CUSTOMER OWNED PAY TELEPHONE (COPT) SERVICE

I. APPLICABILITY

Applicable to Customer Owned Pay Telephone (COPT) Service.

For Billing and Collecting of Pay Station Service Charge - the applicability of this tariff is under conditions permitting billing of customers of the Utility for services provided by others. (T)(L) (L)

II. TERRITORY

Within all exchange areas, as those areas are defined by maps filed as part of GTEC's tariff schedules.

(L) Material previously shown in Schedule Cal. P.U.C. No. A-8, 6th Revised Sheet 1.

Continued

CUSTOMER OWNED PAY TELEPHONE (COPT) SERVICE

III. GENERAL - Continued

A. Special Conditions

1. Connection of Customer-Owned Pay Telephones to the Utility's Public Switched Network

a. A Customer-Owned Pay Telephone may be connected to the Utility's public switched network. A line connecting a customer-owned pay telephone set is a business class service.

b. COPT providers who connect COPTs to the Utility's network must comply with the terms and conditions of Decision No. 85-11-057 of November 13, 1985, Decision No. 86-01-059 of January 23, 1986, and Decision 90-06-018 of June 6, 1990. Copies of the CPUC's rules and regulations regarding the aforementioned decisions may be obtained from the Utility.

2. Screening/Blocking

a. Call screening and blocking are the responsibility of the COPT provider. Subscription to Call Restriction Option II and Call Restriction Option IV and Option V of Schedule Cal. P.U.C. No. A-40 or Billed Number Screening of Schedule Cal. P.U.C. No. A-27, is optional. The Utility recommends when connecting a customer-owned pay telephone to the switched network that the customer subscribe to Call Restriction Option II and Call Restriction Option V or Billed Number Screening in exchanges in which those services can be provided. Coin Line Service includes the cost for providing call screening. (T) (T) (T)

b. If Billed Number Screening or Call Restriction Option II and Call Restriction Option V are not available in an exchange in which a customer wants to connect a customer-owned pay telephone or if the customer chooses not to subscribe to these services, the pay telephone may be connected, but the Utility will not refund or credit the customer for calls made from the customer's line or other calls billed to the customer's line. (T) (T)

3. Refunds/Credits

The Utility will not offer refunds/credits to either customer or clients (end users) of customers with individual line service connected to a customer-owned pay telephone set.

(D)
(D)

Continued

CUSTOMER OWNED PAY TELEPHONE (COPT) SERVICE (N)

III. GENERAL (T)(L)

A. Special Conditions (T)

1. Connection of Customer-Owned Pay Telephones to the Utility's Public Switched Network (T)

a. A Customer-Owned Pay Telephone may be connected to the Utility's public switched network. A line connecting a customer-owned pay telephone set is a business class service. (T) (L)

b. COPT providers who connect COPTs to the Utility's network must comply with the terms and conditions of Decision No. 85-11-057 of November 13, 1985, Decision No. 86-01-059 of January 23, 1986, and Decision 90-06-018 of June 6, 1990. Copies of the CPUC's rules and regulations regarding the aforementioned decisions may be obtained from the Utility. (T)(L1) (L1)

2. Screening/Blocking (T)(L)

a. Call screening and blocking are the responsibility of the COPT provider. Subscription to Call Restriction Option II and Call Restriction Option IV and Option V of Schedule Cal. P.U.C. No. A-40 is optional. The Utility recommends when connecting a customer-owned pay telephone to the switched network that the customer subscribe to Call Restriction Option II and Call Restriction Option V in exchanges in which those services can be provided as offered in Schedule Cal. P.U.C. No. A-40. Coin Line Service includes the cost for providing call screening. (T) (N) (N)

b. If Call Restriction Option II and Call Restriction Option V are not available in an exchange in which a customer wants to connect a customer-owned pay telephone or if the customer chooses not to subscribe to these services, the pay telephone may be connected, but the Utility will not refund or credit to the customer for calls made from the customer's line or other calls billed to the customer's line. (T)

3. Refunds/Credits (T)

The Utility will not offer refunds/credits to either customer or clients (end users) of customers with individual line service connected to a customer-owned pay telephone set. (T) (L)

(L) Material previously shown in Schedule Cal. P.U.C. No. A-1, 29th Revised Sheet 14.

