Home Voice Mail
Easy steps to get you started.
Welcome to Verizon Home Voice Mail

Thank you for subscribing to Verizon Home Voice Mail service. Home Voice Mail lets you receive messages when your telephone line is busy or you are unable to answer the line for any reason.

- Your mailbox can answer up to three calls simultaneously.
- Interrupted (stutter) dial tone on your telephone line indicates that there are new messages in your mailbox.

Verizon Home Voice Mail means reliable, around-the-clock service. Plus, Verizon handles the maintenance and upgrades of the system.

- You can record personalized greetings or revert to the automatic default system greeting at any time.
- Deluxe features, including Paging Notification, Special Delivery, Personal Receptionist, Wireless Notification, and Individual Mailboxes, are also available.

Verizon offers four types of Home Voice Mail service to accommodate your needs: Basic, Standard, Deluxe, and OnePoint.

Not all features described in this User Guide are available with Basic and Standard service. See the chart on page ii for feature availability with each of our Home Voice Mail offerings.

► You can “repeat” a message as many times as necessary, but you must either “erase,”“save” or “skip” each message before you can hear the next one.

► Remember to check your messages on a regular basis and after long phone conversations.

► Messages are held for a maximum of 30 days. “Saving” a message does not extend the maximum; however, forwarding a “saved” message to yourself will turn it into a “new” message. (Deluxe and OnePoint Voice Mail customers only.)

► The best way to exit your Home Voice Mail is to press 2 until you are disconnected. When you exit this way, you will be told if new messages have arrived while you were in your mailbox.

MULTIPLE NUMBER SERVICE

(OnePoint Voice Mail only)
Multiple Number Service allows you to forward up to four numbers in addition to your home telephone number to your OnePoint Voice Mail. For example, you could have calls to your Verizon Wireless number, your spouse’s wireless number, your teen line, and your vacation home number all reach your OnePoint Voice Mail. No more checking multiple mailboxes for messages!

The alternate numbers can be any combination of wireline or wireless telephone numbers. Each alternate number requires Fixed Call Forwarding No Answer/Busy Transfer directed to your voicemail system access number to allow calls to forward into the mailbox.

If your Verizon Wireless number will be answered by your OnePoint Voice Mail, you will need to utilize the No Answer/Busy Transfer feature included with your Verizon Wireless service to forward calls to your OnePoint Voice Mail. You can activate this feature on your Verizon Wireless phone by pressing *71 followed by your OnePoint Voice Mail system access number and then press send. After you hear the confirmation tone, press end. (To deactivate, press *73 and press send. After you hear the confirmation tone, press end.) Service is subject to customer agreement and calling plan. Regular airtime charges and long distance (if applicable) apply to any calls that are forwarded to OnePoint Voice Mail. If you have questions on charges or activation, you can visit www.verizonwireless.com, dial *611 from your wireless phone, or call 1-800-922-0204.

Important Notes:
1. Charges for call forwarding on alternate numbers may vary by state and carrier. Long distance charges may apply.
2. VerizonWireless service is subject to customer agreement and calling plan. Regular airtime charges and long distance (if applicable) apply to any calls that are forwarded to OnePoint Voice Mail.
3. If your alternate number(s) is provided by a carrier other than Verizon or is located outside the regional calling area, it may not be compatible with Multiple Number Service or may require callers to re-enter the telephone number they dialed in order to leave you a message.

OPTIONAL SERVICES

RING COUNT CHANGE

Ring Count Change lets you choose how quickly your calls are answered by Home Voice Mail. You can change this setting as often as you like. Depending on your location, you will designate this setting either by the number of rings or the number of seconds.

