INTRA-ISLAND TELECOMMUNICATIONS SERVICES TARIFF

I. GENERAL DEFINITIONS

These General Definitions also apply to capitalized terms contained in written contracts between Company and Customer ("Signed Contract") which incorporate this tariff by reference and do not otherwise define those capitalized terms in the written contract.

Access: A means by which Company service is provided to a Customer. Access may be "Dedicated," in which case it is available to the Customer on a full-time, unshared, basis, or it may be "Switched," in which case it is available to the Customer and others on a usage, shared, basis.

Access Coordination: The design, ordering, installation coordination, pre-service testing, service turn-up, maintenance and ongoing coordination of testing and trouble resolution for all Company-provided Local Access Channels. In the case of customer-provided Local Access Channels, the maintenance, ongoing coordination of testing and trouble resolution.

Address of Record: For purposes of the CPNI rules, a Company address of record is any address associated with the account for at least 30 days in a Company system such that Company can immediately notify the customer if the address of record changes, such as a billing address and a contract notice address. So long as Company does not have the ability to immediately notify customers if service addresses changes, a service address is not an address of record.

Affinity Group: An association or group (not organized for the purpose of qualifying for service discounts) with common business or other interests that agrees to market Company service(s).

Administrative Change: The modification of an existing circuit or a dedicated access line or port at the request of the Customer that involves changes to authorization codes, speed numbers, route guide, consolidation of billing, verification of testing performed by parties other than the Company, or any other administrative change not covered by a billing record change.

Alternate Access: A form of Local Access in which the provider is an entity, other than the Local Exchange Carrier, authorized or permitted to provide such service.

ASR or Access Service Request: An order placed with a Local Access provider for Local Access.

Answer Supervision: The return of a signal to the calling party disclosing that a call was answered.

Application for Service: A standard order or enrollment form that includes all pertinent billing, technical and other descriptive information needed by the Company to provide service.

Authorized User: A person, firm, corporation or other entity that either is authorized by the Customer to receive or send communications or is placed in a position by the Customer, either through acts or omissions, to send or receive communications.

Bandwidth: The total frequency band, in hertz, allocated for a channel.

Called Station: The station called, or the terminating point of a call.

INTRA-ISLAND TELECOMMUNICATIONS SERVICES TARIFF

I. GENERAL DEFINITIONS (Cont'd)

Calling Station: The station at which a call is originates.

Channel or Circuit: A communications path between two or more points.

Channel Termination: The point at which the Company's channel originates, terminates, or drops for the insertion or removal of a Customer's signal.

Collect Call: A call for which applicable charges are billed to the telephone number of the called station of the Customer.

Commercial Service: A switched network service involving dial station originations for which the Customer pays a rate that is described as a business or commercial rate in the applicable local exchange service tariff for switched service.

Company: Verizon Puerto Rico LLC, or any affiliated entity designated as the provider of any service offered in the tariff.

Customer: The person, firm, corporation or other entity which orders service and is responsible for the payment of all charges for service and for compliance with Company contract and tariff requirements. The term "customer" also includes a person, firm, corporation or other entity that either knowingly or unknowingly accesses service and completes a communication over the Company's network. For Resp Org Service, the Customer is the person, firm, corporation or other entity that selects or is directed to select the Company as the Responsible Organization (Resp Org) for a toll-free telephone number. For purposes of SMS Resp Org Changes, the customer is the person, firm, corporation, or other entity that submits the change request.

Customer Premises: A space owned, leased or otherwise under the control of Customer or Authorized User at which Service is provided (including without limitation locations of interconnection, termination and origination).

Dedicated Access/Termination: An access line service consisting of a continuously connected circuit between a Customer Premises or serving telephone company central office and a Company terminal, available to the Customer on a full-time, unshared, basis, which is used for the origination or termination of services.

Due Date: The date on which payment for service by the Customer is due.

End-to-End: Customer Premise to Customer Premise.

Exemption Certificate: A written notification provided by a Customer certifying that its dedicated facility should be exempted from the monthly Special Access Surcharge because: (a) the facility terminates in a device not capable of interconnecting service with the local exchange network; or (b) the facility is associated with a Switched Access Service that is subject to Carrier Common Line Charges.

Expedite: A Service Order that is processed at the request of the Customer in a time period shorter than the Company standard Service interval.

Gbps: Billions of bits per second.
