GENERAL CUSTOMER SERVICES TARIFF

GTE SOUTH INCORPORATED
SOUTH CAROLINA

Third Revised Page 1

ISSUED: June 27, 1991
BY: Vice President
Durham, North Carolina

EFFECTIVE: May 29, 1991
In compliance with the Commission's
Order No. 91-412 in Docket No. 90-698-C.

S3. BASIC LOCAL EXCHANGE SERVICE

S3.1 General

- a. Local exchange service rates in this tariff are identified with GTE South Incorporated.

The rates are the combination of the Local Exchange Service Line rate and the Measured Extended Area Service (MEAS) usage rates where applicable.

S3.2 Local Exchange Service Line

S3.2.1 General

- a. Exchange Service Areas for each exchange are identified on maps filed in this tariff section.
- b. The rates for service not specifically shown in this section are presented in other sections of the Company Tariff.
- c. Monthly exchange rates are authorized by the South Carolina Public Service Commission.
- d. Local exchange service rates, excluding semipublic service do not include the provision of a standard telephone set.
- e. The Dial Tone Access Line rate specified herein provides the customer with an exchange line to be used in conjunction with the monthly usage rate. The Unlimited Usage Rate entitles the customer to an unlimited number of messages to all lines bearing the designation of central offices within the serving exchange and additional exchanges as shown in Section S3.3.1, Local Calling Areas. The Unlimited Usage Rate applies in addition to the charge for Dial Tone Access Lines. (C)
- f. The rates for Measured Extended Area Service (MEAS) are the usage charges shown in S3.3.1.h. plus the applicable Dial Tone and Unlimited Usage rates. (C)

S3. BASIC LOCAL EXCHANGE SERVICE

S3.2 Local Exchange Service Line (Continued)

S3.2.1 **Term Contract Pricing - Business**

Term Contract Pricing (TCP) provides optional term discounts for business customers who order eligible services under TCP. Eligible services under TCP are business flat rate access local exchange lines and local exchange PBX trunks. TCP is offered in all local exchange rate groups and provides for one or three-year terms.

All rules, regulations, fees and surcharges normally applicable to eligible services apply. Central Office Line Connection Work charges found in S4.3 are included and will not apply separately for any lines subscribed under TCP.

The customer agrees that by ordering and subscribing to a term agreement for business dial tone telephone services, Verizon shall waive the line connection charges on said order, where applicable. The customer further agrees that should said services be discontinued within the first 12 months of the contract start date, the customer shall repay the original waived charges as an early termination penalty, in addition to 25% of the monthly line charge, for the number of months remaining in the agreement. (N)

To qualify, the customer subscribing to the TCP must commit to an oral or written service agreement as prescribed by Verizon, establishing the term period and rate in effect at the time the customer enters into the service agreement.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates in effect at the time the service agreement expires, as set forth in S13.3 of this tariff, unless a new service agreement is negotiated.

When a TCP customer moves service from one service location to another, and if the customer agrees to continue the service agreement at the new service location and retain local exchange access lines that equal or exceed the number of lines that were connected at the old service location, termination charges will not apply. If TCP is not available at the new service location, termination charges will apply.

In the event the customer terminates the service prior to the completion of the term commitment, the Termination Liability in Section S2.10 of this tariff will apply.

<u>Business Lines</u>	<u>1 Year Term</u>	<u>3 Year Term</u>
Rate Group 1	\$31.00	\$30.50
Rate Group 2	34.00	33.50

S3. BASIC LOCAL EXCHANGE SERVICE

S3.3 Local Calling Areas (Continued)

S3.3.2 Measured Extended Area Service (MEAS)

- a. Measured Extended Area Service (MEAS) provides banded distance and usage sensitive billing or flat rate block of time billing for customer dialed or operator assisted calls to locations outside a customer's normal flat rate local calling area or Usage Sensitive Service (USS) local calling area but within the same LATA for the exchanges specified in S3.3.2g.
- b. MEAS is provided jointly by GTE South Incorporated and Horry Telephone Cooperative between exchanges specified in Section S3.3.2g. located in Horry and Georgetown Counties subject to the availability of facilities and billing capabilities.
- c. MEAS usage sensitive billing will apply to all business and residence individual lines; automatic access lines; access lines provided in connection with Sharing and Resale of Basic Local Exchange Service; public and semi-public lines; Foreign Exchange lines; and access lines provided in connection with customer-provided coin telephone service.

