DISCONTINUED SERVICE OFFERINGS - MISCELLANEOUS SPECIAL ARRANGEMENTS

S113.1 Universal Emergency Number Service (911 Service) Greenville and Aiken Counties, South Carolina

S113.1.1 Concurrence

Verizon South Inc. d/b/a Verizon South Carolina concurs in the rates, rules and regulations governing Universal Emergency Number Service - 911 as filed by the Southern Bell Telephone & Telegraph Company in effect as of August 27, 1991, and makes itself a party to such rates and charges until this concurrence is revoked or cancelled by either party. Contel of South Carolina, Inc. hereby expressly reserves the right to cancel this statement of concurrence at any time when it appears that such cancellation is in the best interest of the Telephone Company, subject to the jurisdiction of the South Carolina Public Service Commission as it applies. (T) (T)

S113.1.2 Exceptions

The above concurrence is in full effect with the following exceptions.

a. Rates specified in Section 3 of this Tariff for PBX trunks, key lines, or individual business lines, as appropriate, will apply for 911 exchange lines that terminate at emergency report centers through the use of local subscriber loops or EAS trunks. The monthly rate is the rate applicable for the exchange in which the Central Office originating the 911 exchange line is located.

113.2 Custom Calling Services

For existing customers only; not offered for new installations, moves, or rearrangements on or after the effective date of this Tariff. Upon rearrangement or relocation of service, the customer shall convert to the rates, rules, and regulations for Verizon calling services as specified in Section 13.3 of this Tariff.

113.2.1 Definitions

a. Call Waiting - This feature signals a subscriber talking on his line that another call has been placed to his line. The subscriber may place either call on hold while talking to the other.

b. Call Forwarding - With this feature all incoming calls are forwarded to another telephone number. This arrangement may be activated by dialing a code and the telephone number of the service to which calls are to be forwarded and is deactivated by dialing another code. The Call Forwarding customer is responsible for the payment of any applicable message unit charge or direct distance dialed message toll charge for each call between his Call Forwarding telephone and the telephone to which the call is being forwarded. The charge applies to all calls that are answered at the telephone to which the calls are being forwarded, including person-to-person and collect calls even though they may not be accepted at the answering service.

c. Three-Way Calling - This feature enables a third party to be added to a two-way conversation without operator assistance.

d. Speed Dialing - This feature permits up to eight (8) pre-designated telephone numbers to be accessed by dialing a one-digit code. Up to 30 pre-designated telephone numbers can be accessed by a two-digit code.

e. Single Line Intercom (SLI) - This feature enables a subscriber with a private line to ring his extensions, including off premises extensions, by dialing his telephone number.

DISCONTINUED SERVICE OFFERINGS - MISCELLANEOUS SPECIAL ARRANGEMENTS

113.2 Custom Calling Services (Continued)

113.2.2 General

a. Custom Calling Services are furnished subject to the availability of special central office facilities.

b. Custom Calling Services are available to residence and business customers with one party telephone service only.

c. No assurance can be given that transmission will be fully satisfactory during conference and call forwarding calls.

113.3 Verizon Calling Services

113.3.1 Flexible Packaging

Flexible Packaging is discontinued as a new service offering with the effective date of this Tariff and will no longer be provided for new installations, moves or changes. However, these regulations, rates and charges are applicable to customers on record prior to the effective date of this Tariff until such time the service is removed.

a. Flexible packaging offers a monthly discount on specific Verizon calling services and/or CCLASS features.

Flexible packaging is available to residence individual line customers only.

When the customer orders four (4) or more of the eligible features, the discount applies to all eligible features. The discount percentage is applied to the total of the individual feature rates subscribed to by the customer. All features ordered by the customer must be on the same residence account.

If the customer removes an eligible feature (or features) so that the total subscribed to for this package is less than four (4), the discount percentage will not apply and the individual feature rates as specified in Sections 13.3.3 and 13.3.4 of this Tariff will apply.

b. The following features are eligible for the flexible packaging discount offering:[1]

Automatic Busy Redial
Automatic Call Return
Call Block
Call Forwarding
Call Waiting
Caller ID
Caller ID-Number Only
Distinctive Ring
Do Not Disturb
Select Call Forwarding
8-Number Speed Dialing
30-Number Speed Dialing
Three-Way Calling
Priority Calling

c. The applicable monthly discount for flexible packaging is twenty percent (20%).

[1] - Anonymous Call Block and Cancel Call Waiting are not included toward the threshold. The rates, however, will be discounted if the threshold quantity is met.

Upon rearrangement or relocation of service, the customer shall convert to the rates, rules, and regulations for GTE calling services as specified in Section 13.3 of this Tariff. (C)

113.2.1 Definitions

a. Call Waiting - This feature signals a subscriber talking on his line that another call has been placed to his line. The subscriber may place either call on hold while talking to the other.

b. Call Forwarding - With this feature all incoming calls are forwarded to another telephone number. This arrangement may be activated by dialing a code and the telephone number of the service to which calls are to be forwarded and is deactivated by dialing another code. The Call Forwarding customer is responsible for the payment of any applicable message unit charge or direct distance dialed message toll charge for each call between his Call Forwarding telephone and the telephone to which the call is being forwarded. The charge applies to all calls that are answered at the telephone to which the calls are being forwarded, including person-to-person and collect calls even though they may not be accepted at the answering service.

c. Three-Way Calling - This feature enables a third party to be added to a two-way conversation without operator assistance.

d. Speed Calling - This feature permits up to eight (8) pre-designated telephone numbers to be accessed by dialing a one-digit code. Up to 30 pre-designated telephone numbers can be accessed by a two-digit code.
