6. Corporate Rewards

Corporate Rewards is a billing arrangement that provides business customers an optional calling plan with various discounts.

The various discounts offered by Corporate Rewards consist of the following components:

a. Qualifying Usage - Uniform rates that do not vary by time of day or day of week, billed on a per minute basis and timed at one second increments, apply to the following types of customer-dialed station-to-station sent paid calls:

(1) Local Measured Service (LMS)
(2) Zone Usage Measurement (ZUM), including Circuit Switched Data
(3) Toll Usage Message Telecommunications Service (MTS), including Circuit Switched Data

b. Volume Discount Rate - applies to qualifying, monthly usage services based on aggregated usage volumes across all customer Billing Telephone Numbers (BTNs) subscribing to Corporate Rewards. Qualifying usage revenue is based on rating usage at the Corporate Rewards base rate. The discount rate is automatically adjusted should a customer's qualifying revenue vary between Corporate Rewards Tiers. There is a maximum and a minimum qualifying usage threshold that a customer's usage must be within in order to qualify for a volume discount rate. (T) (T)

c. CentraNet® Additive - The qualifying Corporate Rewards Tier for customers with CentraNet® lines is determined by adding together the qualifying usage revenue with the qualifying CentraNet® Additive revenue. Qualifying CentraNet® Additive revenue is determined by multiplying the qualifying CentraNet® lines by the CentraNet® line additive in III.F.5. (N) (N)

d. Loyalty Discount - Customers who sign a 12-, 24-, or 36-month term agreement will qualify for a loyalty Discount. The Loyalty discount will apply in the thirteenth month when the Corporate Rewards service application is automatically renewed unless the customer terminates the application in writing. For each consecutive renewal, up to and including the fifth year, a customer will receive an increased loyalty discount. After the fifth year, customers will continue to receive a loyalty discount capped at the fifth year discount level. The loyalty discount will apply to the customer's discounted monthly usage rates and will be applied on a BTN level. Customers that exceed Tier 4 maximum monthly aggregated usage volume will not receive a loyalty discount. (T)

6. Corporate Rewards (N) (L)

Corporate Rewards is a billing arrangement that provides business customers an optional calling plan with various discounts. Corporate Rewards requires a minimum one year term commitment which will be automatically renewed for another one year period, unless the customer notifies the Utility in writing of their wish to terminate the service prior to the anniversary date of the term. The various discounts offered by Corporate Rewards consist of the following components:

a. Qualifying Usage - Uniform rates that do not vary by time of day or day of week, billed on a per minute basis and timed at one second increments, apply to the following types of customer-dialed station-to-station sent paid calls:

(1) Zone Usage Measurement (ZUM), including Circuit Switched Data
(2) IntraLATA Toll, including Circuit Switched Data

b. Customers must identify which of their telephone numbers will be the main Billing Telephone Number (BTN). Any applicable minimum usage and/or termination charges will be applied to the main BTN. The customer will be required to provide a list of all the BTNs, submitted with the signed Service Application, that will be covered in the Plan. Customers may add, remove or change the BTNs only by submitting to Verizon such additions, removals or changes in writing. The above discounts and rates will not apply to BTNs not listed with the Utility. (L)

c. Volume Discount Rate - applies to qualifying, monthly usage charges aggregated from all of the customer's Billing Telephone Numbers (BTNs) located within state and subscribing to Corporate Rewards. The volume discount rate is automatically adjusted should a customer's qualifying usage vary between usage tiers. The qualifying usage tier is determined by rating qualifying usage at the Corporate Rewards Base Rate. There is a maximum and a minimum qualifying usage threshold that a customer's usage must be within in order to qualify for a volume discount rate.

d. Loyalty Discount - applies in the thirteenth month when the Corporate Rewards service application is automatically renewed unless the customer terminates the application in writing. For each consecutive renewal, up to and including the fifth year, a customer will receive an increased loyalty discount. After the fifth year, customers will continue to receive a loyalty discount capped at the fifth year discount level. The loyalty discount will apply to the customer's discounted monthly usage charges and will be applied on a BTN level. Customers that exceed Tier 4 maximum monthly aggregated usage volume will not receive a loyalty discount. (N)

5. GTE Easy Savings Flat Rate Plus Plan for Business - Continued (N)

The Flat Rate Plus Plan for Business applies to the following types of calls:*

Customer Dialed Direct Station-to-Station
Customer Dialed Calling Card Station-to-Station
Operator Assisted Station-to-Station
Operator Assisted Calling Card Station-to-Station
Operator Assisted Person-to-Person

The customer must specify the term period at the time the Plan is ordered. During a term period, the customer may elect to convert to a new term period of the same or different length, or to another GTE term plan. Conversion to a new term plan or another GTE term plan will be allowed without penalty if the new term period is greater than the remainder of the original term period.