The MEAS flat rate block of time billing is available to all business and residence individual lines; automatic access lines; Foreign Exchange lines; and CentraNet®/Digital (ISDN) CentraNet® Service Network Access Registers (NARs).

MEAS block of time is available on a per line basis. Mixing of flat rate MEAS and usage sensitive MEAS at the customer site location is not allowed for business customers. This arrangement is allowed for residential customers, although separate billing of the lines may result. (C)
(C)

- d. The charge for Measured Extended Area Service (MEAS) shall be those shown in S3.3.2h. for usage or block of time as shown in S3.3.2i. plus the applicable Dial Tone and Unlimited Usage rates shown in S3.2.1a. Access line rates for Sharing and Resale of Basic Local Exchange Service are specified in Section S23.1.3; access line rates for customer provided coin telephone service are specified in Section S7.3.4.

S3.3.2 Measured Extended Area Service (MEAS) (Continued)

- d. (Continued) (N)
- The flat rate block of time option will allow the customer thirty (30) hours of calling between the applicable MEAS exchanges listed in S3.3.2g. following. All calls occurring beyond the 30 hour block of time will be charged the overtime rate specified in S3.3.2i.(2). (N)
- e. Operator Assisted Calls between MEAS exchanges will be charged at the rates specified in Section S3.8.1, plus the usage and/or block of time charges shown in S3.3.2h. and S3.3.2i. (M) (C)
- f. MEAS usage rate elements are defined as follows:
- (1)
- (2) Minutes of Use - A charge per minute for the duration of the call. Minutes and fraction of minutes are accumulated monthly with only the monthly total for each band being rounded up to the next whole minute.
- (3) Distance Bands A through E - The incremental Minutes of Use rate based upon interexchange mileage determined by measuring the airline distance between the rate centers within the MEAS calling area, using the V&H coordinate procedure. (M)

S3.3 Local Calling Areas (Continued)

S3.3.2 Measured Extended Area Service (MEAS) (Continued)

- j. Rates for Hearing or Speech Impaired Persons (N)
- (1) Calls within the Measured Extended Area Service (MEAS) area but outside the local calling area specified in Section S3.3.1 which are made by (a) individuals with a certified hearing or speech impairment, (b) agencies or businesses which assist or employ hearing or speech impaired persons, and (c) non-impaired persons who utilize a TDD or other non-voice equipment for communicating with hearing or speech impaired persons who qualify for a 50% discount, subject to the requirements in Section S18 of this Tariff.
- (2) Those individuals, agencies and businesses which are currently qualified through certification or application for discounted MTS rates under Section S18 automatically qualify for discounted rates as specified herein; no further certification or application is necessary.
- (3) Usage rates for qualified calls are 50% below the rates which would apply without the discount. Surcharges for operator assisted calls are not discounted. (N)
- k. Detail Billing (T)

When a billing detail is furnished, the following charges will apply. The billing detail includes date of call, called telephone number, answer time, and length of call. The customer must request a detailed bill at least 30 days in advance of the date detail billing is to commence.

