LOCAL EXCHANGE SERVICE

I. SPECIAL CONDITIONS

A. General

1. Rates for local calling are applicable to the duration in minutes (rounded upward) of each message originating from a measured-rate line and terminating at a location within the Local (serving) Exchange or within an Extended Service Area as set forth in Section 4A, Local Exchanges, Extended Area Service and ZUM Zone 3.
2. All services listed may be furnished from any central office serving the exchange or district area at the discretion of the Company.
3. The rate for PBX trunks applies for each trunk ordered. Direct Inward Dialing Service (DID) station numbers may be purchased at rates set forth in part II.RATES.L. in this section.
4. Customers who subscribe to DID numbers for PBX trunks are required to keep 50% or more of the assigned numbers working at all times in order to retain assignment of their entire block of numbers. Customers must notify the Company if their usage level drops below 50% so that action can be initiated to reclaim the DID numbers.
5. In the Sierra Madre Exchange, the Company will provide, own and maintain all facilities between the central office and the boundary of the base rate area used to furnish service in the mountainous area located outside the base rate area and within the exchange area. The customer will provide, own and maintain all facilities used to provide service between the customer's station and the point of connection with the Company's facilities at the base rate area boundary. Exchange rates, based on the point of connection, will apply to these services.
6. While the Company's Basic Exchange Access Line Service may be used by the customer for dial-up access, the advertised speeds of the customer's modem may not be attainable with this service and are not guaranteed by the Company.

7. Reserved for Future Use

8. Vacation Service (Residential) - Vacation Service is for numbers already in service. The customer's number must be working for at least 90 days in a calendar year. Numbers may be reserved for a period of not less than one month and up to a maximum of nine months.

The charges applicable to Vacation Service for residence customers, including Section 3 Service Charges, will be waived during the Vacation Service period when the customer subscribes to a Regional Essentials bundle that includes a FiOS product. If the account has multiple lines, one of which is a Regional Essentials bundle with a FiOS product, the Vacation Service charges for all lines on the account will be waived for the length of the Vacation Service period.

(N)

During the Vacation Service period, the bundle term, if applicable, will also be suspended for customers subscribing to a Regional Essentials bundle with a FiOS product. At the end of the Vacation Service period, the bundle term will resume from where it was prior to the period of suspension.

(N)

Monthly rates are specified in Section II.RATES.H.

9. Reservation of Telephone Number (Business) - A business telephone number may be reserved after the listing in which the telephone number appears has been advanced to the directory and the customer subsequently delays or cancels the installation of the telephone service. The maximum period for which a telephone number may be reserved is 180 days.

C. Trunk Line Services

1. U.S. Government-Owned PBX Systems - Military and Naval Installations
 - a. The Company will own, furnish and maintain all lines, equipment and facilities used to furnish private branch exchange trunk line service for U.S. Government-owned PBX systems on military and naval installations to a point of connection with the U.S. Government-owned lines, which point of connection normally should be the base area boundary.
 - b. The U.S. Government will own and furnish all lines, equipment and facilities beyond the point of connection as specified in a. above.
 - c. All lines, equipment and facilities owned and furnished by the U.S. Government will be maintained at the expense of the U.S. Government.
2. Telephone systems owned and maintained by steamship companies on board their ships may be connected while in port with the exchange toll facilities of the Company where operating facilities permit.

D. Personalized Telephone Number (PTN)

1. Personalized Telephone Number (PTN) service provides the customer with a telephone number containing the digits the customer has specifically requested or with a telephone number selected through a customer- requested search of available telephone numbers. The charges set forth in II.RATES.J. following apply if the specifically-requested or search-selected telephone number is available.
2. Customers placing service orders which require the assignment of a new telephone number will be offered a choice of five available numbers. Any additional searching will be considered PTN service and will be charged accordingly.
3. PTN is subject to Schedule Cal. P.U.C. No. D&R Rule No. 17, which states, "the customer has no proprietary right in the number, and the Company may make such reasonable changes in the telephone number as the requirements of the service may demand."
4. All PTN-requested telephone numbers are subject to availability, and provided at the discretion of the Company.

