3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Interstate IntraLATA Service - Schedule I (Cont'd)(C) Rate and Charge Application

(1) Reserved

(2) Classes of Service

(a) Service is offered on a Dial Station, Customer Dialed Calling Card Station or Operator Station basis. (D)

(b) In order to control fraud, the Telephone Company may refuse to accept Calling Cards which it determines to be invalid and/or may limit the use of Calling Cards to or from certain countries or areas including all or part of the United States, Alaska, Hawaii, Puerto Rico or the U.S. Virgin Islands.

(3) Initial Minute, Additional Minutes, and Service Charges

Rates are stated in terms of initial minute, additional minutes and service charges in the Rate Table in Section 3.1(C) (7), following.

(a) Initial Minute

Initial minute rates are for connections of one minute or any fraction thereof.

(b) Additional Minutes

Additional minute rates are for each additional minute or any fraction thereof that the connection continues beyond the initial minute.

(c) Dial Station

Only initial minute and additional minute rates apply.

(d) Customer Dialed Calling Card Station and Operator Station (D)

Initial minute and additional minute rates apply in addition to a Service Charge and a Payphone Use Fee.

Customers in Washington, D.C. who change their intraLATA toll service provider to the Telephone Company after having subscribed to the service of an unaffiliated toll service provider will receive \$5.00 per exchange access line or Centrex Service line that is changed.

Customers will receive either: 1) a credit on their bill or 2) a check (payable to the Telephone Company) to be used as payment against their Telephone Company monthly telephone bill in an amount equal to \$5.00 per presubscribed line changed to the Telephone Company (method of payment to be determined by the Telephone Company).

This offering does not apply to those exchange access lines or Centrex Service lines for which presubscribed intraLATA toll service is being restored to the Telephone Company in order to correct an unauthorized transfer to another intraLATA toll service provider.

(8) Charges Paid for by Coin Deposits in a Public or Semi-Public Coin Telephone

The charge for a call paid for by coin deposit in a public or semi-public coin telephone is the sum, rounded to the nearer multiple of \$.05, of the appropriate initial period rate and additional period charges.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Interstate IntraLATA Service (Cont'd)(D) Optional Calling Plans (Cont'd)(1) Intelligent Toll Free Service(a) General Regulations(1) Intelligent Toll Free Service Description

Intelligent Toll Free Service is an intraLATA service that provides the Customer with a Toll Free telephone number and the ability to receive incoming calls over a facility associated with a ten-digit local exchange access number, which is located within the same LATA as the Customer in the States of Maryland, Virginia, or the District of Columbia. When a call is made to the toll free number, the originating end office switch sends a network query to a special database that links the toll free number to its local exchange access line number. (D)

Each Intelligent Toll Free Service telephone number will be arranged to receive interstate intraLATA calls, which will be provided by the Telephone Company.

The three types of Intelligent Toll Free Services are:

- (a) Intelligent Toll Free Standard Service where service is provided via a usage bulk billing arrangement.
- (b) Intelligent Toll Free Basic Service where service is provided via a usage per message billing arrangement.
- (c) Intelligent Toll Free Key Connections Service where service is provided via a discounted usage per message billing arrangement. Intelligent Toll Free Key Connections Service is only available in the States of Maryland, and Virginia. Customers subscribing to Intelligent Toll Free Key Connections Service must also subscribe to the Key Connections Volume Discount Calling Plan as specified in Section 3.1(F) (2) preceding. (C)

Each Intelligent Toll Free Service telephone number must be associated with a unique terminating seven-digit telephone number obtained by the Customer. Interstate intraLATA calls terminating to a Intelligent Toll Free Service telephone number are subject to the terms and conditions of this product guide.

(2) Availability of Service

The provision of service under this product guide is subject to the availability of the required facilities in the Telephone Company's central office.

3.1 Interstate IntraLATA Service (Cont'd)(D) Optional Calling Plans (Cont'd)(1) Intelligent Toll Free Service (Cont'd)(a) General Regulations (Cont'd)(3) Limitation of Service

- (a) Calls to Intelligent Toll Free Service telephone numbers are dialed and completed without the assistance of an operator, and do not include:

- Conference calls
- Any other classification of operator handled calls

- (b) Intelligent Toll Free Service usage cannot terminate into a telephone number associated with Feature Group A or Feature Group B.

(4) Use of the Service by the Customer

- (a) Orders, including those which involve the installation, rearrangement, release, or disconnection of service, will be accepted by the Telephone Company only from the Customer or by the Customer's authorized agent.

(5) Minimum Period

The minimum period for Intelligent Toll Free Standard Service is one (1) month. The minimum period for Intelligent Toll Free Basic Service is six (6) months.

3.1 Interstate IntraLATA Service (Cont'd)(D) Optional Calling Plans (Cont'd)(1) Intelligent Toll Free Service (Cont'd)(a) General Regulations (Cont'd)(6) Termination Liability

If Intelligent Toll Free Basic Service is disconnected within six months from the date of connection, a termination charge as specified in Section 3.1(I)(2) following will be assessed. If the Intelligent Toll Free Basic number is being moved to the Intelligent Toll Free Standard Service or to the Intelligent Toll Free Service option of the Key Connections Optional Calling plan, the termination charge does not apply.

(b) Rate Regulations(1) Minimum Average Time Requirement(a) Intelligent Toll Free Standard Service

Minimum usage charges are based on an average of thirty (30) seconds per completed call for each billing period. This means that if the average duration per call during any billing cycle is less than thirty (30) seconds, billing will be based on an average of thirty (30) seconds per call.

(b) Intelligent Toll Free Basic Service

Minimum usage charges apply to individual messages during a billing period. If the charge per message does not result in whole cents, charges will be rounded to the nearest penny when the bill is rendered.

