EXTENDED AREA CALLING

A. Extended Area Calling

1. Extended area calling services are offered in the exchanges specified in Section 3.

2. The monthly flat rate provides unlimited calling to the local service area.

3. Local Operator Assistance and Directory Assistance charges as shown elsewhere in this tariff, are applicable under extended area calling.

4. Rates applicable to extended area calls are as specified in Section 3, Sheet 13.

* Extended Area Service.
** Extended Area Calling.

LOCAL EXCHANGE SERVICE

Interstate Subscriber Line Charge Waiver and Matching Program (Lifeline Service)

1. General

A. This program is a South Carolina Lifeline Assistance Plan and provides for a credit equal to 100% of the FCC Interstate Subscriber Line Charge (SLC) in addition to a supplemental amount credited to local service monthly billing. Funding for Lifeline Service is obtained from a universal service support mechanism to which all telecommunications carriers that provide interstate telecommunications services contribute on an equitable and nondiscriminatory basis. These credits are an amount equal to the FCC Interstate Subscriber Line Charge (SLC) with a reduction in the residential local line rate as specified in Section 3.

B. In order to qualify for the South Carolina Lifeline Assistance Plan, a customer must provide certification or authorize agency verification of their participation in at least one of the following programs: Food Stamps, Medicaid, or Temporary Assistance to Needy Families (TANF), previously known as AFDC.

2. Rules and Regulations

A. The specific guidelines for implementation of this waiver are as follows:

(1) Certification Procedures

Proof of eligibility in any of the qualifying low income assistance programs should be provided to the Company at the time of application for service. The Lifeline credit will not be established until proof of eligibility has been received by the Company. If the customer requests installation prior to the Company's receipt of proof of eligibility, the requested service will be provided without the Lifeline credit. When eligibility documentation is provided subsequent to installation, the Lifeline credit will be provided on a going forward basis.

(2) Processing Forms

The Company will process all application forms and apply the credit on the subscriber's monthly bill. An explanation of the credit will appear on each telephone bill.

(3) Verification Procedures

The Company will reconcile and confirm eligibility periodically, at a minimum annually. A verification of eligible recipients will be made. The credit will be discontinued on the bill following written notification to the subscriber of ineligibility. (C)

(4) One low income credit is available per household and is applicable to the primary residential connection only. The named subscriber must be a current recipient of any of the low income assistance programs identified in 1.B.

LOCAL EXCHANGE SERVICE (N)

Interstate Subscriber Line Charge Waiver and Matching Program
(Lifeline Service)

1. General

A. This program is a South Carolina Lifeline Assistance Plan and provides for a credit equal to 100% of the FCC Interstate Subscriber Line Charge (SLC) in addition to a supplemental amount credited to local service monthly billing. Funding for Lifeline Service is obtained from a universal service support mechanism to which all telecommunications carriers that provide interstate telecommunications services contribute on an equitable and nondiscriminatory basis. These credits are an amount equal to the FCC Interstate Subscriber Line Charge (SLC) with a reduction in the residential local line rate as specified in Section 3.

B. In order to qualify for the South Carolina Lifeline Assistance Plan, a customer must provide certification or authorize agency verification of their participation in at least one of the following programs: Food Stamps, Medicaid, or Temporary Assistance to Needy Families (TANF), previously known as AFDC.

2. Rules and Regulations

A. The specific guidelines for implementation of this waiver are as follows:

(1) Certification Procedures

Proof of eligibility in any of the qualifying low income assistance programs should be provided to the Company at the time of application for service. The Lifeline credit will not be established until proof of eligibility has been received by the Company. If the customer requests installation prior to the Company's receipt of proof of eligibility, the requested service will be provided without the Lifeline credit. When eligibility documentation is provided subsequent to installation, the Lifeline credit will be provided on a going forward basis.

(2) Processing Forms

The Company will process all application forms and apply the credit on the subscriber's monthly bill. An explanation of the credit will appear on each telephone bill.

(3) Verification Procedures

The Company will reconcile and confirm eligibility periodically, at a minimum semi-annually, by providing the agency directly or through a third party all credit recipients. A verification of eligible recipients will be made. The credit will be discontinued on the bill following written notification to the subscriber of ineligibility.

