SCHEDULE NO. AC - 2

FACILITIES FOR INTRASTATE ACCESS

1. APPLICATION OF TARIFF

1.1 Applicability

- (A) Applicable to regulations, rates and charges for Carrier Common Line, Switched Access and Special Access or, in combination, as Facilities for Intrastate Access, hereinafter referred to as FIA, provided by the Utility to InterLATA and IntraLATA customers. This tariff further provides for Intrastate Access Ancillary and Miscellaneous Services. This tariff does not apply to other services offered by the Utility. (C)
- (B) Regulations, rates and charges as specified in this tariff apply to FIA and shall not serve as a substitute for IC tariff offerings of services to end users. The provision of such FIA by the Utility does not constitute a joint undertaking with the IC for the furnishing of any service.
- (C) The regulations and rates contained in Section 5, Special Access, apply to the provisioning of Intraexchange Special Access service and interoffice mileage.

1.2 Territory

Within the serving area of the Utility.

(N)
|
(N)

Continued

SCHEDULE NO. AC - 2

FACILITIES FOR INTRASTATE ACCESS

2. GENERAL REGULATIONS - Continued

2.4 Payment Arrangements and Credit Allowances - Continued

2.4.1 Payment of Charges and Deposits - Continued

- (A) The Utility may, in order to safeguard its interests, require a customer which has a proven history of late payments to the Utility or does not have established credit to make a deposit prior to or at any time after the provision of the FIA to the customer or to be held by the Utility as a guarantee of the payment of charges. (C)
(C)

No such deposit will be required of a customer which is a successor of a company which has established credit and has no history of late payments to the Utility. A deposit may not exceed the actual or estimated rates and charges for the FIA for a two month period. The fact that a deposit has been made in no way relieves the customer from complying with the Utility's regulations as to advance payments or the prompt payment of bills. (T)
(C)

At such time as the provision of the FIA to the customer is terminated, the amount of the deposit will be credited to the customer's account and any credit balance which may remain will be refunded. After the customer has established a one year prompt payment record, such a deposit may be refunded or credited to the customer account at any time prior to the termination of the provision of the FIA to the customer. (C)
(C)

In case of a cash deposit, for the period the deposit is held by the Utility, the customer will receive simple annual interest at the rate as specified in Schedule Cal. P.U.C. Rule No. 7.

- (B) Where the provision of FIA requires facilities that meet any of the conditions specified in 10.1.1, Special Construction charges in Section 10 will apply.

(N)

Continued

SCHEDULE NO. AC - 2

FACILITIES FOR INTRASTATE ACCESS

2. GENERAL REGULATIONS - Continued

2.4 Payment Arrangements and Credit Allowances - Continued

2.4.1 Payment of Charges and Deposits - Continued

(D) All bills to the customer are due 31 days (payment date) after the bill date or by the next bill date (i.e., same date in the following month as the bill date), whichever is the shortest interval. In the event the customer does not remit payment in immediately available funds by the payment date, the FIA may be discontinued as specified in 2.1.8. (L)

(1) If the entire amount billed is not received by the Utility in immediately available funds by the payment date, an additional charge (late payment charge) equal to 1/12th of the percentage rate for deposit interest as that in 2.4.1(A) of the unpaid balance will be applied for each month or portion thereof that an outstanding balance remains. (L)
(N)

If such payment date would cause payment to be due on a Saturday, Sunday or Holiday (i.e., New Year's Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day, the second Tuesday in November and a day when Washington's Birthday, Memorial Day or Columbus Day is legally observed), payment for such bills will be due from the customer as follows:

- If such payment date falls on a Saturday or on a Holiday which is observed on Tuesday, Wednesday, Thursday or Friday, the payment date shall be the last non-Holiday day preceding such Saturday or Holiday.
- If such payment date falls on a Sunday or on a Holiday which is observed on a Monday, the payment date shall be the first non-Holiday day following such Sunday or Holiday.

(L) Material previously shown on 1st Revised Sheet No. 40.

(N)

Continued

SCHEDULE NO. AC - 2

FACILITIES FOR INTRASTATE ACCESS

2. GENERAL REGULATIONS - Continued

2.4 Payment Arrangements and Credit Allowances - Continued

2.4.1 Payment of Charges and Deposits - Continued

(D) Continued

(2) In the event of a billing dispute, the customer must submit a documented claim for the disputed amount. (N)

- If the claim is received within 6 months of the payment due date, and the customer has paid the total billed amount, any interest credits due the customer upon resolution of the dispute shall be calculated from the date of overpayment.
- If the claim is received more than 6 months from the payment due date, any interest credits due the customer upon resolution of the dispute shall be calculated from the later of the date the claim was received or the date of overpayment.

A credit will be granted to the customer for both the disputed amount paid and an amount equal to the percentage rate in (1).

The Utility will assess or credit late payment charges on disputed amounts to the customer as follows:

- If resolved in favor of the Utility and the customer has paid the disputed amount on or before the payment due date, no late payment charges will apply.
- If resolved in favor of the Utility and the customer has withheld the disputed amount, any payments withheld pending settlement of the dispute shall be subject to the late payment charge in (1).

(N)

Continued

SCHEDULE NO. AC - 2

FACILITIES FOR INTRASTATE ACCESS

2. GENERAL REGULATIONS - Continued

2.4 Payment Arrangements and Credit Allowances - Continued

2.4.1 Payment of Charges and Deposits - Continued

(D) Continued

(2) Continued

- If resolved in favor of the customer and the customer has withheld the disputed amount, the customer shall be credited for each month or portion thereof that the late payment charge in (1) may have been applied. In the event the customer has paid the late payment charge, a credit will be granted to the customer for both the late payment charge paid on disputed amount and an amount equal to the percentage rate in (1).

(N)

- (3) The Late Payment Charge as specified in the Utility's exchange service tariffs also applies to FIA.

(N)

2.4.2 Minimum Period

- (A) The minimum periods for which FIA are provided and for which rates and charges are applicable are in the 3.2.4.