4. Responsibility of the COPT Provider

a. The COPT provider will be responsible for payment of appropriate charges for 411 Directory Assistance Service. Directory Assistance Service will be billed to the subscriber in accordance with the rates and conditions set forth in Schedule Cal. P.U.C. No. D-3.

b. Rating of calls made from a COPT is the responsibility of the provider.

c. The COPT provider will be responsible for installing in a well-lighted location adjacent to each COPT a clearly legible, permanently printed sign indicating the following:

(1) Toll free telephone number and address of COPT.
(2) Dialing instructions.
- Dialing Sequence
- Dial O to reach LEC operator
- Access to long distance operator (00)
- 1+ and 0+ instructions
(3) Rates for local calls.
(4) Time limits of local calls.

4. Responsibility of the COPT Provider

f. COPT providers must comply with CPUC General Order 107-B, Rules and Regulations concerning the Privacy of Telephone Communications.

g. COPT providers must submit a new application form to the Utility upon transferring the ownership of, relocating, or replacing a COPT. Service may be terminated for violation of any of the tariff conditions.

h. The COPT provider will be responsible for payment of local and ZUM usage rates and Utility and interexchange carrier toll rates for all sent-paid calls originated from the COPT. In addition, COPT providers (including COPT Coin Line Service) are responsible for payment of the following monthly rates per line:

(1)	Public Policy Payphone Program Fee	$ 0.00
(2)	Operator Services Zero-Minus Cost Fee	$ 0.00

(D)
(T)

The sum of the monthly fees plus the amounts equal to the monthly rates for blocking and screening services shall not exceed $9.00 per month.

i. Before connection of a COPT for public use, the COPT provider must complete and submit an application form to the Utility.

j. COPT providers are eligible to subscribe to Discount Calling Plans and WATS Services [1] where technology is feasible. Discount Calling Plan usage may be aggregated for a single billed telephone number as described in Schedule Cal. P.U.C. No. B-4, Discount Calling Plans.

5. All conditions of Schedule Cal. P.U.C. No. D-1 apply to customers connecting customer-owned pay telephone sets to an individual-line business service.

6. All appropriate charges in Schedule Cal. P.U.C. No. A-41 apply, except as shown below:

a. Supersedures will be charged $12.26 per line.

b. All other record-type only changes will be charged $11.11 per line. See Schedule Cal. P.U.C. No. A-41 for Subsequent Order Special Conditions.

[1] Wide Area Telecommunications Service (WATS) is grandfathered and limited to existing customers at existing locations as of January 13, 2005. (P)

CUSTOMER OWNED PAY TELEPHONE (COPT) SERVICE

III. GENERAL - Continued

B. Optional Features

1. Answer Supervision

Answer Supervision is the line side functionality that provides an electrical signal to the calling end of a switched telephone connection when the called line goes off-hook. COPT Answer Supervision will be provided for use with COPT Service as specified in this tariff schedule to assist in determining when billing for a specific call should commence.

2. Billed Number Screening (BNS) is an interactive operator screening service which disallows other calling parties to bill collect or third-party calls to a telephone number in the BNS database tables. BNS alerts an operator to restrict billing of incoming calls to the payphone line. (N) (N)

C. Compensable Call Tracking Report (CCT)

The Compensable Call Tracking (CCT) Report provides a tracking mechanism for Independent Payphone Providers (IPPs) to utilize in tracking compensable calls. This report reflects the number of call attempts made on a carrier's network, segmented into four duration categories: 0-14 seconds, 15-29 seconds, 30-44 seconds, and 45 seconds and up. This report does not identify whether calls are completed.

The CCT Report is available to all IPPs who lease access lines through the Utility and is provided on a quarterly basis. Charges are applicable on a per pay phone basis.

CUSTOMER OWNED PAY TELEPHONE (COPT) SERVICE

V. COIN LINE SERVICE

A. Rates and Charges

1. COPT Coin Line Service is provided on a Fixed Rate basis. The following monthly rate is applicable for COPT Coin Line Service on a per-line basis.