(4) One low income credit is available per household and is applicable to the primary residential connection only. The named subscriber must be a current recipient of any of the low income assistance programs identified in 1.B. (N)

2. Rules and Regulations (Continued)

A. (Continued)

(5) Lifeline Toll Restriction Service (IOSC: 40696) is available on a voluntary basis where technically feasible to South Carolina Lifeline Assistance Plan customers at no charge. Lifeline Toll Restriction Service prevents 0+, 00-, 1+NPA-NXX-XXXX, 1010XXXX, International (01+), Directory Assistance (411, 1+411, 0+411, 555-1212, 1+/0+ 555-1212, 1+/0+ NPA-555-1212), 1+900 calls, 1+700, 976 calls and IntraLATA toll while allowing access to local, 611, 911, 0-, 1+800/888 etc., 950-XXXX and 1+950-XXXX calls and EAS calls. Access to Directory Assistance is available to Lifeline customers by dialing 0-. Access to Service Activation Codes "*/#" (e.g., *66, *69) is also allowed. Upon customer request, some Service Activation Codes may be blocked at no charge, where conditions and facilities permit.

(6) A Lifeline subscriber's local service will not be disconnected for non-payment of regulated toll charges. Local service may be denied for non-payment of local calls in accordance with Section 2. Access to toll service may be denied for non-payment of regulated tolls. A Lifeline subscriber's request for reconnection of local service will not be denied if the service was previously denied for non-payment of toll charges.

(7) Deposit requirements do not apply to Lifeline Service customers if toll blocking is employed.

(D)
(D)

(9) The non-discounted federal Lifeline credit amount will be passed along to resellers ordering local service at the prescribed resale discount from this Tariff, for their eligible end users. The additional credit to the end user will be the responsibility of the reseller. Eligible carriers, as defined by the FCC, are required to establish their own Lifeline programs.

3. Rates and Charges

A. A total credit amount applies to the Lifeline customer's monthly bill as follows:

	Monthly Credit	IOSC	
FCC Interstate Offset to End User Subscriber Line Charge (SLC)	See FCC No. 16	30040	(C)
FCC Supplemental Amount	$1.75	30041	
State Credit	3.50	30042	(N)
Federal Match	1.75	30042	(N)

LOCAL EXCHANGE SERVICE

Interstate Subscriber Line Charge Waiver and Matching Program (Lifeline Service)

3. Rates and Charges (Continued)

B. For those existing customers who qualify for, and wish to change to, the South Carolina Lifeline Assistance Plan, no service charges shall apply. (M)

C. With the exception of the initial installation charges as specified for Link-Up service, Section 4.6 of this Tariff, all recurring and nonrecurring charges for any service ordered by the customer shall be billed at the tariffed rates.

D. When a customer is no longer eligible for Lifeline Service, the Lifeline credit amount specified in A. preceding, will be discontinued and regular tariffed rates and charges will apply. (M)

LOCAL EXCHANGE SERVICE

BOWMAN

1. Except as otherwise provided, the rates and regulations contained in the General Exchange Tariff are made a part of this Local Exchange Tariff.

2. The rates specified herein, entitle subscribers to an unlimited number of messages to all stations bearing the designation of Bowman and Orangeburg*, South Carolina.

RATES AND THEIR APPLICATION

A. Within the Exchange Service Area, i.e., the Exchange Service Area Map filed herewith.

	1-Party	P.B.X. Trunk	Semi-Public	Rotary[1]
Business	$34.39 (I)	$43.69 (I)	$29.27	$9.01
Residence	17.50	-	-	-

B. Conditions

1. The rates set forth above are for a minimum one month period.
2. Applicable taxes levied by state, county and local taxing authorities are added to the above rates.

C. Term Contract Pricing - Business

Term Contract Pricing (TCP) provides optional term discounts for business customers who order eligible services under TCP. Eligible services under TCP are business flat rate access local exchange lines and local exchange PBX trunks. TCP is offered in all local exchange rate groups and provides for one or three-year terms.