Early Termination Charges will apply in the event the Flat Rate Plus Plan is terminated by the customer prior to completion of the term period. The customer will be liable for the remainder of the months selected in the Plan.

Early Termination Charge = $25.00 x the number of months remaining in the term period selected

* Applicable surcharges still apply to calling card and operator assisted calls. (N)

A. DESCRIPTION - Continued

6. Corporate Rewards - Continued

e. Monthly Access Discount - applies to CentraNet®, Business lines and PBX trunk, PRI Access Interface, PRI Access Switched Facility System and Flexgrow. Customers will receive a fixed dollar discount monthly on eligible access lines. Access lines included in customer specific pricing agreements are ineligible for the access line discount. However, customers with customer specific pricing agreements are eligible to subscribe and receive the benefits of all the other Corporate Rewards components. Customers that exceed Tier 4 maximum monthly aggregated usage volume will not receive access line discounts. Customers that do not exceed Tier 1 maximum monthly usage volume will also not receive access line discounts. Access Line/Service Discounts will apply only for customers qualifying for Tier 2, Tier 3, or Tier 4 who purchase qualifying services under the Utility's applicable tariffs at month-to-month rates (or other shortest term where month-to-month is not available). Exception to this rule applies as follows: PRIs under a tariff term agreement are eligible for the one-year Corporate Rewards discounts. Corporate Rewards CentraNet discounts will apply to lines under a CentraNet without Toll three-year or less tariff term.

f. Minimum Usage Threshold - A customer must meet a minimum monthly usage threshold. The minimum monthly usage threshold is $200.00. Should a customer's actual monthly aggregate qualified usage revenue from all BTNs on the Plan be less than the minimum usage rate threshold, a minimum usage charge will be applied to the customer's main billing telephone number. The minimum usage charge is equal to the difference between the minimum monthly usage threshold and the customer's actual monthly aggregate qualified usage revenue.

g. Service Application - Customers are required to sign a 12-, 24-, or 36-month service application, and return the service application prior to the service being established. At the end of the term period, the service application will be automatically renewed for an additional term equivalent to the Customer's original term length unless the customer notifies the Utility otherwise. The auto renewal will allow for a 60 day grace period for the subscriber to remove the plan without penalty. Customers will be required to identify a Main BTN in the service application to which any minimum usage charge or termination charge will be applied. (C) (C)

h. Termination - Customers may terminate participation at any time provided the customer gives a 60-day written notice. Termination will occur on the first day of the full billing period following the 60-day notification period.[1] If a customer chooses to cancel the service or disconnects their main billing telephone number prior to the anniversary date of the term, a termination charge will apply.

In addition, customers who sign a 24- or 36-month service agreement will be required to return all access line discounts received in accordance with their service agreement. Discounts that must be returned will be calculated as follows:

Number of access lines/services X discount amount per access line/service X number of months expired under the service agreement

[1] There will be no partial monthly billing by the Utility.

e. Monthly Access Line Discount - applies to CentraNet® and PBX trunk lines. Customers will receive a fixed dollar discount monthly on eligible access lines. Access lines included in customer specific pricing agreements or receiving any other type of discounts are ineligible for the access line discount. Customers receiving non-Corporate Rewards discounts on eligible access lines are eligible to subscribe and receive the benefits of all the other Corporate Rewards components. Customers that exceed Tier 4 maximum monthly aggregated usage volume will not receive access line discounts. Customers that do not exceed Tier 1 maximum monthly usage volume will also not receive access line discounts.

f. Minimum Usage Threshold - A customer must meet a minimum monthly usage threshold. The minimum monthly usage threshold is equal to 20% ($300.00) of the Tier 2 minimum usage threshold that qualifies customers for a volume discount rate. Should a customer's actual monthly aggregate qualified usage revenue be less than the minimum usage rate threshold, a minimum usage charge will be applied to the customer's main billing telephone number. The minimum usage charge is equal to the difference between the minimum monthly usage threshold and the customer's actual monthly aggregate qualified usage revenue.

