plan after the first day of a billing cycle, whose allotment begins after the first day of a billing cycle or whose enrollment in this plan ends before the last day of the billing cycle, the allotment will be pro-rated for that billing cycle. The portion of a Customer's allotment that is not exhausted at the end of a monthly billing period will not carry over to the next month.

In addition, the customer will receive unlimited exchange service usage as described in Companion Local Service tariffs or other appropriate governing document.

Discounts: (Effective August 4, 2006, these discounts will not be available for contract renewal.)
These discounts are identical to, and shall not be in addition to, any discounts applicable to Companion Interstate Service and Companion Local Service.

Customers committing to a new term of service for 2 years or greater will receive a 5 percent discount on the monthly recurring plan charge and monthly recurring charges for optional features and feature packages, in lieu of all other discounts.

Customers who subscribe to Offering A and subscribe to this plan via a Companydesignated Internet site and commit to a new term of service for 2 years or greater will receive a 10 percent discount on the monthly recurring plan charge and monthly recurring charges for optional features and feature packages, in lieu of all other discounts.

The Company will provide a 10 percent discount on the monthly recurring plan charge and monthly recurring charges for optional features and feature packages, in lieu of all other discounts, in response to competitive marketplace conditions. To be eligible for this discount the Customer must; 1) demonstrate to the Company's reasonable satisfaction that it will accept another exchange carrier's offer in absence of any further inducement, 2) commit to a new term of service for 2 years or greater.

### 4.4.3 Intelenet Service

## A. Description

Intelenet offers a full service voice product for single or multi-location customers using switched or dedicated, and calling card origination and switched or dedicated toll-free termination. The Intelenet package includes a single flat rate for both peak and off-peak dedicated and switched usage and offers discounts for customers willing to sign a term commitment of month to month, twelve (12) or twenty-four (24) months and/or a willingness to commit to a specific dollar volume of monthly minimum usage.

The minimum monthly commitment will be based on net charges for service (after discounts have been applied) and must be reached by the fourth invoice period and monthly thereafter. Multiple services and/or multiple locations using Intelenet can contribute to the overall monthly commitment; however, the customer must allocate the minimum by service and location. All inbound and outbound domestic and international, calling card, intrastate service and internet access charges, including local services (if applicable) contribute to determining the monthly minimum usage with the exception of enhanced fax, conference calling and non-recurring charges.

If a customer's monthly service usage charges for any month in the term are less than the monthly commitment agreed upon, the customer shall pay the company the difference between the monthly usage charges and the monthly commitment in addition to charges for service.

## B. Service Arrangements

## 1. Intelenet Service Agreement

When the customer has completed the term commitment, service will automatically be renewed for additional term(s) of the agreement unless the Company has received the customer's written notice to terminate the service on not less than sixty (60) days prior to the then existing term expiration date. Customers who terminate service prior to the end of the term in any manner other than stated will be liable for a service termination charge of an amount equal to the greater of the following, unless customer converts to another Company service with equal or greater term and minimum usage commitment:
(a) If the termination becomes effective prior to the completion of the first year of the Customer Term, then the charge shall be an amount equal to the monthly billing commitment times the number of months remaining in Term through the expiration of the first year. If applicable, twenty-five percent ( $25 \%$ ) of the balance remaining (monthly billing commitment times the number of remaining months in the Term beyond the first year) will also be included.
(b) If the termination becomes effective after the completion of the first year, then the charge shall be an amount equal to twenty-five percent ( $25 \%$ ) of the balance remaining (monthly billing commitment times the number of months remaining in the Term). In addition, the customer will be
required to repay any promotional credits that were applied, and any charges reimbursed or waived.

Upon execution of the Intelenet Service Agreement, the customer has ninety (90) days from the date service is made available in which to notify the Company in writing, either by certified or registered mail (return receipt requested), of customer's desire to cancel the Service Agreement without penalty or further obligation, except for charges incurred up to the date of termination, in the event that quality deficiencies solely caused by the Company in the provision of telecommunications service hereunder are demonstrated by customer to affect adversely and materially customer's telecommunications applications (such a termination under this clause constituting a Termination for Cause). A Termination for Cause shall not be effective unless customer has reported trouble on an ANI or circuit-specific basis to (and received corresponding trouble ticket from) the appropriate Company Support Center and a period of not less than thirty (30) days after receipt of customer's written notice of termination has elapsed during which the Company fails to correct such quality deficiencies. Provided, nothing contained herein shall impose any liability on Company and customer's sole remedy shall be termination of the affected service as described. Customer's Intelenet Service Agreement is subject to the general terms, and conditions and rates of this Tariff and/or Service or Credit Application forms executed in connection with the services provided herein.

