About your phone

NOTE: Devices and software are constantly evolving – the screen images and icons you see here are for reference only.

Setting up your phone

Your phone already has a SIM card installed.

Charge your phone

Before turning on your phone,
charge it fully.

Open the USB/charger port cover and insert the small end of the USB cable into the port. Insert the larger end into the AC Adapter and plug it into an outlet.

When charging is complete, remove the cable from the port and securely close the cover.

WARNING: Only use approved chargers with your device. Incompatible chargers or tampering with the charger port could damage your device and void the warranty.

WARNING: Be sure the USB/charger port cover is properly sealed to maintain the phone's waterproof capability.

Optional: Insert a microSD card

1. Place your fingernail in the slit at the bottom of the phone, and remove the back cover.

2. Open the SIM/microSD slot cover and slide the microSD card into the slot on the right with the gold contacts facing down.

NOTE: microSD cards are sold separately.

3. Securely close the SIM/microSD slot cover.

WARNING: Be sure the SIM/microSD slot cover is properly sealed to maintain the phone's waterproof capability.

4. Replace the cover over the back of the phone, and then press down along the edges to secure.

WARNING: Do not use the phone under water with a broken or open SIM/microSD slot cover.

Using your phone

Turning your phone on/off

To turn your phone on, press and hold the **Power** button.

To turn your phone off, press and hold the **Power** button until the phone options are displayed. Tap **Power off** > **OK**.

Locking/unlocking the screen

To unlock your screen, press the **Home** button or **Power** button. Then swipe up on the screen to unlock it.

From the Lock screen, you can also:

>

Swipe up to open the Home screen.

>

Swipe left to open the Camera app.

>

Swipe right to start Google Voice search.

To lock your screen and prevent accidental button presses, press the **Power** button.

Advanced Calling

You can make high-definition voice and video calls, and surf the web while you talk on the phone, when you add Advanced Calling to your line. Visit verizonwireless.com/AdvancedCalling to learn how.

Additional information

Your wireless device and third-party services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this device or any non-Verizon Wireless applications, services and products, including any personal information you choose to use, submit or share with others. Specific third-party terms and conditions, terms of use and privacy policies apply. Please review carefully all applicable terms, conditions and policies prior to using this wireless device and any associated application, product or service.

Hearing aid compatibility information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer technologies that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Ask your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, ask your service provider or phone retailer.