	<u>Rate</u>	<u>IOSC</u>

S3.3 Local Calling Areas (Continued)

S3.3.3 Extended Calling Service (ECS)

- a. Extended Calling Service (ECS) provides measured rate extended area local calling to the exchanges listed in S3.3.3f. following.
- b. Extended Calling Service will be provided on all residence and business individual lines; automatic access lines; (C) foreign exchange lines; public and semipublic lines; and public telephone access lines for customer provided coin telephone service.
- c. The charges for Extended Calling Service shall be those shown in S3.3.3g. and h. for the usage plus the applicable local exchange service line rates shown in S3.2.1 and Section S9.1 for Foreign Exchange lines. The ECS usage rates shown in S3.3.3g. are not applicable to public and semipublic telephone service. Rates for these services are shown in Section S7.1 and S7.2 of this Tariff. Public telephone access service for customer-provided equipment will only be billed the rates shown in Section S7.3 of this Tariff.

ECS is not available on operator assisted calls. Operator Assisted calls are provided for in Section S18 of this Tariff.

The local directory assistance service regulations and rates specified in Section S3.7 will apply for requests for telephone numbers within the expanded local calling area offered under ECS.

- d. Customers to Extended Calling Service (ECS) monthly line charges are regularly billed monthly in advance. Usage charges are billed monthly in arrears.
- e. Extended Calling Service usage rate elements are defined as follows:

(1)

- (2) Minutes of Use - A charge per minute for duration of the call. Minutes and fractions of minutes are accumulated by each discount period on a monthly basis. Fractions of minutes are rounded up to the next even minute.

S3. BASIC LOCAL EXCHANGE SERVICE

S3.4 Interstate Subscriber Line Charge Waiver and Matching Program (Lifeline Service)

(N)

S3.4.1 General

- a. This program is a South Carolina Lifeline Assistance Plan and provides for a credit equal to 100% of the FCC Interstate Subscriber Line Charge (SLC) in addition to a supplemental amount credited to local service monthly billing. Funding for Lifeline Service is obtained from a universal service support mechanism to which all telecommunications carriers that provide interstate telecommunications services contribute on an equitable and nondiscriminatory basis. These credits are an amount equal to the FCC Interstate Subscriber Line Charge (SLC) with a reduction in the residential local line rate as specified in S3.2.
- b. In order to qualify for the South Carolina Lifeline Assistance Plan, a customer must provide certification or authorize agency verification of their participation in at least one of the following programs: Food Stamps, Medicaid, or Temporary Assistance to Needy Families (TANF), previously known as AFDC.

S3.4.2 Rules and Regulations

- a. The specific guidelines for implementation of this waiver are as follows:

(1) Certification Procedures

Proof of eligibility in any of the qualifying low income assistance programs should be provided to the Company at the time of application for service. The Lifeline credit will not be established until proof of eligibility has been received by the Company. If the customer requests installation prior to the Company's receipt of proof of eligibility, the requested service will be provided without the Lifeline credit. When eligibility documentation is provided subsequent to installation, the Lifeline credit will be provided on a going forward basis.

(2) Processing Forms

The Company will process all application forms and apply the credit on the subscriber's monthly bill. An explanation of the credit will appear on each telephone bill.

S3.4.2 Rules and Regulations (Continued)

a. (Continued)

(3) Verification Procedures

The Company will reconcile and confirm eligibility periodically, at a minimum annually. A verification of eligible recipients will be made. The credit will be discontinued on the bill following written notification to the subscriber of ineligibility. (C)

(4) One low income credit is available per household and is applicable to the primary residential connection only. The named subscriber must be a current recipient of any of the low income assistance programs identified in S3.4.1b.

(5) Lifeline Toll Restriction Service (IOSC: 40696) is available on a voluntary basis where technically feasible to South Carolina Lifeline Assistance Plan customers at no charge. Lifeline Toll Restriction Service prevents 0+, 00-, 1+NPA-NXX-XXXX, 1010XXXX, International (01+), Directory Assistance (411, 1+411, 0+411, 555-1212, 1+/0+ 555-1212, 1+/0+ NPA-555-1212), 1+900 calls, 1+700, 976 calls and IntraLATA toll while allowing access to local, 611, 911, 0-, 1+800/888 etc., 950-XXXX and 1+950-XXXX calls and EAS calls. Access to Directory Assistance is available to Lifeline customers by dialing 0-. Access to Service Activation Codes "*"/#" (e.g., *66, *69) is also allowed. Upon customer request, some Service Activation Codes may be blocked at no charge, where conditions and facilities permit.