All rules, regulations, fees and surcharges normally applicable to eligible services apply. Central Office Work charges found in S4.3 are included and will not apply separately for any lines subscribed under TCP.

To qualify, the customer subscribing to the TCP must commit to an oral or written service agreement as prescribed by Verizon, establishing the term period and rate in effect at the time the customer enters into the service agreement.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates in effect at the time the service agreement expires, unless a new service agreement is negotiated.

When a TCP customer moves service from one service location to another, and if the customer agrees to continue the service agreement at the new service location and retain local exchange access lines that equal or exceed the number of lines that were connected at the old service location, termination charges will not apply. If TCP is not available at the new service location, termination charges will apply.

In the event the customer terminates the service prior to the completion of the term commitment, the Termination Liability in Section S2.8 of this tariff will apply.

C. Term Contract Pricing - Business

Term Contract Pricing (TCP) provides optional term discounts for business customers who order eligible services under TCP. Eligible services under TCP are business flat rate access local exchange lines and local exchange PBX trunks. TCP is offered in all local exchange rate groups and provides for one or three-year terms.

All rules, regulations, fees and surcharges normally applicable to eligible services apply. Central Office Work charges found in S4.3 are included and will not apply separately for any lines subscribed under TCP.

To qualify, the customer subscribing to the TCP must commit to an oral or written service agreement as prescribed by Verizon, establishing the term period and rate in effect at the time the customer enters into the service agreement.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates in effect at the time the service agreement expires, unless a new service agreement is negotiated.

When a TCP customer moves service from one service location to another, and if the customer agrees to continue the service agreement at the new service location and retain local exchange access lines that equal or exceed the number of lines that were connected at the old service location, termination charges will not apply. If TCP is not available at the new service location, termination charges will apply.

In the event the customer terminates the service prior to the completion of the term commitment, the Termination Liability in Section S2.8 of this tariff will apply.

TCP is offered in all local exchange rate groups and provides for one or three-year terms.

All rules, regulations, fees and surcharges normally applicable to eligible services apply. Central Office Work charges found in S4.3 are included and will not apply separately for any lines subscribed under TCP.

To qualify, the customer subscribing to the TCP must commit to an oral or written service agreement as prescribed by Verizon, establishing the term period and rate in effect at the time the customer enters into the service agreement.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates in effect at the time the service agreement expires, unless a new service agreement is negotiated.

When a TCP customer moves service from one service location to another, and if the customer agrees to continue the service agreement at the new service location and retain local exchange access lines that equal or exceed the number of lines that were connected at the old service location, termination charges will not apply. If TCP is not available at the new service location, termination charges will apply.

In the event the customer terminates the service prior to the completion of the term commitment, the Termination Liability in Section S2.8 of this tariff will apply.

Business Lines	Rate	I0SC

2. Applicable taxes levied by state, county and local taxing authorities are added to the above rates.

C. Term Contract Pricing - Business

Term Contract Pricing (TCP) provides optional term discounts for business customers who order eligible services under TCP. Eligible services under TCP are business flat rate access local exchange lines and local exchange PBX trunks. TCP is offered in all local exchange rate groups and provides for one or three-year terms.

All rules, regulations, fees and surcharges normally applicable to eligible services apply. Central Office Work charges found in S4.3 are included and will not apply separately for any lines subscribed under TCP.

To qualify, the customer subscribing to the TCP must commit to an oral or written service agreement as prescribed by Verizon, establishing the term period and rate in effect at the time the customer enters into the service agreement.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates in effect at the time the service agreement expires, unless a new service agreement is negotiated.

When a TCP customer moves service from one service location to another, and if the customer agrees to continue the service agreement at the new service location and retain local exchange access lines that equal or exceed the number of lines that were connected at the old service location, termination charges will not apply. If TCP is not available at the new service location, termination charges will apply.

In the event the customer terminates the service prior to the completion of the term commitment, the Termination Liability in Section S2.8 of this tariff will apply.