g. Service Application - Customers are required to sign and return a service application prior to the service being established. Customers will be required to identify a Main BTN in the service application to which any minimum usage charge or termination charge will be applied.

h. Termination - Customers may terminate participation at any time provided the customer gives a 60-day written notice. Termination will occur on the first day of the full billing period following the 60-day notification period. [1] If a customer chooses to cancel the service or disconnects their main billing telephone number prior to the anniversary date of the term, a termination charge will apply.

A customer is exempt from paying a termination charge under the following conditions:

(1) A customer migrates to another Verizon plan or service of equal or greater value.

(2) The Utility receives written notice prior to the anniversary date of the term that the customer wishes to terminate the plan. The plan will be terminated in the first full billing period following the 60-day written notice or the first full billing period following the anniversary date, whichever is later. (N)

7. Verizon Five Cents Plan℠

The Verizon Five Cents Plan℠ is an optional plan for direct dialed IntraLATA toll calls. This plan offers flat rate pricing available 24 hours per day, seven days per week to residential customers in Verizon exchanges who subscribe to Verizon Local Package℠, Verizon Local Package Extra℠, Local Package Lite, or Local Package Elite.

Regulations

Calls are billed in one-minute increments.

There is no monthly rate or nonrecurring charge associated with this plan.

Directory Assistance, operator handled, and calling card calls are excluded from this service.

This service is available only on the line equipped with Verizon Local Package℠, Verizon Local Package Extra℠, Local Package Lite, or Local Package Elite. [1]

If the customer cancels subscription to Verizon Local Package℠, Verizon Local Package Extra℠, Local Package Lite, or Local Package Elite, another optional calling plan may be chosen. If no other optional calling plan is specified, the customer's account will default to the standard Verizon IntraLATA toll service and rates as specified in Schedule Cal. P.U.C. No. B-1.

8. Verizon Unlimited Local Toll Plan

The Verizon Unlimited Local Toll Plan is an optional residential calling plan offered for outbound direct-dialed IntraLATA calling. The plan offers unlimited minutes of IntraLATA Toll calling during all rate periods for a monthly recurring charge. The plan is available on a per line basis at a customer's residence.

Regulations

The Verizon Unlimited Local Toll Plan will not be available for purchase under the following conditions:

- Lines with ISDN
- Business classes of service
- In combination with any other Toll plan offer by Verizon
- Lines with Remote Call Forwarding

Directory Assistance, operator-handled, and calling card calls are excluded from this offer.

9. Business Link℠ Rewards Plan

Business Link℠ Rewards Plan is an optional account-level reward plan available to the Utility's business customers. Customers enrolled in the Plan are awarded Plan points for only the local and regional portion of billed charges on the Verizon monthly bill. The points are redeemable for various Utility-sponsored redemption offers. There is no charge to enroll or withdraw from the Plan.

Regulations

Business Link℠ Rewards Plan is available only to customers who enroll in the Plan. The Plan is available beginning January 1, 2006.

Eligible customers are business customers who generate a maximum of $240,000 in annual billing for Verizon California Inc. services (exclusions are detailed elsewhere in this section). (C) (T)

The Plan is not available to residence customers, nor does it apply to Customer Owned Pay Telephone (COPT) lines, or certain services provided under contract (including all Individual Case Basis [ICB] arrangements).

Customers may not be enrolled in both Corporate Rewards and Business Link℠ Rewards.

Plan points are awarded for Verizon-billed local and regional charges (excluding certain charges such as: non-regulated charges, Directory Advertising charges, enhanced services charges, Late Payment Charges, time and material charges, returned check charges, Verizon maintenance service, refund checks, all Taxes [State, Local or Federal], 911 or Relay Charges, charges for 700/900 Services and any local or toll charges billed for carriers other than Verizon California Inc.). Plan points are awarded for charges calculated after the application of any allowances or discounts. (T)

The qualifying charges include monthly recurring and non-recurring charges for Verizon local and regional services, Verizon Long Distance (billed by Verizon Enterprise Solutions), Verizon business high speed internet and FiOS business internet services. (N) (N)

In order to earn Plan points, the customer's qualified Verizon - billed services within an account must collectively exceed $124.99 per month. Customers enrolled in the plan that do not meet the $125 spending requirement for 12 consecutive months may be inactivated from the program.

