FOREIGN EXCHANGE SERVICE AND FOREIGN CENTRAL OFFICE SERVICE (C) (C)

9.1 Regulations

a. Foreign exchange service is exchange service furnished to a customer from an exchange other than the one from which he would normally be served. This service may only be provided where all facilities and serving points are located in the same LATA. (N) (N)

b. Foreigh exchange service is offered in connection with flat rate individual line main station service, flat rate PBX Service and Centrex service only. (C)

c. Other services, equipment or facilities used in connection with foreign exchange service, except as otherwise indicated in this Tariff, are furnished subject to the rates and regulations applying in the foreign exchange from which the customer is served. (C)

d. The service is furnished subject to the same conditions and restrictions as to the use of the service by other than the customer and his representatives as apply in connection with other classes of service. (C)

e. Customers to foreign exchange service are not required to subscribe to other service in the exchange from which they would normally be served except where the normal exchange has extended area service with the foreign exchange. (C) (C)

f. (D) (D)

g. When the foreign exchange from which service is requested has other exchanges in its local calling area, the Telephone Company shall determine from which of the exchanges service will be furnished. Mileage charges as set forth in 9.3a.(1) and (2) would apply from the exchange from which service was requested. (N) (N)

FOREIGN EXCHANGE SERVICE AND FOREIGN CENTRAL OFFICE SERVICE (N)

9.3 Rates and Charges

a. The rate for foreign exchange service is the nonrecurring and monthly rate for flat rate individual line main station service, Centrex service or PBX flat rate trunk line applicable within the serving foreign exchange:

(1) Where the applicant for foreign exchange service is so located that it would be more economical to the Company to provide the foreign exchange service direct from the foreign exchange to the applicant's location by the extension or utilization of existing plant. Facilities may not cross LATA boundaries.

(a) For the distance from the applicant's location to the central office in the foreign exchange area from which service is to be furnished, a mileage charge, per mile or fraction thereof, airline measurement, will apply.

		Monthly Charge
(.1)	Per Channel	
(.a)	Per mile	$ 12.30

(2) Where the applicant for foreign exchange service is so located that is is not economical for the Company to provide foreign exchange service direct from the foreign exchange to the applicant's location by the extension or utilization of existing plant:

(a) Per Station Terminal[1]

		Nonrecurring Charge	Monthly Rate
(.1)	Band 1		
(.a)	Type 2006	$ 116.00	$ 3.30
(.b)	Type 2010	179.00	25.25
(.2)	Band 2		
(.a)	Type 2006	200.00	51.55
(.b)	Type 2010	261.00	74.35

Note 1: On single point service, only one Type 2006 Station Terminal is required for Foreign Exchange Service. On multi-point service, one Type 2006 Station Terminal and a minimum of one Type 2010 Station Terminal is required for Foreign Exchange Service. Band descriptions are as specified in 9.2b. preceding. (3) Service Connection Charges

(a) Service Ordering Charges are applicable for receiving and recording information and/or taking action in connection with a customer's request and processing necessary data. The service ordering charge associated with the exchange service the customer is subscribing to applies in addition to the foreign exchange service ordering charges. These charges include the engineering design functions. The service ordering charges apply only once when more than one channel service is ordered and installed at the same time for termination at the same premises.

a. (Continued)

(3) Service Connection Charges (Continued)

(d) Other service connection charges for Foreign Exchange Service except for channel connection and testing, are as specified for the exchange service which the customer requested. Channel connection charges are applicable for the connection and testing of Station Terminals and Channel Terminals. The charges applicable are those nonrecurring charges associated with Station Terminals and Channel Terminals.

(4) Foreign Exchange Service is normally furnished on a single point basis, however, where facilities permit, multipoint service may be provided within the same LATA. Rates and charges are as specified in 9.3a.(2) preceding, plus those charges for multipoint bridging as specified herein. The first customer location in a foreign exchange is to be designated as the Type 2006 Station Terminal. Each additional customer premises served in the same exchange and/or different exchange as the Type 2006 Station Terminal and/or other exchange providing the foreign exchange service (dial tone) is to be designated a Type 2010 Station Terminal. Interexchange mileage charges for multipoint service is that combination of airline distances connecting rate center points which will produce the lowest total interexchange mileage charge. Each channel connected to an interexchange switching arrangement is considered a separate channel for which the mileage is independently computed.

Where bridging is provided at the "open end" (dial tone end) of Foreign Exchange Service, then a bridging charge is also applicable for connection of the bridge to local switching equipment that provides access to the public switched network. This is in addition to bridging charges for each of the Type 2006 and 2010 channel links bridged at that location. The switched network bridged connection is to be treated and charged as an interexchange channel connection to a bridge.

Standard quality of transmission levels is assured on multipoint Foreign Exchange Service. This provision does not extend to multistation bridging on a customer's premises unless multistation bridging is also provided at the same charges as for Type 2001 Station Terminals as specified in Section 20. (5) The rate center of an exchange is the point from which long distance message telephone service rates are measured.

