

LOCAL EXCHANGE SERVICE

A. LOCAL CALLING PLAN*

1. GENERAL

LOCAL CALLING PLAN (LCP) is an optional IntraLATA intrastate plan offered to certain exchanges within the Erie and Capital LATAs. The calling area for each LCP exchange includes the home exchange, Extended Area Service (EAS) exchanges and selected toll route exchanges. LCP rates are in lieu of the rates normally applicable to Usage Sensitive Service, Message Toll Telephone Service and/or Optional Toll Calling Plan Service. The regulations and rates contained herein are in addition to applicable regulations and rates specified in this and other Company tariffs.

2. REGULATIONS

- a. Existing customers have the option of keeping their current message toll service or subscribing to the LOCAL CALLING PLAN. No customer may simultaneously subscribe on the same telephone account to the LOCAL CALLING PLAN and other optional calling plans offered by the Company. Customers subscribing to more than one LCP option will be billed via separate bills for lines associated with each LCP plan.

- b. The LOCAL CALLING PLAN consists of the following options:

BASIC CALLING PLAN--provides calling within the customer's home exchange, Local Calling Area and other designated exchanges using rates based upon the LCP distance bands.

COMMUNITY CALLING PLAN--provides flat rate calling within the customer's home exchange based on a monthly access line rate. Calls to other designated exchanges are rated using the LCP distance bands.

COMMUNITY PLUS PLAN--provides flat rate calling within the customer's home exchange and Local Calling Area exchanges. Calls to other designated exchanges are rated using LCP distance bands.

PREMIUM CALLING PLAN--provides flat rate calling within the customer's home exchange, Local Calling Area exchanges and other designated exchanges.

- c. Calls made to the specified areas must be dialed by the customer on a station to station sent-paid basis without operator assistance. Operator assisted (O+/O-) calls are excluded from the LOCAL CALLING PLAN and will be rated at appropriate message toll rates.

* Local Calling Plan is only available to existing residence and business customers who continue current LCP service at their present locations as of the effective date of this tariff change. Local Calling Plan is only available to existing CentraNet customers at existing locations as of the effective date of this tariff change. CentraNet customers may continue to add, change, or delete service on a per line basis within an existing business group, and may also change or renew commitment options until the service is completely disconnected.

These rates, terms and conditions are effective June 30, 2002.

Issued: April 30, 2002

Effective: July 21, 2002

LOCAL EXCHANGE SERVICE

A. LOCAL CALLING PLAN* (Cont'd)

2. REGULATIONS (Cont'd)

- d. The LOCAL CALLING PLAN provides calling to specified areas with each call measured on a time-of-day, day-of-week, distance called, frequency, and length-of message basis. Rates for messages between two points are based on the airline mileage between rate centers, except when the two points are located within the same exchange. Airline mileage between rate centers is determined as specified in this Company's Message Toll Telephone Service Tariff, Telephone-Pa. P.U.C. No. 8.
- e. Local Call Detail billing is optional at rates specified following. Local Call Detail includes date of call, telephone number called, time of call and number of minutes. Local Call Detail may be requested with the initial establishment of service. When requested subsequent to the establishment of the LCP, the customer must request it at least 30 days prior to the period for which the detail is desired.
- f. Flat rate and measured rate services will not be furnished to the same customer on the same premises where both services are rated on the same exchange, except as otherwise specified in the Telephone Company's applicable tariffs. This regulation, however, except as follows, will not be interpreted to prevent the provision of both types of service where it is established that one type of service is not to be used to supplement the use of the other type. Additional service provided to the same customer, or in the same household, is only permitted provided it is under the same LOCAL CALLING PLAN option.

3. RATES

- a. Charges for the LOCAL CALLING PLAN for residence and business customers are determined as follows:
 - (1) Basic Calling Plan - A monthly optional calling plan charge plus set-up charge and per minute rate apply for each completed out-going call. Dial Tone Line rates in Section 2 also apply.
 - (2) Community Calling and Community Plus Plans - A monthly optional calling plan plus set-up charge and per minute rate apply for certain completed out-going calls. Dial Tone Line rates in Section 2 also apply.
 - (3) Premium Calling Plan – A monthly optional calling plan charge applies. The Premium Calling Plan is not available to Business class of service customers. Dial Tone Line rates in Section 2 also apply.
- b. Charges for the LOCAL CALLING PLAN for Analog and Digital (ISDN) CentraNet are determined as follows:
 - (1) Basic Calling Plan – A monthly access line charge plus set-up charge and per minute rate apply for each completed out-going call.

- * Local Calling Plan is only available to existing residence and business customers who continue current LCP service at their present locations as of the effective date of this tariff change. Local Calling Plan is only available to existing CentraNet customers at existing locations as of the effective date of this tariff change. CentraNet customers may continue to add, change, or delete service on a per line basis within an existing business group, and may also change or renew commitment options until the service is completely disconnected.

These rates, terms and conditions are effective June 30, 2002.

LOCAL EXCHANGE SERVICE

A. LOCAL CALLING PLAN*

3. RATES (Cont'd)

- (2) Community Calling and Community Calling Plus Plans – A monthly access line charge plus set-up charge and per minute rate apply for certain completed out-going calls.
- (3) Premium Calling Plan – The Premium Calling Plan is not available to CentraNet class of service customers.
- c. The minute of use rate is charged for each minute or part, thereof, the customer is connected to the called party per the schedule listed below.
- d. Chargeable time for all calls begins when connection is established between the calling line and the called line or branch exchange, and ends when the calling line "hangs-up" thereby releasing the network connection. If the called line "hangs-up", but the calling line does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Telephone Company operator.
- e. The time-of-day and day-of-week discounts apply to all calls which are originated within the designated discount periods. The charges are determined separately for each rate period and the results are totaled.
- f. The discount rate applies to the following days and times:

	<u>From</u>	<u>Up To But Not Including</u>
Weekdays	10:00 p.m.	8:00 a.m.
Saturdays, Sundays	all day	

- * Local Calling Plan is only available to existing residence and business customers who continue current LCP service at their present locations as of the effective date of this tariff change. Local Calling Plan is only available to existing CentraNet customers at existing locations as of the effective date of this tariff change. CentraNet customers may continue to add, change, or delete service on a per line basis within an existing business group, and may also change or renew commitment options until the service is completely disconnected.