Plan points are calculated monthly as specified in III.I preceding, and posted to the enrolled customer's Business Link℠ Rewards Account Summary within ninety (90) days of the date the Plan points were earned. These points can be redeemed for various Utility-sponsored redemption options when they are posted to the customer's account.

Plan points that are not redeemed within two years after the month in which they are posted will be forfeited. (T)

Plan points are not transferable between accounts of the same customer or different customers. Points may not be sold, bartered or assigned to another customer's account. Only eligible business Customers of Record and/or their designated agent(s) may redeem Plan points. (L)

Opportunities for new or existing enrolled customers to receive additional Plan points may occur periodically.

Opportunities for new or existing enrolled customers to receive additional Plan points may occur periodically.

Continued participation in the Plan requires that the customer continues to meet the requirements specified in this tariff. If, at any time, the customer fails to meet any of the Plan eligibility requirements, the Utility, at its discretion, can terminate Plan participation after customer notification has occurred. Plan points awarded to the customer prior to termination may be used as set forth in the preceding paragraphs.

Customers may withdraw from the Plan at any time without penalty. All bonus credits that have not been redeemed will be forfeited; however, if within 90 days of termination, a customer returns to the Business Link℠ Rewards Plan, the bonus credits associated with the applicable BTN will be reinstated in full.

Enrolled customers may change their service address (within Verizon California's service territory), add additional qualifying lines, or make changes to the telephone number(s) associated with their enrolled account and remain eligible to continue their participation in the Plan.

The Utility may modify or terminate all or any part of this Plan, or any of the point redemption offers, at any time. Notice of such changes will be provided to existing customers by the Utility at least 30 days prior to their effective dates. In the event of termination of the Plan, customer notification will be provided at least 90 days in advance of the Plan termination date, and will include the date by which all Plan points must be redeemed. Continued participation in the Plan requires that the customer continues to meet the requirements specified in this tariff. If, at any time, the customer fails to meet any of the Plan eligibility requirements, the Utility, at its discretion, can terminate Plan participation after customer notification has occurred. Plan points awarded to the customer prior to termination may be used as set forth in the preceding paragraphs. (L)

Customers may withdraw from the Plan at any time without penalty. All bonus credits that have not been redeemed will be forfeited; however, if within 90 days of termination, a customer returns to the Business Link℠ Rewards Plan, the bonus credits associated with the applicable BTN will be reinstated in full.

Enrolled customers may change their service address (within Verizon California's service territory), add additional qualifying lines, or make changes to the telephone number(s) associated with their enrolled account and remain eligible to continue their participation in the Plan.

The Utility may modify or terminate all or any part of this Plan, or any of the point redemption offers, at any time. Notice of such changes will be provided to existing customers by the Utility at least 30 days prior to their effective dates. In the event of termination of the Plan, customer notification will be provided at least 90 days in advance of the Plan termination date, and will include the date by which all Plan points must be redeemed. (L)

(L) Material moved from 1st Revised Sheet 8.4.

10. Verizon Client Advantage Program for Regulated Services (VCAP-R) Plan

General

The Verizon Client Advantage Program for Regulated Services (VCAP-R) Plan is a loyalty plan available to retail business Customers that meet certain eligibility requirements as set forth in this tariff, and achieve a commitment level based on contributing total billings (CTB) for business telecommunications services provided by the Utility and certain of its Utility Affiliates. If the eligibility requirements are met, the VCAP-R Plan provides credits to the Customer's bill as set forth in IV.B.10. following.

Participation in the VCAP-R Plan does not impact any discounts the Customer may be eligible to receive for the qualifying services that make up the Customer's Eligible CTB.

Regulations

In addition to the regulations set forth below, the regulations as set forth in Schedule Cal. P.U.C. No. D&R of this tariff apply to VCAP-R.

The Utility may file tariffs to make changes to the provisions of or to terminate the VCAP-R Plan at any time. In the event of the termination of the VCAP-R Plan, customer notification will be provided at least 30 days in advance of the Plan termination date, and will include the date by which all Plan credits will be applied.