(i) Initial Period

The initial period for telephone connections is thirty (30) seconds or fraction thereof.

The additional period for telephone connections is six (6) seconds or fraction thereof.

(2) Method of Determining Usage Charges for Intelligent Toll Free Standard Service Calls

(a) Determine the total number of calls for each Intelligent Toll Free Standard telephone number separately.

(b) Determine minimum chargeable hours by multiplying the number of calls by the minimum average time requirement of thirty (30) seconds (1 call = 30 seconds).

(c) Determine the total actual hours used.

(d) Determine the number of chargeable hours, which is the greater of (2) or (3) above, rounded to the nearest hundredth (two decimal places).

(e) Determine usage charges by multiplying the hourly rate in the appropriate taper(s) by the number of chargeable hours used in each taper and totaling these charges.

(3) Method of Determining Usage Charges for Intelligent Toll Free Basic Service Calls and Intelligent Toll Free Key Connections Service Calls

The rate for the initial period is applied for each message. Plus for the duration of the message, the rate for an additional period is applied for each increment of six (6) seconds beyond the initial thirty- (30) second period.

3.1 Interstate IntraLATA Service - Schedule I (Cont'd)(E) Generic Optional Calling Plans(1) General

Generic Optional Calling Plans (Plans) are Interstate optional calling plans that must be ordered in conjunction with Intrastate IntraLATA calling plans. The Plans provide an alternate rate treatment for business Customer-dialed Interstate IntraLATA toll calls that are completed without the assistance of an operator.

Customers enrolling in one of the optional Plans will be billed at the rates shown in Sections (3) following in lieu of the regular Schedule I Interstate IntraLATA rate schedule provided in Section 3.1(C) (7) preceding.

(2) Regulations

The regulations associated with the Plans as offered under this section include only the applicable regulations set forth in other sections of this product guide and the following regulations, which apply to all Plans.

- (a) The regulations included in this section apply only to IMTS calls.
- (b) Plans are available only to Customers that have enrolled in a Plan and that have selected the Telephone Company as their IntraLATA Toll Provider.
- (c) There is no charge for enrolling or discontinuing a Plan, except as noted in Sections (4) (b) (iv) and (v) following.
- (d) Each Plan is order separately and is not available in conjunction with any other Telephone Company-provided Optional Calling Plan, as offered in Section (D) preceding, or Telephone Company-provided Generic Optional Calling Plan, as offered under this section, except as noted in Section 3.1(E) (3) (a) (i) following.
- (e) Each Plan allows Customers to complete calls twenty-four (24) hours a day, seven (7) days a week, including holidays.
- (f) Each Plan provides uniform rates that do not vary by time of day or day of week.

Corporate Rewards discounts Interstate IntraLATA service based on a business Customer's revenue from Interstate IntraLATA usage in accordance with the regulations shown in Section (E) (2) preceding.

(1) Volume Discounts

- (a) A volume discount applies to Interstate IntraLATA monthly usage revenues aggregated from all of a business Customer's billing telephone numbers (BTN) that subscribe to Corporate Rewards.
- (b) There are minimum and maximum usage revenue thresholds within which a Customer's usage revenue must be in order to qualify for a volume discount. Thresholds are designated as revenue tiers, as set forth in Section 3.1(E) (3) (b) (5) following.
- (c) A Customer's revenue tier is determined by rating its Interstate IntraLATA usage at the Toll Base Rate shown in Section 3.1(E) (3) (b) (5) following.
- (d) The volume discount is automatically adjusted should a Customer's usage revenue vary between revenue tiers.

(2) Loyalty Discount

- (a) A loyalty discount commences in the 13th month a Customer is enrolled in Corporate Rewards and increases each consecutive year the Customer stays on the plan, up to and including the 5th year. After the 5th year, Customers will continue to receive a loyalty discount capped at the 5th year discount level. The loyalty discount will apply to the Customer's discounted monthly Interstate IntraLATA usage revenues and will be applied at the BTN level.
- (b) The loyalty discount will not apply to Customers whose usage revenues exceed the Tier 4 maximum monthly aggregated usage revenue threshold.

(c) The loyalty discount applies as follows:

Year 2	2%
Year 3	3%
Year 4	4%
Year 5 and Beyond	5%

(3) Service Periods

(a) Customers are required to sign up for either a 1-, 2-, or 3-year service period. At the end of the period, Corporate Rewards will be automatically renewed for a 1-year period, unless the Customer notifies the Telephone Company otherwise.

(b) Customers will be required to identify a main BTN when they enroll in the plan to which any applicable termination charge will be applied.

3.1 Interstate IntraLATA Service - Schedule I (Cont'd)(E) Generic Optional Calling Plans (Cont'd)(3) Business Generic Optional Calling Plans (Cont'd)(b) Corporate Rewards (Cont'd)(4) Termination

(a) Customers may terminate participation in Corporate Rewards at any time, provided the Customer gives the Telephone Company sixty (60) days' written notice. The termination will go into effect in the first full billing period following the sixty (60) days' notification period. If a Customer chooses to cancel Corporate Rewards or disconnects the main BTN identified in the plan, a termination charge as set forth in Section 3.1(E)(3)(b)(5) following will apply.

(b) A Customer is exempt from paying a termination charge under the following conditions:

(i) A Customer migrates to another Telephone Company generic optional calling plan or selects a new main BTN; or

(ii) A Customer terminates participation on the expiration date of the service period. The Customer must provide sixty (60) days' written notice prior to the expiration date. The Telephone Company will terminate Corporate Rewards in the first full billing period following the sixty (60) days' written notice or the first full billing period following the expiration date, whichever is later; or

(iii) In the event the Telephone Company initiates an increase in the rates or a decrease in the discount percentages, the Customer may terminate Corporate Rewards without termination charges.
