

ACCESS SERVICE

1. Application of Tariff

1.1 This Tariff contains regulations, rates and charges applicable to the provision of Switched Access and Special Access Services, Collocated Interconnection Service and other miscellaneous services, hereinafter referred to collectively as service(s), provided by The Bell Telephone Company of Pennsylvania, hereinafter referred to as the Telephone Company, to Intrastate Customers, hereinafter referred to as customer(s). (C)

1.2 The provision of such services by the Telephone Company as set forth in this Tariff does not constitute a joint undertaking with the customer for the furnishing of any service. The Switched Access Services offered in this Tariff may be purchased by a customer for use in the provision of one or more of the following services: interLATA telecommunications services, the intraLATA usage portion of WATS, Toll Free Service, and MTS services, and WATS Access Connections.

WATS Access Connections will be provided to a customer only when the Service(s) offered by the customer is in compliance with the rules set forth by the Pennsylvania Public Utility Commission.

Specifically, a customer which provides intrastate (both interLATA and intraLATA) WATS Service must also offer a separate interLATA-only WATS/Toll Free Service:

- (a) at rates no higher than rates for that customer's combined interLATA and intraLATA offering;
 - (b) under terms and conditions no more burdensome than those applicable to that customer's combined interLATA and intraLATA offering;
 - (c) over the same WATS Access Connection over which Bell of Pennsylvania provides intraLATA intrastate WATS/Toll Free Service to the end user.
- 1.3 The regulations, rates and charges contained herein are in addition to the applicable regulations, rates and charges specified in other Tariffs of the Telephone Company which are referenced herein.
