

Internet Broadband Pro Promotion

Subject to the conditions below, Customers who order Verizon Access Service (Optimized) ("Access") with Internet Dedicated Services (Optimized) ("IDS") will receive the following, as applicable, promotional monthly recurring charge ("MRC") for Internet Ethernet port(s) and Access circuit(s) when such ports and circuits are ordered with the Broadband Pro Plan. No other IDS or Access MRCs may be included with this promotion.

Promotional MRC		
Eligible Speeds	Broadband Pro Port	Access Circuit
300 Mbps	\$132.69	\$400.00
1 Gbps	\$190.38	\$650.00

Conditions

1. The Broadband Pro Plan is a plan where Verizon provides Internet access to the Customer at the Customer-selected speed (Tier). No Service Level Agreement is available with the Broadband Pro Plan.
2. To be eligible for this promotion the Customer must commit to a minimum three year Service Commitment Period for IDS.
3. Only IDS Broadband Pro Plan Ethernet ports ordered with Access circuits located in the contiguous United States are eligible for this promotion.
4. The following Access requirements apply:
 - a. If a MCI legacy company is the access provider, the Customer must have an Ethernet Handoff and Access Platinum performance grade level.
 - b. If a non-MCI legacy company is the access provider, the Customer must have an Ethernet Handoff with Switched Ethernet Access technology and a Gold performance grade level. Only certain non-MCI legacy company circuits are eligible for this promotion. If the non-MCI legacy company circuit is eligible for this promotion, it will be specified in the agreement provided to Customer.
5. This promotion is only applicable to the speeds listed herein.
6. The promotional MRC will be applied before discounts, if applicable.
7. Orders may be expedited, but Customer must pay applicable expedite fees.

Capitalized but undefined terms shall have the definitions set forth in the relevant service attachments and master agreements.
