SECTION 8 - GOVERNMENT AGENCY SERVICE (T)

8.1 General (T)

Government Agency Service is a switched telecommunications service furnished only to state and local government entities which permits interactive communications between stations located within the state. It is available only to Customers who also subscribe to interstate Government Agency Service as found in Carrier's Federal Rate Schedule 3. Intrastate Government Agency Service usage will be billed at the rates listed in 8.3. International service as described in Carrier's Federal Rate Schedule 2 and found at www.verizon.com/tariffs is also available. (N)

Government Agency Service may be used by all agencies for the state of New York, including all Constitutional Offices, the Legislature, the Judiciary: Elected Offices, Public Institutions of Higher Education, the Military Division, independent public authorities and all other political subdivisions of the State including cities, towns, municipalities, county governments, school districts, libraries, other service districts, and other quasi-public agencies. In addition, Not-For-Profit vendors currently providing human and social services to the State under contract and other eligible entities designated in writing by the State Purchasing Agent may use this service.

8.2 Provision of Service

Government Agency Service is offered under this Tariff subject to the availability of suitable service components furnished by Carrier or obtained from other providers.

8.2.1 Engineering

Government Agency Service will be engineered to meet established transmission parameters.

8.2.2 Mileage Measurements

The mileage for Government Agency Service calls is the distance in airline miles measured between: the V&H coordinates for the rate centers associated with the originating and terminating stations as described in Section 2.17. (N)