## 2. Intelenet Association

The Intelenet Association program is a benefit package offered in conjunction with Intelenet, which allows the individual users who are members or employees of the participating organization to receive additional product discounts off of domestic interstate usage. Members who elect to participate in the Intelenet Association will receive InteleNet products and Calling card service.
To qualify for Intelenet association an organization generally must be a: (1) Trade association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors, or multiple representatives; (3) Non-profit organization; or, (4) Buying group not organized merely to buy the Company's long distance for resale. The qualifying organization agrees to meet the following criteria within six (6) months of undertaking to qualify and thereafter maintain, and enters into a written agreement with the Company for marketing of the Company's services. The group's members who have subscribed to the Company's services throughout the group must have aggregate billings, net of taxes; promotional credits and surcharges of at least $\$ 5,000$ per month.

The Company will render monthly statements to the individual members and the statement received will show all appropriate discounts. All sums due from members are the sole property of the Company, and the Company shall have sole right to collect, enforce collection and settle such sums. The Intelenet member group shall receive a monthly report from the Company listing members of the group who subscribe to the Company service under this program.

Unless otherwise specified in this tariff, member's usage of Company service under this plan cannot be used to qualify for any other benefits under this tariff or under other arrangements between the Company and third parties who undertake to market the Company's services. All other conditions of InteleNet will apply to InteleNet Association.
C. Rate Periods

Peak - All calls that occur between 7:00 A.M. through 7:00 P.M. Monday through Friday, except on Company recognized holidays.

### 4.4.4 Total Solution GoldK Service

A. Description

Total Solution GoldK Service is an offering which allows customers to select shared and dedicated outbound and inbound service arrangements, and obtain Term Plan discounts. Total Solution GoldK calls are eligible for volume discounts based on total crosscontribution usage from all interstate and intrastate shared and dedicated outbound and inbound usage products (directory assistance and operator assistance are not contributory). Discounted rates apply retroactively, such that once the next dollar threshold is reached, the lower rate applies back to the first minute of usage for that billing period. Charges such as taxes, late payment fees or other service non-recurring and monthly recurring charges will not be included in the volume discount crosscontribution calculation.

The Outbound Calling Service arrangement is a long distance switched access service, which is available on either a shared or dedicated basis. The usage is billed on a flat rated basis. Outbound Calling Service calls are billed in 6 second increments, with an initial billing period of 18 seconds per call. Rates for Operator-assisted calls are set forth in Section 4.3.2. The Inbound Calling Service arrangement is a toll free switched access service, which permits calls to be completed at the Customer's location without charge to the calling party. This service is available on either a shared or dedicated basis. Access to the service is gained by a end user dialing a 10 digit telephone number (e.g., $800+$ NXX-XXXX) which will terminate at the Customer's location. The usage is billed on a flat rated basis. Toll Free Service calls are billed in 6 second increments, with an initial billing period of 18 seconds per call. In addition, there is a non-recurring and monthly recurring Toll Free Service number charge, which will be applied either on a "per Toll Free Service number" basis for shared access or on a "per routing arrangement" basis for dedicated access (reference rates in Section 4.4.5.D.3).

## B. Service Arrangements

1. Term Plans

Total Solution GoldK Service is available at 1 or 2 year Term Plan rates. Term Plans are subject to a minimum monthly usage level of $\$ 500$ for shared access or $\$ 2,500$ for dedicated access after 90 days of initial service. Should the Customer's actual usage fall below the monthly minimum usage commitment, the

Customer is required to pay the Company a fee equal to the difference between the Customer's actual usage and the Customer's minimum monthly commitment. Term Plan threshold calculations will include usage charges from all intrastate and interstate switched outbound and inbound usage products (directory assistance and operator assistance are not contributory). Charges such as taxes, late payment fees and other service non-recurring and monthly recurring charges will not be included in the Term Plan usage threshold calculation. A Customer who terminates a Term Plan prior to the term's expiration will be required to pay in one lump sum an amount equaling the monthly minimum service usage charge times the number of months remaining in the term.

A Customer may terminate their Term Plan without liability under the following conditions: (a) The customer requests, and remains on, a new Term Plan for a term equal to or greater than the time remaining on their current Company Term Plan. (b) The Customer provides written notification to cancel the Term Plan to the Company postmarked within 90 days of the commencement of the Term Plan. The Customer is responsible for payment of services used during this period. Term Plans will be automatically renewed unless the Customer notifies the Company in writing to cancel the renewal within 30 days of expiration of the current Term Plan.
C. Rate Periods

Peak and Off-Peak rate periods are as follows:

### 4.4.5 Total Solution Series 100K Service

A. Description

Total Solution Series 100 K Service is an offering that allows Customers to select a commitment level and shared and dedicated outbound and inbound service arrangements, obtain term plan discounts, and receive Peak and Off-Peak pricing (OffPeak pricing only applies to intraLATA outbound service where available). Total Solution Series 100 K calls are flat rated, with discounts off the base rates available according to the commitment level and term plan selected by the Customer.

