

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services

In this Section normally scheduled working hours are Verizon Delaware LLC's normal business hours, 8 AM to 5 PM, Monday through Friday. Any work occurring outside of these hours, Monday through Friday, will be charged at "Overtime Rates". Any work occurring, on Saturday, Sunday or Holidays will be charged at "Premium Rates".

13.1 Additional Engineering

Additional Engineering will be provided by the Telephone Company at the request of the customer only when:

- (A) A customer requests additional technical information after the Telephone Company has already provided the technical information normally included on the Design Layout Report (DLR) as set forth in 6.1.4 and the Product Guide or Tariff for Special Access Services.
- (B) A customer requests the provision of engineering activities which are not normally provided as part of the design and installation of a service.
- (C) Additional engineering time is incurred by the Telephone Company to engineer a customer's request for a customized service as set forth in the Product Guide or Tariff for Special Access Services.

The Telephone Company will notify the customer that additional engineering charges, as set forth in 13.1.1 following, will apply before any additional engineering is undertaken.

13.1.1 Charges for Additional Engineering

<u>Additional Engineering Periods</u>	<u>USOC</u>	<u>First Half Hour or Fraction Thereof</u>	<u>Each Additional Half Hour or Fraction Thereof</u>
(A) Basic Time, regularly scheduled working hours, per engineer	AEH	\$64.93	\$27.97
(B) Overtime, outside of regularly scheduled working hours, per engineer	AEH	68.93	31.97

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.2 Additional Labor and Material

Additional labor is that labor requested by the customer on a given service as set forth in 13.2.1 through 13.2.5 following. Additional Labor and Material charges will be applied based on the cost of the time plus any material involved. The time spent will be charged to the customer based on the additional labor rates as set forth in the P.S.C.-Del.-No. 1 Tariff. The material used will be charged to the customer based on the level of charges on the current Telephone Company price list as specified in the P.S.C.-Del.-No. 1 Tariff. The Telephone Company will notify the customer that additional labor and material charges will apply before any additional labor and material are undertaken.

13.2.1 Overtime Installation

Overtime installation is that Telephone Company installation effort outside of regularly scheduled working hours.

13.2.2 Overtime Repair

Overtime repair is that Telephone Company maintenance effort performed outside of normally scheduled working hours to accommodate a specific customer maintenance request.

Charges will not apply when the trouble is determined to be in the Telephone Company facilities or equipment or no trouble is found.

When a dispatch is made to the customer's premise and a trouble is identified which is not the Telephone Company's responsibility, only the charges specified in 13.3.1 following will apply for the person dispatched to the customer's premise. Overtime repair charges for Telephone Company personnel at all involved locations will apply regardless of who is responsible for the trouble condition.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.2 Additional Labor and Material (Cont'd)13.2.3 Stand by

Stand by includes all time in excess of one-half (1/2) hour during which Telephone Company personnel stand by to make initial acceptance tests or cooperative tests with a customer to verify facility repair on a given service.

13.2.4 Testing and Maintenance with Other Telephone Companies

Additional testing, maintenance or repair of facilities which connect to facilities of other telephone companies, if they are not Concurring Carriers, which is in addition to normal effort required to test, maintain or repair facilities provided solely by the Telephone Company.

13.2.5 Other Labor

Other labor is that additional labor not included in 13.2.1 through 13.2.4 preceding and labor incurred to accommodate a specific customer request that involves only labor which is not covered by any other section of this Tariff.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.2 Additional Labor and Material (Cont'd)13.2.6 Charges for Additional Labor

The charges for additional labor are as follows:

