S7. COIN TELEPHONE SERVICE

S7.1 Public Telephone Service (PTI) (PTO)

S7.1.1 Definition and Purpose of Public Telephones

A public telephone is an exchange station installed at the Company's initiative or at its option, at a location chosen or accepted by the Company as suitable and necessary for furnishing service to the general public. Public telephones are installed for the use of the general public and their use by any occupants of the premises in which they are located is only incidental to their principal purpose.

S7.1.2 Public Telephone Locations and Requirements

- a. The Company recognizes its responsibility for providing adequate telephone facilities to meet all reasonable public requirements, and the decision as the extent, character and location of the public telephone facilities rests with the Company.
- b. In the selection of premises the Company endeavors to secure the most suitable of those available for the purpose, public convenience considered. The character of the premises or the location of the equipment should not be such as to offer risk to the Company's equipment or receipts.

S7.1.3 Equipment

- a. Public telephones are ordinarily equipped with coin collecting devices; however, at the option of the Telephone Company, Company Attended Public Telephones may be furnished, or coinless public telephones may be connected directly to the long distance switchboard for the placing of collect; credit card and third number billing long distance calls only.
- b. Booths are furnished when in the judgment of the Company their are warranted by the estimated amount of traffic, or by the character of the location, as in lobbies, waiting rooms, etc.
- c. Additional stations are not furnished in connection with public telephone service.
- d. In all cases, the Company furnishes and displays such of its standard signs as are necessary to properly identify the station.

S7. COIN TELEPHONE SERVICE

S7.1 Public Telephone Service (PTI) (PTO) (Continued)

S7.1.4 **Message Charges**

- a. Local messages from public telephones located on the site of hotels, motels, airports, bus stations, train stations, entertainment facilities, retail facilities, apartments, highways, military establishments, colleges, factories, medical groups, private profit making hospitals, organizations except for all offices of the Department of Social Services, city sidewalks, and long distance public telephones, are charged for at 25 cents each, and long distance messages are charged at the established long distance telephone rates. Local calls placed through the Relay South Carolina Center from a coin telephone are completed at no charge. (N)
(N)

Local messages from public telephones located on the site of correctional institutions, low income housing, non-profit hospitals, nursing homes, elementary and secondary schools, social services and locations within one block of low income housing are charged for at 10 cents each. Local calls placed through the Relay South Carolina Center from a coin telephone are completed at no charge. (N)
(N)

Note 1: Local income housing projects, for the purpose of this Tariff, means housing (permanent or mobile) supported or having support available in part or in full by Federal or State Governments or any political subdivision of either, whether multi-family or single-family dwellings and shall also include any other areas whose residents' per capita income is at a level which would justify the retention of the (\$0.10) charge.

- b. Directory Assistance Service applicable to Public Telephone Service:

Each Call \$.10

S7.1.5 **Speed Dial Access Arrangement**

- a. The Speed Dial Access Arrangement will provide a direct coinless access to the customer (interexchange carrier) point of presence without dialing its uniform access code.
- b. This service will be provided at sites selected by the Telephone Company within its operating areas and in connection with Company provided public telephone use only..
- c. A two-digit access code will be assigned to each customer by the Telephone Company.
- d. The provision of this service does not constitute a joint undertaking with the customer for the furnishing of any services.

S7.2 Semipublic Telephone Service

(M)

S7.2.1 Definition and Requirements

- a. Semipublic telephone service is that class of individual line exchange service furnished in locations which in the judgment of the Company are reasonably accessible to the public. It is not intended as a substitute for other service or as a means of providing an alternate service at a lower charge. Semipublic telephones are furnished if the nature and amount of usage indicate that it is suited to meet requirements at the following types of locations, and at the option of the Company:

(M)

- (1) Where there is an appreciable demand for service on the part of transients but where in the option of the Company the installation of a public telephone is not warranted.

S7.2.1 Definition and Requirements (Continued)

- a. (Continued)
 - (2) Where there is a collective use of the service by a relatively stable body of guests, members of clubs or transients.
 - (3) Where the demand for service is for a combination of customer and transient usage.
- b. Customers may display telephone signs furnished by the Company and allow the use of the station to the general public.
- c. The Company may terminate service at locations where any loss by theft, fraudulent practices, or from the use of slugs and spurious, mutilated or foreign coins occurs, unless the customer executes an agreement to indemnify the Company against such losses.