The Outbound Calling Service arrangement is a long distance switch-based service, which is available on either a shared or dedicated access basis. The usage is billed on a flat rated basis. Outbound Calling Service calls are billed in 6 second increments, with an initial billing period of 18 seconds per call. Rates for Operator-assisted calls are set forth in Section 4.3.2.

The Inbound Calling Service arrangement is a toll free switched access service, which permits calls to be completed at the Customer's location without charge to the calling party. This service is available on either a shared or dedicated basis. Access to the service is gained by an end user dialing a 10 digit telephone number (e.g., $800+$ NXXXXXX) which will terminate at the Customer's location. The usage is billed on a flat rated basis. Toll Free Service calls are billed in 6 second increments, with an initial billing period of 18 seconds per call. In addition, there is a non-recurring and monthly recurring Toll Free Service number charge, which will be applied either on a "per Toll Free Service number" basis for shared access or on a "per routing arrangement" basis for dedicated access (reference rates in Section 4.4.5.D.3).

## B. Service Arrangements

1. Commitment Levels and Term Plans Total Solution Series 100K Service is available on a month to month basis or on an optional 1 or 2 year Term Plan. Discounts off the base rates are available to the Customer according to the commitment level and Term Plan selected by the Customer.

Total Solution Series 100 K Service is subject to a minimum monthly usage commitment (after the third full month following the initial installation of service for new Customers) based on the Customer's selected commitment level. The commitment level is calculated from the monthly total of usage generated from the following Company products: shared and dedicated domestic interstate and intrastate outbound and inbound service, international outbound, intraLATA, local service, and calling card. Charges such as taxes, late payment fees or other service non-recurring and monthly recurring charges will not be included in the total usage amount calculation, as well as usage charges from Directory Assistance, Operator Service, voice mail and conference calling.

Should the Customer's actual usage fall below the monthly minimum usage commitment, the Customer is required to pay the Company a fee equal to the difference between the Customer's actual usage and the Customer's minimum monthly commitment. A Customer who terminates a Term Plan prior to the term's expiration will be required to pay in one lump sum an amount equaling the selected monthly commitment level times the number of months remaining in the term, plus an amount equal to any promotional credit, or discount, or waiver, if applicable, that was provided to the Customer.

A Customer may terminate their Term Plan without liability under the following conditions:
(a) The Customer requests, and remains on, a new Term Plan for a term and commitment level equal to or greater than their current Company Term Plan and commitment level.
(b) A new Customer (who was not receiving services through the Company prior to execution of the Term Plan) provides written notification to cancel the Term Plan to the Company postmarked within 90 days of the commencement of the Term Plan. The Customer is responsible for payment of services used during this period.

Term Plans will be automatically renewed unless the Customer notifies the Company in writing to cancel the renewal within 30 days of expiration of the current Term Plan.
C. Rate Periods

Peak and Off-Peak rate periods are as follows:

### 4.4.6 MFS InteleplanK Service

A. Description

MFS InteleplanK Service is a communications service that is available for use by residential customers twenty-four (24) hours a day. MFS InteleplanK Service is offered in exchanges whereby the Customer's local telephone lines are presubscribed by the local exchange company (LEC) to the Company's MFS InteleplanK Service, such that " $1+$ the 10 -digit number" calls are automatically routed to the Company's network. Customers may originate MFS InteleplanK Service from locations served by the Company, and may terminate in all locations within the State of Arkansas.

MFS InteleplanK Service is a flat-rated calling plan that is non-distance sensitive for direct-dialed long distance calling. Charges are based on the time period (Peak/Offpeak) when the call is placed. Peak and Off-peak time periods are defined in Section 4.4.6.B (folllowing). Calls are billed in one-minute increments, with an initial billing period of one minute. A monthly recurring charge will apply to Customer accounts with usage (including Directory Assistance) of less than $\$ 25.00$. Customer accounts with usage in excess of $\$ 500.00$ per month will be assessed a surcharge, as specified in Section 4.4.6.C. 2 following. The entire month's charges will be recalculated at the new rate level.

Directory Assistance and Operator Services are available to MFS InteleplanK Service subscribers subject to the provisions of Sections 4.3.1 and 4.3.2.

### 4.4.8 Bottom Line Business II

A) Description

Bottom Line Business II offers Customers a flat rate schedule that will apply to both outbound and inbound intrastate calls. Customer's must sign a Term Agreement of one (1) year and meet a monthly minimum commitment of $\$ 50.00$ for Customers of only one service (i.e. only outbound) or $\$ 100.00$ per month if the Customer has both outbound and inbound services. Calling Card usage will not contribute to the monthly minimum commitment and Association discounts will not apply. Calls will be billed in thirty (30) second initial increments and rounded to the next higher six (6) second increment.