To set up Ring Count Change:
1. Lift handset, and press 58.
   - If you hear three short bursts of dial tone, the system is prompting you to enter the number of rings you want to hear before the call is forwarded to your mailbox. You can set the number of rings from 2-9.
     For example: If you want your phone to ring twice before the call is forwarded to your mailbox, press 2; if you want your phone to ring 5 times, press 5.
     -OR-
   - If you hear a normal dial tone, the system is prompting you to enter the number of seconds you want your phone to ring before the call is forwarded to your mailbox. (Refer to the rings-to-seconds conversion chart below to set the number of rings.)

2. You will hear another stutter dial tone, or a confirmation signal, either of which confirms your selection.
3. Hang up.

NOTE: Choosing nine rings is like turning off Home Voice Mail, as most callers will hang up before the ninth ring.

VISUAL MESSAGEWAITING INDICATOR/FSK

In addition to the stutter dial tone feature that is compatible with all touchtone telephones, you can receive visual notification with Visual MessageWaiting Indicator/FSK. This is a signal that generates a flashing light on FSK-compatible telephone equipment to indicate you have a new message.

Not all telephones are FSK-compatible, even if they are equipped with a flashing light to indicate a new message. If the light on your phone doesn’t flash when you receive new messages, just call 1-800-483-1000 and we can arrange to have it fixed for you.

This optional service carries no additional charges (except in California).

NOTE: Visual MessageWaiting Indicator/FSK is not available in all areas.

WIRELESS NOTIFICATION

You can also be notified on your Verizon Wireless digital cell phone when messages are left in your Home Voice Mail. You will receive a text message “You have a voice mail message at (your voice mail access number).” You will not be charged by Verizon Wireless for this text message. There is no charge for this feature, but it does require activation. To order this feature, please call your local business office.

For example: If you want your phone to ring twice before the call is forwarded to your mailbox, press 10; if you want your phone to ring 5 times, press 20.

TERMS AND CONDITIONS OF VERIZON VOICE MESSAGING SERVICES

These Terms and Conditions will govern your Verizon Voice Messaging Services ("the Services") and replace any prior Terms and Conditions for the Services.

CHARGES - In addition to the monthly recurring charges for the Services, application and/or service order charges may apply. Such telephone service charges may include, but are not limited to, (i) for Message Rate or Measured Service customers, message unit or usage charges for calls forwarded to your mailbox and for calls made from your telephone service location to listen to, send, reply to, or copy messages, or to perform any other activities in connection with the Services, (ii) local or toll service charges if you call your mailbox while away from your telephone service location, (iii) charges for any call forwarding or related functions required to forward calls from any of your telephone numbers to your voice mailbox, or (iv) charges assessed by an alternate carrier if you forward numbers provided by a carrier other than Verizon. In addition to the charges for the Services, you are solely responsible for payment of long distance, toll and other telecommunications charges incurred through use of the Services. Verizon shall not be liable for any such charges. You may not charge any calls to the service access number or mailbox number, or otherwise use the service(s) in a fraudulent manner. You are solely responsible for selection, implementation and maintenance of security features for defense against unauthorized use of the Services, as well as all charges for associated telephone services. Payment for all charges will be due according to the terms stated on your bill.

ALTERNATIVE NUMBERS - The Services may not be compatible with numbers provided by a carrier other than Verizon, or such numbers may require that a caller re-enter your telephone number in order to utilize the voice mail service.

CHANGES IN CHARGES, TERMS AND CONDITIONS OR YOUR SERVICES - Verizon shall have the right (i) to determine the availability of the Services, and (ii) to add, withdraw or change the Services and their features, their functions, and the manner in which they are provided, at any time. Provision of the Services is also subject to availability of facilities. Verizon may change the Terms, Conditions and/or charges for the Services at any time. Use of, or payment for, the Services after the changes become effective will be deemed to be assent by you to the change(s).

TARIFF APPLICATION - In the event that the Services are at any time subject to tariffs filed with, or regulations of, an applicable state or federal commission, then such tariffs and regulations shall govern the provision of such Services and in the event of any conflict, shall take precedence over any inconsistent Terms, Conditions or charges.