VERIFICATION AND EMERGENCY INTERRUPT SERVICE

1. General

Access to Verification and Emergency Interrupt Service is furnished where and to the extent that facilities permit. The customer shall indemnify and save the Company harmless against all claims that may arise from either party to the interrupted call or any person.

A. Verification

1. The Company furnishes access to Verification Service for the purpose of aiding subscribers with legitimate call completion problems.

2. A subscriber originated request for verification of a local number other than an emergency agency number is a chargeable verification request if an operator determines that the line is in use. No charge applies if the line is out of order.

B. Emergency Interrupt Service

1. The Company furnishes access to Emergency Interrupt Service when a subscriber who has originated a verification request to a line which has been found in a busy talking state informs the operator that an urgent or emergency situation exists and requests that the operator have the busy line cleared.

2. A subscriber originated request for Emergency Interrupt to a local number other than an emergency agency number is a chargeable Emergency Interrupt request.

2. Application of Rates and Charges

A. No charge for Emergency Interrupt Service will apply if the requesting customer identifies that the call is to or from an official public emergency agency. An official public emergency agency is defined as a government agency which is operated by the Federal, State or Local Government, and has the capability and legal authority to provide prompt and direct aid to the public in emergency situations. Such agencies include the local police, fire departments, etc.

B. No charge for operator verification will apply for verification of a line which is out of order or otherwise needs repair.

Charges may not be billed on a collect basis or on a third number basis to the number being verified or interrupted.

LOCAL EXCHANGE SERVICE

VERIFICATION AND EMERGENCY INTERRUPT SERVICE

3. Concurrence

This Company concurs in the rates and charges governing verification and emergency interrupt service as filed with the Public Service Commission of South Carolina by Verizon South Inc., d/b/a Verizon South Carolina. Any amendments thereto or successive issues thereof are hereby adopted and made part of this tariff, with the provision that this Company reserves the right to cancel this concurrence after compliance with requirements as to tariff filings as may be necessary upon such cancellation. (T) (T)

Any amendments thereto or successive issues thereof are hereby adopted and made part of this tariff, with the provision that this Company reserves the right to cancel this concurrence after compliance with requirements as to tariff filings as may be necessary upon such cancellation.

LOCAL EXCHANGE SERVICE

LOCAL OPERATOR AND CALLING CARD SERVICES

1. General

A. Local Operator and Calling Card Services allow customers to dial the "0" operator for assistance in making a call or to dial direct and bill to a calling card.

B. The appropriate service usage charge, as specified in 3.A. following, will be applicable only if the call is completed within the local service area.

C. The person originating the call must either dial the telephone number or give the "0" operator the telephone number of the party to be reached. If the caller dial the operator and does not know the telephone number, the "0" operator will have the caller connected to Local Directory Assistance Service. The Directory Assistance "0" operator surcharge, as specified in 6.2.2 will be applied for the operator handling such a call.

2. Application of Rates and Charges

A. The appropriate service charge, as specified in 3.A. following, will be applied to each completed call except for:

(1) Calls to the Company for official telephone business.

(2) Emergency calls to agency type telephone numbers, such as to have those agencies of the federal, state, or local government which have the capability and legal authority to provide aid in emergency situations and to any emergency medical number.

(3) Calls exempted, as defined in Definition of Terms, Long Distance Message Telecommunications Services (MTS) of this tariff, as if each call defined therein were a local call.

B. A Person-to-Person or a Station-to-Station local operator-assisted call may be billed to the originating main station line (except from public and semipublic telephones), calling card number, third number, collect or any other Company approved identification number.

C. A service charge, as specified in 3.A. following, will be applied for each completed call according to the appropriate call class, a defined in Section 18, Long Distance MTS, as if each call defined therein were a local call.

LOCAL EXCHANGE SERVICE

GTE LOCAL CALLING PLANS

1. General

   A. This tariff applies to local exchange telephone service provided under the GTE Local Calling Plans. The exchange areas to which the regulations and rates contained herein are as specified in 4. following and are in addition to the applicable regulations and rates specified in other tariffs of the Company.

2. Regulations

   A. Existing customers may have the option to keep their current flat rate or convert to the GTE Local Calling Plans service. Should the existing customer opt to keep the current flat rate, he will continue to dial "1+" to the expanded local calling areas and will be charged the applicable intraLATA toll rates for such calls.