The Term shall be extended automatically for an additional term of one (1) year, unless the Company receives the Customer's written notice to terminate this Agreement on not less than thirty (30) days prior to the then existing Term expiration date. Customers who terminate service prior to the end of the term in any manner will be liable for a termination charge of an amount equal to the monthly minimum billing commitment times the number of months remaining in the Customer's Term, unless the Customer converts to another Company service with equal or greater term and minimum usage commitment.

### 4.4.9 Business Solutions

Business Solutions is a switched, outbound, customized telecommunications service that may include an inbound service option. Outbound service may originate via switched WATS/Business Line Access and calling card access; inbound service, if elected, may terminate via switched WATS/Business Line Access.

Unless otherwise specified, all Company calls are subject to a 30 - second initial period and rounding to the next 6 -second increment, except for Operator Assisted calls, which are subject to a 60 -second initial period and rounding to the next 60 -second increment. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

The rules and regulations governing the provision of service for toll free (inbound) service are identical to those for Toll Free Service.

This service is being offered to customers that may have a requirement to make intrastate calls. Intrastate services are provided in conjunction with Interstate Business Solutions service and is available only to customers subscribing to interstate Business Solutions service provided in Company's Price Guide located at www.verizonbusiness.com.

### 6.2 Grandfathered Services

### 6.2.1 "The Answer" Family of Services

A. "The Answer" Services
"The Answer" is a family of service offerings that offers a unified service for single or multi-location customers using switched, dedicated, and OnLine card origination and switched or dedicated Toll-Free (in WATS) termination. "The Answer" package includes the availability of switched and dedicated access termination with peak and off peak rates, volume discounts, accounting codes, call detail, and a consolidated invoice for all locations. All fractional per call charges will be rounded to the nearest whole cent.
"The Answer" I is available as an outgoing switched product with origination via FGD, equal access lines. "The Answer" II is available as an outgoing dedicated product via customer-provided dedicated access line (DAL) or T-1 access. "The Answer" III is a tollfree product via regular business lines. "The Answer" IV is a toll-free product via customer-provided dedicated access line (DAL) or T-1 service. The OnLine "Answer" Card is available as a calling card service.

## B. Service Arrangements

1. "The Answer" Extended Service Plan ("ESP") "The Answer" services are available to customers through an Extended Service Plan ("ESP") option if the customer agrees to commit to such service for a term of twelve (12), twenty-four (24), or thirty-six (36) months and to generate a minimum monthly gross usage as outlined in Section 4.5.3.A. Customers who elect the Answer ESP option are subject to the following:
(a) Customers must indicate what Answer service or services are to be included in the ESP. The discounts provided under this option become effective with the first full month's usage.
(b) Customers must reach the minimum usage requirement associated with each Answer ESP option by the fourth invoice period and monthly thereafter.
(c) Customers who do not generate the monthly minimum required in a given month will be billed the monthly minimum in lieu of the actual usage for that month. No discounts will be applied if usage does not reach required ESP option monthly minimum.
(d) Customers who terminate service prior to the end of the term of commitment will be billed the minimum usage requirement times the number of full or partial months remaining in the term in one lump sum. This charge will not apply to Answer customers who convert from an Answer service to another Company service with equal or greater term and minimum requirement commitments.
(e) All customer requests to commence or terminate an Answer ESP must be made in writing to the Company and received no later than the last day of the month preceding the month in which the desired action is to take effect. The customer must provide written notification to cancel the ESP which must be received by the Company not less than 30 days prior to the expiration of the term commitment. If such notification is not received by the Company within this timeframe, the

Answer ESP agreement will be automatically renewed for a new term of commitment.

Total domestic and international usage contributes to discount level, including OnLine "Answer" card usage. Directory Assistance calls are not added to the total of monthly usage to determine the appropriate discount nor are they discounted. The discount percentage will apply to all domestic Peak usage, including OnLine "Answer" calling card usage.

C. Rate Periods

The time of day rate periods for Answer Services will be Peak and Off-Peak. Peak rates apply to all calls that occur between 7AM and 7PM Monday through Friday, except on Company-recognized holidays. Off-Peak rates apply to all other calls.
D. Billing Increments
"The Answer" products are billed in six (6) second initial increments and are rounded to the next higher six (6) second increment. The OnLine "Answer" Card usage is billed at an initial sixty (60) second increment and rounded to the next higher six (6) second increment thereafter.
E. Per Minute Rate Schedule

Per minute rates apply as shown below. In addition, a volume discount will apply to each month's total Peak usage as specified in Section 6.2.1.F (following).

### 6.2.2 EasyAnswer Services

Effective June 1, 1995, EasyAnswer Service will available only for Association Service.

## A. EasyAnswer Service

The EasyAnswer Service offers a unified service for single or multi-location customers using switched, dedicated, and OnLine calling card origination and switched or dedicated toll-free (in WATS) termination. The EasyAnswer package includes the availability of outbound, inbound (toll-free) and calling card services, and offers a discount on outbound and toll-free service for customers willing to sign a term commitment and/or a willingness to commit to a specific dollar volume of monthly minimum usage.

