Wi-Fi Access Point setup

Model #: CHR30A

i If you're a 5G Home customer, you'll need to set up the Verizon Internet Gateway or the Verizon Receiver before setting up the Wi-Fi Access Point.

1 Scan the QR code to start setup.
Download and register, or sign in to get started in the app.

2 Follow the instructions in the app.
The app will guide you through step-by-step setup instructions.

Tip: If you can't find the instructions, scan the QR code again. This will bring you to the setup instructions.

Want to customize your Wi-Fi name and password?

Use the app to manage your network settings.

Tip: Reuse a previous Wi-Fi network name and password to automatically reconnect your devices. You may need to turn your devices off and on again to refresh their connection.