   B. All new customers moving into the GTE Local Calling Plans exchanges may choose one of the GTE Local Calling Plans options or subscribe to flat rate service. Should the new customer subscribe to flat rate, he will dial "1+" to the expanded local calling areas and will be charged the applicable intraLATA toll rates for such calls.

   C. The Plans are furnished only from central offices which have been arranged to provide these services, and are available to individual business and residence, manual, PBX trunk and Public Telephone Access Service customers.

   D. Services

      (1) Basic Calling Plan is economy rate exchange service which provides measured rate calling only.

      (2) Community Calling Plan provides for flat rate calling only within the originating exchange; all other calls terminating within the local calling area are measured.

      (3) Community Plus Plan provides flat rate calling within the originating exchange and Contel specified nearby exchanges with measured calling to all other exchanges within the local calling area.

      (4) Premium Calling Plan provides flat rate calling to all exchanges within the local calling area.

   E. Service charges shall be waived for those customers subscribing to a GTE Local Calling Plan (LCP), changing to or between GTE LCP Options; as well as converting back to flat rate service.

   F. Flat rate and LCP services will be furnished to the same customer on the same premises where both services are available in the customer's local exchange area. Should a customer request flat rate and LCP services on the same premises, a separate line and number will be required for each service type. The customer will receive two separate bills, one bill combining all flat rate lines and services and one for all LCP lines and services provided. (C) (C)

VERIZON LOCAL CALLING PLANS (Continued) (T)

2. Regulations (Continued)

G. Measured rate service, where applicable, provides for calling to specified areas with each call measured on a distance called and length-of message basis.

H. Rates for messages between two points are based on the airline mileage between rate centers, except when the two points are located within the same exchange. Airline mileages between rate centers are determined as specified in this Company's Long Distance Message Telecommunications Service tariff.

I. Calls made to the specified areas should be dialed by the customer on a station-to-station sent-paid basis without the assistance of a Telephone Company operator. Operator-assisted calls are excluded from the Verizon Local Calling Plans. (T)

J. Verizon Local Calling Plan service will not be offered in connection with Public and Semipublic Telephone Service, WATS, Feature Group A, or Foreign Exchange services. However, Centrex customers may subscribe to the Basic Calling and Community Plus options. (T)

K. Business customers may only subscribe to the Basic Calling and Community Plus options. Public Telephone Access Service customers may only subscribe to the Basic Calling option.

(D)
(D)

L. For the purpose of determining charges, the following applies: (T)

(1) A flat monthly rate for provision of incoming calls and access to the local network.

(2) Bands Local through F relate to an incremental minute rate based upon interexchange mileage determined by measuring the airline distance between rate centers within the local service (calling) area. There are no incremental mileage charges associated with calls originating and terminating within a customer's serving exchange.

(3) A charge per minute or fraction thereof, for duration of a call. Monthly billing is based on cumulative minutes of usage with the total fraction rounded to the next higher minute. (T)

(4) Chargeable time for all calls begins when connection is established between the calling line and the called line or branch exchange, and ends when the calling line "hangs-up" thereby releasing the network connection. If the called line "hangs-up", but the calling line does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Telephone Company operator. (T)

(D)

LOCAL EXCHANGE SERVICE

GTE LOCAL CALLING PLANS (Continued)

2. Regulations (Continued)

G. Measured rate service, where applicable, provides for calling to specified areas with each call measured on a distance called and length-of message basis. (C) (C)

H. Rates for messages between two points are based on the airline mileage between rate centers, except when the two points are located within the same exchange. Airline mileages between rate centers are determined as specified in this Company's Long Distance Message Telecommunications Service tariff.

I. Calls made to the specified areas should be dialed by the customer on a station-to-station sent-paid basis without the assistance of a Telephone Company operator. Operator-assisted calls are excluded from the GTE Local Calling Plans.

J. GTE Local Calling Plan service will not be offered in connection with Public and Semipublic Telephone Service, WATS, Feature Group A, or Foreign Exchange services. However, Centrex customers may subscribe to the Basic Calling and Community Plus options.