There are three (3) Options of EasyAnswer available to customers, each of which are
described below:
Option 1 - Requires no monthly minimum billing commitment.
Option 2- Requires a monthly minimum billing commitment of $\$ 1,000$; if the minimum is not reached, the customer is charged for the difference.

Option 3 - $\quad$ Requires a monthly minimum billing commitment of $\$ 5,000$; if the minimum is not reached, the customer is charged for the difference.

Multiple services and/or multiple locations using EasyAnswer's services can contribute to the overall monthly minimum commitment; however, the customer must allocate the minimum by service and location. Domestic toll-free, Domestic and International outbound calls contribute to determine monthly minimum usage. Easy OnLine Calling Card, Operator Services and Directory Assistance usage is not included in determining monthly minimum usage.

Customers must reach the minimum monthly usage requirement associated with their selected EasyAnswer Option by the fourth invoice period and monthly thereafter.
B. Service Arrangement

1. EasyAnswer Term Plan

EasyAnswer Services are available to customers through a Term Plan option if the customer agrees to commit to such service for a term of twelve (12), twenty-four (24) or thirty six (36) months. Customers who elect the Term Plan option will receive a discount off their selected Option's domestic interstate, and intrastate outbound and toll-free rates. This discount will apply to EasyAnswer's peak interstate rates and all time periods for intrastate rates. Customers who elect the EasyAnswer Service option are subject to the following:
(a) Customers must indicate what EasyAnswer service or services are to be included in the term plan. The discounts provided under this option become effective with the first full month's usage.
(b) Option 2 Customers are required to meet a minimum annual usage commitment of $\$ 12,000$ (Customer's $\$ 1,000$ monthly minimum multiplied by twelve (12) months). Option 3 Customers are required to meet a minimum annual usage commitment of $\$ 60,000$ (Customer's $\$ 5,000$ monthly minimum multiplied by twelve (12) months). At the end of each successive twelve (12) month period following the date service becomes effective, Option 2 and Option 3 Customers will be required to pay the shortfall, if any, between their actual usage during that twelve (12) month period and the minimum annual usage commitment applicable to the option selected by the Customer. As used herein, "usage" consists of the amount of all domestic and international usage of all EasyAnswer Services (excluding EasyAnswer Association) measured in dollars.
(c) Customers who terminate service prior to the end of the term of commitment in any manner other than stated in (D) following, will be liable for a cancellation penalty equal to the number of months remaining in the term then in effect multiplied by: (1) for Option 1 Customers, $\$ 200$ per month for switched services (per service type), or $\$ 500$ per month for dedicated services (per service type);
(2) for Option 2 Customers, $\$ 1,000$ per month for switched or dedicated services (per service type); or (3) for Option 3 Customers, $\$ 5,000$ per month for switched or dedicated services (per service type). The foregoing cancellation penalty will apply unless the Customer immediately converts to another Company service with equal or greater term and minimum usage requirement commitments, and Customer continues to use such Company Service for a period of months equal to or greater than the number of months remaining in the term during which the conversion takes place.
(d) All customer requests to commence or terminate a EasyAnswer Term Plan must
be made in writing, either by certified or registered mail (return receipt requested), to the Company and received no later than thirty (30) days prior to the then existing term expiration date. If such notification is not received by the Company within this timeframe, the EasyAnswer Term Plan agreement will be automatically renewed for a new term of commitment. The customer has ninety (90) days from the date service is made available in which to notify the Company in writing, either by certified or registered mail (return receipt requested), of the customer's desire to cancel this agreement without further obligation.
(e) Easy OnLine Calling Card usage is excluded from the EasyAnswer Term Plan discounts.

Customers who elect the Term Plan option will receive a discount off their selected Option's domestic interstate and intrastate outbound and 800 rates. This discount will apply to EasyAnswer's peak interstate rates and all time periods for intrastate rates. This plan does not apply to Easy OnLine Calling Card usage. Customers who elect this plan are subject to the conditions described in Section 3.6.2 of this tariff. The following term discounts will apply to the EasyAnswer per minute base rates.

| Term | Outbound Discount |  |
| :--- | :--- | :--- |
| 12 Months | $\$ 00$ Discount |  |
| 24.0050 | $\$ 0.0150$ |  |
| 24 Months | $\$ 0.0100$ | $\$ 0.0200$ |
| 36 Months | $\$ 0.0100$ | $\$ 0.0200$ |

2. EasyAnswer Association The EasyAnswer Association program is a benefit package which allows the individual users who are members or employees of the participating organization to receive additional product discounts. Members who elect to participate in the EasyAnswer Association program will receive EasyAnswer products and Easy OnLine Calling Card Service.