S7.2.2 Coin Box Semipublic Service

- a. Semipublic service normally will be equipped with a coin box.
- b. The Company has the right to require the customer to redeem all slugs and spurious, mutilated or foreign coins deposited in the coin collecting device at the value for which they were deposited wherein and to make good all losses due to theft or fraudulent practices. In the event the customer refuses to redeem such slugs and spurious, mutilated or foreign coins or to make good all losses due to theft or fraudulent practices, the Company may forthwith disconnect and remove its telephone and coin collecting device.

S7.2.3 Charges and Guarantees

- a. Local messages from semipublic telephones located on the site of hotels, motels, airports, bus stations, train stations, entertainment facilities, retail facilities, apartments, highways, military establishments, colleges, factories, medical groups, private profit making hospitals, organizations except for all offices of the Department of Social Services, city (T)

S7. COIN TELEPHONE SERVICE

S7.3 Public Telephone Access Service for Customer-Provided Equipment (CPE)

S7.3.1 General

- a. Public Telephone Access Service for CPE is an exchange line service provided at the request of the customer for telecommunications use by the general public at locations accessible to the general public.
- b. Public Telephone Access Service for CPE is provided for use with customer provided telephones.
- c. The carriage and completion of local messages and intraLATA toll messages are provided by the Company as stated in Section S3 and Section S18 of this Tariff. Local calls placed through the Relay South Carolina Center from a customer-provided coin telephone are completed at no charge. (N)
(N)
- d. Public Telephone Access Service for CPE is provided subject to the condition that telephone messages (local and long distance) placed from stations which are accessible to the public are completed over Public Telephone Access Service for CPE lines (or other Public or Semipublic lines). Where Public Telephone Access Service for CPE is furnished, any type or grade of business service offered regularly at that location may be furnished in addition, provided such business service is confined to locations solely for use by the particular establishment.
- e. Customer-provided public telephones may not be attached to other types of access lines. A customer must order a separate Public Telephone Access line for each CPE telephone installed and will be billed the tariffed rate for each line.
- f. Public Telephone Access Service for CPE will only be provided as two-way service except when the customer specifically requests one-way service and is granted an exemption by the Commission.

S7. COIN TELEPHONE SERVICE

S7.3 Public Telephone Access Service for Customer-Provided Equipment (CPE) (Continued)

S7.3.2 Responsibility of the Customer

- a. The customer shall be responsible for the installation, operation and maintenance of any customer-provided telephones used in connection with this service.
- b. The customer shall be responsible for payment of a Maintenance of Service Charge as covered in Section S4 of this Tariff for each visit by the Company to the premises of the customer, where the service difficulty or trouble reports result from the use of equipment provided by the customer. (D)
- c. Customer-provided telephones must be connected to the Company network in compliance with Part 68 of the FCC Rules and Regulations and have the following operational characteristics:
 - (1) Must be able to access the "Operator" at no charge to the calling party. Must have dialing instructions for Operator, 911 or emergency number and directory assistance.
 - (2) Must be able to access 911 Emergency Service, where available, at no charge.
 - (3) The appropriate emergency number (Operator, 911) must be clearly posted at each location of a customer-provided telephone.
 - (4) Directory Assistance, credit card and third number party billed calls must be able to be made without a coin deposit.
 - (5) Must clearly display information consisting of local address and telephone numbers where a caller can obtain assistance in the event that the customer-provided telephone malfunctions in any way. Must clearly indicate procedures for obtaining a refund from the customer and that the customer-provided telephone is not being provided by the Company. (The Company is not responsible for refunds of coins deposited in customerprovided coin-operated public telephones).

S7.3.2 **Responsibility of the Customer (Continued)**

- c. (Continued)
 - (6) Must be capable of accepting nickels, dimes and quarters; or dimes only; or quarters only and be equipped to return the coins to the caller in the case of an incomplete call.
 - (7) The telephone number of the line must be displayed on each CPE telephone.
 - (8) Must be capable of providing access to all interexchange carriers certified to do business in South Carolina.
- d. The customer to this service shall be responsible for any and all toll charges billed in connection with the Public Telephone Access Service.
- e. The customer is responsible for meeting all federal, state and local statutes with respect to provision of customer-provided telephones in accordance with all hearing impaired and handicapped person requirements.
- f. The customer is responsible for insuring that customerprovided telephones are installed in compliance with all Public Service Commission accepted telecommunications industry standards, and the current National Electric Code and National Electric Safety Code.
- g. The owner of a customer-provided telephone must apply for and receive an operating certificate from the Public Service Commission before the Company connects a Public Telephone Access Line.

S7.3.3 **Violations of Regulations**

- a. Where any customer-provided telephone is used and/or connected in violation of this Tariff, the Company will promptly notify the customer of the violation.