		MONTHLY RATE
(a)	Coin Line, per line	$ 26.45 (20230) (20231)

B. Definitions and Requirements

1. Customer-Owned Pay Telephone (COPT) Coin Line Service is a coin voice grade exchange line that provides switch based dial tone first (DTF) coin line functionalities for non-local Exchange Company customer-owned pay telephones.

2. COPT Coin Line Service is provided at the request of a COPT provider that provides pay telephone service with switch based coin line functionalities to the public on a resale basis. (D)

3. A COPT Coin Line subscriber must use a separate COPT Coin Line for each pay telephone instrument installed and will be billed the tariffed rate for each line. Off-premise extensions to a COPT Coin Line are not permitted.

V. COIN LINE SERVICE - Continued

B. Definitions and Requirements - Continued

4. Where COPT Coin Line Service is provided, any type or grade of residence or business service offered regularly at that location may also be furnished, provided such residence or business service is confined to locations solely for use by the particular establishment.

5. The Utility shall not be liable for shortages of coins deposited and/or collected from the COPT Coin Line subscriber' s equipment.

6. The Utility shall not be liable for end-user fraud associated with failure of the subscriber's equipment to perform. (D)

(D)

7. COPT Coin Line Service will be provided from central offices where facilities are available. (T)

6. The Utility shall not be liable for end-user fraud associated with failure of the subscriber's equipment to perform.

7. Suspension of service for nonpayment as specified in Schedule Cal. P.U.C. No. D&R is not applicable to COPT Coin Line Service unless the instrument is located within an establishment which is temporarily closed and, as such, will be totally inaccessible to the general public for the period of suspension. In all cases, the decision to permit suspension of service for a COPT Coin Line rests with the Utility.

8. COPT Coin Line Service will be provided from central offices where facilities are available. (N)

Continued

CUSTOMER OWNED PAY TELEPHONE (COPT) SERVICE

V. COIN LINE SERVICE - Continued

C. Features

1. Service is provided in equal access Stored Program Control (SPC) central offices where coin line control equipment is available.

2. Service is provided on a one-way or a two-way basis at the customer's option.

3. Coin signaling, including coin collect and coin return, is provided by the network. Coin collect identifies when a call is completed. Coin return occurs when a no answer or busy signal is encountered.

4. Billed Number Screening (BNS) is provided for the automatic blocking via validation data bases of third number billing, collect billing, or both to the line.

5. Selective Class of Call Screening is provided to alert operator services systems (live and mechanical) that a call is originating from a COPT Coin Line which may require special handling and billing treatment.

6. Central office 900 and 976 blocking is provided.

7. Standard recorded announcements used for calls from the Utility's Public Telephone Service pay telephones are used for calls that originate from a COPT Coin Line.

8. Coin Line Service includes rating of calls, but sent-paid local calls may be rated by the COPT Coin Line subscriber. End user charges for coin sent-paid calls and directory assistance are deregulated pursuant to FCC Decision CC Docket 96-128, XXX XX,XX. (T) (N) (N)

D. Responsibility of the Subscriber

1. The subscriber is subject to the requirements for COPT Service as set forth in III.A.

2. The subscriber is responsible for the payment of all charges for outgoing sent-paid local calls and message toll telephone service calls.

3. Special billing and coin sharing arrangements between a COPT Coin Line Subscriber and another carrier are the responsibility of the COPT Coin Line subscriber.

4. It is the subscriber's responsibility-to ensure instruments used in conjunction with the COPT Coin Line Service are compatible with the Utility's network.

E. Rate Regulations

1. No charge will be imposed for incoming calls.

2. Sent-paid local calls will be rated by the Central Office.

3. Operator assisted sent-paid local calls will be rated to the end-user at the appropriate additive operator service charges as specified in Schedule Cal. P.U.C. No. O-1. Non-sent paid local calls will be rated to the end-user at the appropriate additive operator service charges as specified in Schedule Cal. P.U.C. No. O-1. (T) | (T)