<u>Additional Labor Periods</u>	<u>USOC</u>	<u>First Half Hour or Fraction Thereof</u>	<u>Each Additional Half Hour or Fraction Thereof</u>
(A) Installation or Repair			
- Overtime, outside of normally scheduled working hours on a scheduled work day, per technician	ALH	\$80.92*	\$25.97*
- Premium Time, outside of scheduled work day, per technician	ALH	90.91*	30.97*
(B) Stand by			
- Basic Time, normally scheduled working hours, per technician	ALT	None	20.98*
- Overtime, outside of normally scheduled working hours on a scheduled work day, per technician	ALT	None	25.97*
- Premium Time, outside of scheduled work day, per technician	ALT	None	30.97*

* A call-out of a Telephone Company employee at a time not consecutive with the employee's scheduled work period is subject to a minimum charge of two hours.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.2 Additional Labor and Material (Cont'd)13.2.6 Charges for Additional Labor (Cont'd)

The charges for additional labor are as follows:

<u>Additional Labor Periods</u>	<u>USOC</u>	<u>First Half Hour or Fraction Thereof</u>	<u>Each Additional Half Hour or Fraction Thereof</u>
(C) Testing and Maintenance with other telephone companies and Other Labor			
- Basic Time, normally scheduled working hours, per technician	ALK	\$72.93	\$21.98
- Overtime, outside of normally scheduled working hours on a scheduled work day, per technician	ALK	80.92*	26.97*
- Premium Time, outside of scheduled work day, per technician	ALK	89.91*	31.97*

13.3 Miscellaneous Services13.3.1 Maintenance of Service(A) Switched Access

When a customer reports a Switched Access Service trouble to the Telephone Company for clearance, the customer shall be responsible for payment of a Maintenance of Service charge when Telephone Company personnel are dispatched to the customer's premises and no trouble is found in the Telephone Company's facilities. Failure of Telephone Company personnel to find trouble in Telephone Company facilities will result in no charge if the trouble is actually in those facilities, but not discovered at the time.

* A call-out of a Telephone Company employee at a time not consecutive with the employee's scheduled work period is subject to a minimum charge of two hours.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.1 Maintenance of Service (Cont'd)(A) Switched Access (Cont'd)

The customer shall be responsible for payment of a Maintenance of Service charge when the Telephone Company dispatches personnel to the customer's premises, and the trouble is in equipment or communications systems provided by other than the Telephone Company or in detariffed CPE provided by the Telephone Company.

(B) Special Access

When a customer reports a Special Access service trouble to the Telephone Company for clearance, the customer shall be responsible for payment of a Maintenance of Service charge when the trouble is observed to be in the equipment or communications systems provided by other than the Telephone Company, or the trouble is not found to be in the Telephone Company facilities.

No credit allowance will be applicable for the interruption involved if the Maintenance of Service Charge applies.

In either (A) or (B) preceding, no credit allowance will be applicable for the interruption involved if the Maintenance of Service charge applies.

ACCESS SERVICE

Premium Time, outside scheduled working day, per technician	MVV	88.91*	30.97*

* A call-out of a Telephone Company employee at a time not consecutive with the employee's scheduled work period is subject to a minimum charge of two hours.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.2 Telecommunications Service Priority

Existing Restoration Priority (RP) was superseded by Telecommunications Service Priority (TSP), as specified in Section 10.7.4(A) preceding. Existing RP arrangements for Special Access Services will remain in effect until March 10, 1993. If RP Service is converted to TSP, the customer will incur the Priority Restoration Level Implementation Nonrecurring Charge as specified in Section 10.7.5(A) (2) (a) preceding.

13.3.3 Standard Jacks - Registration Program

Standard jacks are provided by the Telephone Company to connect Registered Equipment to those services that are subject to the Registration Program as set forth in 2.5 preceding. The use of jacks is covered in Part 68 of the F.C.C.'s Rules and Regulations. Specific jacks are described in the document on file with the F.C.C. entitled "Descriptions of Standard Registration Program Connection Configurations Supplementing Configurations Described in Subpart F of Part 68 of the F.C.C.'s Rules and Regulations."

These jacks are used to terminate services provided by the Telephone Company. Other services or facilities provided by the Telephone Company or by others may also be terminated in any spare capacity of the jacks remaining after installation without additional charge for the use of such capacity.

