SERVICES FOR THE DEAF, HEARING IMPAIRED, MOTION IMPAIRED, SPEECH IMPAIRED, VISION IMPAIRED AND COGNITION IMPAIRED (T)

I. GENERAL

APPLICABILITY

Applicable to equipment and services for the deaf, hearing impaired, motion impaired, speech impaired, vision impaired and cognition impaired whether the condition is permanent or temporary. (T) (T)

C.P.U.C. Decision 87-04-027 orders that the Deaf Equipment Acquisition Fund Trust (Trust) shall administer the program for the disabled. Revenue for the Trust comes from the Deaf Equipment Acquisition Fund billing surcharge pursuant to Section 2881 (d) of the Public Utilities Code.

The Trust will provide special equipment or facilities to enable qualified customers or qualified employees of small business customers to use the telephone network. The equipment will be provided at no charge to the subscriber. Qualifications for this program are listed in Special Conditions.

The Trust specifically provides amplifiers, artificial larynx and electrolarynx, speed calling, three-way calling, telecommunication devices for the deaf and speech impaired, touch tone calling and TSPS operator access (one number dialer). In addition, the Trust provides standard special needs equipment and special needs assembly (on a case by case basis) to qualified persons. (T)

Charges incurred by the Utility in connection with providing this equipment and service will be paid for by the Trust.

TERRITORY

Within the boundaries of all exchanges as defined on maps filed as part of the tariff schedules.

Applicable to equipment and services for the deaf, hearing impaired, motion impaired, speech impaired and vision impaired whether the condition is permanent or temporary.

C.P.U.C. Decision 87-04-027 orders that the Deaf Equipment Acquisition Fund Trust (Trust) shall administer the program for the disabled. Revenue for the Trust comes from the Deaf Equipment Acquisition Fund billing surcharge pursuant to Section 2881 (d) of the Public Utilities Code.

The Trust will provide special equipment or facilities to enable qualified customers or qualified employees of small business customers to use the telephone network. The equipment will be provided at no charge to the subscriber. Qualifications for this program are listed in Special Conditions.

This Utility has and will maintain a central location (Special Needs Center) for customer records, information, equipment and services availability and customer training as well as delivery, maintenance and repair policy.

The Trust specifically provides amplifiers, artificial larynx and electrolarynx, speed calling, telecommunication devices for the deaf and speech impaired, touch tone calling and TSPS operator access (one number dialer). In addition, the Trust provides standard special needs equipment and special needs assembly (on a case by case basis) to qualified persons.

Charges incurred by the Utility in connection with providing this equipment and service will be paid for by the Trust. The Special Needs Center will authorize charges to the Trust.

The Special Needs Center will work with the Trust in matters of billing, case by case situations, inventory, public awareness, tracking and liaison in areas pertinent to the program.

TERRITORY

Within the boundaries of all exchanges as defined on maps filed as part of the tariff schedules.

II. RATES

A. In accordance with Resolution T-15504, as of July 1, 1994, the surcharge which funds California Relay Service and other Deaf and Disabled Telecommunication Programs [1] will be identified on the subscriber's bill as the "California Relay Services and Communication Devices Fund". (T)

Pursuant to Resolution T-16901, all telecommunications carriers are required to apply CPUC mandated Public Program surcharges to the rates for all end user intrastate services except: (C)

a. ULTS access lines, installation, billing and local calls under the ULTS allowance
b. charges to other certificated carriers for services that are to be resold
c. coin sent paid telephone calls (coin in box) and debit card calls
d. customer specific contracts existing on or prior to 9/15/94
e. usage charges for coin-operated pay telephones
f. directory advertising
g. one-way radio paging

For a list of the Public Program surcharges and the amounts, refer to the Pacific Bell (d.b.a. SBC California) tariffs. (C)

(D)

(D)

(L)

(L)

(D)
(D)

[1] The surcharge for the Deaf and Disabled Telecommunications Program (DDTP) includes the Telecommunications Devices for the Deaf (TDD) and the Telecommunications Placement Interim Committee (TPIC) requirements.