To qualify for EasyAnswer Association an organization generally must be a: (1) Trade association representing businesses or individuals in an industry, profession or business classification; (2) Business with franchises, agents, distributors, or multiple representatives; (3) Non profit organization, or; (4) Buying group not organized merely to buy Company long distance for resale. The qualifying organization agrees to meet the following set of criteria within (6) months of undertaking to qualify and thereafter maintain them, and enters into a written agreement with the Company for the marketing of the Company's services. The group's members who have subscribed to the Company's services throughout the group must have aggregate billings, net of taxes; promotional credits and surcharges of at least $\$ 5,000$ per month.

The Company will render monthly statements to the individual members and the statement received will show all appropriate discounts. All sums due from members are the sole property of the Company, and the Company shall have the sole right to collect, enforce collection and settle such sums. The EasyAnswer Association member group shall receive a monthly report from the Company listing members of the group who subscribe to the Company's service under this program.

### 6.2.4 Performance 4000 Services

Effective June 1, 1995, Performance 4000 Service will no longer be offered to new customers.

## A. Description <br> Performance 4000 Service offers a unified service for single or multi-location customers using both switched and dedicated inbound and outbound service, a calling card and international service. Performance 4000 has been designed especially for the larger customer billing over $\$ 7,500$ a month, with the availability of peak and off-peak rates, calling card services and offering a discount for customers willing to sign a term commitment of either twelve (12), twenty-four (24) or thirty-six (36) months and/or a willingness to commit to a specific dollar volume of monthly minimum usage. There are five (5) levels of Performance 4000 which are described below. <br> Level I - Requires a monthly minimum billing commitment of $\$ 7,500$; if the minimum is not reached the customer is charged the difference. <br> Level II - Requires a monthly minimum billing commitment of $\$ 15,000$; if the minimum is not reached the customer is charged the difference. <br> Level III - Requires a monthly minimum billing commitment of $\$ 25,000$; if the minimum is not reached the customer is charged the difference. <br> Level IV - Requires a monthly minimum billing commitment of $\$ 50,000$; if the minimum is not reached the customer is charged the difference. <br> Level V - Requires a monthly minimum billing commitment of $\$ 75,000$; if the minimum is not reached the customer is charged the difference.

Multiple services and/or multiple locations using Performance 4000's services can contribute to the overall monthly minimum commitment. Domestic 800, Domestic and International outbound calls contribute to determining monthly minimum usage. Operator Services usage is not included in determining monthly minimum usage.

Customers must reach the minimum monthly usage requirement associated with their selected Performance 4000 Level by the fourth invoice period and monthly thereafter.

## B. Service Arrangements

1. Performance 4000 Term Plan

Performance 4000 Services are available to customers through a Term Plan option if the customer agrees to commit to such service for a term of twelve (12), twenty-four (24) or thirty-six (36) months. Customers who elect the Term Plan Option will receive a discount off their selected option's domestic rates. Customers who elect the Performance 4000 Term Plan option are subject to the following:
(a) Customers must indicate what Performance 4000 Level is to be included in the term plan. The rates provided under this option become effective with the first full month's usage.
(b) Customers who fall below the monthly minimum usage requirement for the plan selected will be billed the difference between actual usage and the monthly minimum required.
(c) Customers who terminate service prior to the end of the term of commitment will be billed a termination liability consisting of the monthly minimum of the selected plan option multiplied by the number of months remaining in the commitment, due and payable upon termination in a lump sum. This charge will not apply to customers who convert from a Performance 4000 service to another Company
service with equal or greater term and minimum usage requirement commitments.
(d) All customer requests to commence or terminate a Performance 4000 Term Plan must be made in writing to the Company and received no later than thirty (30) days prior to the then existing term expiration date. If such notification is not received by the Company within this timeframe, the Performance Term Plan agreement will be automatically renewed for a new term of commitment. The customer has ninety (90) days from the date service is made available in which to notify the Company in writing of the customer's desire to cancel this agreement without further obligation.
(e) Performance 4000 Term Plan is not available with Operator Services, Ultimate Call Manager, other Fixed Period Discount Plans or any promotions not associated with this plan.
C. Rate Periods: The time of day rate periods for Performance 4000 services will be Peak and Off-Peak. Peak rates apply to all calls that occur between 7:00 AM through 7:00 PM Monday through Friday, except on Company-recognized holidays. Off-Peak rates apply to all other calls.
D. Billing Increments: Performance 4000 Services are billed in six (6) second initial increments and are rounded to the next higher six (6) second increment. A minimum average time requirement (MATR) of thirty (30) seconds per call applies during a billing period for switched outbound and calling card. Performance 4000 Calling Card is billed at an initial sixty (60) second increment and rounded to the next higher sixty (60) second increment thereafter.
E. Per Minute Rate Schedules: Performance 4000 Level I and II Customers will receive the following rates:

### 6.2.6 WorldMark Service

A. Description

WorldMark Service offers a unified service for single or multi-location customers using switched, dedicated, and WorldMark calling card origination and switched or dedicated toll-free termination. The WorldMark package includes the availability of outbound, inbound (toll-free) products with peak and off peak rates and a non time-of-day sensitive, calling card product, as well as, offering the most comprehensive performance guarantees available. Intrastate service is offered in conjunction with interstate service.