Definition of Terms

Customer Affiliate - Any entity that (directly or indirectly) is controlling, controlled by, or under common control with the Customer.

Utility Affiliate - For purposes of the VCAP-R Plan, the Utility Affiliates will include the Verizon Local Exchange provider in each jurisdiction, Verizon Select Services, Inc., and Verizon Network Integration Corp.

Base Year – The most recent twelve (12) month period preceding the Customer's signing of a VCAP-R application for which data are available.

Contributing Total Billings (CTB) - All billings for regulated and nonregulated products and services during an applicable period of time under the VCAP-R Plan, excluding charges for wireless services, international services, printed and electronic directory services, interLATA telecommunications services, and services provided by MCImetro Access Transmission Services LLC, MCImetro Access Transmission Services of Virginia, Inc., and MCImetro Access Transmission Services of Massachusetts, Inc. (T) (T)

Eligible CTB – CTB, except for taxes that applicable laws, tariffs, regulations or regulatory orders require Customers to pay.

10. Verizon Client Advantage Program for Regulated Services (VCAP-R) Plan (N)

General

The Verizon Client Advantage Program for Regulated Services (VCAP-R) Plan is a loyalty plan available to retail business Customers that meet certain eligibility requirements as set forth in this tariff, and achieve a commitment level based on contributing total billings (CTB) for business telecommunications services provided by the Utility and certain of its Utility Affiliates. If the eligibility requirements are met, the VCAP-R Plan provides credits to the Customer's bill as set forth in IV.B.10. following.

Participation in the VCAP-R Plan does not impact any discounts the Customer may be eligible to receive for the qualifying services that make up the Customer's Eligible CTB.

Regulations

In addition to the regulations set forth below, the regulations as set forth in Schedule Cal. P.U.C. No. D&R of this tariff apply to VCAP-R.

The Utility may file tariffs to make changes to the provisions of or to terminate the VCAP-R Plan at any time. In the event of the termination of the VCAP-R Plan, customer notification will be provided at least 30 days in advance of the Plan termination date, and will include the date by which all Plan credits will be applied.

Definition of Terms

Customer Affiliate - Any entity that (directly or indirectly) is controlling, controlled by, or under common control with the Customer.

Utility Affiliate - For purposes of the VCAP-R Plan, the Utility Affiliates will include the Verizon Local Exchange provider in each jurisdiction, Verizon Select Services, Inc., and Verizon Network Integration Corp.

Base Year – The most recent twelve (12) month period preceding the Customer's signing of a VCAP-R application for which data are available.

Contributing Total Billings (CTB) - All billings for regulated and nonregulated products and services during an applicable period of time under the VCAP-R Plan, excluding charges for wireless services, international services, printed and electronic directory services, interLATA telecommunications services, and services provided by MCImetro Access Transmission Services, LLC, MCImetro Access Transmission Services of Virginia, Inc., and MCImetro Access Transmission Services of MA, Inc.

Eligible CTB – CTB, except for taxes that applicable laws, tariffs, regulations or regulatory orders require Customers to pay. (N)

Contributing Total Billings (CTB) - Continued

Commitment CTB – Eligible CTB, except for the following:

Surcharges or fees that applicable laws, tariffs, regulations or regulatory orders require Customers to pay;

Nonregulated products and services;

DSL Services provided by all former Bell Atlantic Operating Companies;

The following services provided by all former GTE Telephone Operating Companies and the former Contel Company in all states, ("Selected Former GTE/Contel Services"):

Advanced Data Services including Frame Relay Service and Asynchronous Transfer Mode (ATM) Service.

Transparent LAN Service.

Late Payment Charges.

Adjustments to billed charges will be excluded from Commitment CTB.

Other Charges and Credits will be included in Commitment CTB except for credits for services eligible for funding under the Federal E-Rate program or comparable state program that are paid by one of these programs and not paid by the Customer. Credits under the VCAP-R Plan will also be excluded from Commitment CTB.

Customer Commitment – A percentage of Commitment CTB that the Customer commits to achieving during each year of the VCAP-R Plan. The initial Customer Commitment, for the first year of the Plan, is ninety percent (90%) of Commitment CTB. The Customer Commitment for subsequent years of the plan will be established as set forth in IV.B.10 following.

Credit Trigger – Ninety percent (90%) of Customer Commitment.