S3. BASIC LOCAL EXCHANGE SERVICE

S3.4 Interstate Subscriber Line Charge Waiver and Matching Program (Lifeline Service) (Continued)

S3.4.2 Rules and Regulations (Continued)

a. (Continued)

- (6) A Lifeline subscriber's local service will not be disconnected for non-payment of regulated toll charges. Local service may be denied for non-payment of local calls in accordance with Section S2. Access to toll service may be denied for non-payment of regulated tolls. A Lifeline subscriber's request for reconnection of local service will not be denied if the service was previously denied for non-payment of toll charges. (M)
- (7) Deposit requirements do not apply to Lifeline Service customers if toll blocking is employed.
- (8) The PICC will not be billed to Lifeline customers who subscribe to toll blocking and do not presubscribe to a long distance carrier.
- (9) The non-discounted federal Lifeline credit amount will be passed along to resellers ordering local service at the prescribed resale discount from this Tariff, for their eligible end users. The additional credit to the end user will be the responsibility of the reseller. Eligible carriers, as defined by the FCC, are required to establish their own Lifeline programs. (M)

S3. BASIC LOCAL EXCHANGE SERVICE

S3.5 Rotary Line Service

S3.5.1 General

- a. Rotary line service provides a means whereby calls made to the first number of a rotary group will be automatically completed over the first idle line in the rotary group. If all lines are busy the calling party will receive the busy signal.
- b. This service is furnished only when the rotary numbers are available and only in connection with individual lines.
- c. See Section S6.1g. for the regulations applicable to directory listings in connection with provision of main services on a rotary basis.

- d. (D)
(D)

S3.5.2 Rates

- a. The rate for each individual rotary line in use is the applicable monthly rate for one-party service, in addition to the following rates for each rotary number.

<u>Rate Group</u>	<u>Business Monthly Rate*</u>	<u>IOSC</u>	<u>Residence Monthly Rate</u>	<u>IOSC</u>
1	\$9.57	05151	\$ 8.70	75739
2	6.56	05151	9.92	75739

* Not applicable to rotary line service provided in connection with Automatic Access Lines.

S3. BASIC LOCAL EXCHANGE SERVICE

S3.6 Employee Telephone Service

S3.6.1 General

- a. Upon approval, Employee Telephone Service is furnished at the rates below to active and pensioned employees of this Company.
- b. Service provided in accordance with a. above will be furnished only at one location and only when the telephone is located in the employee's residence. Such service will be furnished only at locations where the station is restricted to the use of the employee and members of his immediate family or other employees residing in the same household.

S3.6.2 Rates

- a. Employees of this Company will be furnished local telephone service at 50 percent (50%) of the regular monthly rates and nonrecurring service charges. (HC)
- b. Pensioned employees shall continue to receive local telephone service from this Company at the concession rates in effect upon their retirement.
- c. Employee Telephone Service as provided in S3.6.1.a. above, will not be applicable to:
 - (1) Long distance message telecommunications service.
 - (2) Foreign exchange service.
 - (3) Temporary suspension of service.
 - (4) An employee who has his telephone number non-published.

Sixth Revised Page 10
Cancels Fifth Revised Page 10
EFFECTIVE: November 22, 2008

S3. BASIC LOCAL EXCHANGE SERVICE

S3.7 Directory Assistance Service

S3.7.1 General

The Company furnishes a Directory Assistance Service for the purpose of aiding subscribers in obtaining telephone numbers.

When a party in South Carolina requests assistance in obtaining telephone numbers of customers who are located within the same local calling area as the calling party, the charges set forth below apply; the charge plan will be implemented exchange by exchange as facilities become available.