WorldMark Service offers cross-contributory product volume discounts on switched and dedicated, outbound and inbound (toll-free) products based on combined usage of multiple WorldMark Service products, including domestic switched and dedicated, outbound and inbound (toll-free) product usage, calling card and switched and dedicated WorldMark data product usage. Total intrastate, interstate and international usage
contributes to discount level. The discount will apply to WorldMark domestic interstate rates only.

WorldMark Service offers an additional discount on switched and dedicated outbound and toll-free products for customers willing to sign a term commitment.

There are four (4) Options of WorldMark available to customers, each of which are described below:**

Option A - Requires no monthly minimum billing commitment for month-to-month customers; $\$ 15,000$ monthly minimum billing commitment for term customers.
Option B - $\quad$ Requires a monthly minimum billing commitment of $\$ 25,000$.
Option C - Requires a monthly minimum billing commitment of $\$ 50,000$.
Option D - Requires a monthly minimum billing commitment of $\$ 75,000$.
** If the minimum is not reached for Option A term and Options B through D, the customer will be charged for the difference.

Multiple services and/or multiple customer locations using WorldMark Service can contribute to individual product volume discounts and the overall monthly minimum commitment. WorldMark Operator Services and Directory Assistance usage is not included in determining product volume discounts and monthly minimum usage.

## B. Service Arrangement

## 1. Term Commitment Agreement

WorldMark is available to customers through a term commitment option if the customer agrees to commit to such service for a term of twelve (12), twenty-four (24) or thirty-six (36) months. Customers who elect a term commitment will receive an additional discount off their selected option's domestic interstate outbound and tollfree rates. (The Company's interstate rates are provided in its Price Guide at www.verizonbusiness.com.) Customers who elect the term commitment are subject to the following:
(a) Customers must indicate what WorldMark service or services are to be included in the term commitment. The discounts provided under this option become effective with the first full month's usage.
(b) Upon execution of this agreement, the customer has ninety (90) days from the date service is made available in which to notify the Company in writing, either by certified or registered mail (return receipt requested), of the customer's desire to cancel this agreement without further obligation.

WorldMark service is an interstate service offering with customers having the option of using the service for intrastate calls. Accordingly, a description of the chargeable services and features, including monthly recurring, non-recurring, change and per minute surcharges associated with WorldMark Service can be found in the Company's Price Guide at www.verioznbusiness.com.
H. WorldMark Service Guarantees

The following is a list of guarantees for each product offered under this service that will automatically compensate the customer when stated product performance levels are not met.

The customer's right to receive the WorldMark Guarantees as set forth will depend upon the Company's receipt of customer's full payment of each month's invoice. In the event the customer's account becomes past due, the Company reserves the right to void all rights to WorldMark's Service Satisfaction Guarantees and Service Restoration Guarantees as defined herein.

## 1. WorldMark 1+Switched/Dedicated Service

Installation Interval Guarantee - WorldMark customers of switched outbound service will be installed within five (5) full business days from the date the customer signed the service order. WorldMark customers of dedicated outbound service (limited to Company Tier One cities) will be installed within eighteen (18) full business days from the date the customer signed the service order.

Customer Compensation - For each day the WorldMark switched or dedicated outbound installation interval is exceeded, a credit for each day's usage for the affected service will be issued. The average daily usage amount is calculated from the first complete billing period. In addition, customers will receive credit for their installation and first month's access line charges.

Service Satisfaction Guarantee - Company will pay the local access and interexchange carrier service installation charges to return the customer to their previous carrier and circuit configuration if they are not satisfied after one hundred twenty (120) days with our service. Reimbursement will be limited to the levels of service in the previous configuration.

Service Restoration Guarantee - Company guarantees that it will restore outbound service interruptions within thirty (30) minutes from the time the customer initiates the trouble call.

Customer Compensation - If the restoration interval is exceeded, Company will automatically issue a credit equal to one (1) day's average usage charges. The average daily usage amount is calculated from the first complete billing period. Limited to one (1) credit per day, not to exceed thirty (30) credits in one (1) month.

## 2. WorldMark Toll-Free Service

Installation Interval Guarantee - WorldMark customers of switched inbound service will be installed within five (5) full business days from the date the customer signed the service order. WorldMark customers of dedicated inbound service (limited to Company Tier One cities) will be installed within eighteen (18) full business days from the date the customer signed the service order.

