verizon

Verizon Long Distance Premium Termination Surcharges Effective March 1, 2007

A Premium Termination Surcharge applies to any international call that terminates to a location that is designated as a premium service by a foreign telecommunications company. Premium services may include calls to wireless telephones, pagers, personal computers, personal digital assistance (PDAs), devices that use satellite technology, and calls to chat lines or other information services, such as 900-type numbers. For calls to Mexico, the surcharge applies only to calls terminating to a wireless phone.