IMPAIRED, SPEECH IMPAIRED, VISION IMPAIRED AND COGNITION IMPAIRED

II. RATES

A. The following surcharge shall be applied to each telecommunication subscriber's intrastate tariffed rates for all services provided both within a service area and between service areas, except:

-Coin sent paid,
-One-way radio paging
-Contracts existing on or prior to September 15, 1994,
-COPT Usage,
-Access charges paid by 1 CPCN company to another,
-ULTS access lines, installation, billing and local calls, placed under the ULTS allowance.
-Directory Advertising

The surcharge rates [1] are as follows:

July 1, 1993 through December 31, 1993	0.2%	
January 1, 1994 through December 31, 1995	0.3%	
January 1, 1996 through December 31, 1997	0.36%	
January 1, 1998 through December 31, 1998	0.25%	
January 1, 1999 through May 31, 2000	0.192%	
June 1, 2000 through December 31, 2000	0.281%	
January 1, 2001 through August 31, 2001	0.00%	
September 1, 2001 through November 30, 2001	0.481%	
December 1, 2001 through September 30, 2002	0.48%	
October 1, 2002 through June 30, 2003	0.30%	
July 1, 2003 through January 31, 2004	0.047%	(T)
February 1, 2004 and thereafter, unless otherwise ordered	0.30%	(C)

In accordance with Resolution T-15504, as of July 1, 1994, the surcharge which funds California Relay Service and other Deaf and Disabled Telecommunication Programs will be identified on the subscriber's bill as the "California Relay Services and Communication Devices Fund".

In accordance with Resolution T-16816, as of February 1, 2004, the surcharge for the California Relay Services and Communication Devices Fund will be 0.30%. (T) (C)

[1] The surcharge for the Deaf and Disabled Telecommunications Program (DDTP) includes the Telecommunications Devices for the Deaf (TDD) and the Telecommunications Placement Interim Committee (TPIC) requirements.

A. The following surcharge shall be applied to each telecommunication subscriber's intrastate tariffed rates for all services provided both within a service area and between service areas, except:

-Coin sent paid,
-One-way radio paging
-Contracts existing on or prior to September 15, 1994,
-COPT Usage,
-Access charges paid by 1 CPCN company to another,
-ULTS access lines, installation, billing and local calls, placed under the ULTS allowance.
-Directory Advertising

The surcharge rates [1] are as follows: (T)

July 1, 1993 through December 31, 1993	0.2%	
January 1, 1994 through December 31, 1995	0.3%	
January 1, 1996 through December 31, 1997	0.36%	
January 1, 1998 through December 31, 1998	0.25%	
January 1, 1999 through May 31, 2000	0.192%	
June 1, 2000 through December 31, 2000	0.281%	
January 1, 2001 through August 31, 2001	0.00%	
September 1, 2001 through November 30, 2001	0.481%	(T)
December 1, 2001 and thereafter, unless otherwise ordered	0.48%	(N)

In accordance with Resolution T-15504, as of July 1, 1994, the surcharge which funds California Relay Service and other Deaf and Disabled Telecommunication Programs will be identified on the subscriber's bill as the "California Relay Services and Communication Devices Fund".

In accordance with Resolution T-16590, as of December 1, 2001, the surcharge for the California Relay Services and Communication Devices Fund will be 0.48%. (T) (T)

[1] The surcharge for the Deaf and Disabled Telecommunications Program (DDTP) includes the Telecommunications Devices for the Deaf (TDD) and the Telecommunications Placement Interim Committee (TPIC) requirements. (N) (N)

III. SPECIAL CONDITIONS

A. DEFINITIONS

1. Small Business Customer is a business customer who subscribes to five or fewer individual-line, business-class, Basic Exchange Access Line services. (The definition of small business is not meant to exclude qualified individuals whose primary residence is listed under business service. Provision of services is limited to situations where compatibility is technically achievable.)