Customer Compensation - For each day the WorldMark switched or dedicated inbound installation interval is exceeded, a credit for each day's usage for the affected service will be issued. The average daily usage amount is calculated from the first complete billing period. Limited to one (1) credit per day, not to exceed thirty (30) credits in one (1) month. In addition, the monthly WorldMark toll-free service fee will be credited and dedicated customers will receive credit for their installation and first month's access line charges.

Additional Number Installation Guarantee - Additional toll-free numbers will be added to existing WorldMark switched or dedicated inbound service within one (1) full business day. This guarantee is not applicable if the additional number requires the installation of additional dedicated access lines or if the FCC-imposed restrictions on the availability of toll-free numbers necessitates a delay beyond Company's control. In addition, Company makes no warranty on our ability to overcome delays caused by competitors when porting existing numbers.

Customer Compensation - For each day the additional number installation interval is
exceeded, a credit for each day's usage will be issued for the affected service. In addition, the monthly WorldMark toll-free service fee will be credited for the affected service.

Feature Installation Interval Guarantee - New WorldMark toll-free service feature configurations will be installed in one hundred twenty (120) minutes or less from the time a request is received by our WorldMark Customer Service Support Center. Tollfree feature change requests are limited to three (3) per hour, limited to ten (10) changes per feature.

Feature Reconfiguration Guarantee - Predetermined WorldMark toll-free service feature configurations will be implemented in sixty (60) minutes or less from the time a request is received by our WorldMark Customer Support Center. Toll-free feature change requests are limited to three (3) per hour, limited to ten (10) changes per feature.

Service Reconfiguration Guarantee - Company guarantees that it will implement any predefined alternative routing schemes for WorldMark toll-free service and/or features in thirty (30) minutes or less from the time a request is received by our WorldMark Customer Support Center. Toll-free feature change requests are limited to three (3) per hour, limited to ten (10) changes per feature.

Customer Compensation - If the service or feature installation and/or reconfiguration interval is exceeded, the customer will automatically receive a credit equal to one day's average usage charges for WorldMark toll-free service and WorldMark toll-free monthly recurring service and feature charges for the affected service.

Service Satisfaction Guarantee - Company will pay the local access and interexchange carrier service installation charges to return the customer to their previous carrier and circuit configuration if they are not satisfied after one hundred twenty (120) days with our service. Reimbursement will be limited to the levels of service in the previous configuration.

Service Restoration Guarantee - Company guarantees that it will restore inbound service interruptions within thirty (30) minutes from the time the customer initiates the trouble call.

Customer Compensation - If the restoration interval is exceeded, Company will automatically issue a credit equal to one (1) day's average usage charges. The average daily usage amount is calculated from the first complete billing period. Limited to one (1) credit per day, not to exceed thirty (30) credits in one (1) month.

## 3. WorldMark Calling Card Service

Installation Interval Guarantee - Company will deliver WorldMark calling cards within five (5) business days from the date the service order is signed. Upon signing a service order for WorldMark Calling Cards, a complimentary twenty (20) minute PhonePass prepaid card will be issued for each calling card ordered.

Customer Compensation - If the installation interval is exceeded, a $\$ 15.00$ credit will be issued for each distinct WorldMark Calling Card number.

Service Restoration Guarantee - Company guarantees that it will restore WorldMark Calling Card service interruptions within thirty (30) minutes or less, upon notification to the WorldMark Customer Support Center.

Customer Compensation - Company will automatically issue a $\$ 15.00$ credit if WorldMark Calling Card Service is not restored within thirty (30) minutes. Limit one
(1) credit per account per day, not to exceed thirty (30) credits in one (1) month.

Card Security Guarantee - If the customer's WorldMark Calling Card is deactivated due to toll fraud, they may call our WorldMark Customer Support Center and receive a free twenty (20) minute PhonePass prepaid card number to use until we issue another calling card.
I. WorldMark Service Liability

With thirty (30) days prior written notice, the Company reserves the right to discontinue providing WorldMark Service to a customer if the Company issues five (5) or more restoration credits in a thirty (30) calendar period.

1. In the event the Company cancels WorldMark Service in accordance with above, the Company will reimburse the customer the charges directly related to the switch back (the "Qualifying Charges") based on the customer's prior network configuration, not to exceed the amount paid for installation of WorldMark Service.
2. Any WorldMark Switched Back Reimbursement due hereunder as described above, shall be due and payable to customer on or before sixty (60) calendar days from the time the Company notifies the customer of the cancellation of WorldMark Services.
3. Payment of the WorldMark Switch back Reimbursement may at the customer's option, be made by either (i) a credit against the customer's then-current charges for services provided by the Company, if any; or, (ii) a check drawn on a United States bank and payable in United States dollars. Said payment may be withheld if customer is in past due status with the Company.

In addition to the liability provisions specifically provided in this section, all other Rules and Regulations for liability as filed in Section 2 will also apply to WorldMark Services.