Monthly Credit Trigger – Ninety percent (90%) of Customer Commitment divided by 12.

Credit CTB – Commitment CTB for intrastate telecommunications services in this state against which a credit is applied if the Customer qualifies for a credit. (N)

Actual CTB – The amount of Commitment CTB billed to a Customer based on the Customer's actual purchases of Services during any period.

- Monthly Actual CTB – Actual CTB during a given month.
- State Specific Monthly Actual CTB - Monthly Actual CTB in the state of California.
- Actual Credit CTB – The amount of Credit CTB billed to a Customer based on the Customer's actual purchases of Services during any period.
- State Specific Monthly Actual Credit CTB - Monthly Actual Credit CTB in this state.
- Measurement Period Actual CTB – Actual CTB during a Measurement Period.
- Measurement Period Actual Credit CTB – Actual Credit CTB during a Measurement Period.

Customer – A retail business entity that subscribes to the VCAP-R Plan. A customer and some or all of its eligible Customer Affiliates may elect to be treated as a single individual Customer. Where such an election is made, the CTB of the customer and its eligible Customer Affiliates shall be combined for all purposes. An eligible Customer Affiliate may elect to be treated as a separate Customer, if the Initial Eligibility Requirements, part c., of this tariff are met.

Effective Date – One business day after delivery to a Verizon Business Contracts Processing location. (C)

Measurement Period - The 12-month period beginning on the first day of the term of the VCAP-R Plan, and each succeeding 12-month period during the term.

Month - Any monthly billing cycle during a Measurement Period.

Other Charges and Credits (OCC) - A charge or credit based on service order activity or a manual request.

Services - All telecommunications services (as defined in the Federal Communications Act of 1934, as amended) that the Utility and its Utility Affiliates are legally permitted to offer and that are obtained from the Utility and its Utility Affiliates directly (i.e., not through a carrier not affiliated with the Utility or its Utility Affiliates which are reselling such services).

10. Verizon Client Advantage Program for Regulated Services (VCAP-R) Plan - Continued (N)

Initial Eligibility Requirements

a. In order to be eligible for the VCAP-R Plan, the Customer must meet the requirements, as set forth below, during the Base Year.

1) Between $1.5 million and $80 million of multi-state total (aggregate) Eligible CTB;
2) A minimum of $100,000 in multi-state, intrastate, intraLATA (aggregate) local and toll usage Eligible CTB.

b. If the Customer meets the initial eligibility requirements as set forth in a. preceding, the Customer may subscribe to the VCAP-R Plan by signing a VCAP-R Tariff Application with the Utility. Such application will contain a list of all of the Customer's billing telephone numbers. Customer may add, remove or change the billing telephone numbers only by submitting such additions, removals, or changes to the Utility in writing. Any billing telephone numbers that are not listed in the application or added in accordance with this paragraph will not be included under this Plan.

c. A Customer Affiliate that desires to subscribe to the VCAP-R Plan independent of its parent company or its other Customer Affiliates may sign a VCAP-R application provided 1) the Customer Affiliate's parent company or its other Customer Affiliates meet the eligibility requirements set forth in a. preceding and also participate in the VCAP-R Plan, and 2) the Customer Affiliate meets the following eligibility requirement:

1) A minimum of $100,000 in multi-state, intrastate, intraLATA (aggregate) local and toll usage Eligible CTB.

d. Customers subscribing to the Verizon Client Advantage Program for Non-Regulated Services (VCAP-NR) are eligible to participate in the VCAP-R Plan.

Customers receiving discounts, credits, or other favorable rate treatment for specific services or groups of services, but not on a CTB or TBR basis, are eligible to receive credits in the VCAP-R Plan.

Customers receiving discounts, credits, or other favorable rate treatment under: (1) a Volume Incentive Plan (VIP) tariff or VIP individual case basis arrangement; or (2) any other Utility provided tariff, individual case basis or other customer specific pricing arrangement which provides discounts on a CTB or total billed revenue ("TBR") basis (collectively "TBR Plans") are not eligible to receive credits in the VCAP-R Plan in any jurisdiction where the Customer subscribes to such TBR Plans. (N)

