FACILITIES BASED INTRALATA TOLL SERVICES (N)

I. GENERAL

A. Applicability

This tariff schedule is applicable to areas in which GTE will provide Facilities Based Toll Services to customers as outlined in D. 95-07-054. These areas are defined in the MAPS section (I.C.) of this tariff.

B. Definitions

Facilities Based Service Provider - A provider of telecommunications services, within defined service areas, which directly own, control, operate, or manage conduits, ducts, poles, wires, cables, instruments, switches, appurtenances, or appliances in connection with or to provide local exchange communications within its defined service areas and between service areas of other local exchange providers within California. A facilities based service provider may own, control, operate, or manage conduits, ducts, poles, wires, cables, instruments, switches, appurtenances or appliances in only a part of its defined service area.

Non-Facilities Based Resale Service Provider - A provider of telecommunications services within defined service areas which do not directly own, control, operate, or manage conduits, ducts, poles, wires, cables, instruments, switches, appurtenances, or appliances in connection with or to provide local exchange communications within its defined service areas and between service areas of other local exchange providers within California.