Business telephone numbers or listings can be obtained when the calling party furnishes a city, state, and either a listed name or a category or type of business designation. The directory assistance operator, upon request, will search up to a maximum of two business categories or designations per call, using Business Category Search. Up to three business names are furnished from this random type of search, per category or designation. With each type of business search, the caller is billed for each business, category or designation searched.

(N)
|
(N)

S3.7.2 **Directory Connect Plussm**

a. General

- (1) Directory Connect Plussm provides an incoming Directory Assistance customer requesting telephone numbers of customers who are located within the same local calling area as the calling party, a mechanized announcement offering call completion to the listed number requested. The call is completed on a sent-paid basis (paid for by the calling customer).
- (2) The mechanized announcement will instruct the caller that for an additional charge he may have his call automatically completed by depressing a specific digit on the touch-tone key pad. All completed calls will be charged the Directory Connect Plussm charge, in addition to any other appropriate charges. Customers may request blocking of Directory Connect Plussm calls originating from their telephone lines by contacting the local Company business office.
- (3) Directory Connect Plussm will only be furnished where facilities and operating conditions permit. Directory Connect Plussm will only be available from those coin phones owned and operated by Verizon South which are equipped for 1 + 411 dialing.
- (4) Directory Connect Plussm will not be provided to the following services:
 - 800/877/888 Service
 - 976 Service
 - 900 Service
 - Public Telephone Access Service for Customer-Provided Equipment (CPE)
 - Feature Group A Service

S3.7 Directory Assistance Service (Continued)

S3.7.2 **Directory Connect Plussm (Continued)**

a. General (Continued)

(5) The Telephone Company assumes no responsibility or liability for any errors in the information furnished. The caller shall indemnify the Telephone Company and hold it free and harmless of and from any and all claims, demands or damages that shall arise from the use of the service.

(a) This service is furnished solely for the telephone calling purposes of the caller.

(b) Provisions concerning limitations of liability and allowance for interruption of service are as set forth in Section S2 of this Tariff.

(6) Directory Connect Plussm charges will be applicable to persons with a visual, physical or reading handicap.

S3.7.3 **Rates and Charges**

a. A charge of \$1.50 is applicable for each inquiry for directory assistance except as noted below; Directory Assistance will provide telephone numbers for a maximum of two (2) number requests per call. (l)

b. Customers receiving Directory Assistance Service, including numbers not in the directory, directory inaccessibility and other similar conditions, are not exempt from directory assistance charges per main telephone, or PBX trunk, or Centrex main station.

There is no free call allowance for directory assistance calls placed from payphone service provider telephones. The customer may request a maximum of two telephone numbers per call. The payphone service provider will be charged regardless of whether or not the requested number is provided.

c. Charges for Directory Assistance Service are not applicable to inquiries received from hospital or hotel patient or guest rooms, nor to calls placed by customers who certify they are unable to use a directory because of a visual or physical handicap.

S3.8.1 Operator Assistance Charges

- a. All types of local exchange service have local calling areas as specified in S3.4 of this Tariff which are the areas that can be called on a flat rate basis (no charge for individual calls), on a local coin call rate basis, on a Message rate basis (calls charged for as Message units) or on a measured service basis (charges based on a combination of one or more rating elements where Measured Service local exception tariffs are in effect).
- b. Local dial call: The call must be dialed and completed without the assistance of a Company operator and must be billed to the originating telephone when a charge is applicable.
- c. Operator Ringback Service: When a customer who has installed non-Verizon provided telephone equipment requests the "0" operator to call back the line (Ringback) to test the functionality of the equipment, the test call will be charged at the Station-to-Station Live Operator-Handled rate. The operator will notify the customer of the charge prior to making the Ringback call. (N)
(N)
- d. The following service charges for operator assisted local calls apply in addition to the local dial rate applicable. (T)

