RATE ZONE WIRE CENTERS

18.1 General

This section contains a list of each Telephone Company wire center that has been assigned to a rate zone or price band. Rate zones and price bands are applicable to the services specified in Sections 4.6.2(A), 4.6.2(B), and 4.6.2(E). This table lists wire centers assigned to Rate Zones 1, 2, 3, and Price Bands A, B and C, and Metropolitan Statistical Area (MSA).

Metropolitan Statistical Areas (MSAs) may achieve various phases of pricing relief pursuant to Subpart H of the FCC Part 69 Rules. Telephone Company MSAs which qualify for Phase II pricing relief are identified in this section by MSA Name.

To determine the pricing for the Direct-Trunk Transport rate element when the wire centers involved are located within different price zones/bands, apply the rates for the higher price zone or price band. Rates subject to pricing flexibility are noted as Price Band A, B, or C. Traditional Price CAP rates are in Zones 1, 2 and 3. Rates between corresponding zones/bands (1/A- 2/B- 3/C) are maintained for services not awarded pricing flexibility.