E. Direct Inward Dialing Service (DID)

1. Equipment Arrangement

- a. This service is furnished where operating conditions and availability of facilities and equipment permit, subject to telephone number availability and in accordance with the terms and special conditions set forth in this guide.
- b. The Company will provide to the customer an equipment arrangement in the Company's central office to provide direct inward dialing service from the exchange and the message toll network directly to the customer premises.
 - (1) Where furnished with customer-provided dial switching equipment, terms and conditions for connection with customer-provided facilities and devices, as set forth in Schedule Cal. P.U.C. No. D&R, specifically, but not limited to Rule No. 41, customer-provided facilities connected to Company exchange facilities, will apply.
- c. In connection with the foregoing, where a reduction in the service is requested, the last equipment arrangement provided shall be considered to be the first removed.

Effective: December 1, 2008

E. Direct Inward Dialing Service (DID) - Continued

1. Equipment Arrangement - Continued

- d. This service must be provided on all lines in an exchange trunk group arranged for inward dialing service. Sequential numbers will be furnished and billed for in blocks of 20, 40 and 100 at charges and rates shown herein. The minimum order placed by a customer shall be one block of 20 numbers.

On customer-provided systems, the customer shall provide all necessary terminating equipment to maintain Company specified levels.

- e. Customers must agree to subscribe to sufficient direct inward dialing service trunks to maintain an average grade of service, whereby not more than one call out of each one hundred call attempts will be blocked during the average busy hour of the busy week of the busy season as measured at the Company's central office.

If the customer fails to subscribe to a sufficient number of trunks, the service will be disconnected based on procedures outlined in Schedule Cal. P.U.C. No. D&R, Rule 11, paragraph H and M.

- f. Customer-Provided Switching Systems must handle calls to all assigned numbers, including those that are not currently used with specific stations. Calls to numbers not currently used with specific stations must be routed by the customer to an attendant or a recorded announcement referring the caller to another number.
- g. Directory listings will be furnished in accordance with Section 19 of this Product Guide, Telephone Directory Service, as it applies to private branch exchange service. Direct inward dialing station numbers may be listed at appropriate rates. Customers are responsible for timely updating of all telephone number changes, disconnects, additions, etc in order to meet time schedule requirements for entry in or exclusion from the Company's telephone directory(s).
- h. Customer-provided equipment must meet industry standards established under direct distance dialing network requirement with regard to trunking, signaling, intercept, tone signals, etc.

Effective: December 1, 2008

E. Direct Inward Dialing Service (DID) - Continued

1. Equipment Arrangement - Continued

- i. Rates and charges are in addition to the rates and charges for other Company services or facilities with which this service is associated. Such services or facilities are limited to network, access, and central office offerings.
- j. All changes in rearrangement of, or additions to this service made at the customers request will be billed at the appropriate charges specified herein or in other applicable sections of this guide, such as, but not limited to Section 3, Service Charges.

When changes, in rearrangements of, or additions to this service are caused by Company-initiated telephone prefix (or code) reassignments, changes will be made by the Company at no charge to the customer.

- k. Service provided from a step-by-step (non-electronic) central office or a central office utilizing a GTD-4600 as the serving switch is limited as follows:
 - (1) When the customer subscribes to less than 1000 numbers, a separate trunk group is required for each group of 100 numbers and two digits will be forwarded to the customer premises.
 - (2) In order to have three digits forwarded to the customer premises, the customer must subscribe to a minimum of 1000 numbers which requires a separate trunk group for each 1000 numbers.
- l. Service provided from electronic central offices may be arranged to forward the number of digits to the customer premises as specified by the customer. A separate trunk group is not required for each group of numbers.
- m. When the customer requests non-direct inward dialing trunks changed to direct inward dialing trunks, these trunks will be considered new and the applicable service connection charges as shown in Section 3, Service Charges will apply.
- n. Discounted monthly rates are also available for DID Service when it is ordered in conjunction with PBX service. For rates, terms and conditions refer to parts I.F. and II.RATES.M.2.