Charge
Per Call

- | | | | |
|-----|---|---------|-----|
| (1) | Station-to-Station customer credit card local | | |
| (a) | Each | \$ 1.00 | |
| (2) | Station-to-Station operator assisted sent-paid, collect, third number, operator ringback, and non-customer-dialed credit card calls | | (C) |
| (a) | Each | 1.31 | |
| (3) | Person-to-Person operator assisted local call | | |
| (a) | Each | 2.62 | |
| (4) | Corrections Collect | 1.25 | |
- d. The following Operator Assisted Local Calls are exempted from the service charge:
- (1) Calls to designated Company numbers for official telephone business.
 - (2) Emergency calls to recognizable authorized civil agencies.

S3. BASIC LOCAL EXCHANGE SERVICE

S3.8 Operator Assisted Local Calls (Continued)

(N)

S3.8.1 Operator Assistance Charges (Continued)

d. (Continued)

(3) Those cases where a Company operator provided assistance to:

- (a) Reestablish a call which has been interrupted after the called number has been reached.
- (b) Reach the called telephone number where facility problems prevent customer dial completion.
- (c) Place a non-coin, sent-paid call for a calling party who identifies himself as being handicapped and unable to dial the call because of his handicap.

S3.9 Verification and Emergency Interrupt Service

S3.9.1 General

Verification and Emergency Interrupt Service is furnished where and to the extent that facilities permit. The customer shall indemnify and save the Company harmless against all claims that may arise from either party to the interrupted call or any person.

a. Verification

- (1) The Company furnishes Verification Service for the purpose of aiding subscribers with legitimate call completion problems. Upon request the operator will verify and provide the line status condition of a local subscriber line.
- (2) A subscriber originated request for verification of a local number other than an emergency agency number is a chargeable verification request if a Company operator determines that the line is in use. No charge applies if the line is out of order.

b. Emergency Interrupt Service

- (1) The Company furnishes Emergency Interrupt Service when a subscriber who has originated a verification request to a line which has been found in a busy talking state informs the operator that an urgent or emergency situation exists and requests that the operator have the busy line cleared.

S3.9.1 General (Continued)

b. Emergency Interrupt Service (Continued)

- (2) A subscriber originated request for Emergency Interrupt to a local number other than an emergency agency number is a chargeable Emergency Interrupt request.

S3.9.2 Application of Rates and Charges

- a. No charge will apply if the requesting customer identifies that the call is to or from an official public emergency agency. An official public emergency agency is defined as a government agency which is operated by the Federal, State or Local government, and has the capability and legal authority to provide prompt and direct aid to the public in emergency situations. Such agencies include the local police, state police, fire department, etc.
- b. Charges may not be billed on a collect basis or on a third number basis to the number being verified or interrupted.
- c. If the number verified is not in use, or as a result of interrupt the line is cleared, and, at the calling party's request, the operator completes the call, the charges for Operator Assisted Local Calls as defined in S3.8 of this Tariff apply in addition to the applicable verification and emergency interrupt charges.

S3. BASIC LOCAL EXCHANGE SERVICE

S3.10 Usage Sensitive Service (USS)

S3.10.1 General

- a. Usage Sensitive Service (USS) is an exchange service which provides for calling to stations within the local calling area. Billing for USS consists of (1) a regular monthly charge for incoming service and for access to the local network and (2) a charge for each local call originated and completed within the local calling area.
- b. Local call charges are based upon (1) duration and (2) distance called.
- c. The local calling area for each exchange is shown in Section S3.10.4d.
- d. USS is available to business individual and automatic access line customers; and to residence individual line customers.
- e. USS usage charges will not apply to calls to the Telephone Company Business Office, Repair Service, Directory Assistance, or for 911 Emergency Service.
- f. Flat Rate and Usage Sensitive Service will not be furnished to the same business customer on the same premises where both services are rated on the same exchange. This arrangement is allowed for residential customers, although separate billing of the lines may result. (C)
(C)
- g. USS will not be offered in connection with Foreign Exchange (FX) Services, Public and Semipublic Coin Telephone Services, mobile and paging systems.