2. 711 is a nationwide abbreviated dialing code used by persons with hearing and speech disabilities to reach Telecommunications Relay Service (TRS) providers. Access to the California Relay Service via the 711 abbreviated dialing code will be free.

B. GENERAL

1. In 1981, pursuant to the order of the California Public Utilities Commission and the provisions of Section No. 2881 (d) of the California Public Utilities Code, a Deaf Equipment Acquisition Trust (Trust) was established. The Trust recovers costs of providing equipment and services for the deaf, hearing impaired, motion impaired, speech impaired, vision impaired and cognition impaired. The Trust is funded by a surcharge on all telephone customers in the state. The surcharge is applied as a percentage on each subscriber's monthly bill. (T)

   Pursuant to state law the surcharge specified under II. RATES will be identified separately on each customer's bill as "communication devices fund for deaf and disabled."

2. An impairment impeding access to the exchange and toll networks must be determined and certified by a competent authority. A competent authority is defined as:

   (a) A physician or surgeon who is California licensed, or exempt from such licensing, in accordance with Division 2, Chapter 5, Article 3, of the California Business and Professions Code.

   (b) A California licensed audiologist or qualified state agency acting within the scope of the license.

2. A competent authority is defined as: - Continued

(c) An authorized representative of agencies approved by the California Public Utilities Commission.

(d) Temporarily impaired persons who submit a medical certificate shall be included in the disabled program as long as the person is certified impaired.

3. Service under this schedule will apply upon receipt of a completed certification form provided by the California Deaf and Disabled Telecommunication Program (DDTP). A letter from a competent authority (on official letterhead) is acceptable in lieu of the certification portion of the form. However, the customer will be required to complete the remainder of the form. (T) (T)

4. The Utility will verify the information from the original certification with current Utility records. If there is a discrepancy in the telephone number, name and/or address, the customer will be notified, and the existing certificate will be updated or terminated.

5. Where there is no longer a certified handicapped individual on the premises, a business or residence customer must notify the Utility that service under this schedule is no longer required and request the service be disconnected or provided under other appropriate schedules. The charges in Schedule Cal. P.U.C. No. A-41 will not be applicable to this change.

6. Residence customers - The certified person must reside in the household of a customer who is responsible for payment of telephone services provided.

7. Business Customers

(a) Small business customers may subscribe to services provided according to the rates and conditions of this schedule as long as the business is operated by or employs individuals who qualify and are certified accordingly.

8. Telecommunication devices (TDDs) may be used with station lines or with individual Basic Exchange Access Lines. Some telecommunication devices may require individual line service. Charges and rates for all lines will be billed to the subscriber.

(D)
(D)

9. California Relay Service (CRS) (T)

This service has been implemented by California telephone companies and will enable hearing or speech impaired telecommunications device users to reach all other telephone users within California. The service will relay typed messages by TDD users, through trained communication assistants, to the called party. The system also works in reverse allowing a customer without a TDD to initiate the call. Speech-to-speech assistance is also available. (T) (T)

There is no additional charge for using CRS. The service is available 24 hours, seven days a week and has toll free 800 numbers. Telephone directories will have white page listings for California Relay Service.

All types of calls now in our filed tariffs, including Discount Calling Plans, are available with CRS as long as originating, receiving and billing telephone numbers are within California. Exceptions to this statement are: (1) Calls to 900 or 976 Service, and (2) Calling Cards with a billing number outside of California.

Billing for long distance calls will be at the rates shown in filed tariffs. Local coin sent-paid calls are provided free of charge.

711 is a nationwide abbreviated dialing code used by persons with hearing and speech disabilities to reach Telecommunications Relay Service (TRS) providers. Access to the California Relay Service via the 711 abbreviated dialing code will be free.