K. Business customers may only subscribe to the Basic Calling and Community Plus options. Public Telephone Access Service customers may only subscribe to the Basic Calling option.

L. Seasonal and Vacation Service (Reference Section 14.4) is not available to customers subscribing to the GTE Local Calling Plans.

M. For the purpose of determining charges, the following applies:

(1) A flat monthly rate for provision of incoming calls and access to the local network.

(2) Bands Local through F relate to an incremental minute rate based upon interexchange mileage determined by measuring the airline distance between rate centers within the local service (calling) area. There are no incremental mileage charges associated with calls originating and terminating within a customer's serving exchange. (C)

(3) (D) (D)

(4) A charge per minute or fraction thereof, for duration of a call. Monthly billing is based on cumulative minutes of usage with the total fraction rounded to the next higher minute.

(5) Chargeable time for all calls begins when connection is established between the calling line and the called line or branch exchange, and ends when the calling line "hangs-up" thereby releasing the network connection. If the called line "hangs-up", but the calling line does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Telephone Company operator.

C. Rotary Line Service

Rotary line service provides a means whereby calls made to the first number of a rotary group will be automatically completed over the first idle line in the rotary group. If all lines are busy the calling party will receive the busy signal.

This service is furnished only when the rotary numbers are available and only in connection with individual line.

See Section 6.1 for the regulations applicable to directory listings in connection with provision of main services on a rotary basis.

The rate for each individual rotary line in use is the applicable monthly Local Calling Plan option rate for one-party line service, in addition to the following rates for each rotary number.

	Business Monthly Rate*	GSEC/IOSC	Residence Monthly Rate	GSEC/IOSC	
Bowman	$9.01	BRL/05151	-	RRL/75739	(N)
Elloree	10.69	BRL/05151	7.01	RRL/75739	
Santee	10.69	BRL/05151	7.01	RRL/75739	
Jackson	7.00	BRL/05151	9.92	RRL/75739	
Simpsonville	7.00	BRL/05151	9.92	RRL/75739	(N)

* Not applicable to rotary line service provided in connection with PBX Trunks.

5. Detail Billing (N)

When a billing detail is furnished, the following charges will apply. The billing detail includes date of call, called telephone number, answer time, and length of call. The customer must request a detailed bill at least 30 days in advance of the date detail billing is to commence.

	Rate	IOSC
Per customer bill, per month	$1.75	12062
Charge per page of billing detail	.12	--

NOTE: A Secondary Service Order Charge as specified in Section 4 will apply when Detail Billing is requested subsequent to the establishment of GTE Local Calling Plans service. (N)

LOCAL EXCHANGE SERVICE

NETWORK ACCESS REGISTER PACKAGE

1. General

The Network Access Register (NAR) Package provides for exchange and long-distance message network calling to and from Main Stations and attendant positions of a CentraNet® System. The NAR Package provides for Flat Rate network access.

2. Rates and Charges

a. The Flat Rate (NAR) Package includes an unlimited number of dialed sent paid local calls.

b. The rates shown are applicable whether the NAR Package is used for Inward, Outward, or Combination applications.

c. The conditions and rates specified in other sections of this Tariff for service which may be associated with these services are in addition to those specified herein.

d. (1) Flat Rate Network Access Register (NAR) Package:

Exchanges	Monthly Rate	GSEC	Exchange
Rate Group 1			
First 10 NARS, each	$19.64(R)	CNET NARS1	Elloree
Add'l. NARS (11 & above), each	9.64(R)	CNET NARS1 ADL	Santee
Rate Group 2			
First 10 NARS, each	23.24(R)	CNET NARS2	Bowman
Add'l. NARS (11 & above), each	13.24(R)	CNET NARS2 ADL	Jackson Simpsonville

(2) Flat Rate Network Access Register (NAR) Package, per NAR, for CentraNet® customers subscribing to the Basic Calling or Community Plus options of the GTE Local Calling Plans:

Exchanges	Monthly Rate	GSEC	Exchange
Rate Group 1