- h. USS is subject to all telephone station charges, service charges, and all specialized local operator assistance charges which are applicable to Flat Rate Service.
- i. USS is offered subject to the availability of facilities.
- j. The local exchange access rate is billed in advance. The charges for each local call (usage rates) are billed in arrears.

(D)

S3.10.2 Elements of Usage Sensitive Service (USS)

- a. Local Exchange Access Rate - A flat monthly rate for provision of incoming calls and access to the local network.
- b. Duration - A charge per minute or fraction thereof, for duration of call. Monthly billing is based on cumulative minutes of usage with the total fraction rounded to the next higher minute. (T)
- c. Distance - Bands A through E relate to incremental set up and minute rates based upon interexchange mileage determined by measuring the airline distance between central offices within the local service (calling) area, using the V&H coordinate procedure. There are no incremental mileage charges associated with calls originating and terminating within a customer's serving exchange. (T)

S3.10.5 Service Charges

- a. A service charge of \$10.00 per residence line and \$14.00(l) per business line will apply to changing from Flat Rate Service to Usage Sensitive Service.

GSEC: Residence - FRTOUSSR
Business - FRTOUSSB

- b. A customer with USS may change from USS to Flat Rate Service without paying a service charge provided the customer makes the change within 90 days of the date USS was initially furnished the customer.

GSEC: Residence - USSTOFRRNC
Business - USSTOFRBNC

- c. A service charge of \$10.00 per residence line and \$14.00(l) per business line will apply for changing from USS to Flat Rate Service after the 90 day period specified in b. above.

GSEC: Residence - USSTOFRR
Business - USSTOFRB

- d. If no other changes are being made on the service, charges shown in Section S4.3.a. will not apply in addition to the charges specified above.

- e. Refer to S4.2.1 for application of Service Charges in the Link Up South Carolina program.

S3. BASIC LOCAL EXCHANGE SERVICE

S3.11 GTE Dial DataLink[®] Service

S3.11.1 General

- a. GTE Dial DataLink[®] Service is an enhancement to single line residential and single line business service that provides higher quality transmission standards than those normally provided for voice transmission. It is designed for those single line residential and single line business customers who need a better grade of service for data transmission. This service is offered subject to the availability of suitable facilities.
- b. Lines conditioned for GTE Dial DataLink[®] Service may also be used for normal voice communication.
- c. The parameters of GTE Dial DataLink[®] Service are designed to support transmission of data up to 4800 bits per second on the line from the point of demarcation at the customer's premises to the customer's serving central office.
- d. The quality of the line is guaranteed only between the customer's demarcation point and the customer's serving central office. The Company makes no guarantee for the transmission level over the whole circuit.
- e. A line enhanced with GTE Dial DataLink[®] Service cannot operate with the Call Waiting or Distinctive Ring features described in Section S13.8 of this Tariff. This service also cannot operate with Rotary Line or Off-Premises Extension Services. GTE calling service features will be furnished only when compatibility exists with GTE Dial DataLink[®] Service. S3.12 Network Access Register Package

S3.12.1 **General**

The Network Access Register (NAR) Package provides for exchange and long-distance message network calling to and from Main Stations and attendant positions of a CentraNet® System. The NAR Package provides for Flat Rate network access.

S3.12.2 **Rates and Charges**

- a. The Flat Rate (NAR) Package includes an unlimited number of dialed sent paid local calls.
- b. The rates shown are applicable whether the NAR Package is used for Inward, Outward, or Combination applications.
- c. The conditions and rates specified in other sections of this Tariff for service which may be associated with these services are in addition to those specified herein.

