PAY TELEPHONE LINES - NETWORK CONTROLLED COIN LINE/ NETWORK CONTROLLED NON-COIN LINE

H H H

A. DESCRIPTION

1. Network Controlled Coin Line (NCCL)

   A NCCL is an individual measured exchange line for use with coin operated pay telephones.

   The NCCL is equipped with network coin control capability which includes coin collect and return features, call rating capabilities and unique operator services which allow an end user to signal the operator during a call.

2. Network Controlled Non-Coin Line (NCNL)

   A NCNL is an individual exchange dial tone line for use with non-coin operated telephones, including card reader or credit card telephones. The NCNL prevents the completion of chargeable direct dialed local or chargeable direct dialed toll calls without operator intervention. The NCNL is not billed for usage as all calls must be alternately billed (i.e., calling card, collect[1] or third number[1]).

B. REGULATIONS

1. Line Side Answer Supervision may also be provided as an optional feature for NCNL, subject to the regulations and rates specified in Section 16A of this Guide.

2. NCCL/NCNL may be provisioned as a Two-way or One-way, Outgoing Only exchange dial tone line.

[1] Effective August 8, 2016, Collect Calls and Third Number will be discontinued and will not be accepted as a billing arrangement for calls.

NETWORK CONTROLLED NON-COIN LINE

B. REGULATIONS (Cont'd)

3. The NCCL/NCNL exchange line prevents the completion of incoming collect[1] or third number[1] calls, when such calls originate within the continental United States and when such calls are processed through the billing verification database. Outgoing operator-handled calls from the PTL must be billed as collect[1], third number[1] and calling card only.

4. Directory Listings are not available with the One-way, Outgoing Only NCCL or One-way, Outgoing Only NCNL.

5. Directory Listings are available with the Two-way NCCL and the Two-way NCNL subject to the regulations applicable to listings for individual line business service. Private Telephone Number Service as described in Section 9 of this Guide may be provided at no charge upon the PTL subscriber's request.

   The Telephone Company shall not be liable to the NCCL/NCNL subscriber for losses or damages arising from such a private telephone number arrangement. The NCCL/NCNL subscriber indemnifies and saves the Telephone Company harmless from any and all claims arising from such an arrangement.

6. The following options are available for NCCL and NCNL exchange lines where facilities permit:

   a. Audiotex Blocking - provides the ability to block origination of direct dialed Audiotex 976 calls subject to regulations and charges specified in Section 31A of the this Guide.

   b. 900 blocking - provides the ability to block origination of direct dialed 900 calls subject to regulations and charges rates contained in Section 22C of the Telephone Company's Pa. P.U.C.-No. 1 Tariff.

7. Pay telephones connected to a NCCL/NCNL must be registered in compliance with Part 68 of the FCC's Rules and Regulations.

8. Each pay telephone connected to a NCCL/NCNL exchange line must be capable of providing user call completion to 911 Universal Emergency Service, if available and Telecommunications Relay Service (TRS) calls. If 911 service is not available, the pay telephone must permit access to the operator.

9. NCCL/NCNL service may be resold or shared in accordance with Section 1 of this Guide.

10. Premises Work Charges specified in Section 22A of the Pa. P.U.C. No. 1 tariff apply for each premises visited where customer-provided equipment is connected to Telephone Company facilities and where the service difficulty or trouble is not the result or failure of Telephone Company services or facilities.

11. Failure of the subscriber to comply with the provisions of this Guide may result in the suspension or disconnection of the subscriber's service.

[1] Effective August 8, 2016, Collect Calls and Third Number will be discontinued and will not be accepted as a billing arrangement for calls.

B. REGULATIONS (Cont'd)

12. The NCCL/NCNL subscriber shall be responsible for the installation, operation and maintenance of any pay phone used in connection with this service.

13. The NCCL/NCNL subscriber shall be responsible for payment of all charges associated with this service, including applicable local, toll and F.C.C. charges.

C. RATES

1. The connection charge(s) for each NCCL and NCNL are specified in Section 22C of this Guide.

2. Each NCCL/NCNL dial tone line will be billed at the same rates and charges as those for an individual Business Dial Tone Line with appropriate Density Cell classification and measured local usage option specified in Pa. P.U.C.-Nos. 180A, 182, 182A, 185B and 185C (including the Federal Communications Subscriber Line Charge). The NCNL is not billed for usage as all calls must be alternately billed (i.e., calling card, collect[1] or third number[1]).

3. In addition to measured local usage rates referenced in paragraph 2., several measured usage plans are available specifically for use with pay telephone lines. All regulations, terms and conditions contained in 2. preceding are still applicable.

(a) The following discount is available to payphone service providers who enter into a NCCL Term Pricing Agreement:

For NCCL subscribers who enter into a NCCL Term Pricing Agreement with the Telephone Company which includes a 12-month minimum term obligation, the Telephone Company will offer a usage discount of 45% off the total Measured Local Usage charges incurred by the NCCL subscriber during each month of the term;

* * *

(b) The following Valu-Pak option is available for NCCL subscribers who do not enter into a term pricing agreement:

[1] Effective August 8, 2016, Collect Calls and Third Number will be discontinued and will not be accepted as a billing arrangement for calls.

C. RATES (Cont'd)

3. (Cont'd)

(b) (Cont'd)

(1) The Telephone Company will offer an additional Valu-Pak which provides the subscriber $32.50 in Measured Local Usage per individual NCCL for $21.50 monthly.

4. All sent-paid intraLATA and corridor toll calls will be handled by the Telephone Company and charged at the appropriate message toll rate specified in Section 35 of this Guide, and F.C.C. Nos. 5 and 8 Tariffs.

Any sent-paid intraLATA and corridor toll call that is not rated by the Telephone Company will be rated the same as Message Toll Service in Pa. P.U.C.-Toll No. 1A, Section 2 and F.C.C. Nos. 5 and 8.
