FACILITIES FOR INTRASTATE ACCESS

X. Special Federal Government FIA

A. General

This section covers FIA that are provided for use only by (T)
agencies or branches of the Federal Government and other users authorized by the Federal Government. FIA provided to state emergency operations centers are included. These FIA provide for command and control communications, including communications for national security, emergency preparedness and presidential requirements. They are required to assure continuity of Government in emergency and crisis situations and to provide for national security.

FIA for command and control communications and for national security and emergency preparedness sometimes required within a short time frame. These provisions are especially needed to meet presidential requirements or in response to natural, man-made, or declared emergencies. Requirements of this type cannot be forecasted and are usually needed for a relatively short period. The provision of FIA under these conditions may require the availability of facilities, such as portable microwave equipment, etc., which are provided on a temporary basis. (T)

B. Emergency Conditions

These FIA will be provided on the date requested or as soon as possible thereafter when the emergency falls into one of the following categories:

1. State of crisis declared by the National Command Authorities (includes commitments made to the National Communications System in the "National Plan for Emergencies and Major Disasters"). (D)

2. Efforts to protect endangered U.S. personnel or property both in the U.S. and abroad (includes space vehicle recovery and protection efforts). (D)

2. FIA Availability

In order to insure communications during periods of emergency, the Utility will (within the limits of good management) make available the necessary facilities to restore FIA in the event of damage or to provide temporary emergency FIA.

In order to meet the requirements of agencies or branches of the Federal Government, the Utility may utilize Government owned facilities, when necessary, to provide FIA.

F. Federal Government Regulations

FIA provided to the Federal Government will be billed in arrears, as required by Federal procurement or disbursement regulations or as established by law. ICs providing service to Federal Government are not entitled to the benefits of those laws or regulations providing for billing the Federal Government in arrears. (C)

H. FIA Offerings to the Federal Government

The following FIA are provided to a customer only for agencies or branches of the Federal Government. Access Services provided to the Federal Government, but not specified in the following, will be provided In accordance with the regulations and rates set forth in other sections of this tariff. (N)

1. Type and Description

a. Voiceband Special Access (T)

(1) Voice Grade Secure Communications Type I

Approximate bandwidth of 10 to 50,000 Hz. Furnished for two-point secure communications on two-wire or four-wire metallic facilities between a point of presence and an end user premises. For conditioning provisions, refer to GTOC FCC No. 1. (T) (T)

(2) Voice Grade Secure Communications Type II

Approximate bandwidth 10-50,000 Hz. Furnished on four-wire metallic facilities for duplex operation for two-point secure communication between a point of presence and an end user's premises. For conditioning provisions, refer to GTOC FCC No. 1. (T) (T)

(3) Voice Grade Secure Communications Type III

Approximate bandwidth 10-50,000 Hz. Furnished on four-wire metallic facilities for two-point secure communication between a point of presence and an end user's premises. For conditioning provisions, refer to GTOC FCC No. 1. (T)

(4) Voice Grade Secure Communications Type IV

Approximate bandwidth 10 to 50,000 Hz. Furnished on four-wire metallic facilities for duplex operations for two.point secure communications between two points of presence. For conditioning provisions, refer to GTOC FCC No. 1. (T)

b. Special Wideband Digital Special Access (L)

Special Access arrangements for secured communicaions to accommodate the transmission of binary digital baseband signals in a random polar format. (T) (L)

(1) Wideband Secure Communications Type I

For transmission at the rate of 18,750 bits per second.

(2) Wideband Secure Communications Type II

For transmission at the rate of 50,000 bits per secOnd.

(3) Wideband Secure Communications Type III

To accommodate the transmission of restored polar two-level facsimile signals with a minimum signal element width of 20 microseconds at a rate of 50,000 bits per second.

To accommodate the transmission of binary digital baseband signals in a random polar format at the rate of 50,000 bits per second.

2. Mileage Application

Mileage for rate application is the airline distance measured between the two related Special Access terminating points (i.e., point of presence and end user premises). (T)

3. Rates and Charges

a. Voiceband Special Access

The provision of T-3 and G conditioned Special Access contemplates station and tandem switching operations using customer provided equipment, as well as Special Access. Separate Narrowband or dice Grade Special Access, where required by (T) (T)

c. Move Charges

When Special Access service requiring T-3 conditioning, T-3 additional conditioning, or a Special Access requiring G conditioning is moved to a different premises or to a different building, the full nonrecurring charge applies; when moved to a new location on the same premises, a charge of one half the nonrecurring charge applies. (T) (T)

When any FIA for which a termination charge is specified is moved and is installed at a new location the customer may elect: (T)

(1) to pay the unexpired portion of the termination charge for the FIA, if any, with the application of a nonrecurring charge and the establishment of a new termination charge for such FIA at the new location; or

(2) to continue the FIA subject to the unexpired portion of the termination charge, if any, and pay the estimated costs of moving such FIA, provided that the customer requests these charges be quoted prior to ordering the FIA move. Charges for moving such FIA will be based on estimated costs attributable to the move. (T)