IV. SPECIAL CONDITIONS - Continued

A. DESCRIPTION - Continued

10. Verizon Client Advantage Program for Regulated Services (VCAP-R) Plan - Continued (N)

Terms and Conditions

a. Renewal Period

The VCAP-R Plan is offered as a two year term Plan, with a one year renewal. At the end of the initial two year term, the VCAP-R Plan will be renewed automatically for the third year unless the Customer provides written notification of its intent to terminate the VCAP-R Plan no later than 90 days after the start of the third year.

b. Termination by the Customer

1) A Customer may terminate its VCAP-R Plan and cease to be a Customer under the VCAP-R Plan at any time during the term of the VCAP-R Plan for any reason, including but not limited to business downturn, by providing written notice of termination to the Utility at least 30 days before the effective date of the termination. A Customer who terminates its Plan pursuant to this paragraph shall cease to receive VCAP-R credits as of the effective date of the termination. Subject to b.3) following, a Customer that terminates its participation in the VCAP-R Plan may subscribe to the VCAP-R Plan again by satisfying the eligibility requirements as set forth in the Initial Eligibility Requirements preceding.

2) Termination liability charges do not apply to the Customer's termination of the VCAP-R Plan. Termination liability charges for the qualifying services that make up the Customer's Eligible CTB will apply per the appropriate tariff or applicable agreement.

3) A Customer that terminates its participation in the VCAP-R Plan may not subscribe to the VCAP-R Plan again after the Customer's third such termination.

c. Termination by the Utility

As set forth in Schedule Cal. P.U.C. No. D&R, the Utility may terminate the Customer's participation in the VCAP-R plan for non-payment of bills for the qualifying services that make up the Customer's Eligible CTB.

d. Increases in CTB Categories

1) If a Customer (Company A) combines, by merger, acquisition of assets or equity, or otherwise, with an entity (Company B) that otherwise qualifies under the VCAP-R Plan, and the Customer and the entity elect in writing to be treated as a single Customer (Company A), or the Customer and the entity become a new entity and elect in writing to be treated as a single Customer (Company C) for purposes of consolidating their Eligible CTB, the Utility shall combine 100% of the Customer's Base Year Eligible CTB and 100% of the Base Year Eligible CTB (N)

1) (Continued)

of the new entity (or, if the new entity does not have Base Year Eligible CTB, then 100% of the most recent available annual Eligible CTB of the new entity) to obtain a single new combined Eligible CTB, which will produce a single new combined Customer Commitment that will apply prospectively to the single new combined Customer. Any such increase shall be made effective at the start of the next Measurement Period.

2) If a Customer combines, by merger, acquisition or assets or equity, or otherwise, with a new entity, but the Customer and the new entity do not elect to be treated as a single new Customer for purposes of consolidating Eligible and Customer Commitment, and the new entity wishes to participate in the VCAP-R Plan, the new entity must meet the eligibility requirements set forth in the Initial Eligibility Requirements preceding and must sign a VCAP-R Tariff Application.

Application of Credits

a. If the Customer's Monthly Actual CTB meets or exceeds the Monthly Credit Trigger on a cumulative basis, the Customer will receive a credit by multiplying the Customer's State Specific Monthly Actual CTB by the applicable credit percentage set forth in c. below, and applying the resulting credit amount to the Customer's State Specific Monthly Actual Credit CTB. Credits will be applied monthly and/or quarterly, at the Utility's discretion.

b. If the Customer does not meet the Monthly Credit Trigger on a cumulative basis, the Customer will not receive a VCAP-R credit for that Month. However, if the Customer generates sufficient Actual CTB during the Measurement Period so that the average Monthly Actual CTB meets the Monthly Credit Trigger, then the Customer will receive a VCAP-R credit for any Month(s) in which the Customer did not originally qualify for a VCAP-R credit under a. preceding.

c. The Utility will perform annual reviews to make any adjustments as necessary to conform to the credits, terms and conditions of the VCAP-R Plan. No interest will be paid in connection with the application of credits.