S3. BASIC LOCAL EXCHANGE SERVICE

S3.13 GTE Local Calling Plans

S3.13.1 General

- a. This tariff applies to local exchange telephone service provided under the GTE Local Calling Plans. The exchange areas to which the regulations and rates contained herein are as specified in Section S3.13.4 to this tariff and are in addition to the applicable regulations and rates specified in other tariffs of the Company.

S3.13.2 Regulations

- a. Existing customers may have the option to keep their current flat rate or Usage Sensitive Service (USS) or convert to the GTE Local Calling Plans service. Should the existing customer opt to keep the current flat rate or Usage Sensitive Service (USS), he will continue to dial "1+" to the expanded local calling areas and will be charged the applicable intraLATA toll rates for such calls.
- b. All new customers moving into the GTE Local Calling Plans exchanges may choose one of the GTE Local Calling Plans options or subscribe to flat rate or Usage Sensitive Service (USS). Should the new customer subscribe to flat rate or USS service, he will dial "1+" to the expanded local calling areas and will be charged the applicable intraLATA toll rates for such calls.
- c. The Plans are furnished only from central offices which have been arranged to provide these services, and are available to individual business and residence, automatic access line, and Public Telephone Access Service customers. (C)
(C)
- d. Services

Basic Calling Plan is economy rate exchange service which provides measured rate calling only.

Community Calling Plan provides for flat rate calling only within the originating exchange; all other calls terminating within the local calling area are measured.

GENERAL CUSTOMER SERVICES TARIFF

GTE SOUTH INCORPORATED
SOUTH CAROLINA

Second Revised Page 28

BY: Vice President
Durham, North Carolina

EFFECTIVE: August 4, 1998

S3. BASIC LOCAL EXCHANGE SERVICE

S3.13 GTE Local Calling Plans (Continued)

S3.13.2 Regulations (Continued)

d. Services (Continued)

Community Plus Plan provides flat rate calling within the originating exchange and GTE specified nearby exchanges with measured calling to all other exchanges within the local calling area.

Premium Calling Plan provides flat rate calling to all exchanges within the local calling area.

e. Service charges shall be waived for those customers subscribing to a GTE Local Calling Plan (LCP), changing to or between GTE LCP Options; as well as converting back to flat rate or USS service.

f. Flat rate and LCP services will be furnished to the same customer on the same premises where both services are available in the customer's local exchange area. Should a customer request flat rate and LCP services on the same premises, a separate line and number will be required for each service type. The customer will receive two separate bills, one bill combining all flat rate lines and services and one for all LCP lines and services provided.

g. Measured rate service, where applicable, provides for calling to specified areas with each call measured on a distance called and length of message basis.

(C)

h. Rates for messages between two points are based on the airline mileage between rate centers, except when the two points are located within the same exchange. Airline mileages between rate centers are determined as specified in this Company's Message Toll Telephone Service tariff.

S3.13 Verizon Local Calling Plans (Continued) (T)

S3.13.2 Regulations (Continued)

- i. Calls made to the specified areas should be dialed by the customer on a station-to-station sent-paid basis without the assistance of a Telephone Company operator. Operator-assisted calls are excluded from the Verizon Local Calling Plans. (T)
- j. Verizon Local Calling Plan service will not be offered in connection with Public and Semipublic Telephone Service, WATS, Feature Group A, or Foreign Exchange services. However, CentraNet® customers may subscribe to the Basic Calling and Community Plus options. (T)
- k. Business customers may only subscribe to the Basic Calling and Community Plus options. Public Telephone Access Service customers may only subscribe to the Basic Calling option.

(D)

(D)

- l. For the purpose of determining charges, the following applies: (T)

- (1) A flat monthly rate for provision of incoming calls and access to the local network.
- (2) Bands Local through F relate to an incremental minute rate based upon interexchange mileage determined by measuring the airline distance between rate centers within the local service (calling) area. There are no incremental mileage charges associated with calls originating and terminating within a customer's serving exchange.
