B. UNLIMITED USAGE PACKAGE LOCAL CALLING AREAS - PA EXCHANGES OTHER THAN PHILADELPHIA/PITTSBURGH CITY AND SUBURBAN (Cont'd)

Following are listed the Unlimited Usage Package local calling areas for the Pennsylvania Exchange Areas. Where more than one Unlimited Usage Package Option is available, the local calling area for each option is shown. Where only one local calling area is shown for an exchange, the local calling area shown is for the Local Area Unlimited Usage Package Option.

Service is on an unlimited basis for Unlimited Usage Package customers in their local calling areas as described following. For Budget, Standard and Valu-Pak customers, the measured use rates apply to all completed outgoing calls made to points within the Measured Local Calling area. Stations bearing the central office designations of all exchanges and zones as covered in the Local Area Unlimited Usage Package calling area constitute the Measured Local Calling area.

For Hometown-Plus Usage Option customers, service is on a mixed unlimited and measured local use basis. It is on an unlimited basis for outgoing calls within the Home Exchange and other selected exchanges; it is on a measured local use basis for outgoing calls to non-selected exchanges in the customer's Measured Local Calling Area.