Reports

The Utility shall provide monthly reports to the Customer providing information about the Customer's participation in the VCAP-R Plan. At the Utility's discretion, such reports may be provided through various media including, but not limited to, paper or electronic media. The Utility will provide the customer with instructions on how to access the various media. (N)

VERIZON CALLING PLANS

IV. SPECIAL CONDITIONS – Continued

B. APPLICATION OF CREDITS (N)

10. Verizon Client Advantage Program For Regulated Services (VCAP-R) Plan – Continued

Monthly Credits

a. Customers that qualify for the VCAP-R Plan will be designated in Group A or Group B based on the Customer's Eligible CTB:

Group A: Between $1.5 million and $29.99 million of multi-state total (aggregate) Eligible CTB
Group B: Between $30 million and $80 million of multi-state total (aggregate) Eligible CTB

b. Upon the commencement of the VCAP-R Plan, and for the first 12-month Measurement Period of the Plan (Year 1), the monthly credit will be as follows:

Group A: 5%
Group B: 5.5%

For example if, in Month one, the Customer's Commitment CTB is $1,000,000, then the Customer Commitment will be 90% of Commitment CTB, which equals $900,000, and the Monthly Credit Trigger is 90% of Customer Commitment on a monthly basis, which equals $810,000.

Assume that Customer's Monthly Actual CTB is $900,000, which exceeds $810,000 so the Customer will receive a credit equal to, for Group A, 5% of the Customer's State Specific Monthly Actual CTB. Assume that the Customer's State Specific Monthly Actual CTB is $500,000, and that the Customer's State Specific Monthly Actual Credit CTB is $300,000. In this example, Customer will receive a credit of $25,000 (5% of $500,000), which will be applied to the Customer's State Specific Monthly Actual Credit CTB of $300,000.

c. At the end of the first Measurement Period (Year 1), the Utility will review the Customer's Actual CTB to determine the percentage of Customer Commitment attained based on Year 1 Customer Commitment. Based on the percentage of Customer Commitment attained and the Customer's election of a new Customer Commitment for the next Measurement Period (Year 2), the Customer will receive a monthly or quarterly [1] credit during the next Measurement Period in accordance with the credit schedules following.

d. At the end of the second Measurement Period (Year 2), the Utility will review the Customer's Actual CTB to determine the percentage of Customer Commitment attained based on Year 1 Customer Commitment. Based on the percentage of Customer Commitment attained and the Customer's election of a new Customer Commitment for the next Measurement Period (Year 3), the Customer will receive a monthly or quarterly [1] credit during the next Measurement Period in accordance with the credit schedules following.

e. The Customer must notify the Utility in writing of its new Customer Commitment for the next Measurement Period within 90 days of the end of the previous Measurement Period. If such notice is not received, the Customer will automatically be renewed at the existing commitment level.

[1] Credits will be applied monthly and/or quarterly, at the Utility's discretion. (N)

No. B-1, Section III.A. (N)

2. Verizon Easy Savings Flat Rate Plan for Business, Verizon Easy Savings Flat Rate Plus Plan for Business [1], Verizon Calling Solutions Options A and B, and toll discounts apply only to the Verizon IntraLATA Toll usage portion of the call. Person-to-person, collect, calling card or any other calls requiring operator handling, are included. Operator Surcharges will be applied as set forth in Schedule Cal. P.U.C. No. B-1, Section III.A.

3. A customer may only subscribe to one Verizon Calling Plans package per line.

4. One month minimum billing is required when subscribing to any Verizon Calling Plans package.
   a. Corporate Rewards does not require one month minimum billing.

5. When a Verizon Calling Plan is established at the same time as the associated primary service line, only the appropriate nonrecurring charges from Schedule Cal. P.U.C. No. A-41 for establishing the primary service will apply.

6. Existing customers who subscribe to Verizon Calling Plans are not required to pay any Nonrecurring Charges from Schedule Cal. P.U.C. No. A-41.

7. Established rates and charges for other tariffed services that the customer subscribes to in addition to the Verizon Calling Plans are applicable for those services.

8. The Verizon IntraLATA Toll Service usage discounts are applicable to the Verizon IntraLATA Toll usage component of the Verizon Calling Plans packages only and do not apply to any other Utility offered plan.

9. Corporate Rewards is not available in conjunction with the following types of service:
   (a) Any local, toll or circuit switched data optional calling plan service
   (b) Foreign Exchange Service
   (c) Dormitory Service
   (d) Enhanced 9-1-1 Service
   (e) Directory Assistance
   (f) National Directory Assistance
   (g) California Relay Service and other Deaf and Disabled Telecommunication Programs
   (h) Custom Calling Service
   (i) Any service offered on an Individual Case Basis (ICB)

[1] These plans are grandfathered and limited to existing customers at existing locations as of January 13, 2005.