LIMITED WARRANTY - If the Services do not perform substantially as described to you in the written information provided by Verizon to you, Verizon will repair the Services, at its expense. This warranty does not apply to failures in performance due to acts of God or other causes beyond the reasonable control of Verizon or misuse or abuse of the Services by you or other persons. THE FOREGOING WARRANTY IS EXCLUSIVE AND NONTRANSFERABLE. VERIZON DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE.

MAINTENANCE - At various times, Verizon will perform routine maintenance on its equipment and facilities that will temporarily render the Services unavailable for use by you. Verizon will attempt to notify you in advance of performing such maintenance by leaving a voice message in your voice mailbox, or otherwise. Verizon shall have no liability as a result of the unavailability of any Services due to the performance of such routine maintenance.

SERVICE INTERRUPTIONS - Except for routine maintenance, if Services that are subject to a monthly charge are interrupted, due to any cause other than the act or omission of you, a member of your household, your employees or agents, or a failure of facilities provided by you, for a period exceeding twenty-four (24) consecutive hours, Verizon shall credit you the monthly charges for the Services, pro-rated, for the period of time of the interruption in excess of the twenty-four (24) consecutive hour period. Service interruptions begin at the time you notify Verizon of the interruption.

Questions? Please call 1.800.483.1000
LIMITATION OF LIABILITY - Verizon's liability for any claim or damages arising in connection with the Services (including, but not limited to, claims or damages arising in connection with any interruption or other fault, failure, error or deficiency, in the Services), shall not exceed $25.00, plus a refund of the prorated charges actually paid for the Services which give rise to the claim or damages. Verizon shall not be liable for any special, indirect, incidental, or consequential damages, including, but not limited to, loss of use, business, profits, data, or messages, or other commercial or economic loss. Verizon shall not be liable for any delay or failure to perform its obligations if such delay or nonperformance arises in connection with any requirement of law or government regulation or order, any action of a governmental entity, acts of God, acts of third parties, fires, floods, epidemics, strikes or other labor disputes, inability to obtain necessary equipment, parts or repairs thereof, freight embargoes, unusually severe weather, or any cause beyond the reasonable control of Verizon. The limitations of and exclusions from liability stated in this section “Limitation of Liability” shall apply whether claims are brought in contract, warranty, tort (including Verizon’s negligence), or otherwise.

INDEMNIFICATION - You agree to indemnify and hold Verizon harmless from and against any and all liability, claims, damages, fines or penalties (including attorney fees) that may be sustained by reason of your failure to comply with federal, state and local laws, regulations and codes.

TERMINATION - You are responsible for payment of all charges incurred for Services provided prior to termination. You may notify Verizon at any time that you wish to terminate the Services. Verizon will terminate the Services within thirty (30) days of receiving notification. Verizon may terminate its provision of Services at any time, without cause, upon notice to you. Unlawful, fraudulent or abusive use of the Services may result in the discontinuance of the Services.

GENERAL PROVISIONS - These Terms and Conditions shall be governed by the laws of the state in which the Services are provided. In the event that any provision of these Terms and Conditions shall be invalid or unenforceable, such invalidity or unenforceability shall not invalidate or render unenforceable any other provision of these Terms and Conditions, and these Terms and Conditions shall be construed as if they did not contain such invalid or unenforceable provision. The Services may not be used to make communications which are unlawful or harassing, or to make unsolicited communications to persons with whom you do not have an established relationship or who have notified you that they do not wish to receive communications from you.

YOU ACKNOWLEDGE THAT YOU HAVE READ THESE TERMS AND CONDITIONS AND AGREE THAT IF, AFTER YOU RECEIVE THEM, YOU ORDER, USE OR PAY FOR ANY OF THE SERVICES, THE TERMS AND CONDITIONS AND ANY SUBSEQUENT CHANGES SHALL CONSTITUTE OUR ENTIRE AGREEMENT WITH YOU.
