100. DISCONTINUED SERVICE OFFERINGS

100.1 General

Service offerings listed herein are classified as discontinued and will apply to existing customers only, unless stated otherwise.

Unless otherwise specified in this Section 100, discontinued services are furnished subject to all the rules and regulations of the tariff the same as would be applicable if the service offering were not discontinued.

100.2 Hybrid Special Access Line

Hybrid Special Access Line is discontinued as a service offering to new customers effective with approval of this tariff. However, such services being furnished may be continued for the same customer at the same premises in the same or less quantity.

(A) Service Description

This arrangement provides conversion from four-wire Special Access Line to two-wire termination at the end user premises. The Hybrid Special Access Line is required to meet effective four-wire performance with a two-wire end user premises facility interface.