(6) The local service area of, and long distance rates to and from main stations or PBX system connected for foreign exchange service are the same as regularly apply to stations located in the foreign exchange area.

(7) Foreign exchange service may be furnished involving two areas of the Company or involving an area of the Company and an area of an independent company when the independent company is willing to concur in arrangements for furnishing such service. In those cases where a portion of the service is furnished by an independent company, the rates and regulations of the independent company apply to the part of the exchange service it furnishes. Where the independent company furnishes a portion of the interexchange facilities and:

(a) Concurs in the interexchange rates and regulations of this company as specified in 9.2 and 9.3 preceding, the mileage measurement and mileage charges will be as indicated in (2) preceding.

(b) Applies its tariff mileage charges to the point of connection with facilities of this Company the portion of the facilities furnished by this Company will be at the rates and mileage measurements as specified in (2) preceding. (N)

(8) Allowance for Interruptions for Foreign Exchange Service:

(a) For the flat rate individual line, main station or extension station, Centrex service stations, or PBX flat rate trunks line, the regulations for interruptions of service in 2.5.5 of this Tariff will apply.

(b) For the interexchange channel portion of the Foreign Exchange Service, the rules and regulations for interruption of service as shown in Section 20 will apply.

(9) When an extension to a foreign exchange service either is located in the same exchange as the foreign exchange main station, or the extension is located in the same exchange as the central office where the number is switched (the foreign exchange), the charge for a 2010 station terminal will apply.

(10) Where alternate full period-foreign exchange service is provided, an intercept arrangement may be furnished which transfers the foreign exchange numbers to a receiving only local number when the service is in the full period condition. This arrangement contemplates a standard termination in a handset, key equipment or PBX and is furnished at the following rates and charges:

(a) To permit calls made to the foreign exchange number to be received at the customer's location in the foreign exchange during the period the service is in full period condition.

(11) Four Wire Service Terminating Arrangement

The Four Wire Service Terminating Arrangement permits switching equipment that is designed to use four wire terminations to be connected to the Company's standard two wire Foreign Exchange (FX) exchange facilities toll network. While this offering contemplates the use of four wire facilities, between the local serving Central Office and the premises switching equipment, two wire facilities may be used. Transmission performance that meets the established standards of the Company will be obtained over facilities connected to a Four Wire Service Terminating Arrangement. If a customer requests improvement beyond this, additional equipment will be provided, where facility conditions permit, subject to additional rates and charges based on the costs incurred.

(a) The following rates and charges are for the Four Wire Service Terminating Arrangement only and are in addition to the applicable rates and charges for the FX trunk with which it is associated.

9.4 Foreign Exchange Service Provided by Multiple Companies

a. Each company will bill for the portion of the private line service provided by their respective tariff based on their regulations, rates and charges as appropriate.

b. The charges billed by this company for the interoffice channel between Exchange Telephone Company central offices, are determined as follows:

(1) The total mileage for the service is computed using the V&H coordinates set forth in the National Exchange Carrier Association Tariff, Inc. F.C.C. No. 4.

Note 1: The Nonrecurring Charge is applicable for new 4-wire installation and conversion from 2-wire service, also in addition to the Service Order Charge Elements, as applicable, the Central Office Work Charge Element will apply. (N)

**FOREIGN EXCHANGE SERVICE AND
FOREIGN CENTRAL OFFICE SERVICE** (N)

9.4 Foreign Exchange Service Provided by Multiple Companies (Continued)

b. (Continued)

(2) A billing factor is determined from the National Exchange Carrier Association, Inc, Tariff F.C.C. No. 4. This factor represents the percentage of the distance between Exchange Telephone Company central offices that will be billed by this company. The billing factor is multiplied by the total charge for all of the miles to determine the amount to be billed by the Company.

9.5 Foreign Central Office Service

a. Regulations

(1) Foreign central office service is exchange service furnished to a customer in a multi-office exchange from a central office other than the one from which service would normally be furnished.

(2) Foreign central office service is offered in connection with individual line main station service and PBX service only.

(3) Other services, equipment or facilities used in connection with foreign central office service, except as otherwise indicated in this tariff, are furnished subject to the rates and regulations applying in the foreign central office from which the customer is served.

(4) No allowance is made for interruptions of less than twenty-four hours. For interruptions of twenty-four hours or more, credit is allowed the proportionate part of the monthly charge in multiples of one day for each twenty-four hours or major fraction thereof, of interruption for the portion of the facilities rendered inoperative by reason of the interruption.

b. Rates and Charges

(1) The rate for foreign central office service is the monthly rate for the class of service desired, plus a foreign central office charge. The charges are for the furnishing of interoffice channels including channel terminals between the central office from which the customer would normally be served and the foreign central office, i.e., the central office from which the customer desires to be served.