When jacks are ordered or otherwise required to install or to reterminate access, the provision of Additional Labor and Material set forth in 13.2 preceding apply.

13.3.4 Testing Services

The Telephone Company will, in addition to any customer requested acceptance testing, perform such tests as it believes necessary to insure that the access services ordered by a customer are functioning properly prior to turning over such access services to the customer. In addition, the Telephone Company as part of the ongoing work to maintain the continued satisfactory performance of the access services ordered by the customer, may perform periodic tests.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.4 Testing Services (Cont'd)

Testing Services offered under this Section of the Tariff are optional and subject to rates and charges as set forth in 13.3.4(C) following. Other testing services provided by the Telephone Company in association with Access Services are furnished at no additional charge. These other testing services are described in 6.1.6 and the Product Guide or Tariff for Special Access Services.

Testing services are normally provided by Telephone Company personnel at Telephone Company locations. However, provisions are made in (A) (5) and (B) (1) and (2) following for a customer to request Telephone Company personnel to perform testing services at the customer's premises.

The offering of Testing Services under this Section of the Tariff is made subject to the availability of the necessary qualified personnel and test equipment at the various test locations mentioned in (A), (B) and (C) following:

(A) Switched Access Service

Testing Services for Switched Access are comprised of (a) tests which are performed during the installation of a Switched Access Service, and (b) tests which are performed after approval of such access services by a customer, i.e., in-service tests. These in-service tests may be further divided into two broad categories of tests: scheduled and nonscheduled.

Scheduled tests are those tests performed by the Telephone Company on a regular basis, e.g., monthly, which result in the measurement of Switched Access Service. Scheduled test may be done on an automatic basis (no Telephone Company or customer technicians involved) or on a cooperative basis (Telephone Company technician(s) involved at Telephone Company office(s) and customer technician(s) involved at customer's premises).

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.4 Testing Services (Cont'd)(A) Switched Access Service (Cont'd)

Nonscheduled tests are performed by the Telephone Company "on demand", which result in the measurement of Switched Access Services. Nonscheduled tests may involve Telephone Company technicians at Telephone Company offices and at the customer's premises.

(1) Additional Cooperative Acceptance Testing

Additional Cooperative Acceptance Testing (ACAT) of Switched Access Service involves the Telephone Company provision of a technician at its office(s) and the customer provides a technician at its premises, with suitable test equipment to perform the required tests.

Additional Cooperative Acceptance Tests may, for an example, consist of the following tests:

- . C-Notched Noise
- . Impulse Noise
- . Phase Jitter
- . Signal to C-Notched Noise Ratio
- . Intermodulation (Nonlinear) Distortion
- . Frequency Shift (Offset)
- . Envelope Delay Distortion
- . Dial Pulse Percent Break

(2) Automatic Scheduled Testing

Automatic Scheduled Testing (AST) of Switched Access Services (Feature Groups B and D), where the customer provides remote office test lines and 105 test lines with associated responders or their functional equivalent, will consist of monthly loss and C-message noise tests and annual balance test. However, the customer may specify a more frequent schedule of tests. In addition to the loss/noise/balance tests, the customer may also order, at additional charges, gain-slope and C-notched noise testing.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services
(Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.4 Testing Services (Cont'd)(A) Switched Access Service (Cont'd)(2) Automatic Scheduled Testing (Cont'd)

The Telephone Company will provide a monthly AST report that lists the trunks within an exchange access group that failed to meet established requirements. Trunk test failures requiring customer participation for trouble resolution will be provided to the customer on an as-occurs basis.

(3) Cooperative Scheduled Testing

Cooperative Scheduled Testing (CST) of Switched Access Service (Feature Groups B and D and Directory Access Service not routed through an access tandem), where the Telephone Company provides a technician at its office(s) and the customer provides a technician at its premises, with suitable test equipment to perform the required tests, will consist of quarterly loss and C-message noise tests, and annual balance tests. However, the customer may specify a more frequent schedule of tests. In addition to the loss/noise/balance measurements, the customer may also order, at additional charges, gain-slope and C-notched noise testing.

