

Issued: November 14, 2014

Transmittal No. 177

Effective: November 15, 2014

SECTION 1 - DEFINITIONS

The following definitions are applicable to this tariff:

Access Line - A local channel for voice, data, or video communications which connects the Customer location to a location of the Company or its underlying carrier or service provider.

Access Local Loop - A dedicated line and related facilities that connect the Customer location to the Company's Point of Presence (POP). Access Local Loop facilities are attached at both ends of an end-to-end circuit.

(N)
|
(N)

Account - The Customer who has agreed, orally or in writing, to honor the terms of service established by the Company. An Account may have more than one service or telephone number and/or telephone numbers billed to the same Customer address. An Account may include multiple locations for the same Customer.

Account Code - A numerical code, assigned to the Customer, to enable the Company to complete calls as authorized by the Customer. Multiple Account Codes may be assigned to the Customer.

Aggregator - Any person or other legal entity that may be a Customer and, in the ordinary course of its operations, makes telephones available to the public or to transient users of its premises, for interstate telephone calls using a provider of operator services.

Authorization Code - A pre-defined series of numbers to be dialed by the Customer upon access to the Company's system to identify the caller and validate the caller's authorization to use the services provided and to identify the Customer for billing purposes.. The Customer is responsible for charges incurred through the use of his or her assigned Authorization Code. An example of an Authorization Code is a calling card account number and personal identification number.

Business Customer - For the purpose of this tariff, a Business Customer is a Customer of the Company whose primary use of the Company's service is for business purposes. A Business Customer is also a Customer who accesses the Company's service using an access line that has been assigned a business class of service by the local service provider.

Issue Date: April 20, 2009

Transmittal 140

Effective Date: April 21, 2009

SECTION 1 - DEFINITIONS, (Cont'd.)

Calling Card Call - A Calling Card Call is an operator assisted or automated call placed by a Customer where the call charges are billed to a local telephone company issued authorization code rather than to the originating or terminating telephone number.

Casual Calling - A service provided over facilities owned by the Company or an affiliate of the Company whereby the Customer accesses the Company's service by dialing an access code assigned to the Company prior to placing the call, such as 101XXX+1+area code +destination number.

Collect Call - A billing arrangement by which the charges for a call may be billed to the called party, provided the called party agrees to accept the charges.

Commission - The Federal Communications Commission.

Company - Verizon Long Distance LLC, unless stated otherwise.

Consumer - A person who is not a Customer initiating any interstate telephone calls using operator services.

Customer - Any person, firm, partnership, corporation or other entity which subscribes to or uses service under the terms and conditions of this tariff. The Customer is responsible for the payment of charges for service offered by the Company which are subscribed to or used by the Customer. The Customer is also responsible for payment of charges for a third person's use of service to which the Customer subscribes.

Equal Access - The ability of the Company to serve Customers on a presubscribed basis rather than through the use of dial access codes such as 101XXXX.

Issue Date: June 30, 2010

Transmittal 147

Effective Date: July 1, 2010

SECTION 1 - DEFINITIONS, (Cont'd.)

Initial and Additional Period - The Initial Period denotes the interval of time allowed at the rate specified for a connection between given service points. The Additional Period denotes the interval of time used for measuring and charging for time in excess of the Initial Period.

LATA - Local access and transport area. A geographic area established by the US District Court for the District of Columbia in Civil Action No. 82-0192.

Long Distance Message Telecommunications Service (LDMTS) - Long distance telecommunications service offered pursuant to this tariff.

LEC - Local Exchange Company

Mainland - the lower contiguous 48 states and the District of Columbia.

MRC - Monthly recurring charge.

NRC - Nonrecurring Charge.

Operator Station Call - A service whereby the Customer places a non-Person to Person call with the assistance of an operator (live or automated.)

PBX - Private Branch Exchange

Person-to-Person Call - A service whereby the person originating the call specifies a particular person to be reached, or a particular station, room number, department, or office to be reached.

Premises - The physical space designated by the Customer for the termination of the Company's service.

Presubscription - An arrangement whereby a Customer may select and designate the Company as the carrier he or she wishes to access, without an access code, for completing intraLATA and/or interLATA toll calls.

Transmittal No. 177

Effective: November 15, 2014

SECTION 1 - DEFINITIONS, (Cont'd.)

Residential Customer - For the purpose of this tariff, a Residential Customer is a Customer of the Company whose primary use of the Company's service is for personal use in a house, apartment or other residential dwelling. A Residential Customer is also a Customer who accesses the Company's service using an access line that has not been assigned a business class of service by the local service provider.

Service - Any or all interstate service(s) provided by Company pursuant to this tariff.

(N)

Sub-Minute Rating - Consists of an initial period rated at the appropriate initial period rate. Each increment thereafter is rated at the appropriate additional period rate which is less than one full minute.

Switched Access - A method for reaching the Company through the local service provider's switched network whereby the Customer uses local exchange lines.

Terminal Equipment - Telecommunications devices, apparatus and associated wiring on the Premises of the Customer.

Third Party Billing - A billing arrangement by which the charges for a call may be billed to a telephone number that is different from the calling number and the called number.

United States - The forty-eight contiguous states, the District of Columbia, Alaska, Hawaii, American Samoa, Guam, Puerto Rico, the Northern Mariana Islands and the US Virgin Islands.
