

XO Communications no longer offers XO Web Hosting services. To allow customers to continue receiving service and avoid disconnection, customer agreements have been assigned to the third party vendor who provided the service: DigitalSpace (a DBA of Hostopia). Your agreement has been assigned to DigitalSpace/Hostopia effective March 1, 2019. You need to login into DigitalSpace.net to add your billing information to avoid disruption of your service. If you have any questions, please contact:

- XO Communications/Verizon Customer Service at 1-888-200-7346; or
- DigitalSpace (a DBA of Hostopia) at 1-888-740-0502 or [support@digitalspace.net](mailto:support@digitalspace.net).

Additional notifications will be sent via email so please be on the lookout and please add DigitalSpace.net to your preferences to avoid these important notifications going into your spam folder.

**Payment for web hosting services rendered prior to February 28, 2019, is due to be paid to XO, who bill in arrears: the XO invoice for February has therefore been sent to customers in April, 2019. Hostopia has provided a free month for March, and have not invoiced customers for March services. Hostopia bill customers in a pre-pay model, and services rendered in April, 2019, have been billed in April, 2019.**
