### SECTION 4 - MISCELLANEOUS SERVICES

### 4.1 Directory Assistance

Directory Assistance provides to the Customer available published telephone numbers of switched voice telephone service subscribers based on name or name and address information provided by the Customer to the Directory Assistance operator. The Directory Assistance charge applies to each call by the Customer requesting Directory Assistance regardless of whether the Directory Assistance bureau is able to furnish the requested telephone number. Directory Assistance will provide the Customer with up to two telephone numbers per call. The Customer may request a second listing by remaining on the line after receiving their first listing. If the Customer should disconnect the call prior to being provided the two telephone numbers, the Directory Assistance charge is applicable. All applicable service charges and surcharges apply in addition to the Directory Assistance charge specified below. If the Customer receives an incorrect telephone number and notifies the Company, a billing credit for Directory Assistance charges shall be provided.

The Directory Assistance charge will be waived for calls to Directory Assistance (other than Directory Assistance Call Completion) by a properly certified hearing impaired Customer who utilizes a TDD to access the service.

### 4.1.1 Directory Assistance Rates

Per Call \$1.99

### 4.1.2 Directory Assistance Call Completion Rates

When the Customer elects to have the Company automatically place the call to the requested number, a Directory Assistance with Call Completion Charge applies in addition to the Directory Assistance Charge, and in addition to all other applicable charges. The applicable usage charge is the rate shown below, unless the Customer is presubscribed to an optional calling plan, in which case the optional calling plan rates apply.

Per Completed Call \$1.00

Rate Per Minute \$0.18

#### SECTION 4 - MISCELLANEOUS SERVICES, (Cont'd.)

#### 4.3 Business Toll Free Service

(C)

#### 4.3.1 General Description

Business Toll Free Service provides for the termination of inbound toll free calls to one party exchange access lines or to dedicated access facilities. When service is used for both interstate and intrastate calling, fixed charges apply only once.

The minimum service period is one month. Unless otherwise specified below, the following optional features are available for all Toll Free service plans offered by Company in this tariff. The Company's Business Toll Free Services for intrastate use are sold as an add-on to interstate Business Toll Free Services. Charges for specialized features, monthly recurring charges, and nonrecurring charges are set forth in the Company's federal rate schedules posted on the Company's website at <a href="https://www.verizon.com/tariffs/productguide">www.verizon.com/tariffs/productguide</a>.

## 4.3.3 Toll Free/Inbound Routing Plan Features

Area Code Routing - Calls to the same toll free number are directed to the terminating location based on the originating area code.

Area Code/Exchange Routing - Calls are routed by originating area code and exchange to terminate to multiple service groups or locations.

Call Allocation - Allows Customers to define the routing of calls to multiple service groups or locations on a percentage basis. The percentage is based on call attempts, not call completions.

Command Routing\* - Allows activation of alternate routing plans.

Day of Week - Allows inbound calls to be routed to multiple service groups or locations on different days of the week.

Day of Year - Allows calls to be routed to multiple service groups or locations based on the date (month/day).

Time of Day - Allows calls to be routed to multiple service groups or locations based on a pre-defined timeof-day schedule.
