Project scope changes will be made per the execution of a change order as an amendment to the SOW, SOF, or Engagement Letter in accordance with the Professional Services Service Attachment.
- 4.2. Access to the Customer contacts and resources must be provided by Customer during designated time frames, which will be established during Project initiation and Onboarding. The failure to provide this timely access could delay completion of the Professional Services.
- 4.3. Customer retains responsibility for any coordination of the Professional Services to be performed at a business partner location.

- 4.4. Resource assignment to the Project is dependent on the fully executed date of the SOF. Verizon generally requires up to 2 weeks after this SOF is fully executed to assign resources.
- 4.5. Unless otherwise agreed, all Professional Services will be performed between the hours of 9:00 AM – 5:00 PM (local time where Professional Services are performed) Monday through Friday excluding public and generally observed holidays where the Professional Services are performed.
- 4.6. Customer and Verizon must complete Onboarding prior to Customer ordering an Engagement.
- 4.7. In the event of a conflict among the terms and conditions in the Agreement, the order of precedence shall be: the SOF, the PSA, the Master Terms, the SOW, and then the Engagement Letter.

4.8. Engagement Restrictions.

Some Engagements may only be delivered within a limited scope. Each requested Engagement will be individually assessed for supportability. The following restrictions may apply to Engagements executed under this SOW:

- Implementation complexity and quantity of equipment may impact the number of supported proof of concept locations.

**5. Acceptance Criteria for the Project or Deliverable(s).**

- 5.1. Customer will have 5 Business Days after receipt of a Deliverable to evaluate that Deliverable (the “Evaluation Period”). Customer may request changes via an email to the Verizon Liaison, who will evaluate the request, make any mutually-agreed changes, and resubmit any modified Deliverable.
- 5.2. Customer must accept each Deliverable by sending an e-mail to the Verizon Liaison, with the specified Deliverable attached, stating acceptance of attached Deliverable.
- 5.3. If Customer has not provided acceptance or a requested change within the Evaluation Period, the Deliverable shall be deemed accepted by Customer.

**6. Project Delivery Countries**

Verizon will only deliver a Project within Customer Sites in the countries indicated by Customer in the Country List provided by Customer during initial Onboarding. Modifications to the Country List must be done pursuant to the Professional Services Service Attachment change order process. Notwithstanding the Country List, Verizon reserves the right to decline a Customer request to provide Professional Services in any Customer Site if, in Verizon's sole discretion: 1) the location or country is unsafe for Verizon personnel; 2) applicable tax laws, rules, or regulations render performance of Professional Services in a location unreasonable, impracticable, or impossible; or 3) Verizon is unable to obtain a visa, entry permit, or similar authorization, where required.