The Telephone Company will provide, on a quarterly basis, a CST report that lists the test results for each trunk tested. Trunk test failures requiring customer participation for trouble resolution will be provided to the customer on an as-occurs basis.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.4 Testing Services (Cont'd)(A) Switched Access Service (Cont'd)(4) Manual Scheduled Testing

Manual Scheduled Testing (MST) of Switched Access Services (Feature Groups B and D Directory Access Service not routed through an access tandem), where the Telephone Company provides a technician at its office(s) and at the customer's premises, will consist of quarterly loss and C-message noise tests, and annual balance tests. However, the customer may specify a more frequent schedule of tests. In addition to the loss/noise/balance tests, the customer may also order, at additional charges, gain-slope and C-notched noise testing.

The Telephone Company will provide, on a quarterly basis, an MST report that lists the test results for each trunk tested. Trunk test failures requiring customer participation for trouble resolution will be provided to the customer on an as-occurs basis.

(5) Nonscheduled Testing

Nonscheduled Testing (NST) of Switched Access Services is where:

- the customer provides remote office test lines and 105 test lines with associated responders or their functional equivalent ("automatic testing"), or
- the Telephone Company provides a technician at its office(s) and the customer provides a technician at its premises, with suitable test equipment to perform the required tests ("cooperative testing").

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.4 Testing Services (Cont'd)(A) Switched Access Service (Cont'd)(5) Nonscheduled Testing (Cont'd)

- The Telephone Company provides a technician at its office(s) and/or at the customer's premises with suitable test equipment to perform the required tests ("manual testing").

Nonscheduled Tests may consist of any tests, e.g., loss, noise, slope, envelope delay, which the customer may request.

(6) Obligations of the Customer

- (A) The customer shall provide the Remote Office Test Line priming data to the Telephone Company, as appropriate, to support AST as set forth in 13.3.4(A) (2) preceding or NST as set forth in 13.3.4(A) (4) preceding.

- (B) The customer shall make the facilities to be tested available to the Telephone Company at times mutually agreed upon.

(B) Special Access Services

The Telephone Company will, at the request of a customer, provide assistance in performing specific tests requested by the customer.

ACCESS SERVICE

13. Additional Engineering, Additional Labor and Material and Miscellaneous Services (Cont'd)13.3 Miscellaneous Services (Cont'd)13.3.4 Testing Services (Cont'd)(B) Special Access Services (Cont'd)(1) Additional Cooperative Acceptance Testing (ACAT)

When a customer provides a technician at its premises or at the end user premises, with suitable test equipment to perform the required tests, the Telephone Company will provide a technician at its office for the purpose of conducting Additional Cooperative Acceptance Testing. These tests may, e.g., consist of the following:

- VG1 through VG5: Attenuation Distortion, C-Message Noise and Echo Control
- VG6 through VG12: Attenuation Distortion, C-Message Noise, Echo Control, Impulse Noise, Phase Jitter, Intermodulation Distortion, Envelope Delay Distortion and Frequency Shift

(2) Nonscheduled Testing (NST)

When a customer provides a technician at its premises or at the End User premises, with suitable test equipment to perform the required tests, the Telephone Company will provide a technician at its office for the purpose of conducting Nonscheduled Testing. At the customer's request, the Telephone Company will provide a technician at the customer's premises or at the End User premises. Nonscheduled tests may consist of any tests, e.g., loss, noise, slope, envelope delay, which the customer may request.

At the customer's request, the Telephone Company will provide a technician at the customer's premises or at the End User premises.

(3) Obligations of the Customer

When the customer subscribes to Testing Service as set forth in this section, the customer shall make the facilities to be tested available to the Telephone Company at times mutually agreed upon.