Effective: December 1, 2008

2. Extended Basic Referral

Extended Basic Referral permits incoming DID trunks to be placed on intercept and routed to a "change number announcement." This service allows a business DID customer who is relocating within the Company or changing numbers to have as many internal lines placed on intercept as desired. Dialing the customer's former DID number results in a prerecorded message which announces the new number.

- a. Extended Basic Referral is offered to DID customers in five (5) DID number increments and is subject to the availability of facilities.
- b. Extended Basic Referral is offered as an enhancement to basic intercept service.
- c. Extended Basic Referral can only be ordered by business customers under two nonrecurring charge options. These service options are intervals of six months and twelve months.
- d. The customer can designate the quantity in five (5) DID Number increments to be placed on this service.
- e. This service must be ordered coincident with a service order request associated with discontinuing or changing a DID Number.
- f. The nonrecurring charge is in addition to all other Service Order Charges (Section 3) that may apply when this service is ordered.
- g. This service can only be ordered where DID service is offered.

3. Direct Inward/Outward Dialing Service (DIOD)

- a. Direct Inward/Outward Dialing Service (DIOD) is a central office based service that permits incoming calls to reach customer provided equipment without the assistance of an attendant, and allows the trunk to be used to place outgoing calls. This service is provisioned with E&M signaling and a 4-wire connection at the customer's premises. Touch Calling is a required feature of this service. Rotary hunt does not apply.
- b. The assignment of telephone numbers and the sequence of numbers assigned to a customer are made at the discretion of the Company. Telephone number charges, terms and conditions found in the DID section of this Product Guide apply to DIOD service.
- c. Customer-Provided Switching Systems must handle calls to all assigned numbers, including those that are not currently used with specific stations. Calls to numbers not currently used with specific stations must be routed by the customer to a recorded announcement referring the caller to another number.
- d. Trunks arranged for DIOD service may not be combined with trunk groups arranged to provide Direct Inward Dialing (DID) service. Overflow of calls between the two arrangements is not permitted.
- e. DIOD service is provided from central offices equipped to provide this service and subject to the availability of facilities.
- f. If a customer's normal serving central office is not equipped to provide DIOD service or the customer so requests, the service may be provided where facilities permit, from a Company central office different than that which normally serves the customer, but still within the same LATA, at the additional rates specified herein and under the terms and conditions applicable for Foreign Exchange (FX) service.
- g. See Section 2, B.15 for termination liability terms and conditions.

- h. When DIOD service becomes available or is subsequently requested from the central office that normally serves the customer, the service may be transferred to the normal serving central office. If the customer requests such a transfer, the customer will be subject to a change in telephone numbers and will also incur initial nonrecurring charges and applicable Service Order Charges in Section 2.
- i. A change in central office equipment could require the customer to discontinue the service or obtain service from another central office. The Company makes no guarantees and assumes no liability for loss of service to the customer, resulting from the conversion or upgrade of central office equipment.
- ji. DIOD service works in conjunction with Direct Inward Dialing (DID) service and the charges specified in II.RATES.L.3. are in addition to applicable rates and charges for DID service specified II.RATES.L.1.b.

F. PBX Discount Pricing Plan (DPP)

- 1. Customers subscribing to the 12, 24, and 36 month PBX Trunk Discount Pricing Plans are eligible for Verizon IntraLATA Toll usage discounts. Customers may also receive discounts on DID Service. (C)
- 2. Minimum Monthly Billing
 - a. Verizon IntraLATA Toll Service

A minimum monthly billing applies for all Verizon IntraLATA Toll usage as follows. For customers with a 12, 24 or 36 month PBX Term and less than 5000 minutes of use (MOU) per month, the Minimum Monthly Billing will be \$25.00 per PBX Trunk. For customers with a 12, 24, or 36 month PBX Term and 5000 or more MOU per month, the Minimum Monthly Billing will be negotiated. (C)
The Company will true up the actual toll usage annually. If the amount is less than 12 times the total PBX trunks multiplied by the per trunk minimum, the customer will be billed for the difference. (C)
The customer is also liable for the minimum monthly billing should the service be terminated (see I.F.3.b., Termination Liability).
