

Connect to your Wi-Fi.

The Fios TV+ devices will connect automatically during setup.

For all other Wi-Fi enabled devices:

Locate the Wi-Fi network name and password on the back of your router.

Open the Wi-Fi settings on your device.

Choose your Wi-Fi network name on your device.

Enter your Wi-Fi password and select “connect.”

Meet your new Fios TV+ Voice Remote.

Our most advanced remote yet makes navigating your Fios TV+ simple.

Input: Toggles through TV inputs like HDMI 1, HDMI 2 and Video.

Power: Turns your TV on or off.

Info: Provides information about what you're watching.

Last: Changes to previously watched channel.

Replay: Rewinds the video by a few seconds (can be configured in settings).

Navigation ring: Navigates menus and allows rewind and fast forward during content playback.

OK: Selects the highlighted item.

Back: Returns to previous screen.

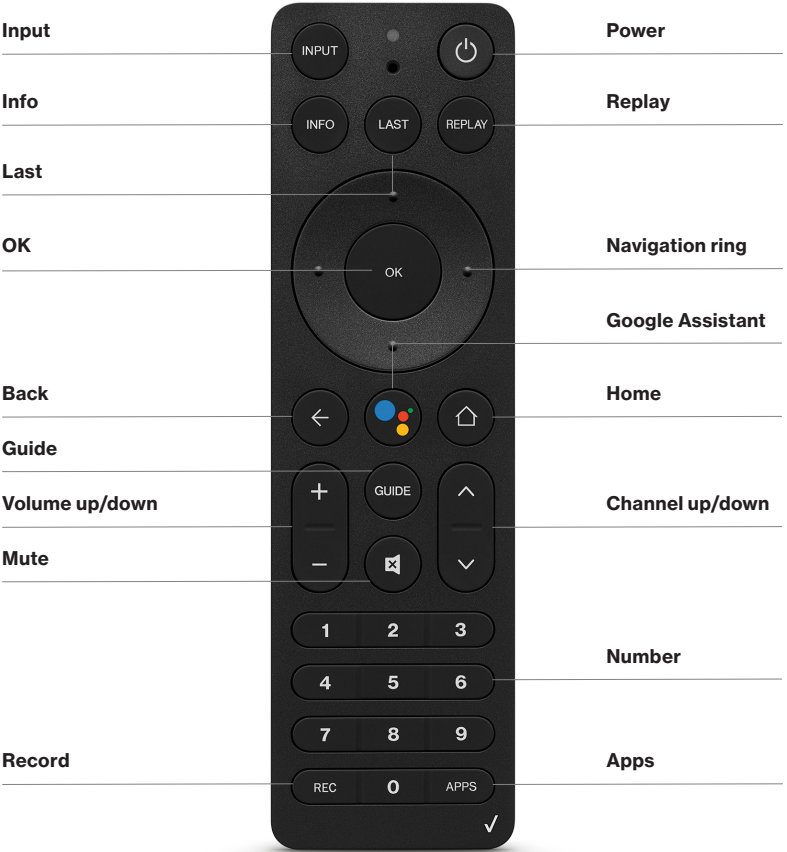

Google Assistant: Use your voice to navigate to available movies and shows.

Home: Brings you directly to home page.

Guide: Displays a list of live TV channels.

Record: Records live TV (DVR service required).

Apps: Displays all your downloaded apps.

The remote pictured is only compatible with Fios TV+ equipment.
