3. Provisions for Other Services

3.1 Terminating Number Screening

Rates and charges for services explained herein are contained in Part M, Section 8. Service charges referred to herein are explained in Part A, Section 3 and contained in Part M, Section 1.

3.1.1 Description	
A.	This arrangement is available subject to the availability of facilities in suitably equipped central offices. The following options are available.
1.	Option A alerts operators throughout the country that collect and third number calls cannot be billed to a particular main station line number.
2.	Option B alerts operators throughout the country that third number calls cannot be billed to a particular main station line number.
3.	Option C alerts operators throughout the country that collect calls cannot be billed to a particular main station line number.

3.1.2 Application of Rates and Charges	
A.	The Element 1 service charge and the nonrecurring charge apply if the terminating number screening arrangement is the only service being provided.

Effective: January 1, 2015

Verizon New England Inc.

3. Provisions for Other Services

3.2 Selective Blocking Service

3.2.1	Description
--------------	--------------------

- | | |
|-----------|---|
| A. | Individual Centrex lines or the entire Centrex system may be blocked from access to vendor operated pay per call services such as 550, 900, 940, 976 etc. |
|-----------|---|

3.2.2	Application of Rates and Charges
--------------	---

- | | |
|-----------|--|
| A. | Selective blocking is provided at no charge. |
|-----------|--|

Effective: January 1, 2015

Verizon New England Inc.

3. Provisions for Other Services

3.3 Trunk Line Terminations

3.3.1 Description	
A.	Dial trunk line terminations permit the termination of WATS*, foreign exchange or equivalent facilities of Other Common Carriers (OCC) in digital Centrex dial switching equipment for dial level access by stations of the system for outgoing calls. Manual trunk line terminations permit the designated answering location of a system to transfer incoming calls from WATS*, foreign exchange or equivalent OCC facilities to other stations within the system. (N)
3.3.2 Application of Rates and Charges	
A.	The dial trunk line termination rate is not applicable to Centrex I, II or Custom Centrex. The manual trunk line termination is not available with Centrex I or Centrex II. Monthly rates apply per trunk. (N)

* Please refer to Part J, Section 1, for limitations on the availability of WATS Access Line (WAL). (N)

Verizon New England Inc.

3. Provisions for Other Services**3.4 Tie Line Terminations**

3.4.1 Description	
A.	Tie line terminations permit the termination of tie lines channels into a Centrex system. Manual-type tie line terminations are available for maintenance only, subject to supply.

3.4.2 Application of Rates and Charges	
A.	A monthly rate applies to dial-type and manual-type tie line terminations.
B.	In addition, when a tie line channel connecting a Private Branch Exchange (PBX) and a Centrex system is arranged so that access to or from the exchange and toll network is available at the Centrex termination a measured or unlimited service monthly rate applies per tie line arranged.
C.	Rates and charges for Private Line Type 2001B channels apply for intraexchange or interexchange channels as required. For interexchange tie line channels, rates and charges for Centrex terminals apply in lieu of local channels when tie lines terminate only in the Centrex switching equipment. In addition, the appropriate tie line termination rates and charges apply.

Effective: January 1, 2015

Verizon New England Inc.

3. Provisions for Other Services

3.5 Group Terminations

3.5.1 Description	
A.	Group terminations permit the termination of Superpath, High Capacity 1.544 Mbps, or Fractional T-1 facilities into a Centrex system and are in lieu of trunk and tie line terminations.

3.5.2 Application of Rates and Charges	
A.	In addition to the rates and charges for group terminations, when Superpath, High Capacity 1.544 Mbps, or Fractional T-1 tie line channels connecting a PBX and a Centrex system are arranged so that access to or from the exchange or toll network is available at the Centrex termination, a measured or unlimited service monthly rate applies per tie line channel arranged.
B.	In addition to the preceding rates and charges, appropriate rates and charges for Superpath, High Capacity 1.544 Mbps, or Fractional T-1 facilities also apply.

Effective: January 1, 2015

Verizon New England Inc.

3. Provisions for Other Services**3.6 Advanced Private Line Termination Units (APLT)**

3.6.1	Description
A.	APLTs are provided to terminate dial-type tie lines, private line facilities, and access lines from switched private line services in Centrex systems served from suitably equipped No. 1ESS central offices or from No. 5 crossbar central offices. APLT units may also be used when compatible with and required for the termination of facilities furnished by an OCC.
1.	APLT units permit the utilization of private line facility or network features by the Centrex system and the use of certain Centrex features on the connected facilities to the extent that the features are subscribed to by the customer as part of the Centrex service and/or the facilities involved. APLT units will be provided only when the equipment and features of the associated Centrex system permit their use.

3.6.2	Application of Rates and Charges
A.	If the Centrex system is served from a No. 5 crossbar central office, APLT units are provided with either three-digit access codes (1XX) or single-digit access codes, if the No. 5 crossbar is equipped with single-digit access. If modification of a No. 5 crossbar is required to provide single-digit access, additional rates and charges apply based on costs incurred. APLT units are limited to rotary signaling except on facilities to certain PBX systems, No. 1ESS central offices and enhanced private switched communication systems.
B.	Service establishment charge is applicable only when a Centrex system served by a No. 1ESS central office is equipped with the first APLT unit.

Verizon New England Inc.

3. Provisions for Other Services**3.7 Switched Service Network Access Line Terminals**

3.7.1	Description
A.	Switched service network access line terminals connect access lines from a Common Control Switching Arrangement (CCSA) to the switching equipment and attendant position of a Centrex system. The access line terminals are provided as an integral part of a customer's switched service network and offer the following features. 1. Attendant Transfer 2. Digit Absorbing Facilities for Calls to the Attendant 3. Network Inward Dialing 4. Network Outward Dialing 5. Rotary Out Trunk Switching (where required)

3.7.2	Application of Rates and Charges
A.	The monthly rate for termination in dial equipment of a Centrex system which includes appearance in attendant position equipment also includes the rate for dial-type tie line termination.

Verizon New England Inc.

3. Provisions for Other Services**3.8 Centrex Foreign Exchange or Foreign Central Office Service**

3.8.1	Description
A.	Centrex foreign exchange or foreign central office service provides basic system features from a central office other than the local central office that normally would serve the principal premises.
1.	Foreign exchange or foreign central office and Centrex local exchange service cannot be provided in the same Centrex system.
2.	Foreign exchange service is available for inward calling when the foreign exchange line terminates at an attendant position or at a designated answering location. Outward calling is available when the line terminates at an attendant position, designated answering location or in the central office dial switching equipment.

Verizon New England Inc.

3. Provisions for Other Services

3.9 Directory Listings

3.9.1 Description	
A.	When Centrex is provided to hotels, motels, or similar establishments for the use of management, residential guests and tenants, guests and tenants may be furnished additional directory listings showing the digital Centrex number, or they may individually request any class or grade of residence service offered in the exchange.
1.	When PBX type trunk lines are provided, directory listings are not furnished since these services are provided on an outward calling basis only.

3.9.2 Application of Rates and Charges	
A.	Directory listings will be available for Student Residence Centrex (SRC) lines at the rate for additional listings for residence service.
B.	Verizon furnishes one directory listing per Centrex system without charge. Additional directory listings may be provided as for business service at the appropriate rates and charges.
