PAY TELEPHONE LINES - STATION CONTROLLED LINE

A. DESCRIPTION

Station Controlled Line (SCL) is an individual exchange dial tone line service designed for use with station controlled pay telephone instruments.

B. REGULATIONS

1. Each station controlled pay telephone instrument will require a SCL, as provided by the Telephone Company at the rates and charges indicated in this and other tariffs or Guides of the Company.

2. Each instrument connected to a SCL must be capable of providing user call completion to 911 Universal Emergency Service, if available, and Telecommunications Relay Service (TRS) calls. If 911 service is not available, the instrument must permit access to the operator.

3. Each SCL is entitled to the same directory listings as those of a Business Dial Tone Line. Non-Published Telephone Number Service (as described in Section 5 of this Guide) may be provided at no charge upon SCL subscriber request.

   The Telephone Company shall not be liable to the SCL subscriber for losses or damages arising from such a non-published telephone number arrangement. The SCL subscriber indemnifies and saves the Telephone Company harmless from any and all claims arising from such an arrangement.

4. SCL Service may be resold or shared in accordance with Section 1 of the Guide.

5. Premises Work Charges (Section 22A of this Guide) apply for each premises visited where customer-provided facilities are connected to Telephone Company facilities and where the service difficulty or trouble is not the result of failure of Telephone Company services or facilities.

6. If a SCL subscriber is in violation of this Guide, the Company will promptly notify the subscriber of the violation and take appropriate action, up to and including the disconnection of service, as deemed necessary.

B. REGULATIONS (Cont'd)

7. The following SCL Service-Blocking and Screening Options are provided only in conjunction with a SCL and only where facilities permit:

   (a) Incoming Blocking - prevents incoming calls from being received; only outgoing calls can be placed over the facility.#

   (b) Outgoing Blocking - restricts all outgoing local and toll calls to operator handled or Calling Card calls.

   (c) Incoming/Outgoing Screening - prevents the completion of collect[1] or third number[1] calls, when such calls originate within the continental United States and when such calls are processed through the billing verification database. Originating operator handled calls from the SCL are restricted to collect[1], third number[1] and calling card only.

8. Line Side Answer Supervision Option - detects the completion and termination of a call and signals the SCL equipment to commence and terminate the billing associated with the call. This service will be provided where facilities permit.

9. A Verizon Pennsylvania Inc. Calling Card may not be utilized in conjunction with a SCL.

10. Each SCL will be assigned a special telephone number which will identify it as a SCL.

11. In addition to the foregoing regulations, applicable Pennsylvania Public Utility Commission coin telephone service regulations set forth at 52 Pa. Code Sections 63.91 to 63.98 which pertain to SCL Service also apply and are hereby incorporated by reference.

C. RATES

1. Each SCL will be billed at the same rates and charges as those for an individual Business Dial Tone Line with appropriate Density Cell classification and Measured Local Usage Option (including the Federal Communications Commission Line Cost Charge).

NOTE:

The provision of this option requires Pennsylvania Public Utility Commission approval of pursuant to 52 Pa. Code Section 63.96.

[1] Effective August 8, 2016, Collect Calls and Third Number will be discontinued and will not be accepted as a billing arrangement for calls.

C. RATES (Cont'd)

2. The connection charge(s) for each SCL will be the same as that applicable to a Business Dial Tone Line as contained in Section 22C of this Guide.

3. A SCL Service subscriber may request that a SCL be arranged for Touch-Tone Calling Service where available at the applicable Business Line rate specified in Section 30D of the Telephone Company's Pa. P.U.C.-No. 1 Tariff.

4. Local exchange calls placed over a SCL will be rated at the Measured Local Use rates set forth in Local General Tariffs, Pa. P.U.C.-Nos. 180A, 182, 182A, 185B and 185C.

5. In addition to measured local usage rates referenced in paragraph 4. preceding, several measured usage plans are available specifically for use with pay telephone lines. All regulations, terms and conditions contained in 4. preceding are still applicable.

(a) The following discount is available to payphone service providers who enter into a SCL Term Pricing Agreement:

For SCL subscribers who enter into a SCL Term Pricing Agreement with the Telephone Company which includes a 12-month minimum term obligation, the Telephone Company will offer a usage discount of 45% off the total Measured Local Usage charges incurred by the SCL subscriber during each month of the term;

* * *

(b) The following Valu-Pak option is available for SCL subscribers who do not enter into a term pricing agreement:

(1) The Telephone Company will offer an additional Valu-Pak which provides the subscriber $32.50 in Measured Local Usage per individual SCL for $21.50 monthly.

6. Message toll service calls placed over a SCL will be rated the same as Section 35 of this Guide. At the time IntraLATA presubscription is implemented, SCL subscribers will have the option of selecting an intraLATA toll provider.

C. RATES (Cont'd)

7. The Directory Assistance call allowance in Section 5 of this Guide does not apply to a SCL. Directory Assistance Service rates from a coin telephone are specified in Section 5 of this Guide.

		Monthly Rate	Product Service Charge
8.	Station Controlled Line, each	(1)	(1)
9.	Blocking/Screening Options		
	(1) Incoming Blocking, each(3)	$.05	$20.00(2)
	(2) Outgoing Blocking, each	.15	20.00(2)
	(3) Incoming/Outgoing Screening, each	.00	20.00(2)
10.	Line Side Answer Supervision	.15	20.00(2)

11. SCL Usage Discount Options:

	Minimum Length of Term	Discount
A. Term Pricing Agreement Option	12 months	45%

H H H

	Monthly Rate	Monthly Allowance
B. Valu-Pak Option	$21.50	$32.50

NOTES:

(1) The SCL will be rated the same as an individual Business Dial Tone Line with the appropriate Measured Local Usage Option (see 4. and 5. preceding).
(2) The Product Service Charge is not applicable when the Blocking and/or Screening and Line Side Answer Supervision options are provided with the initial installation of a SCL.
(3) The provision of this option will require Pennsylvania Public Utility Commission approval pursuant to 52 Pa. Code Section 63.96.
